Sets forth requirements for the calling device and signage. Provides that the station may not impose an additional charge for the assistance in dispensing motor fuel. Sets forth circumstances under which: (i) a station is not required to provide a calling device or (ii) a station is required to provide a calling device only during certain hours. Provides that the requirements of the Act do not apply if the driver or a passenger is reasonably capable of dispensing motor fuel. Provides that a gasoline station owner who violates either of these provisions is guilty of a petty offense and subject to a fine of not less than \$300 and not more than \$600.

8 islands.

9 (a) Any gasoline station offering to the public retail
10 sales of motor fuel only at self-service islands shall provide
11 a minimum of one self-service island with a calling device that

20 beyond the price at which the motor fuel is offered to the
21 general public. A gasoline station, however, is not required to
22 provide this service (i) during those times that the customer

11 self-service island identifying the calling device and the
12 hours when assistance is available; and

13 (5) be operable from the vehicle in accordance with all
14 requirements of the Americans with Disabilities Act
15 Accessibility Guidelines.

16 (c) This Section does not apply to a gasoline station that
17 is operated by one cashier and has remotely controlled
18 equipment for dispensing motor fuel.

19 (d) If an owner owns in this State only one gasoline
20 station to which this Section applies, the station must be in
21 compliance with this Section within one year of the effective
22 date of this amendatory Act of the 95th General Assembly. If an
23 owner owns in this State more than one gas station to which
24 this Section applies, at least 50% of those stations must be in
25 compliance with this Section within one year of the effective
26 date of this amendatory Act of the 95th General Assembly and

1 all of those stations must be in compliance with this Section
2 within 3 years of the effective of this amendatory Act of the
3 95th General Assembly.

4 (e) A gasoline station owner who violates this Section is
