9 follows:

10 (20 ILCS 3960/2) (from Ch. 111 1/2, par. 1152)

11 (Section scheduled to be repealed on July 1, 2009)

12 Sec. 2. Purpose of the Act. ~~The purpose of this Act is to~~
13 ~~establish a procedure designed to reverse the trends of~~
14 ~~increasing costs of health care resulting from unnecessary~~
15 ~~construction or modification of health care facilities. Such~~
16 ~~procedure shall represent an attempt by the State of Illinois~~
17 ~~to improve the financial ability of the public to obtain~~
18 ~~necessary health services, and to establish an orderly and~~
19 ~~comprehensive health care delivery system which will guarantee~~
20 ~~the availability of quality health care to the general public.~~

21 This Act shall establish a procedure (1) which requires a
22 person establishing, constructing or modifying a health care
23 facility, as herein defined, to have the qualifications,
24 background, character and financial resources to adequately

1 provide a proper service for the community; (2) that promotes,
2 through the process of comprehensive health planning
3 ~~recognized local and areawide health facilities planning~~, the
4 orderly and economic development of health care facilities in
5 the State of Illinois that avoids unnecessary duplication of
6 such facilities; (3) that promotes planning for and development
7 of health care facilities needed for comprehensive health care
8 especially in areas where the health planning process has
9 identified unmet needs; and (4) that carries out these purposes
10 in coordination with the Center for Comprehensive Health
11 Planning Agency and the Comprehensive Health Plan
12 ~~comprehensive State health plan~~ developed by that Center
13 ~~Agency~~.

14 The changes made to this Act by this amendatory Act of the
15 96th General Assembly are intended to accomplish the following
16 objectives: to improve the financial ability of the public to
17 obtain necessary health services; to establish an orderly and
18 comprehensive health care delivery system that will guarantee

21 services and increase the accessibility of those services to
22 the medically underserved and indigent; to assure that the
23 reduction and closure of health care services or facilities is
24 performed in an orderly and timely manner, and that these
25 actions are deemed to be in the best interests of the public;
26 and to assess the financial burden to patients caused by

1 unnecessary health care construction and modification. The
2 Health Facilities and Services Review Board must apply the
3 findings from the Comprehensive Health Plan to update review
4 standards and criteria, as well as better identify needs and
5 evaluate applications, and establish mechanisms to support
6 adequate financing of the health care delivery system in
7 Illinois, for the development and preservation of safety net
8 services. The Board must provide written and consistent
9 decisions that are based on the findings from the Comprehensive
10 Health Plan, as well as other issue or subject specific plans,
11 recommended by the Center for Comprehensive Health Planning.
12 Policies and procedures must include criteria and standards for
13 plan variations and deviations that must be updated.
14 Evidence-based assessments, projections and decisions will be
15 applied regarding capacity, quality, value and equity in the
16 delivery of health care services in Illinois. The integrity of
17 the Certificate of Need process is ensured through revised
18 ethics and communications procedures. Cost containment and
19 support for safety net services must continue to be central
20 tenets of the Certificate of Need process.

10 Sec. 5.4. Safety Net Impact Statement.

11 (a) General review criteria shall include a requirement
12 that all health care facilities, with the exception of skilled
13 and intermediate long-term care facilities licensed under the
14 Nursing Home Care Act, provide a Safety Net Impact Statement,
15 which shall be filed with an application for a substantive
16 project or when the application proposes to discontinue a
17 category of service.

18 (b) For the purposes of this Section, "safety net services"
19 are services provided by health care providers or organizations
20 that deliver health care services to persons with barriers to
21 mainstream health care due to lack of insurance, inability to
22 pay, special needs, ethnic or cultural characteristics, or
23 geographic isolation. Safety net service providers include,
24 but are not limited to, hospitals and private practice
25 physicians that provide charity care, school-based health

1 centers, migrant health clinics, rural health clinics,
2 federally qualified health centers, community health centers,
3 public health departments, and community mental health
4 centers.

5 (c) As developed by the applicant, a Safety Net Impact
6 Statement shall describe all of the following:

7 (1) The project's material impact, if any, on essential
8 safety net services in the community, to the extent that it
9 is feasible for an applicant to have such knowledge.

10 (2) The project's impact on the ability of another
11 provider or health care system to cross-subsidize safety
12 net services, if reasonably known to the applicant.

13 (3) How the discontinuation of a facility or service
14 might impact the remaining safety net providers in a given
15 community, if reasonably known by the applicant.

16 (d) Safety Net Impact Statements shall also include all of
17 the following:

18 (1) For the 3 fiscal years prior to the application, a
19 certification describing the amount of charity care
20 provided by the applicant. The amount calculated by
21 hospital applicants shall be in accordance with the
22 reporting requirements for charity care reporting in the
23 Illinois Community Benefits Act. Non-hospital applicants
24 shall report charity care, at cost, in accordance with an
25 appropriate methodology specified by the Board.

26 (2) For the 3 fiscal years prior to the application, a

1 certification of the amount of care provided to Medicaid
2 patients. Hospital and non-hospital applicants shall
3 provide Medicaid information in a manner consistent with
4 the information reported each year to the Illinois
5 Department of Public Health regarding "Inpatients and
6 Outpatients Served by Payor Source" and "Inpatient and
7 Outpatient Net Revenue by Payor Source" as required by the
8 Board under Section 13 of this Act and published in the
9 Annual Hospital Profile.

10 (3) Any information the applicant believes is directly
11 relevant to safety net services, including information
12 regarding teaching, research, and any other service.

13 (e) The Board staff shall publish a notice, that an
14 application accompanied by a Safety Net Impact Statement has
15 been filed, in a newspaper having general circulation within
16 the area affected by the application. If no newspaper has a
17 general circulation within the county, the Board shall post the
18 notice in 5 conspicuous places within the proposed area.

19 (f) Any person, community organization, provider, or
20 health system or other entity wishing to comment upon or oppose
21 the application may file a Safety Net Impact Statement Response
22 with the Board, which shall provide additional information
23 concerning a project's impact on safety net services in the
24 community.

25 (g) Applicants shall be provided an opportunity to submit a
26 reply to any Safety Net Impact Statement Response.

1 (h) The Board staff report shall include a statement as to
2 whether a Safety Net Impact Statement was filed by the
3 applicant and whether it included information on charity care,
4 the amount of care provided to Medicaid patients, and
5 information on teaching, research, or any other service
6 provided by the applicant directly relevant to safety net
7 services. The report shall also indicate the names of the
8 parties submitting responses and the number of responses and
9 replies, if any, that were filed.

12 Sec. 6. Application for permit or exemption; exemption
13 regulations.

14 (a) An application for a permit or exemption shall be made
15 to the State Board upon forms provided by the State Board. This
16 application shall contain such information as the State Board
17 deems necessary. The State Board shall not require an applicant
18 to file a Letter of Intent before an application is filed. Such
19 application shall include affirmative evidence on which the
20 ~~Director may make the findings required under this Section and~~
21 ~~upon which the State Board or Chairman~~ may make its decision on
22 the approval or denial of the permit or exemption.

23 (b) The State Board shall establish by regulation the
24 procedures and requirements regarding issuance of exemptions.
25 An exemption shall be approved when information required by the

1 Board by rule is submitted. Projects eligible for an exemption,
2 rather than a permit, include, but are not limited to, change
3 of ownership of a health care facility. For a change of
4 ownership of a health care facility between related persons,
5 the State Board shall provide by rule for an expedited process
6 for obtaining an exemption. In connection with a change of
7 ownership, the State Board may approve the transfer of an
8 existing permit without regard to whether the permit to be
9 transferred has yet been obligated, except for permits
10 establishing a new facility or a new category of service.

11 (c) All applications shall be signed by the applicant and
12 shall be verified by any 2 officers thereof.

13 (c-5) Any written review or findings of the Board staff
14 ~~Agency~~ or any other reviewing organization under Section 8
15 concerning an application for a permit must be made available
16 to the public at least 14 calendar days before the meeting of
17 the State Board at which the review or findings are considered.
18 The applicant and members of the public may submit, to the
19 State Board, written responses regarding the facts set forth in
20 ~~support of or in opposition to~~ the review or findings of the
21 Board staff ~~Agency~~ or reviewing organization. Members of the
22 public shall submit any written response at least 10 days
23 before the meeting of the State Board. The Board staff may
24 revise any findings to address corrections of factual errors
25 cited in the public response. ~~A written response must be~~
26 ~~submitted at least 2 business days before the meeting of the~~

1 ~~State Board.~~ At the meeting, the State Board may, in its
2 discretion, permit the submission of other additional written
3 materials.

4 (d) Upon receipt of an application for a permit, the State
5 Board shall approve and authorize the issuance of a permit if
6 it finds (1) that the applicant is fit, willing, and able to
7 provide a proper standard of health care service for the
8 community with particular regard to the qualification,
9 background and character of the applicant, (2) that economic
10 feasibility is demonstrated in terms of effect on the existing
11 and projected operating budget of the applicant and of the
12 health care facility; in terms of the applicant's ability to
13 establish and operate such facility in accordance with
14 licensure regulations promulgated under pertinent state laws;
15 and in terms of the projected impact on the total health care
16 expenditures in the facility and community, (3) that safeguards
17 are provided which assure that the establishment, construction
18 or modification of the health care facility or acquisition of
19 major medical equipment is consistent with the public interest,
20 and (4) that the proposed project is consistent with the
21 orderly and economic development of such facilities and
22 equipment and is in accord with standards, criteria, or plans
23 of need adopted and approved pursuant to the provisions of
24 Section 12 of this Act.

5 (a) Upon a finding by the Department of Public Health that
6 an application for a change of ownership is complete, the
7 Department of Public Health shall publish a legal notice on 3
8 consecutive days in a newspaper of general circulation in the
9 area or community to be affected and afford the public an
10 opportunity to request a hearing. If the application is for a
11 facility located in a Metropolitan Statistical Area, an
12 additional legal notice shall be published in a newspaper of
13 limited circulation, if one exists, in the area in which the
14 facility is located. If the newspaper of limited circulation is
15 published on a daily basis, the additional legal notice shall
16 be published on 3 consecutive days. The legal notice shall also
17 be posted on the Health Facilities and Services Review Board's
18 ~~Illinois Health Facilities Planning Board's~~ web site and sent
19 to the State Representative and State Senator of the district
20 in which the health care facility is located. The Department of
21 Public Health shall not find that an application for change of
22 ownership of a hospital is complete without a signed
23 certification that for a period of 2 years after the change of
24 ownership transaction is effective, the hospital will not adopt
25 a charity care policy that is more restrictive than the policy
26 in effect during the year prior to the transaction.

1 For the purposes of this subsection, "newspaper of limited
2 circulation" means a newspaper intended to serve a particular
3 or defined population of a specific geographic area within a
4 Metropolitan Statistical Area such as a municipality, town,
5 village, township, or community area, but does not include
6 publications of professional and trade associations.

7 (b) If a public hearing is requested, it shall be held at
8 least 15 days but no more than 30 days after the date of
9 publication of the legal notice in the community in which the
10 facility is located. The hearing shall be held in a place of
11 reasonable size and accessibility and a full and complete
12 written transcript of the proceedings shall be made. The
13 applicant shall provide a summary of the proposed change of
14 ownership for distribution at the public hearing.

15 facilities planning, conduct statewide inventories of health
16 care facilities, maintain an updated inventory on the Board's
17 ~~Department's~~ web site reflecting the most recent bed and

24 ~~organizations and with other~~ pertinent State Plans.
25 Inventories pursuant to this Section of skilled or intermediate
26 care facilities licensed under the Nursing Home Care Act or

1 nursing homes licensed under the Hospital Licensing Act shall
2 be conducted on an annual basis no later than July 1 of each
3 year and shall include among the information requested a list
4 of all services provided by a facility to its residents and to

6 inactive beds.

7 In developing health care facility plans, the State Board
8 shall consider, but shall not be limited to, the following:

9 (a) The size, composition and growth of the population
10 of the area to be served;

25 considered to be public need.

26 The health care facility plans which are developed and

1 adopted in accordance with this Section shall form the basis
2 for the plan of the State to deal most effectively with
3 statewide health needs in regard to health care facilities.

4 (5) Coordinate with the Center for Comprehensive Health
5 Planning and other state agencies having responsibilities
6 affecting health care facilities, including those of licensure

11 Planning ~~or recognized areawide health planning organizations~~
12 in the administration of this Act; and enter into contracts
13 consistent with the appropriations for purposes enumerated in
14 this Act.

15 (7) The State Board shall prescribe, ~~in consultation with~~
16 ~~the recognized areawide health planning organizations,~~
17 procedures for review, standards, and criteria which shall be
18 utilized to make periodic ~~areawide~~ reviews and determinations
19 of the appropriateness of any existing health services being
20 rendered by health care facilities subject to the Act. The

5 nature.

6 Six months after the effective date of this amendatory Act
7 of the 96th General Assembly, substantive projects shall
8 include no more than the following:

9 (a) Projects to construct (1) a new or replacement
10 facility located on a new site or (2) a replacement
11 facility located on the same site as the original facility
12 and the cost of the replacement facility exceeds the
13 capital expenditure minimum; or

14 (b) Projects proposing a (1) new service or (2)

22 or more than 10% of total bed capacity, as defined by the
23 State Board, whichever is less, over a 2-year period.

24 The Chairman may approve applications for exemption that
25 meet the criteria set forth in rules or refer them to the full
26 Board. The Chairman may approve any unopposed application that

2 Board.

3 Such rules shall not abridge the right of the Center for
4 Comprehensive Health Planning ~~areawide health planning~~
5 ~~organizations~~ to make recommendations on the classification
6 and approval of projects, nor shall such rules prevent the

8 interested party. Such reviews shall not exceed 60 days from
9 the date the application is declared to be complete ~~by the~~
10 ~~Agency.~~

11 (9) Prescribe rules, regulations, standards, and criteria

6 prepare a written copy of the final decision and the State
7 Board shall approve a final copy for inclusion in the formal
8 record.

9 (12) Require at least one of its members to participate in
10 any public hearing, after the appointment of the 9 members to

15 inform the general public about the opportunity for public
16 hearings and public hearing procedures.

17 (15) Establish a separate set of rules and guidelines for
18 long-term care that recognizes that nursing homes are a
19 different business line and service model from other regulated

21 that considers the following: how skilled nursing fits in the
22 continuum of care with other care providers, modernization of
23 nursing homes, establishment of more private rooms,

9 Area boundaries to encourage flexibility and innovation in
10 design models reflective of the changing long-term care
11 marketplace and consumer preferences. The Board shall file the

13 and guidelines for long-term care required by this paragraph
14 (15) by September 1, 2010. The Subcommittee shall be provided a
15 reasonable and timely opportunity to review and comment on any
16 review, revision, or updating of the criteria, standards,
17 procedures, and rules used to evaluate project applications as
18 provided under Section 12.3 of this Act prior to approval by
19 the Board and promulgation of related rules.

24 (a) The Board shall investigate new health care delivery

1 models and recommend to the Governor and the General Assembly,
2 through the Department, those models that should be authorized
3 as alternative health care models for which demonstration
4 programs should be initiated. In its deliberations, the Board
5 shall use the following criteria:

6 (1) The feasibility of operating the model in Illinois,
7 based on a review of the experience in other states
8 including the impact on health professionals of other
9 health care programs or facilities.

10 (2) The potential of the model to meet an unmet need.

11 (3) The potential of the model to reduce health care
12 costs to consumers, costs to third party payors, and
13 aggregate costs to the public.

14 (4) The potential of the model to maintain or improve
15 the standards of health care delivery in some measurable
16 fashion.

17 (5) The potential of the model to provide increased
18 choices or access for patients.

19 (b) The Board shall evaluate and make recommendations to
20 the Governor and the General Assembly, through the Department,
21 regarding alternative health care model demonstration programs
22 established under this Act, at the midpoint and end of the
23 period of operation of the demonstration programs. The report
24 shall include, at a minimum, the following:

25 (1) Whether the alternative health care models
26 improved access to health care for their service

2 (2) The quality of care provided by the alternative
3 health care models as may be evidenced by health outcomes,
4 surveillance reports, and administrative actions taken by
5 the Department.

6 (3) The cost and cost effectiveness to the public,
7 third-party payors, and government of the alternative
8 health care models, including the impact of pilot programs
9 on aggregate health care costs in the area. In addition to
10 any other information collected by the Board under this
11 Section, the Board shall collect from postsurgical

14 Health Finance Reform Act. To facilitate its evaluation of
15 that data, the Board shall forward a copy of the data to
16 the Illinois Health Care Cost Containment Council. All
17 patient identifiers shall be removed from the data before
18 it is submitted to the Board or Council.

19 (4) The impact of the alternative health care models on
20 the health care system in that area, including changing
21 patterns of patient demand and utilization, financial
22 viability, and feasibility of operation of service in
23 inpatient and alternative models in the area.

24 (5) The implementation by alternative health care
25 models of any special commitments made during application
26 review to the Health Facilities and Services Review Board

1 ~~Illinois Health Facilities Planning Board.~~

2 (6) The continuation, expansion, or modification of
3 the alternative health care models.

8 Section, the Board shall seek the advice of other Department

10 alternative health care model or the proposed model of health

11 (ii) of subsection (a); and

12 (iii) 4 subacute care hospital alternative health care
13 models in the demonstration program for rural areas.

14 In selecting among applicants for these licenses in rural
15 areas, the Health Facilities and Services Review Board ~~Health~~
16 ~~Facilities Planning Board~~ and the Department shall give
17 preference to hospitals that may be unable for economic reasons
18 to provide continued service to the community in which they are
19 located unless the hospital were to receive an alternative
20 health care model license.

21 (a-5) There shall be no more than a total of 12

19 which more than 60% of the gross patient revenue of the
20 hospitals within that health service area are derived from
21 Medicaid and Medicare, according to the most recently available
22 calendar year data from the Illinois Health Care Cost
23 Containment Council. Nothing in this paragraph shall preclude a
24 hospital and an ambulatory surgical treatment center from
25 forming a joint venture or developing a collaborative agreement
26 to own or operate a postsurgical recovery care center.

1 (a-10) There shall be no more than a total of 8 children's

21 ~~residential rehabilitation center shall be located in the area~~
22 ~~of Illinois south of Interstate Highway 70.~~

23 (a-20) There shall be an authorized Alzheimer's disease
24 management center alternative health care model in the
25 demonstration program. The Alzheimer's disease management

3 Act of the 91st General Assembly.

4 (a-25) There shall be no more than 10 birth center
5 alternative health care models in the demonstration program,
6 located as follows:

19 The first 3 birth centers authorized to operate by the
20 Department shall be located in or predominantly serve the
21 residents of a health professional shortage area as determined
22 by the United States Department of Health and Human Services.
23 There shall be no more than 2 birth centers authorized to

25 services as determined under the Illinois Health Facilities
26 Planning Act. If a birth center is located outside of a health

1 professional shortage area, (i) the birth center shall be
2 located in a health planning area with a demonstrated need for
3 obstetrical service beds, as determined by the Health
4 Facilities and Services Review Board ~~Illinois Health~~
5 ~~Facilities Planning Board~~ or (ii) there must be a reduction in
6 the existing number of obstetrical service beds in the planning
7 area so that the establishment of the birth center does not
8 result in an increase in the total number of obstetrical
9 service beds in the health planning area.

10 (b) Alternative health care models, other than a model
11 authorized under subsections (a-10) and ~~subsection~~ (a-20),
12 shall obtain a certificate of need from the Health Facilities

14 ~~Board~~ under the Illinois Health Facilities Planning Act before
15 receiving a license by the Department. If, after obtaining its
16 initial certificate of need, an alternative health care
17 delivery model that is a community based residential
18 rehabilitation center seeks to increase the bed capacity of
19 that center, it must obtain a certificate of need from the
20 Health Facilities and Services Review Board ~~Illinois Health~~
21 ~~Facilities Planning Board~~ before increasing the bed capacity.
22 Alternative health care models in medically underserved areas
23 shall receive priority in obtaining a certificate of need.

24 (c) An alternative health care model license shall be
25 issued for a period of one year and shall be annually renewed
26 if the facility or program is in substantial compliance with

1 the Department's rules adopted under this Act. A licensed
2 alternative health care model that continues to be in
3 substantial compliance after the conclusion of the
4 demonstration program shall be eligible for annual renewals
5 unless and until a different licensure program for that type of
6 health care model is established by legislation. The Department
7 may issue a provisional license to any alternative health care
8 model that does not substantially comply with the provisions of
9 this Act and the rules adopted under this Act if (i) the
10 Department finds that the alternative health care model has
11 undertaken changes and corrections which upon completion will
12 render the alternative health care model in substantial
13 compliance with this Act and rules and (ii) the health and
14 safety of the patients of the alternative health care model
15 will be protected during the period for which the provisional
16 license is issued. The Department shall advise the licensee of
17 the conditions under which the provisional license is issued,
18 including the manner in which the alternative health care model
19 fails to comply with the provisions of this Act and rules, and
20 the time within which the changes and corrections necessary for
21 the alternative health care model to substantially comply with
22 this Act and rules shall be completed.

23 (d) Alternative health care models shall seek
24 certification under Titles XVIII and XIX of the federal Social
25 Security Act. In addition, alternative health care models shall
26 provide charitable care consistent with that provided by

1 comparable health care providers in the geographic area.

2 (d-5) The Department of Healthcare and Family Services

4 with the Illinois Department of Public Health, shall develop
5 and implement a reimbursement methodology for all facilities
6 participating in the demonstration program. The Department of
7 Healthcare and Family Services shall keep a record of services
8 provided under the demonstration program to recipients of
9 medical assistance under the Illinois Public Aid Code and shall
10 submit an annual report of that information to the Illinois
11 Department of Public Health.

13 possible, link and integrate their services with nearby health
14 care facilities.

15 (f) Each alternative health care model shall implement a
16 quality assurance program with measurable benefits and at
17 reasonable cost.

23 licensed without additional consideration by the Health
24 Facilities and Services Review Board ~~Illinois Health~~
25 ~~Facilities Planning Board~~ if:

13 Illinois Department of Public Health to receive a license
14 pursuant to part 1 of Section 35.

23 the Nursing Home Care Act and rules promulgated under that Act
24 regarding voluntary closure and notice to residents. Any

1 conversion of existing beds licensed under the Nursing Home
2 Care Act to licensure under this Act is exempt from review by

23 Section 55. The Health Care Worker Self-Referral Act is
24 amended by changing Sections 5, 15, and 30 as follows:

1 (225 ILCS 47/5)

2 Sec. 5. Legislative intent. The General Assembly
3 recognizes that patient referrals by health care workers for
4 health services to an entity in which the referring health care
5 worker has an investment interest may present a potential
6 conflict of interest. The General Assembly finds that these
7 referral practices may limit or completely eliminate
8 competitive alternatives in the health care market. In some
9 instances, these referral practices may expand and improve care
10 or may make services available which were previously
11 unavailable. They may also provide lower cost options to
12 patients or increase competition. Generally, referral
13 practices are positive occurrences. However, self-referrals
14 may result in over utilization of health services, increased
15 overall costs of the health care systems, and may affect the
16 quality of health care.

17 It is the intent of the General Assembly to provide
18 guidance to health care workers regarding acceptable patient
19 referrals, to prohibit patient referrals to entities providing
20 health services in which the referring health care worker has
21 an investment interest, and to protect the citizens of Illinois
22 from unnecessary and costly health care expenditures.

23 Recognizing the need for flexibility to quickly respond to
24 changes in the delivery of health services, to avoid results
25 beyond the limitations on self referral provided under this Act
26 and to provide minimal disruption to the appropriate delivery

1 of health care, the Health Facilities and Services Review Board
2 ~~Health Facilities Planning Board~~ shall be exclusively and
3 solely authorized to implement and interpret this Act through
4 adopted rules.

5 The General Assembly recognizes that changes in delivery of
6 health care has resulted in various methods by which health
7 care workers practice their professions. It is not the intent
8 of the General Assembly to limit appropriate delivery of care,
9 nor force unnecessary changes in the structures created by
10 workers for the health and convenience of their patients.

9 Sec. 5-5.02. Hospital reimbursements.

10 (a) Reimbursement to Hospitals; July 1, 1992 through
11 September 30, 1992. Notwithstanding any other provisions of
12 this Code or the Illinois Department's Rules promulgated under
13 the Illinois Administrative Procedure Act, reimbursement to
14 hospitals for services provided during the period July 1, 1992
15 through September 30, 1992, shall be as follows:

16 (1) For inpatient hospital services rendered, or if

10 June 30, 1992, the adjustment payment for the period July
11 1, 1992 through September 30, 1992, shall be 25% of the

10 rate below the mean shall receive a per day adjustment
11 payment equal to \$25;

12 (2) hospitals with a Medicaid inpatient utilization

14 inpatient utilization rate but less than one standard
15 deviation above the mean Medicaid inpatient utilization

17 the sum of \$25 plus \$1 for each one percent that the
18 hospital's Medicaid inpatient utilization rate exceeds the
19 mean Medicaid inpatient utilization rate;

20 (3) hospitals with a Medicaid inpatient utilization
21 rate that is equal to or greater than one standard
22 deviation above the mean Medicaid inpatient utilization
23 rate but less than 1.5 standard deviations above the mean
24 Medicaid inpatient utilization rate shall receive a per day
25 adjustment payment equal to the sum of \$40 plus \$7 for each
26 one percent that the hospital's Medicaid inpatient

1 utilization rate exceeds one standard deviation above the
2 mean Medicaid inpatient utilization rate; and

3 (4) hospitals with a Medicaid inpatient utilization
4 rate that is equal to or greater than 1.5 standard
5 deviations above the mean Medicaid inpatient utilization
6 rate shall receive a per day adjustment payment equal to
7 the sum of \$90 plus \$2 for each one percent that the
8 hospital's Medicaid inpatient utilization rate exceeds 1.5
9 standard deviations above the mean Medicaid inpatient
10 utilization rate.

15 of this Code) and a hospital organized under the University of
16 Illinois Hospital Act, shall be paid supplemental inpatient
17 adjustment payments of \$60 per day. For purposes of Title XIX
18 of the federal Social Security Act, these supplemental
19 adjustment payments shall not be classified as adjustment
20 payments to disproportionate share hospitals.

21 (e) The inpatient adjustment payments described in
22 paragraphs (c) and (d) shall be increased on October 1, 1993
23 and annually thereafter by a percentage equal to the lesser of
24 (i) the increase in the DRI hospital cost index for the most
25 recent 12 month period for which data are available, or (ii)
26 the percentage increase in the statewide average hospital

1 payment rate over the previous year's statewide average
2 hospital payment rate. The sum of the inpatient adjustment
3 payments under paragraphs (c) and (d) to a hospital, other than
4 a county hospital (as defined in subsection (c) of Section 15-1
5 of this Code) or a hospital organized under the University of
6 Illinois Hospital Act, however, shall not exceed \$275 per day;
7 that limit shall be increased on October 1, 1993 and annually
8 thereafter by a percentage equal to the lesser of (i) the

11 percentage increase in the statewide average hospital payment
12 rate over the previous year's statewide average hospital
13 payment rate.

26 hospital's inpatient days provided in a given 12-month

1 period to patients who, for such days, were eligible for
2 Medicaid under Title XIX of the federal Social Security
3 Act, and the denominator of which is the total number of
4 the hospital's inpatient days in that same period.

5 (2) "Mean Medicaid inpatient utilization rate" means
6 the total number of Medicaid inpatient days provided by all
7 Illinois Medicaid-participating hospitals divided by the
8 total number of inpatient days provided by those same
9 hospitals.

10 (3) "Medicaid obstetrical inpatient utilization rate"
11 means the ratio of Medicaid obstetrical inpatient days to
12 total Medicaid inpatient days for all Illinois hospitals

4 Sec. 25. Older adult services restructuring. No later than
5 January 1, 2005, the Department shall commence the process of
6 restructuring the older adult services delivery system.
7 Priority shall be given to both the expansion of services and
8 the development of new services in priority service areas.
9 Subject to the availability of funding, the restructuring shall
10 include, but not be limited to, the following:

11 (1) Planning. The Department shall develop a plan to
12 restructure the State's service delivery system for older
13 adults. The plan shall include a schedule for the
14 implementation of the initiatives outlined in this Act and all
15 other initiatives identified by the participating agencies to
16 fulfill the purposes of this Act. Financing for older adult
17 services shall be based on the principle that "money follows
18 the individual". The plan shall also identify potential
19 impediments to delivery system restructuring and include any
20 known regulatory or statutory barriers.

21 (2) Comprehensive case management. The Department shall
22 implement a statewide system of holistic comprehensive case
23 management. The system shall include the identification and
24 implementation of a universal, comprehensive assessment tool
25 to be used statewide to determine the level of functional,

1 cognitive, socialization, and financial needs of older adults.
2 This tool shall be supported by an electronic intake,
3 assessment, and care planning system linked to a central
4 location. "Comprehensive case management" includes services
5 and coordination such as (i) comprehensive assessment of the
6 older adult (including the physical, functional, cognitive,
7 psycho-social, and social needs of the individual); (ii)
8 development and implementation of a service plan with the older
9 adult to mobilize the formal and family resources and services
10 identified in the assessment to meet the needs of the older
11 adult, including coordination of the resources and services
12 with any other plans that exist for various formal services,
13 such as hospital discharge plans, and with the information and
14 assistance services; (iii) coordination and monitoring of
15 formal and family service delivery, including coordination and
16 monitoring to ensure that services specified in the plan are
17 being provided; (iv) periodic reassessment and revision of the
18 status of the older adult with the older adult or, if
19 necessary, the older adult's designated representative; and
20 (v) in accordance with the wishes of the older adult, advocacy
21 on behalf of the older adult for needed services or resources.

22 (3) Coordinated point of entry. The Department shall
23 implement and publicize a statewide coordinated point of entry
24 using a uniform name, identity, logo, and toll-free number.

25 (4) Public web site. The Department shall develop a public
26 web site that provides links to available services, resources,

1 and reference materials concerning caregiving, diseases, and
2 best practices for use by professionals, older adults, and
3 family caregivers.

4 (5) Expansion of older adult services. The Department shall
5 expand older adult services that promote independence and
6 permit older adults to remain in their own homes and
7 communities.

8 (6) Consumer-directed home and community-based services.
9 The Department shall expand the range of service options
10 available to permit older adults to exercise maximum choice and
11 control over their care.

12 (7) Comprehensive delivery system. The Department shall
13 expand opportunities for older adults to receive services in
14 systems that integrate acute and chronic care.

15 (8) Enhanced transition and follow-up services. The
16 Department shall implement a program of transition from one
17 residential setting to another and follow-up services,
18 regardless of residential setting, pursuant to rules with
19 respect to (i) resident eligibility, (ii) assessment of the
20 resident's health, cognitive, social, and financial needs,
21 (iii) development of transition plans, and (iv) the level of
22 services that must be available before transitioning a resident
23 from one setting to another.

24 (9) Family caregiver support. The Department shall develop
25 strategies for public and private financing of services that
26 supplement and support family caregivers.

1 (10) Quality standards and quality improvement. The
2 Department shall establish a core set of uniform quality
3 standards for all providers that focus on outcomes and take
4 into consideration consumer choice and satisfaction, and the
5 Department shall require each provider to implement a
6 continuous quality improvement process to address consumer
7 issues. The continuous quality improvement process must
8 benchmark performance, be person-centered and data-driven, and
9 focus on consumer satisfaction.

10 (11) Workforce. The Department shall develop strategies to
11 attract and retain a qualified and stable worker pool, provide
12 living wages and benefits, and create a work environment that
13 is conducive to long-term employment and career development.
14 Resources such as grants, education, and promotion of career
15 opportunities may be used.

16 (12) Coordination of services. The Department shall
17 identify methods to better coordinate service networks to
18 maximize resources and minimize duplication of services and
19 ease of application.

20 (13) Barriers to services. The Department shall identify
21 barriers to the provision, availability, and accessibility of
22 services and shall implement a plan to address those barriers.
23 The plan shall: (i) identify barriers, including but not
24 limited to, statutory and regulatory complexity, reimbursement
25 issues, payment issues, and labor force issues; (ii) recommend
26 changes to State or federal laws or administrative rules or

1 regulations; (iii) recommend application for federal waivers
2 to improve efficiency and reduce cost and paperwork; (iv)
3 develop innovative service delivery models; and (v) recommend
4 application for federal or private service grants.

5 (14) Reimbursement and funding. The Department shall
6 investigate and evaluate costs and payments by defining costs
7 to implement a uniform, audited provider cost reporting system
8 to be considered by all Departments in establishing payments.
9 To the extent possible, multiple cost reporting mandates shall
10 not be imposed.

11 (15) Medicaid nursing home cost containment and Medicare
12 utilization. The Department of Healthcare and Family Services
13 (formerly Department of Public Aid), in collaboration with the
14 Department on Aging and the Department of Public Health and in
15 consultation with the Advisory Committee, shall propose a plan
16 to contain Medicaid nursing home costs and maximize Medicare
17 utilization. The plan must not impair the ability of an older
18 adult to choose among available services. The plan shall
19 include, but not be limited to, (i) techniques to maximize the
20 use of the most cost-effective services without sacrificing
21 quality and (ii) methods to identify and serve older adults in
22 need of minimal services to remain independent, but who are
23 likely to develop a need for more extensive services in the
24 absence of those minimal services.

25 (16) Bed reduction. The Department of Public Health shall
26 implement a nursing home conversion program to reduce the

1 number of Medicaid-certified nursing home beds in areas with
2 excess beds. The Department of Healthcare and Family Services
3 shall investigate changes to the Medicaid nursing facility
4 reimbursement system in order to reduce beds. Such changes may
5 include, but are not limited to, incentive payments that will
6 enable facilities to adjust to the restructuring and expansion
7 of services required by the Older Adult Services Act, including
8 adjustments for the voluntary closure or layaway of nursing
9 home beds certified under Title XIX of the federal Social
10 Security Act. Any savings shall be reallocated to fund
11 home-based or community-based older adult services pursuant to
12 Section 20.

13 (17) Financing. The Department shall investigate and
14 evaluate financing options for older adult services and shall
15 make recommendations in the report required by Section 15
16 concerning the feasibility of these financing arrangements.
17 These arrangements shall include, but are not limited to:

18 (A) private long-term care insurance coverage for
19 older adult services;

20 (B) enhancement of federal long-term care financing
21 initiatives;

22 (C) employer benefit programs such as medical savings
23 accounts for long-term care;

24 (D) individual and family cost-sharing options;

25 (E) strategies to reduce reliance on government
26 programs;

1 (F) fraudulent asset divestiture and financial
2 planning prevention; and

3 (G) methods to supplement and support family and
4 community caregiving.

5 (18) Older Adult Services Demonstration Grants. The
6 Department shall implement a program of demonstration grants
7 that will assist in the restructuring of the older adult
8 services delivery system, and shall provide funding for
9 innovative service delivery models and system change and
10 integration initiatives pursuant to subsection (g) of Section
11 20.

12 (19) Bed need methodology update. For the purposes of
13 determining areas with excess beds, the Departments shall
14 provide information and assistance to the Health Facilities and
15 Services Review Board ~~Health Facilities Planning Board~~ to
16 update the Bed Need Methodology for Long-Term Care to update
17 the assumptions used to establish the methodology to make them
18 consistent with modern older adult services.

19 (20) Affordable housing. The Departments shall utilize the
20 recommendations of Illinois' Annual Comprehensive Housing
21 Plan, as developed by the Affordable Housing Task Force through
22 the Governor's Executive Order 2003-18, in their efforts to
23 address the affordable housing needs of older adults.

24 The Older Adult Services Advisory Committee shall
25 investigate innovative and promising practices operating as
26 demonstration or pilot projects in Illinois and in other

1 states. The Department on Aging shall provide the Older Adult
2 Services Advisory Committee with a list of all demonstration or
3 pilot projects funded by the Department on Aging, including
4 those specified by rule, law, policy memorandum, or funding
5 arrangement. The Committee shall work with the Department on
6 Aging to evaluate the viability of expanding these programs
7 into other areas of the State.

11 Sec. 30. Nursing home conversion program.

12 (a) The Department of Public Health, in collaboration with
13 the Department on Aging and the Department of Healthcare and
14 Family Services, shall establish a nursing home conversion
15 program. Start-up grants, pursuant to subsections (l) and (m)
16 of this Section, shall be made available to nursing homes as
17 appropriations permit as an incentive to reduce certified beds,
18 retrofit, and retool operations to meet new service delivery
19 expectations and demands.

20 (b) Grant moneys shall be made available for capital and
21 other costs related to: (1) the conversion of all or a part of
22 a nursing home to an assisted living establishment or a special
23 program or unit for persons with Alzheimer's disease or related
24 disorders licensed under the Assisted Living and Shared Housing
25 Act or a supportive living facility established under Section

1 5-5.01a of the Illinois Public Aid Code; (2) the conversion of
2 multi-resident bedrooms in the facility into single-occupancy
3 rooms; and (3) the development of any of the services
4 identified in a priority service plan that can be provided by a
5 nursing home within the confines of a nursing home or
6 transportation services. Grantees shall be required to provide
7 a minimum of a 20% match toward the total cost of the project.

8 (c) Nothing in this Act shall prohibit the co-location of
9 services or the development of multifunctional centers under
10 subsection (f) of Section 20, including a nursing home offering
11 community-based services or a community provider establishing
12 a residential facility.

13 (d) A certified nursing home with at least 50% of its
14 resident population having their care paid for by the Medicaid
15 program is eligible to apply for a grant under this Section.

16 (e) Any nursing home receiving a grant under this Section
17 shall reduce the number of certified nursing home beds by a
18 number equal to or greater than the number of beds being
19 converted for one or more of the permitted uses under item (1)
20 or (2) of subsection (b). The nursing home shall retain the
21 Certificate of Need for its nursing and sheltered care beds
22 that were converted for 15 years. If the beds are reinstated by
23 the provider or its successor in interest, the provider shall
24 pay to the fund from which the grant was awarded, on an
25 amortized basis, the amount of the grant. The Department shall
26 establish, by rule, the bed reduction methodology for nursing

1 homes that receive a grant pursuant to item (3) of subsection
2 (b).

3 (f) Any nursing home receiving a grant under this Section
4 shall agree that, for a minimum of 10 years after the date that
5 the grant is awarded, a minimum of 50% of the nursing home's
6 resident population shall have their care paid for by the
7 Medicaid program. If the nursing home provider or its successor
8 in interest ceases to comply with the requirement set forth in
9 this subsection, the provider shall pay to the fund from which
10 the grant was awarded, on an amortized basis, the amount of the
11 grant.

12 (g) Before awarding grants, the Department of Public Health
13 shall seek recommendations from the Department on Aging and the
14 Department of Healthcare and Family Services. The Department of
15 Public Health shall attempt to balance the distribution of
16 grants among geographic regions, and among small and large
17 nursing homes. The Department of Public Health shall develop,
18 by rule, the criteria for the award of grants based upon the
19 following factors:

20 (1) the unique needs of older adults (including those
21 with moderate and low incomes), caregivers, and providers
22 in the geographic area of the State the grantee seeks to
23 serve;

24 (2) whether the grantee proposes to provide services in
25 a priority service area;

26 (3) the extent to which the conversion or transition

1 will result in the reduction of certified nursing home beds
2 in an area with excess beds;

3 (4) the compliance history of the nursing home; and

4 (5) any other relevant factors identified by the
5 Department, including standards of need.

6 (h) A conversion funded in whole or in part by a grant
7 under this Section must not:

8 (1) diminish or reduce the quality of services
9 available to nursing home residents;

10 (2) force any nursing home resident to involuntarily
11 accept home-based or community-based services instead of
12 nursing home services;

13 (3) diminish or reduce the supply and distribution of
14 nursing home services in any community below the level of
15 need, as defined by the Department by rule; or

16 (4) cause undue hardship on any person who requires
17 nursing home care.

18 (i) The Department shall prescribe, by rule, the grant
19 application process. At a minimum, every application must
20 include:

21 (1) the type of grant sought;

22 (2) a description of the project;

23 (3) the objective of the project;

24 (4) the likelihood of the project meeting identified
25 needs;

26 (5) the plan for financing, administration, and

1 evaluation of the project;

2 (6) the timetable for implementation;

3 (7) the roles and capabilities of responsible
4 individuals and organizations;

5 (8) documentation of collaboration with other service
6 providers, local community government leaders, and other
7 stakeholders, other providers, and any other stakeholders
8 in the community;

9 (9) documentation of community support for the
10 project, including support by other service providers,
11 local community government leaders, and other
12 stakeholders;

13 (10) the total budget for the project;

14 (11) the financial condition of the applicant; and

15 (12) any other application requirements that may be
16 established by the Department by rule.

17 (j) A conversion project funded in whole or in part by a
18 grant under this Section is exempt from the requirements of the
19 Illinois Health Facilities Planning Act. The Department of
20 Public Health, however, shall send to the Health Facilities and
21 Services Review Board ~~Health Facilities Planning Board~~ a copy
22 of each grant award made under this Section.

23 (k) Applications for grants are public information, except
24 that nursing home financial condition and any proprietary data
25 shall be classified as nonpublic data.

26 (l) The Department of Public Health may award grants from

1 the Long Term Care Civil Money Penalties Fund established under
2 Section 1919(h) (2) (A) (ii) of the Social Security Act and 42 CFR
3 488.422(g) if the award meets federal requirements.

5 Section 99. Effective date. This Act takes effect upon
6 becoming law.
