6           (20 ILCS 1705/70)

7           Sec. 70. Monitoring by closed circuit television. The  
8           Department of Human Services as successor to the Department of  
9           Mental Health and Developmental Disabilities may install  
10          closed circuit televisions in quiet rooms in institutions  
11          supervised or operated by the Department to monitor patients in  
12          those quiet rooms. The Department shall study current and  
13          potential uses of electronic monitoring and recording for the  
14          purpose of preventing and identifying abuse and neglect within  
15          State-operated developmental centers and developmental  
16          disabilities services programs funded, certified, or licensed  
17          by the Department of Human Services but not those centers or  
18          programs licensed by another State agency, and shall report to  
19          the General Assembly on or before January 1, 2008, with  
20          recommendations on the feasibility of increasing utilization  
21          of electronic monitoring and recording for purposes of  
22          preventing and identifying abuse and neglect. Nothing in this  
23          Section shall be construed to supersede or interfere with any  
24          current provisions in the Mental Health and Developmental  
25          Disabilities Code concerning the observation and monitoring of

1 patients.
