FISCAL NOTE ACT  
MAY APPLY

A BILL FOR

1 AN ACT in relation to health.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 ARTICLE 1. SHORT TITLE; LEGISLATIVE INTENT

5 Section 1-1. Short title. This Act may be cited as the  
6 Illinois Family and Employers Health Care Act.

7 Section 1-5. Legislative intent. The General Assembly  
8 finds that, for the economic and social benefit of all  
9 residents of the State, it is important to enable all  
10 Illinoisans to access affordable health insurance that  
11 provides comprehensive coverage and emphasizes preventive  
12 healthcare. Therefore, the General Assembly established the  
13 Adequate Healthcare Taskforce to develop a comprehensive plan  
14 to provide all Illinoisans with access to comprehensive, high  
15 quality, affordable healthcare. The taskforce through  
16 extensive research and town hall meetings across the state  
17 found that not only are many working families uninsured but  
18 numerous others struggle with the high cost of healthcare. In  
19 2007, the average cost of providing employees with health  
20 benefits was \$7,983 before factoring in out of pocket costs for  
21 the employee and their family members. Costs for small  
22 businesses and individuals for comparable comprehensive

1 coverage were even higher. It is, therefore, the intent of this  
2 legislation to provide access to affordable, comprehensive  
3 health insurance to all Illinoisans in a cost-effective manner  
4 maximizing federal support.

5 ARTICLE 10. AFFORDABLE HEALTHCARE FOR ALL SMALL BUSINESSES AND  
6 INDIVIDUALS

7 Section 10-1. Short title. This Article may be cited as the  
8 Illinois Guaranteed Option Act. All references in this Article  
9 to "this Act" mean this Article.

10 Section 10-5. Purpose. The General Assembly recognizes  
11 that small businesses and individuals struggle every day to pay  
12 the costs of meaningful health insurance coverage. Individuals  
13 with healthcare needs are frequently denied coverage or offered  
14 coverage they cannot afford. Small businesses too receive  
15 unaffordable offers of coverage, and always pay more for  
16 coverage than larger firms. Even small businesses that struggle  
17 to pay health insurance premiums for years can quickly be  
18 priced out of the market -- premiums skyrocket after just one  
19 small business employee gets sick. In essence, the Illinois  
20 health insurance market for small businesses and individuals  
21 provides affordable coverage for those who need healthcare  
22 services the least. Businesses and individuals who need  
23 healthcare the most can no longer afford it or are denied

1 coverage. The General Assembly acknowledges that the high cost  
2 of health care for individuals and small groups can be driven  
3 by unpredictable and high cost catastrophic medical events.  
4 Therefore, the General Assembly, in order to provide access to  
5 affordable health insurance for every Illinoisan, seeks to  
6 reduce the impact of high-cost medical events by enacting this  
7 Act.

8 Section 10-10. Definitions. In this Act:

11 the Illinois Health Insurance Portability and Accountability  
12 Act.

13 Section 10-15. Illinois Guaranteed Option plans for  
14 eligible small employers and individuals.

15 (a) The State hereby establishes a program for the purpose  
16 of making health insurance plans and health maintenance  
17 organizations affordable and accessible to small employers and  
18 individuals as defined in this Section. The program is designed  
19 to encourage small employers to offer affordable health  
20 insurance to employees and to make affordable health insurance  
21 available to eligible Illinoisans, including veterans and  
22 individuals whose employers do not offer or sponsor group  
23 health insurance.

24 (b) Participation in this program is limited to Illinois  
25 Guaranteed Option entities as defined by Section 10-10 of this

1 Act. Participation by all insurers and health maintenance  
2 organizations in the Illinois Guaranteed Option program is  
3 mandatory. On July 1, 2010, all insurers and health maintenance  
4 organizations offering health insurance coverage in the small  
5 group market shall offer one or more group Illinois Guaranteed  
6 Option plans to eligible small employers as defined in  
7 subsection (c) of this Section. All insurers and health  
8 maintenance organizations offering health insurance coverage  
9 in the individual market shall offer one or more individual  
10 Illinois Guaranteed Option plans. For purposes of this Section  
11 and Section 10-20 of this Act, all Illinois Guaranteed Option  
12 entities that comply with the program requirements shall be  
13 eligible for reimbursement from the stop loss funds created  
14 pursuant to Section 10-20 of this Act.

15 (c) For purposes of this Act, an eligible small employer is  
16 a small employer that:

- 17 (1) employs not more than 25 eligible employees; and  
18 (2) contributes towards the group health insurance  
19 plan at least 50% of an individual employee's premium and  
20 at least 50% of an employee's family premium; and  
21 (3) uses Illinois as its principal place of business,  
22 management, and administration. For purposes of small  
23 employer eligibility, there shall be no income limit,  
24 except for limitations made necessary by the funds  
25 appropriated and available in the "Illinois Shared  
26 Responsibility and Shared Opportunities Trust Fund" for

1           this purpose.

2           (d) For purposes of this Section, "eligible employee" shall  
3 include any individual who receives compensation from the  
4 eligible employer for at least 25 hours of work per week.

5           (e) An Illinois Guaranteed Option entity may enter into an  
6 agreement with an employer to offer an Illinois Guaranteed  
7 Option plan pursuant to this Section only if that employer  
8 offers that plan to all eligible employees.

9           (f) The pro-rated employer premium contribution levels for  
10 non-full-time employees shall be based upon employer premium  
11 contribution levels required by subdivision (c)(2) of this  
12 Section. An eligible small employer shall contribute at least  
13 the pro-rated premium contribution amount towards an  
14 individual part-time employee's premium. An eligible small  
15 employer shall contribute at least the pro-rated premium  
16 contribution amount towards an individual part-time employee's  
17 family premium. The pro-rated premium contribution must be the  
18 same percentage for all similarly situated employees and may  
19 not vary based on class of employee.

20           (g) Illinois-based chambers of commerce may be eligible to  
21 participate in Illinois Guaranteed Option policies subject to  
22 approval by the Department and limitations made necessary by  
23 the funds appropriated and available in the Illinois Shared  
24 Responsibility and Shared Opportunities Fund.

25           (h) An eligible small employer shall elect whether to make  
26 coverage under the Illinois Guaranteed Option plan available to

1 dependents of employees. Any employee or dependent who is  
2 enrolled in Medicare is ineligible for coverage, unless  
3 required by federal law. Dependents of an employee who is  
4 enrolled in Medicare shall be eligible for dependent coverage  
5 provided the dependent is not also enrolled in Medicare.

6 (i) An Illinois Guaranteed Option plan must provide the  
7 benefits set forth in subsection (r) of this Section. The  
8 contract, independently or in combination with other group  
9 Illinois Guaranteed Option plans, must insure not less than 50%  
10 of the eligible employees.

11 (j) For purposes of this Act, an eligible individual is an  
12 individual:

13 (1) who is unemployed, not an eligible employee as  
14 defined by subsection (d) of Section 10-15, or solely  
15 self-employed, or whose employer does not sponsor group  
16 health insurance and has not sponsored group health  
17 insurance with benefits on an expense-reimbursed or  
18 prepaid basis covering employees in effect during the  
19 12-month period prior to the individual's application for  
20 health insurance under the program established by this  
21 Section;

22 (2) who for the first year of operation of the program  
23 resides in a household having a household income at or  
24 below 400% of the federal poverty level; thereafter, there  
25 shall be no income limit for eligible individuals;

26 (3) who is ineligible for Medicare or medical

1 assistance, except that the Department may determine that  
2 it shall require an individual who is eligible under  
3 subdivision 2(b) of Section 5-2 of the Illinois Public Aid  
4 Code to participate as an eligible individual; and

5 (4) who is a resident of Illinois.

6 (1) The requirements set forth in subdivision (j)(1) of  
7 this Section shall not be applicable to individuals who had  
8 health insurance coverage terminated due to:

9 (1) death of a family member that results in  
10 termination of coverage under a health insurance contract  
11 under which the individual is covered;

12 (2) change of residence so that no employer-based  
13 health insurance with benefits on an expense-reimbursed or  
14 prepaid basis is available; or

15 (3) legal separation, dissolution of marriage, or  
16 declaration of invalidity of marriage that results in  
17 termination of coverage under a health insurance contract  
18 under which the individual is covered.

19 (m) The 12-month period set forth in item (1) of subsection  
20 (j) of this Section may be adjusted by the Division from 12  
21 months to an alternative duration if the Healthcare Justice  
22 Commission determines that the alternative period sufficiently  
23 prevents inappropriate substitution.

24 (o) The contracts issued pursuant to this Section by  
25 participating Illinois Guaranteed Option entities and approved  
26 by the Department shall provide for a distinct product known as

1 "Guaranteed Option". The insurance product will provide for  
2 major medical, mental health, dental and vision benefits that  
3 contains in and out of network benefits.

4 (p) Illinois Guaranteed Option entities shall propose the  
5 following for approval by the Department:

6 (1) Benefit designs provided in plans created for this  
7 Section.

8 (2) Co-pays and deductible amounts applicable to  
9 plans, which shall not exceed the maximum allowable amount  
10 under the Illinois Insurance Code.

11 (q) Under the Guaranteed Option product hospitals shall be  
12 reimbursed by Illinois Guaranteed Option entities in an amount  
13 that equals 110 percent of Medicare for Critical Access  
14 hospitals and equals the actuarial equivalent of 135 percent of  
15 Medicare for all other hospitals as prescribed for the  
16 hospital's designated region. "All other hospitals" includes  
17 Sole Community Hospitals, Medicare Dependent Hospitals and  
18 Rural Referral Centers. "Medicare" refers to the appropriate,  
19 Medicare federal standardized rate which is adjusted for the  
20 individual DRG weighting factors used by Medicare, the  
21 hospital's specific area wage index, capital costs, outlier  
22 payments, disproportionate share hospital payments, direct and  
23 indirect medical education payments, the costs of nursing and  
24 allied health education programs, and organ procurement costs.  
25 For hospital services provided for which a Medicare rate is not  
26 prescribed or cannot be calculated, the hospital shall be

1 reimbursed 90% of the lowest rate paid by the applicable  
2 insurer under its contract with that hospital for that same  
3 type of product and applicable service.

4 (r) On and after January 1, 2010, all providers that  
5 contract with an insurer or health maintenance organization  
6 must participate as a network provider under the same Illinois  
7 Guaranteed Option entity's Guaranteed Option product.

8 (s) Nothing in this Act shall be used by any private or  
9 public Illinois Guaranteed Option entity as a basis for  
10 reducing the Illinois Guaranteed Option entity's rates or  
11 policies with any hospital. Illinois Guaranteed Option  
12 entities are prohibited from using contractual provisions in  
13 provider contracts that would require the provider or providers  
14 to accept the rates under subsection (c) as the payment rates  
15 for any other type of product or service of the Illinois  
16 Guaranteed Option entity. Notwithstanding any other provision  
17 of law, rates authorized under this Act shall not be used by  
18 any private or public Illinois Guaranteed Option entities to  
19 determine a hospital's usual and customary charges for any  
20 health care service.

21 (t) Other non-hospital providers shall be reimbursed 90% of  
22 the lowest rate paid by the applicable insurer under its  
23 contract with that hospital for that same type of product and  
24 applicable service.

25 (u) No Illinois Guaranteed Option entity shall issue a  
26 group Illinois Guaranteed Option plan or individual Illinois

1     Guaranteed Option plan until the plan has been certified as  
2     such by the Department.

3           (v) A participating Illinois Guaranteed Option plan shall  
4     obtain from the employer or individual, on forms approved by  
5     the Department or in a manner prescribed by the Department,  
6     written certification at the time of initial application and  
7     annually thereafter 90 days prior to the contract renewal date  
8     that the employer or individual meets and expects to continue  
9     to meet the requirements of an eligible small employer or an  
10    eligible individual pursuant to this Section. A participating  
11    Illinois Guaranteed Option plan may require the submission of  
12    appropriate documentation in support of the certification,  
13    including proof of income status.

14           (w) Applications to enroll in group Illinois Guaranteed  
15    Option plans and individual Illinois Guaranteed Option plans  
16    must be received and processed from any eligible individual and  
17    any eligible small employer during the open enrollment period  
18    each year. This provision does not restrict open enrollment  
19    guidelines set by Illinois Guaranteed Option plan contracts,  
20    but every such contract must include standard employer group  
21    open enrollment guidelines.

22           (x) All coverage under group Illinois Guaranteed Option  
23    plans and individual Illinois Guaranteed Option plans must be  
24    subject to a pre-existing condition limitation provision,  
25    including the crediting requirements thereunder. Pre-existing  
26    conditions may be evaluated and considered by the Department

1 when determining appropriate co-pay amounts, deductible  
2 levels, and benefit levels. Prenatal care shall be available  
3 without consideration of pregnancy as a preexisting condition.  
4 Waiver of deductibles and other cost-sharing payments by  
5 insurer may be made for individuals participating in chronic  
6 care management or wellness and prevention programs.

7 (y) In order to arrive at the actual premium charged to any  
8 particular group or individual, a participating Illinois  
9 Guaranteed Option entity may adjust its base rate.

10 (1) Adjustments to base rates may be made using only  
11 the following factors:

12 (A) geographic area;

13 (B) age;

14 (C) smoking or non-smoking status; and

15 (D) participation in wellness or chronic disease  
16 management activities.

17 (2) The adjustment for age in item (1) of this  
18 subsection may not use age brackets smaller than 5-year  
19 increments, which shall begin with age 20 and end with age  
20 65. Eligible individuals, sole proprietors, and employees  
21 under the age of 20 shall be treated as those age 20.

22 (3) Permitted rates for any age group shall not exceed  
23 the rate for any other age group by more than 25%.

24 (4) If geographic rating areas are utilized, such  
25 geographic areas must be reasonable and in a given case may  
26 include a single county. The geographic areas utilized must

1 be the same for the contracts issued to eligible small  
2 employers and to eligible individuals. The Division shall  
3 not require the inclusion of any specific geographic region  
4 within the proposed region selected by the participating  
5 Illinois Guaranteed Option entity, but the participating  
6 Illinois Guaranteed Option entity's proposed regions shall  
7 not contain configurations designed to avoid or segregate  
8 particular areas within a county covered by the  
9 participating Illinois Guaranteed Option plan's community  
10 rates. Rates from one geographic region to another may not  
11 vary by more than 30% and must be actuarially supported.

12 (5) Permitted rates for any small employer shall not  
13 exceed the rate for any other small employer by more than  
14 25%.

15 (6) A discount of up to 10% for participation in  
16 wellness or chronic disease management activities shall be  
17 permitted if based upon actuarially justified differences  
18 in utilization or cost attributed to such programs.

19 (7) Claims experience under contracts issued to  
20 eligible small employers and to eligible individuals must  
21 be combined for rate setting purposes.

22 (8) Rate-based provisions in this subsection may be  
23 modified due to claims experience and subject to  
24 limitations made necessary by funds appropriated and  
25 available in the Illinois Shared Opportunity and Shared  
26 Responsibility Trust Fund.

1           (z) Participating Illinois Guaranteed Option entities  
2 shall submit reports to the Department in such form and such  
3 media as the Department shall prescribe. The reports shall be  
4 submitted at times as may be reasonably required by the  
5 Department to evaluate the operations and results of Illinois  
6 Guaranteed Option plans established by this Section. The  
7 Department shall make such reports available to the Division.

8           (aa) The Department shall conduct public education and  
9 outreach to facilitate enrollment of small employers, eligible  
10 employees, and eligible individuals in the Program.

11           Section 10-20. Stop loss funding for Illinois Guaranteed  
12 Option contracts issued to eligible small employers and  
13 eligible individuals.

14           (a) The Department shall provide a claims reimbursement  
15 program for participating Illinois Guaranteed Option entities  
16 and shall annually seek appropriations to support the program.

17           (b) The claims reimbursement program, also known as  
18 "Illinois Stop Loss Protection", shall operate as a stop loss  
19 program for participating Illinois Guaranteed Option entities  
20 and shall reimburse participating Illinois Guaranteed Option  
21 entities for a certain percentage of health care claims above a  
22 certain attachment amount or within certain attachment  
23 amounts. The stop loss attachment amount or amounts shall be  
24 determined by the Division consistent with the purpose of the  
25 Illinois Program and subject to limitations made necessary by

1 the amount appropriated and available in the Illinois Shared  
2 Opportunity and Shared Responsibility Trust Fund.

3 (c) Commencing on July 1, 2010, participating Illinois  
4 Guaranteed Option entities shall be eligible to receive  
5 reimbursement for 80% of claims paid in a calendar year in  
6 excess of the attachment point for any member covered under a  
7 contract issued pursuant to Section 10-15 of this Act after the  
8 participating Illinois Guaranteed Option entity pays claims  
9 for that same member in the same calendar year. Based on  
10 pre-determined attachment amounts, verified claims paid for  
11 members covered under group and individual Illinois Guaranteed  
12 Option plans shall be reimbursable from the Illinois Stop Loss  
13 Protection Program. For purposes of this Section, claims shall  
14 include health care claims paid by or on behalf of a covered  
15 member pursuant to such contracts.

16 (d) Consistent with the purpose of Illinois Act and subject  
17 to limitations made necessary by the amount appropriated and  
18 available in the Illinois Shared Opportunity and Shared  
19 Responsibility Trust Fund, the Department shall set forth  
20 procedures for operation of the Illinois Stop Loss Protection  
21 Program and distribution of monies therefrom.

22 (e) Claims shall be reported and funds shall be distributed  
23 by the Department on a calendar year basis. Claims shall be  
24 eligible for reimbursement only for the calendar year in which  
25 the claims are paid.

26 (f) Each participating Illinois Guaranteed Option entity

1 shall submit a request for reimbursement from the Illinois Stop  
2 Loss Protection Program on forms prescribed by the Department.  
3 Each request for reimbursement shall be submitted no later than  
4 April 1 following the end of the calendar year for which the  
5 reimbursement requests are being made. In connection with  
6 reimbursement requests, the Department may require  
7 participating Illinois Guaranteed Option entities to submit  
8 such claims data deemed necessary to enable proper distribution  
9 of funds and to oversee the effective operation of the Illinois  
10 Stop Loss Protection Program. The Department may require that  
11 such data be submitted on a per-member, aggregate, or  
12 categorical basis, or any combination of those. Data shall be  
13 reported separately for group Illinois Guaranteed Option plans  
14 and individual Illinois Guaranteed Option plans issued  
15 pursuant to Section 10-15 of this Act.

16 (f-5) In each request for reimbursement from the Illinois  
17 Stop Loss Protection Program, Illinois Guaranteed Option  
18 entities shall certify that provider reimbursement rates are  
19 consistent with the reimbursement rates as defined by  
20 subdivision (r)(3) of Section 10-15 of this Act. The  
21 Department, in collaboration with the Division, shall audit, as  
22 necessary, claims data submitted pursuant to subsection (f) of  
23 this Section to ensure that reimbursement rates paid by  
24 Illinois Guaranteed Option entities are consistent with  
25 reimbursement rates as defined by subsection (m) of Section  
26 10-15.

1           (g) At all times, the Illinois Stop Loss Protection Program  
2 shall be implemented and operated subject to the limitations  
3 made necessary by the funds appropriated and available in the  
4 Illinois Shared Opportunity and Shared Responsibility Trust  
5 Fund. The Department shall calculate the total claims  
6 reimbursement amount for all participating Illinois Guaranteed  
7 Option entities for the calendar year for which claims are  
8 being reported. In the event that the total amount requested  
9 for reimbursement for a calendar year exceeds appropriations  
10 available for distribution for claims paid during that same  
11 calendar year, the Department shall provide for the pro-rata  
12 distribution of the available funds. Each participating  
13 Illinois Guaranteed Option entity shall be eligible to receive  
14 only such proportionate amount of the available appropriations  
15 as the individual participating Illinois Guaranteed Option  
16 entity's total eligible claims paid bears to the total eligible  
17 claims paid by all participating Illinois Guaranteed Option  
18 entities.

19           (h) Each participating Illinois Guaranteed Option entity  
20 shall provide the Department with monthly reports of the total  
21 enrollment under the group Illinois Guaranteed Option plans and  
22 individual Illinois Guaranteed Option plans issued pursuant to  
23 Section 10-15 of this Act. The reports shall be in a form  
24 prescribed by the Department.

25           (i) The Department shall separately estimate the per member  
26 annual cost of total claims reimbursement from each stop loss

1 program for group Illinois Guaranteed Option plans and  
2 individual Illinois Guaranteed Option plans based upon  
3 available data and appropriate actuarial assumptions. Upon  
4 request, each participating Illinois Guaranteed Option plan  
5 shall furnish to the Department claims experience data for use  
6 in such estimations.

7 (j) Every participating Illinois Guaranteed Option entity  
8 shall file with the Division the base rates and rating  
9 schedules it uses to provide group Illinois Guaranteed Option  
10 plans and individual Illinois Guaranteed Option plans. All  
11 rates proposed for Illinois Guaranteed Option plans are subject  
12 to the prior regulatory review of the Division and shall be  
13 effective only upon approval by the Division. The Division has  
14 authority to approve, reject, or modify the proposed base rate  
15 subject to the following:

16 (1) Rates for Illinois Guaranteed Option plans must  
17 account for the availability of reimbursement pursuant to  
18 this Section.

19 (2) Rates must not be excessive or inadequate nor shall  
20 the rates be unfairly discriminatory.

21 (3) Consideration shall be given, to the extent  
22 applicable and among other factors, to the Illinois  
23 Guaranteed Option entity's past and prospective medical  
24 loss experience within the State for the product for which  
25 the base rate is proposed, to past and prospective expenses  
26 both countrywide and those especially applicable to this

1 State, and to all other factors, including judgment  
2 factors, deemed relevant within and outside the State.

3 (4) Consideration shall be given to the Illinois  
4 Guaranteed Option entity's actuarial support, enrollment  
5 levels, premium volume, risk-based capital, and the ratio  
6 of incurred claims to earned premiums.

7 (k) If the Department deems it appropriate for the proper  
8 administration of the program, the Department shall be  
9 authorized to purchase stop loss insurance or reinsurance, or  
10 both, from an insurance company licensed to write such type of  
11 insurance in Illinois.

12 (k-5) Nothing in this Section 10-20 shall require  
13 modification of stop loss provisions of an existing contract  
14 between the Illinois Guaranteed Option entity and a healthcare  
15 provider.

16 (l) The Division shall assess insurers as defined in  
17 Section 12 of the Comprehensive Health Insurance Plan Act in  
18 accordance with the provisions of this subsection:

19 (1) By March 1, 2010, the Illinois Comprehensive Health  
20 Insurance Plan shall report to the Division the total  
21 assessment paid pursuant to subsection d of Section 12 of  
22 the Comprehensive Health Insurance Plan Act for fiscal  
23 years 2005 through 2009. By March 1, 2010, the Division  
24 shall determine the total direct Illinois premiums for  
25 calendar years 2005 through 2009 for the kinds of business  
26 described in clause (b) of Class 1 or clause (a) of Class 2

1 of Section 4 of the Illinois Insurance Code, and direct  
2 premium income of a health maintenance organization or a  
3 voluntary health services plan, except that it shall not  
4 include credit health insurance as defined in Article IX  
5 1/2 of the Illinois Insurance Code. The Division shall  
6 create a fraction, the numerator of which equals the total  
7 assessment as reported by the Illinois Comprehensive  
8 Health Insurance Plan pursuant to this subsection, and the  
9 denominator of which equals the total direct Illinois  
10 premiums determined by the Division pursuant to this  
11 subsection. The resulting percentage shall be the  
12 "baseline percentage assessment".

13 (2) For purposes of the program, and to the extent that  
14 in any fiscal year the Illinois Comprehensive Health  
15 Insurance Plan does not collect an amount equal to or  
16 greater than the equivalent dollar amount of the baseline  
17 percentage assessment to cover deficits established  
18 pursuant to subsection d of Section 12 of the Comprehensive  
19 Health Insurance Plan Act, the Division shall impose the  
20 "baseline assessment" in accordance with paragraph (3) of  
21 this subsection.

22 (3) An insurer's assessment shall be determined by  
23 multiplying the equivalent dollar amount of the baseline  
24 percentage assessment, as determined by paragraph (1), by a  
25 fraction, the numerator of which equals that insurer's  
26 direct Illinois premiums during the preceding calendar

1 year and the denominator of which equals the total of all  
2 insurers' direct Illinois premiums for the preceding  
3 calendar year. The Division may exempt those insurers whose  
4 share as determined under this subsection would be so  
5 minimal as to not exceed the estimated cost of levying the  
6 assessment.

7 (4) The Division shall charge and collect from each  
8 insurer the amounts determined to be due under this  
9 subsection.

10 (5) The difference between the total assessments paid  
11 pursuant to imposition of the baseline assessment and the  
12 total assessments paid to cover deficits established  
13 pursuant to subsection d of Section 12 of the Comprehensive  
14 Health Insurance Plan Act shall be paid to the Illinois  
15 Shared Opportunity and Shared Responsibility Trust Fund.

16 (6) When used in this subsection (1), "insurer" means  
17 "insurer" as defined in Section 2 of the Comprehensive  
18 Health Insurance Plan Act.

19 Section 10-25. Program publicity duties of Illinois  
20 Guaranteed Option entities and Department.

21 (a) In conjunction with the Department, all Illinois  
22 Guaranteed Option entities shall participate in and share the  
23 cost of annually publishing and disseminating a consumer's  
24 shopping guide or guides for group Illinois Guaranteed Option  
25 plans and individual Illinois Guaranteed Option plans issued

1 pursuant to Section 10-15 of this Act. The contents of all  
2 consumer shopping guides published pursuant to this Section  
3 shall be subject to review and approval by the Department.

4 (b) Participating Illinois Guaranteed Option entities may  
5 distribute additional sales or marketing brochures describing  
6 group Illinois Guaranteed Option plans and individual Illinois  
7 Guaranteed Option plans subject to review and approval by the  
8 Department.

9 (c) Commissions available to insurance producers from  
10 Illinois Guaranteed Option entities for sales of plans under  
11 the Illinois Program shall not be less than those available for  
12 sale of plans other than plans issued pursuant to the Illinois  
13 Guaranteed Option Program. Information on such commissions  
14 shall be reported to the Division in the rate approval process.

15 Section 10-30. Data reporting.

16 (a) The Department, in consultation with the Division and  
17 other State agencies, shall report on the program established  
18 pursuant to Sections 10-15 and 10-20 of this Act. The report  
19 shall examine:

20 (1) employer and individual participation, including  
21 an income profile of covered employees and individuals and  
22 an estimate of the per-member annual cost of total claims  
23 reimbursement as required by subsection (i) of Section  
24 10-20 of this Act;

25 (2) claims experience and the program's projected

1 costs through December 31, 2016;

2 (3) the impact of the program on the uninsured  
3 population in Illinois and the impact of the program on  
4 health insurance rates paid by Illinois residents; and

5 (4) the amount of funds in the Illinois Shared  
6 Opportunity and Shared Responsibility Trust Fund generated  
7 by the Illinois Shared Opportunity and Shared  
8 Responsibility Assessment Act, by category of employer.

9 (b) The study shall be completed and a report submitted by  
10 October 1, 2011 to the Governor, the President of the Senate,  
11 and the Speaker of the House of Representatives.

12 Section 10-35. Duties assigned to the Department. Unless  
13 otherwise specified, all duties assigned to the Department by  
14 this Act shall be carried out in consultation with the  
15 Division.

16 Section 10-40. Applicability of other Illinois Insurance  
17 Code provisions. Unless otherwise specified in this Section,  
18 policies for all group Illinois Guaranteed Option plans and  
19 individual Illinois Guaranteed Option plans must meet all other  
20 applicable provisions of the Illinois Insurance Code.

7 (a) Subject to the availability of funds, the Department  
8 may provide premium assistance for eligible persons under this  
9 Section to assist such persons or families in affording  
10 qualified private health insurance including  
11 employer-sponsored health insurance for themselves or their

15 funding, the Department in consultation with the Illinois  
16 Health Care Justice Commission will determine the level of  
17 premium assistance available to individuals and families. If

2 minority healthcare, and quality healthcare improvement.  
3 The Commission shall have a chairperson and a  
4 vice-chairperson who shall be elected by the voting members  
5 at the first meeting of the Commission. The Director of the

12 ARTICLE 18. CONSUMER PROTECTIONS FROM ABUSIVE HEALTH INSURANCE  
13 PRACTICES

14 Section 18-5. The Illinois Insurance Code is amended by  
15 changing Sections 359a and 370c, by adding Section 352b, and by  
16 adding the heading of Article XLV and Sections 1500-5, 1500-10,  
17 1500-15, 1500-20, 1500-25, and 1500-30 as follows:

18 (215 ILCS 5/352b new)

19 Sec. 352b. Group health plan non-discrimination  
20 requirement. On and after June 1, 2010, no group policy or  
21 certificate of accident and health insurance otherwise subject  
22 to applicable provisions of this Code shall be delivered or

1 issued for delivery to an employer group in this State unless  
2 such policy or certificate is offered by that employer to all  
3 full-time employees who live in Illinois; provided, however,  
4 the employer shall not make a smaller health insurance premium  
5 contribution percentage amount to an employee than the employer  
6 makes to any other employee who receives an equal or greater  
7 total hourly or annual salary for each policy or certificate of  
8 accident and health insurance for all employees.  
9 Notwithstanding any provision of this Section, an insurer may  
10 deliver or issue a group policy or certificate of accident and  
11 health insurance to an employer group that establishes separate  
12 contribution percentages for employees covered by collective  
13 bargaining agreements as negotiated in those agreements.

14 (215 ILCS 5/359a) (from Ch. 73, par. 971a)

15 Sec. 359a. Application.

16 (1) ~~No~~ On and after June 1, 2010, no individual or group  
17 policy or certificate of insurance except an Industrial  
18 Accident and Health Policy provided for by this article shall  
19 be issued, except upon the signed application of the person or  
20 persons sought to be insured. Any information or statement of  
21 the applicant shall plainly appear upon such application in the  
22 form of interrogatories by the insurer and answers by the  
23 applicant. The insured shall not be bound by any statement made  
24 in an application for any policy, including an Industrial  
25 Accident and Health Policy, unless a copy of such application

1 is attached to or endorsed on the policy when issued as a part  
2 thereof. If any such policy delivered or issued for delivery to  
3 any person in this state shall be reinstated or renewed, and  
4 the insured or the beneficiary or assignee of such policy shall  
5 make written request to the insurer for a copy of the  
6 application, if any, for such reinstatement or renewal, the  
7 insurer shall within fifteen days after the receipt of such  
8 request at its home office or any branch office of the insurer,  
9 deliver or mail to the person making such request, a copy of  
10 such application. If such copy shall not be so delivered or  
11 mailed, the insurer shall be precluded from introducing such  
12 application as evidence in any action or proceeding based upon  
13 or involving such policy or its reinstatement or renewal. On  
14 and after June 1, 2010, all individual and group applications  
15 for insurance that require health information or questions  
16 shall comply with the following standards:

17 (A) Insurers may ask diagnostic questions on  
18 applications for insurance.

19 (B) Application questions shall be formed in a manner  
20 designed to elicit specific medical information and not  
21 other inferential information.

22 (C) Questions which are vague, subjective, unfairly  
23 discriminatory, or so technical as to inhibit a clear  
24 understanding by the applicant are prohibited.

25 (D) Questions that ask an applicant to verify diagnosis  
26 or treatment for specific diseases or conditions must

1       stipulate that such diagnoses must have been made and such  
2       treatment must have been performed by an appropriately  
3       licensed health care service provider.

4       (E) All underwriting shall be based on individual  
5       review of specific health information furnished on the  
6       application, any reports provided as a result of medical  
7       examinations performed at the company's request, medical  
8       record information obtained from the applicant's health  
9       care providers, or any combination of the foregoing.

10       Adverse underwriting decisions shall not be based on  
11       ambiguous responses to application questions.

12       (F) Preexisting condition exclusions imposed based  
13       solely on responses to an application question may exclude  
14       only a condition that was specifically elicited in the  
15       application and may not be broadened to similar, but  
16       separate conditions that were not specifically identified  
17       by an application question.

18       (2) No alteration of any written application for any such  
19       policy shall be made by any person other than the applicant  
20       without his written consent, except that insertions may be made  
21       by the insurer, for administrative purposes only, in such  
22       manner as to indicate clearly that such insertions are not to  
23       be ascribed to the applicant.

24       (3) On and after June 1, 2010, the falsity of any statement  
25       in the application for any policy covered by this Act may not  
26       bar the right to recovery thereunder unless such false

1 statement has actually contributed to the contingency or event  
2 on which the policy is to become due and payable and unless  
3 such false statement materially affected either the acceptance  
4 of the risk or the hazard assumed by the insurer. Provided,  
5 however, that any recovery resulting from the operation of this  
6 Section shall not bar the right to render the policy void in  
7 accordance with its provisions. ~~The falsity of any statement in~~  
8 ~~the application for any policy covered by this act may not bar~~  
9 ~~the right to recovery thereunder unless such false statement~~  
10 ~~materially affected either the acceptance of the risk or the~~  
11 ~~hazard assumed by the insurer.~~

13 (215 ILCS 5/370c) (from Ch. 73, par. 982c)

14 Sec. 370c. Mental and emotional disorders.

15 (a) (1) On and after the effective date of this Section,  
16 every insurer which delivers, issues for delivery or renews or  
17 modifies group A&H policies providing coverage for hospital or  
18 medical treatment or services for illness on an  
19 expense-incurred basis shall offer to the applicant or group  
20 policyholder subject to the insurers standards of  
21 insurability, coverage for reasonable and necessary treatment  
22 and services for mental, emotional or nervous disorders or  
23 conditions, other than serious mental illnesses as defined in  
24 item (2) of subsection (b), up to the limits provided in the  
25 policy for other disorders or conditions, except (i) the

1 insured may be required to pay up to 50% of expenses incurred  
2 as a result of the treatment or services, and (ii) the annual  
3 benefit limit may be limited to the lesser of \$10,000 or 25% of  
4 the lifetime policy limit.

5 (2) Each insured that is covered for mental, emotional or  
6 nervous disorders or conditions shall be free to select the  
7 physician licensed to practice medicine in all its branches,  
8 licensed clinical psychologist, licensed clinical social  
9 worker, licensed clinical professional counselor, or licensed  
10 marriage and family therapist of his choice to treat such  
11 disorders, and the insurer shall pay the covered charges of  
12 such physician licensed to practice medicine in all its  
13 branches, licensed clinical psychologist, licensed clinical  
14 social worker, licensed clinical professional counselor, or  
15 licensed marriage and family therapist up to the limits of  
16 coverage, provided (i) the disorder or condition treated is  
17 covered by the policy, and (ii) the physician, licensed  
18 psychologist, licensed clinical social worker, licensed  
19 clinical professional counselor, or licensed marriage and  
20 family therapist is authorized to provide said services under  
21 the statutes of this State and in accordance with accepted  
22 principles of his profession.

23 (3) Insofar as this Section applies solely to licensed  
24 clinical social workers, licensed clinical professional  
25 counselors, and licensed marriage and family therapists, those  
26 persons who may provide services to individuals shall do so

1 after the licensed clinical social worker, licensed clinical  
2 professional counselor, or licensed marriage and family  
3 therapist has informed the patient of the desirability of the  
4 patient conferring with the patient's primary care physician  
5 and the licensed clinical social worker, licensed clinical  
6 professional counselor, or licensed marriage and family  
7 therapist has provided written notification to the patient's  
8 primary care physician, if any, that services are being  
9 provided to the patient. That notification may, however, be  
10 waived by the patient on a written form. Those forms shall be  
11 retained by the licensed clinical social worker, licensed  
12 clinical professional counselor, or licensed marriage and  
13 family therapist for a period of not less than 5 years.

14 (b) (1) An insurer that provides coverage for hospital or  
15 medical expenses under a group policy of accident and health  
16 insurance ~~or health care plan~~ amended, delivered, issued, or  
17 renewed after the effective date of this amendatory Act of the  
18 92nd General Assembly shall provide coverage under the policy  
19 for treatment of serious mental illness under the same terms  
20 and conditions as coverage for hospital or medical expenses  
21 related to other illnesses and diseases. The coverage required  
22 under this Section must provide for same durational limits,  
23 amount limits, deductibles, and co-insurance requirements for  
24 serious mental illness as are provided for other illnesses and  
25 diseases. This subsection does not apply to coverage provided  
26 to employees by employers who have 50 or fewer employees.

1           (2) "Serious mental illness" means the following  
2 psychiatric illnesses as defined in the most current edition of  
3 the Diagnostic and Statistical Manual (DSM) published by the  
4 American Psychiatric Association:

5           (A) schizophrenia;

6           (B) paranoid and other psychotic disorders;

7           (C) bipolar disorders (hypomanic, manic, depressive,  
8 and mixed);

9           (D) major depressive disorders (single episode or  
10 recurrent);

11           (E) schizoaffective disorders (bipolar or depressive);

12           (F) pervasive developmental disorders;

13           (G) obsessive-compulsive disorders;

14           (H) depression in childhood and adolescence;

15           (I) panic disorder;

16           (J) post-traumatic stress disorders (acute, chronic,  
17 or with delayed onset); and

18           (K) anorexia nervosa and bulimia nervosa.

19           (3) (Blank). ~~Upon request of the reimbursing insurer, a~~  
20 ~~provider of treatment of serious mental illness shall furnish~~  
21 ~~medical records or other necessary data that substantiate that~~  
22 ~~initial or continued treatment is at all times medically~~  
23 ~~necessary. An insurer shall provide a mechanism for the timely~~  
24 ~~review by a provider holding the same license and practicing in~~  
25 ~~the same specialty as the patient's provider, who is~~  
26 ~~unaffiliated with the insurer, jointly selected by the patient~~

1 ~~(or the patient's next of kin or legal representative if the~~  
2 ~~patient is unable to act for himself or herself), the patient's~~  
3 ~~provider, and the insurer in the event of a dispute between the~~  
4 ~~insurer and patient's provider regarding the medical necessity~~  
5 ~~of a treatment proposed by a patient's provider. If the~~  
6 ~~reviewing provider determines the treatment to be medically~~  
7 ~~necessary, the insurer shall provide reimbursement for the~~  
8 ~~treatment. Future contractual or employment actions by the~~  
9 ~~insurer regarding the patient's provider may not be based on~~  
10 ~~the provider's participation in this procedure. Nothing~~  
11 ~~prevents the insured from agreeing in writing to continue~~  
12 ~~treatment at his or her expense. When making a determination of~~  
13 ~~the medical necessity for a treatment modality for serious~~  
14 ~~mental illness, an insurer must make the determination in a~~  
15 ~~manner that is consistent with the manner used to make that~~  
16 ~~determination with respect to other diseases or illnesses~~  
17 ~~covered under the policy, including an appeals process.~~

18 (4) A group health benefit plan:

19 (A) shall provide coverage based upon medical  
20 necessity for the following treatment of mental illness in  
21 each calendar year:

22 (i) 45 days of inpatient treatment; and

23 (ii) beginning on June 26, 2006 (the effective date  
24 of Public Act 94-921), 60 visits for outpatient  
25 treatment including group and individual outpatient  
26 treatment; and

1 (iii) for plans or policies delivered, issued for  
2 delivery, renewed, or modified after July 1, 2010  
3 ~~January 1, 2007~~ (the effective date of Public Act  
4 ~~94-906~~), 20 additional outpatient visits for speech  
5 therapy for treatment of pervasive developmental  
6 disorders that will be in addition to speech therapy  
7 provided pursuant to item (ii) of this subparagraph  
8 (A);

9 (B) may not include a lifetime limit on the number of  
10 days of inpatient treatment or the number of outpatient  
11 visits covered under the plan; and

12 (C) shall include the same amount limits, deductibles,  
13 copayments, and coinsurance factors for serious mental  
14 illness as for physical illness.

15 (5) An issuer of a group health benefit plan may not count  
16 toward the number of outpatient visits required to be covered  
17 under this Section an outpatient visit for the purpose of  
18 medication management and shall cover the outpatient visits  
19 under the same terms and conditions as it covers outpatient  
20 visits for the treatment of physical illness.

21 (6) An issuer of a group health benefit plan may provide or  
22 offer coverage required under this Section through a managed  
23 care plan.

24 (7) This Section shall not be interpreted to require a  
25 group health benefit plan to provide coverage for treatment of:

26 (A) an addiction to a controlled substance or cannabis

1 that is used in violation of law; or

2 (B) mental illness resulting from the use of a  
3 controlled substance or cannabis in violation of law.

4 (8) (Blank).

5 (c)(1) On and after June 1, 2010, coverage for the  
6 treatment of mental and emotional disorders as provided by  
7 subsections (a) and (b) shall not be denied under the policy  
8 provided that services are medically necessary as determined by  
9 the insured's treating physician. For purposes of this  
10 subsection, "medically necessary" means health care services  
11 appropriate, in terms of type, frequency, level, setting, and  
12 duration, to the enrollee's diagnosis or condition, and  
13 diagnostic testing and preventive services. Medically  
14 necessary care must be consistent with generally accepted  
15 practice parameters as determined by health care providers in  
16 the same or similar general specialty as typically manages the  
17 condition, procedure, or treatment at issue and must be  
18 intended to either help restore or maintain the enrollee's  
19 health or prevent deterioration of the enrollee's condition.

7 a denial of reimbursement or a denial of  
8 pre-certification for that service shall, at the  
9 request of the affected enrollee or provider as defined  
10 by Section 370c of the Illinois Insurance Code, include

3 determination no more than 24 hours after the receipt of  
4 all necessary information when a delay would significantly  
5 increase the risk to an enrollee's health or when extended  
6 health care services for an enrollee undergoing a course of  
7 treatment prescribed by a health care provider are at  
8 issue.

9 (2) On and after June 1, 2010, within 180 ~~Within 30~~

11 adverse determination, if the enrollee decides to initiate  
12 an external independent review, the enrollee shall send to  
13 the health insurance ~~care~~ plan a written request for an  
14 external independent review, including any information or

26 pertaining to the case, a summary description of the

1 applicable issues including a statement of the health  
2 care plan's decision, the criteria used, and the  
3 medical and clinical reasons for that decision.

4 (4) Within 5 days after receipt of all necessary  
5 information, the independent reviewer shall evaluate and  
6 analyze the case and render a decision that is based on  
7 whether or not the health care service or claim for the  
8 health care service is medically appropriate. The decision  
9 by the independent reviewer is final. If the external  
10 independent reviewer determines the health care service to  
11 be medically appropriate, the health insurance ~~care~~ plan  
12 shall pay for the health care service. On and after June 1,  
13 2010, an external independent review decision may be  
14 appealed to the Office of Patient Protection established  
15 under Section 1500-5 of the Illinois Insurance Code. In  
16 cases in which the Division finds the external independent  
17 review determination to have been arbitrary and

19 Protection, may reverse the external independent review  
20 determination.

21 (5) The health insurance ~~care~~ plan shall be solely  
22 responsible for paying the fees of the external independent

24 (6) An external independent reviewer who acts in good  
25 faith shall have immunity from any civil or criminal  
26 liability or professional discipline as a result of acts or

1 omissions with respect to any external independent review,  
2 unless the acts or omissions constitute wilful and wanton  
3 misconduct. For purposes of any proceeding, the good faith  
4 of the person participating shall be presumed.

5 (7) Future contractual or employment action by the  
6 health insurance ~~care~~ plan regarding the patient's  
7 physician or other health care provider shall not be based  
8 solely on the physician's or other health care provider's  
9 participation in this procedure.

10 (8) For the purposes of this Section, an external  
11 independent reviewer shall:

12 (A) be a clinical peer;

13 (B) have no direct financial interest in  
14 connection with the case; and

15 (C) have not been informed of the specific identity  
16 of the enrollee.

17 (g) Nothing in this Section shall be construed to require a  
18 health insurance ~~care~~ plan to pay for a health care service not  
19 covered under the enrollee's certificate of coverage or policy.

2 claims processing system for State healthcare programs with the  
3 processes utilized by private insurers.

4 ARTICLE 50. PROMOTING RESPONSIBILITY FOR HEALTH INSURANCE AND  
5 HEALTHCARE COSTS

6 Section 50-5. Findings. A majority of Illinoisans receive  
7 their healthcare through employer sponsored health insurance.  
8 The cost of such healthcare has been rising faster than wage  
9 inflation. A majority of businesses offer and subsidize such  
10 health insurance. However, a growing number of businesses are  
11 not offering health insurance. When a business does not offer  
12 subsidized health insurance, employees are far more likely to  
13 be uninsured and the costs of their healthcare are borne by  
14 other payors including other businesses. Likewise, when  
15 individuals choose to forgo paying for health insurance, they  
16 may still experience illness or be involved in an accident  
17 resulting in high medical costs that are borne by others. This  
18 cost shifting is driving up the cost of insurance for  
19 responsible businesses who are offering health insurance and  
20 other individuals who are purchasing health insurance in the  
21 non-group market. It is also shifting costs to State  
22 government, and therefore taxpayers, by expanding the costs of  
23 current State healthcare programs. Therefore, the General  
24 Assembly finds that it is equitable to assess businesses a fee

1 to offset such costs when such a business is not contributing  
2 adequately to the cost of healthcare insurance and services for  
3 its employees.

4 PART 1. SHORT TITLE AND CONSTRUCTION

5 Section 50-101. Short title. This Article may be cited as  
6 the Illinois Shared Responsibility and Shared Opportunity  
7 Assessment Act. References in this Article to "this Act" mean  
8 this Article.

9 Section 50-105. Construction. Except as otherwise  
10 expressly provided or clearly appearing from the context, any  
11 term used in this Act shall have the same meaning as when used  
12 in a comparable context in the Illinois Income Tax Act as in  
13 effect for the taxable year.

14 PART 2. DEFINITIONS AND MISCELLANEOUS PROVISIONS

15 Section 50-201. Definitions.

16 (a) When used in this Act, where not otherwise distinctly  
17 expressed or manifestly incompatible with the intent thereof:

18 "Department" means the Department of Revenue.

19 "Director" means the Director of Revenue.

20 "Employer" means any individual, partnership, association,  
21 corporation or other legal entity who employs 2 or more full

1 time equivalent employees during the taxable year. The word  
2 "employer" shall not include nonprofit entities, as defined by  
3 the Internal Revenue Code, that are exclusively staffed by  
4 volunteers nor shall the word "employer" include sole  
5 proprietors. The term "employer" does not include the  
6 government of the United States, of any foreign country, or of  
7 any of the states, or of any agency, instrumentality, or  
8 political subdivision of any such government. In the case of a  
9 unitary business group, as defined in Section 1501(a)(27) of  
10 the Illinois Income Tax Act, the employer is the unitary  
11 business group.

12 "Expenditures for health care" means any amount paid by an  
13 employer to provide health care to its employees or their  
14 families or reimburse its employees or their families for  
15 health care, including but not limited to amounts paid or  
16 reimbursed for health insurance premiums where the underlying  
17 policy provides or has provided coverage to employees of such  
18 employer or their families. Such expenditures include but are  
19 not limited to payment or reimbursement for medical care,  
20 prescription drugs, vision care, medical savings accounts, and  
21 any other costs to provide health care to an employer's  
22 employees or their families.

23 "Full-time equivalent employees". The number of "full-time  
24 equivalent employees" employed by an employer during a taxable  
25 year shall be the lesser of (i) the number of persons who were  
26 employees of the employer at any time during the taxable year

1 and (ii) the total number of hours worked by all employees of  
2 the employer during the taxable year, divided by 1500. In the  
3 case of a short taxable year, the denominator shall be 1500  
4 multiplied by the number of days in the taxable year, divided  
5 by the number of days in the calendar year.

6 "Illinois employee" means an employee who is an Illinois  
7 resident during the time he or she is performing services for  
8 the employer or who has compensation from the employer that is  
9 "paid in this State" during the taxable year within the meaning  
10 of Section 304(a)(2)(B) of the Illinois Income Tax Act. For  
11 purposes of computing the liability under Section 50-301 for a  
12 taxable year and the credit under Section 50-302 of this Act,  
13 an employee with health care coverage provided by another  
14 employer of that employee, or with health care coverage as a  
15 dependent through another employer, is not an "Illinois  
16 employee" for that taxable year.

17 "Wages" means wages as defined in Section 3401(a) of the  
18 Internal Revenue Code, without regard to the exceptions  
19 contained in that Section and without reduction for exemptions  
20 allowed in computing withholding.

21 (b) Other definitions.

22 (1) Words denoting number, gender, and so forth, when  
23 used in this Act, where not otherwise distinctly expressed  
24 or manifestly incompatible with the intent thereof:

25 (A) Words importing the singular include and apply  
26 to several persons, parties or things;

1           (B) Words importing the plural include the  
2           singular; and

3           (C) Words importing the masculine gender include  
4           the feminine as well.

5           (2) "Company" or "association" as including successors  
6           and assigns. The word "company" or "association", when used  
7           in reference to a corporation, shall be deemed to embrace  
8           the words "successors and assigns of such company or  
9           association", and in like manner as if these last-named  
10          words, or words of similar import, were expressed.

11          (3) Other terms. Any term used in any Section of this  
12          Act with respect to the application of, or in connection  
13          with, the provisions of any other Section of this Act shall  
14          have the same meaning as in such other Section.

15          Section 50-202. Applicable Sections of the Illinois Income  
16          Tax Act. All of the provisions of Articles 5, 6, 9, 10, 11, 12,  
17          13 and 14 of the Illinois Income Tax Act which are not  
18          inconsistent with this Act shall apply, as far as practicable,  
19          to the subject matter of this Act to the same extent as if such  
20          provisions were included herein.

21          Section 50-203. Severability. It is the purpose of Section  
22          50-301 of this Act to impose a tax upon the privilege of doing  
23          business in this State, so far as the same may be done under  
24          the Constitution and statutes of the United States and the

1 Constitution of the State of Illinois. If any clause, sentence,  
2 Section, provision, part, or credit included in this Act, or  
3 the application thereof to any person or circumstance, is  
4 adjudged to be unconstitutional, then it is the intent of the  
5 General Assembly that the tax imposed and the remainder of this  
6 Act, or its application to persons or circumstances other than  
7 those to which it is held invalid, shall not be affected  
8 thereby.

9 PART 3. TAX IMPOSED

10 Section 50-301. Tax imposed.

11 (a) A tax is hereby imposed on each employer for the  
12 privilege of doing business in this State at the rate of 1.5%  
13 of the wages paid to Illinois employees by the employer during  
14 the taxable year for firms with fewer than 10 employees; at the  
15 rate of 3.0% of the wages paid to Illinois employees by the  
16 employer during the taxable year for firms with between 10 and  
17 24 employees; at the rate of 4.0% of the wages paid to Illinois  
18 employees by the employer during the taxable year for firms  
19 with between 25 and 99 employees; at the rate of 5.0% of the  
20 wages paid to Illinois employees by the employer during the  
21 taxable year for firms with between 100 and 999 employees; and  
22 at the rate of 6% of the wages paid to Illinois employees by  
23 the employer during the taxable year for firms with 1000 or  
24 more employees, provided that the tax on wages paid by the

1 employer to any single employee shall not exceed \$15,000 for  
2 the taxable year.

3 (b) The tax imposed under this Act shall apply to wages  
4 paid on or after January 1, 2010 and shall be paid beginning  
5 July 1, 2011 as set forth in Part 4 of this Act and thereafter.

6 (c) The tax imposed under this Act is a tax on the  
7 employer, and shall not be withheld from wages paid to  
8 employees or otherwise be collected from employees or reduce  
9 the compensation paid to employees.

10 (d) The tax collected pursuant to this Section shall be  
11 deposited in the Illinois Shared Responsibility and Shared  
12 Opportunity Trust Fund established by Section 50-701 of this  
13 Act.

14 Section 50-302. Credits.

15 (a) For each taxable year, an employer whose total  
16 expenditures for health care for Illinois employees equal or  
17 exceed 4% of the wages paid to Illinois employees for that  
18 taxable year shall be entitled to a full credit against the tax  
19 imposed under Section 50-301.

20 (b) If the tax otherwise due under subsection (a) of  
21 Section 50-301 of this Act with respect to the wages of any  
22 employee of the employer is \$15,000, the credit allowed in  
23 subsection (a) of this Section shall be computed without taking  
24 into account any wages paid to that employee or any  
25 expenditures for health care incurred with respect to that

1 Employee.

2 (c) For purposes of determining whether total expenditures  
3 for health care for Illinois employees equal or exceed 4% of  
4 the wages paid to Illinois employees for a taxable year, the  
5 wages paid to and expenditures for health care for any Illinois  
6 employee with health care coverage provided by another employer  
7 of that employee, or with health care coverage as a dependent  
8 through another employer, shall be disregarded.

9 Section 50-303. Exemptions. Start-up businesses with 5  
10 full-time equivalent employees or fewer will be exempt from  
11 paying this tax during their first three years of operation.

12 PART 4. PAYMENT OF ESTIMATED TAX

13 Section 50-401. Returns and notices.

14 (a) In General. Except as provided by the Department by  
15 regulation, every employer qualified to do business in this  
16 State at any time during a taxable year shall make a return  
17 under this Act for that taxable year.

18 (b) Every employer shall keep such records, render such  
19 statements, make such returns and notices, and comply with such  
20 rules and regulations as the Department may from time to time  
21 prescribe. Whenever in the judgment of the Director it is  
22 necessary, he or she may require any person, by notice served  
23 upon such person or by regulations, to make such returns and

1 notices, render such statements, or keep such records, as the  
2 Director deems sufficient to show whether or not such person is  
3 liable for the tax under this Act.
