Creates the Loan Repayment Assistance for Physicians Act. Requires that the Department of Public Health establish an educational loan repayment assistance program for physicians who practice in Illinois. Provides that for each year that a qualified applicant practices full-time as a physician, the Department shall, subject to appropriation, award a grant to that person in an amount equal to the amount in educational loans that the person must repay that year. Provides that the total amount in grants that a person may be awarded shall not exceed \$25,000. Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Requires the Department of Public Health to award grants to all practicing physicians (instead of only to physicians offering obstetrical medical services in rural areas) for the purpose of reimbursing the costs of obtaining malpractice insurance. Requires the Department to establish reasonable conditions, standards, and duties relating to the grants. Amends the Illinois Public Aid Code. Provides for an increase in the rates paid to every vendor of goods or services under the Medicaid program so that those rates are equal to the rates paid to such vendors under Medicare. Provides for implementation of the rate increase over a 3-year period. Amends the Code of Civil Procedure. Limits attorney's fees in individual actions to \$1,000,000 including expenses. Changes the standards that the court shall apply to determine if a witness qualifies as an expert witness as follows: (i) requires the court to determine whether the witness is board certified or board eligible in the same medical specialties as the defendant and is familiar with the same medical problems or the type of treatment administered in the case (instead of the same relationship of the medical specialties of the witness to the medical problem and the type of treatment in the case); (ii) requires the court to determine whether the witness has devoted 75% (instead of a substantial portion) of his or her working hours to the practice of medicine, teaching, or university based research in relation to the medical care and type of treatment at issue; and (iii) requires the court to determine whether the witness is licensed by any state or the District of Columbia (instead of just licensed). Amends the Illinois Good Samaritan Act. Provides that the immunity for civil damages provided for services performed without compensation at free medical clinics also applies to physicians and other health care professionals that provide medical treatment, diagnosis, or advice at federally qualified health care centers without fee or compensation. Makes various other changes in other Acts concerning health care. Effective immediately.

1 AN ACT in relation to health care delivery and civil 2 actions, which may be referred to as the Medical Liability 3 Crisis and Access to Care Law of 2004.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 1

Section 1-1. Short title. This Act may be cited as the Loan
Repayment Assistance for Physicians Act.

9 Section 1-5. Definitions. The purpose of this Act is to 10 establish a program in the Department of Public Health to 11 increase the total number of physicians in this State by 12 providing educational loan repayment assistance grants to 13 physicians.

Section 1-10. Definitions. In this Act, unless the context otherwise requires:

16 "Department" means the Department of Public Health.

17 "Educational loans" means higher education student loans 18 that a person has incurred in attending a registered 19 professional physician education program.

20 "Physician" means a person licensed under the Medical 21 Practice Act of 1987 to practice medicine in all of its 22 branches.

23 "Program" means the educational loan repayment assistance 24 program for physicians established by the Department under this 25 Act.

Section 1-15. Establishment of program. The Department shall establish an educational loan repayment assistance program for physicians who practice in Illinois. The Department shall administer the program and make all necessary and proper SB2777 - 2 - LRB093 20838 LCB 46766 b

1 rules not inconsistent with this Act for the program's 2 effective implementation. The Department may use up to 5% of 3 the appropriation for this program for administration and 4 promotion of physician incentive programs.

Section 1-20. Application. Beginning July 1, 2004, 5 the Department shall, each year, consider applications 6 for 7 assistance under the program. The form of application and 8 information required to be set forth in the application shall be determined by the Department, and the Department shall 9 10 require applicants to submit with their applications such 11 supporting documents as the Department deems necessary.

Section 1-25. Eligibility. To be eligible for assistance under the program, an applicant must meet all of the following qualifications:

15 (1) He or she must be a citizen or permanent resident16 of the United States.

(2) He or she must be a resident of Illinois.

17

18 (3) He or she must be practicing full-time in Illinois19 as a physician.

20 (4) He or she must currently be repaying educational21 loans.

(5) He or she must agree to continue to practicefull-time in Illinois for 3 years.

24 Section 1-30. The award of grants. Under the program, for 25 each year that a qualified applicant practices full-time in 26 Illinois as a physician, the Department shall, subject to 27 appropriation, award a grant to that person in an amount equal 28 to the amount in educational loans that the person must repay 29 that year. However, the total amount in grants that a person may be awarded under the program shall not exceed \$25,000. The 30 Department shall require recipients to use the grants to pay 31 32 off their educational loans.

Section 1-35. Penalty. Loan repayment recipients who fail 1 2 to practice full-time in Illinois for 3 years shall repay the Department a sum equal to 3 times the amount received under the 3 4 program.

ARTICLE 5

Section 5-1. To comply with House and Senate rules, the 6 7 matter that is added to the law by this Public Act is 8 underscored and the matter that is deleted from the law is 9 stricken. The amendatory changes made by Public Act 89-7, which 10 has been declared unconstitutional by the Illinois Supreme Court, are not included in the text of the provisions that are 11 amended by this Public Act. 12

13 Section 5-2. Legislative findings. The General Assembly 14 finds that:

15

5

1. Illinois is in the midst of a medical malpractice insurance crisis of unprecedented magnitude. 16

17 2. Illinois is among the states with the highest medical malpractice insurance premiums in the nation. 18

3. Medical Malpractice insurance in Illinois is 19 unavailable or unaffordable for many hospitals and 20 21 physicians.

4. The high and increasing cost of medical malpractice 22 insurance in Illinois is causing health care providers to 23 24 eliminate or reduce the provision of medical care 25 throughout the State.

5. The crisis is discouraging medical students from 26 27 choosing Illinois as the place they will receive their medical education and practice medicine. 28

29 6. The increase in medical malpractice liability insurance rates is forcing physicians to practice medicine 30 without professional liability insurance, to leave 31 Illinois, to not perform high-risk procedures, or to retire 32 33 early from the practice of medicine.

- 4 - LRB093 20838 LCB 46766 b

7. The high and increasing cost of medical malpractice
 insurance is due in large part to the inefficiency and
 unpredictability of adjudicating claims through the civil
 justice system.

8. Much of this inefficiency stems from the time and
resources needlessly spent on valuing uncertain and
unpredictable claims of medical negligence.

9. The public would benefit by making medical liability
9 coverage for hospitals and physicians more affordable,
10 which would make health care more available.

Section 5-5. The Illinois Civil Administrative Code is amended by changing Section 2310-220 as follows:

13 (20 ILCS 2310/2310-220) (was 20 ILCS 2310/55.73)

14 Sec. 2310-220. Findings; medical rural obstetrical care. 15 The General Assembly finds that substantial areas of rural Illinois lack adequate access to medical obstetrical care. The 16 17 primary cause of this problem is the absence of qualified 18 practitioners who are willing to offer medical obstetrical services. A significant barrier to recruiting and retaining 19 those practitioners is the high cost of professional liability 20 21 insurance for practitioners offering medical obstetrical care.

Therefore, the Department, from funds appropriated for 22 23 that purpose, shall award grants to physicians licensed to 24 practice medicine in all its branches practicing obstetrics in 25 Illinois rural designated shortage areas, as defined in Section 26 3.04 of the Family Practice Residency Act, for the purpose of reimbursing those physicians for the costs of obtaining 27 28 malpractice insurance relating to <u>medical</u> obstetrical shall 29 services. The Department establish reasonable 30 conditions, standards, and duties relating to the application for and receipt of the grants. 31

21

Sec. 2-622. Healing art malpractice.

(a) In any action, whether in tort, contract or otherwise,
in which the plaintiff seeks damages for injuries or death by
reason of medical, hospital, or other healing art malpractice,
the plaintiff's attorney or the plaintiff, if the plaintiff is
proceeding pro se, shall file an affidavit, attached to the
original and all copies of the complaint, declaring one of the
following:

29 1. That the affiant has consulted and reviewed the 30 facts of the case with a health professional who the 31 affiant reasonably believes: (i) is knowledgeable in the 32 relevant issues involved in the particular action; (ii) 33 practices or has practiced within the last 6 years or 34 teaches or has taught within the last 6 years in the same

1 area of health care or medicine that is at issue in the 2 particular action; and (iii) meets the minimum requirements set forth in 8-2501; and (iv) is qualified by 3 experience or demonstrated competence in the subject of the 4 5 the reviewing health professional case; that has determined in a written report, after a review of the 6 medical record and other relevant material involved in the 7 action that there а 8 particular is reasonable and meritorious cause for the filing of such action; and that 9 10 the affiant has concluded on the basis of the reviewing 11 health professional's review and consultation that there is a reasonable and meritorious cause for filing of such 12 action. If the affidavit is filed as to a defendant who is 13 a physician licensed to treat human ailments without the 14 use of drugs or medicines and without operative surgery, a 15 16 dentist, a podiatrist, a psychologist, or a naprapath, the 17 written report must be from a health professional licensed in the same profession, with the same class of license, as 18 the defendant. For affidavits filed as to all other 19 20 defendants, the written report must be from a physician licensed to practice medicine in all its branches. In 21 either event, the affidavit must identify the profession of 22 the reviewing health professional. A copy of the written 23 report, clearly identifying the plaintiff and the reasons 24 for the reviewing health professional's determination that 25 26 a reasonable and meritorious cause for the filing of the 27 action exists, must be attached to the affidavit, but information which would identify the reviewing health 28 29 professional may be deleted from the copy so attached. The report shall include the name and address of the reviewing 30 31 health professional and documentation of compliance with requirements set forth in 8-2501. Any reviewing health 32 professional that provides a frivolous or improper review 33 of a case shall be liable to each of the parties for the 34 reasonable costs and attorneys' fees the parties expended 35 in resolving the case. A review shall be found frivolous if 36

1 it is substantially lacking in factual support, is based 2 upon a standard of care or practice that lacks substantial 3 use in the relevant specialty or field of practice, or is 4 made for an improper purpose, such as to harass or cause 5 needless increase in the cost of litigation.

2. That the plaintiff has not previously voluntarily 6 dismissed an action based upon the same or substantially 7 the same acts, omissions, or occurrences and that the 8 9 affiant was unable to obtain a consultation required by 10 paragraph 1 because a statute of limitations would impair 11 the action and the consultation required could not be 12 obtained before the expiration of the statute of limitations. If an affidavit is executed pursuant to this 13 paragraph, the certificate and written report required by 14 paragraph 1 shall be filed within 90 days after the filing 15 16 of the complaint. No additional 90 day extensions shall be 17 granted. The defendant shall be excused from answering or otherwise pleading until 30 days after being served with a 18 certificate required by paragraph 1. 19

20 3. That a request has been made by the plaintiff or his attorney for examination and copying of records pursuant to 21 Part 20 of Article VIII of this Code and the party required 22 23 to comply under those Sections has failed to produce such records within 60 days of the receipt of the request. If an 24 affidavit is executed pursuant to this paragraph, the 25 26 certificate and written report required by paragraph 1 27 shall be filed within 90 days following receipt of the 28 requested records. All defendants except those whose 29 failure to comply with Part 20 of Article VIII of this Code 30 is the basis for an affidavit under this paragraph shall be 31 excused from answering or otherwise pleading until 30 days 32 after being served with the certificate required by paragraph 1. 33

34 (b) Where a certificate and written report are required
 35 pursuant to this Section a separate certificate and written
 36 report shall be filed as to each defendant who has been named

1 in the complaint and shall be filed as to each defendant named 2 at a later time.

3 (c) Where the plaintiff intends to rely on the doctrine of 4 "res ipsa loquitur", as defined by Section 2-1113 of this Code, 5 the certificate and written report must state that, in the 6 opinion of the reviewing health professional, negligence has 7 occurred in the course of medical treatment. The affiant shall 8 certify upon filing of the complaint that he is relying on the 9 doctrine of "res ipsa loquitur".

(d) When the attorney intends to rely on the doctrine of 10 11 failure to inform of the consequences of the procedure, the 12 attorney shall certify upon the filing of the complaint that the reviewing health professional has, after reviewing the 13 medical record and other relevant materials involved in the 14 15 particular action, concluded that a reasonable health 16 professional would have informed the patient of the 17 consequences of the procedure.

(e) Allegations and denials in the affidavit, made without 18 19 reasonable cause and found to be untrue, shall subject the 20 party pleading them or his attorney, or both, to the payment of reasonable expenses, actually incurred by the other party by 21 22 reason of the untrue pleading, together with reasonable 23 attorneys' fees to be summarily taxed by the court upon motion made within 30 days of the judgment or dismissal. In no event 24 shall the award for attorneys' fees and expenses exceed those 25 26 actually paid by the moving party, including the insurer, if 27 any. In proceedings under this paragraph (e), the moving party 28 shall have the right to depose and examine any and all 29 reviewing health professionals who prepared reports used in 30 conjunction with an affidavit required by this Section.

(f) A reviewing health professional who in good faith prepares a report used in conjunction with an affidavit required by this Section shall have civil immunity from liability which otherwise might result from the preparation of such report.

(g) The failure to file a certificate required by this

SB2777 - 13 - LRB093 20838 LCB 46766 b

1 Section shall be grounds for dismissal under Section 2-619. 2 (h) This Section does not apply to or affect any actions 3 pending at the time of its effective date, but applies to cases filed on or after its effective date. 4 5 (i) This amendatory Act of 1997 does not apply to or affect 6 any actions pending at the time of its effective date, but applies to cases filed on or after its effective date. 7 (j) This amendatory Act of 93rd General Assembly does not 8 apply to or affect any actions pending at the time of its 9 effective date, but applies to cases filed on or after its 10 11 effective date. 12 (Source: P.A. 86-646; 90-579, eff. 5-1-98.) (735 ILCS 5/2-625 new) 13 Sec. 2-625. Health care claims based upon apparent or 14 15 ostensible agency. In any action against a hospital or hospital 16 affiliate arising out of the provision of health care in which the plaintiff seeks damages for any loss, bodily injury, or 17 death, in a claim based upon apparent or ostensible agency, a 18 19 party must allege with specific facts and prove the following: (1) that the alleged principal through its own action 20 or conduct created the reasonable inference by the 21 plaintiff that the alleged agent was authorized to act on 22 behalf of the alleged principal; 23 (2) that the plaintiff reasonably relied upon the 24 alleged principal's action or conduct suggesting that the 25 26 alleged agent was the alleged principal's actual agent; and (3) that a reasonable person would not have sought 27 goods or services from the alleged principal if that person 28 29 knew that the alleged agent was not the alleged principal's 30 actual agent. 31 A plaintiff basing a claim upon apparent or ostensible agency must prove these elements by a preponderance of the 32 33 evidence.
