LRB096 20620 RLC 37543 a

1 AMENDMENT TO SENATE BILL 3415

2 AMENDMENT NO. _____. Amend Senate Bill 3415 on page 1, by
3 inserting immediately below line 5 the following:

4 "Section 5. Employee notification of mold remediation.

5 (a) A business owner or a representative of the business
6 owner shall provide notification, including a scheduled date
7 and timeframe, prior to any mold remediation activities of
8 areas measuring 30 square feet or more to all affected
9 employees in the building where the remediation is being
10 conducted. Notification to employees may be done in writing or
11 by posting in a conspicuous and accessible location.

12 (b) It is recommended that an industrial hygienist or other
13 trained environmental health and safety professional is
14 consulted prior to remediation activities and that parties
15 providing mold remediation services are registered
16 professionals.

17 (c) Once mold remediation is complete, a business owner or

1 a representative of the business owner shall provide
2 notification of the completed action that was taken to remedy
3 the mold issue to all affected employees in the building where
4 the remediation was being conducted. Notification to employees
5 may be done in writing or by posting in a conspicuous and
6 accessible location.".
