11 subsection which shall consist of grants to public school
12 districts and other eligible entities, as defined by the
13 State Board of Education, to conduct voluntary preschool
14 educational programs for children ages 3 to 5 which include

23 authorized by this subsection shall hold an early childhood
24 teaching certificate.

25 (4) The State Board of Education shall provide the
26 primary source of funding through appropriations for this
27 program. Such funds shall be distributed for the benefit of
28 children who because of their home and community
29 environment are subject to such language, cultural,
30 economic and like disadvantages that they have been

4 provide evaluation tools, including tests, that school

6 children for school readiness prior to age 5. The State
7 Board of Education shall require school districts and other
8 eligible entities to obtain consent from the parents or
9 guardians of children before any evaluations are
10 conducted. The State Board of Education shall encourage
11 local school districts and other eligible entities to
12 evaluate the population of preschool children in their
13 communities and provide preschool programs, pursuant to
14 this subsection, where appropriate.

15 (6) The State Board of Education shall report to the
16 General Assembly by July 1, 1989 and every 3 years
17 thereafter, on the results and progress of students who
18 were enrolled in preschool educational programs, including
19 an assessment of which programs have been most successful
