

1 AN ACT concerning finance.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the
5 Project Labor Agreements Act.

6 Section 5. Findings.

7 (a) The State of Illinois has a compelling interest in
8 awarding public works contracts so as to ensure the highest
9 standards of quality and efficiency at the lowest responsible
10 cost.

11 (b) A project labor agreement, which is a form of pre-hire
12 collective bargaining agreement covering all terms and
13 conditions of employment on a specific project, can ensure the
14 highest standards of quality and efficiency at the lowest
15 responsible cost on appropriate public works projects.

16 (c) The State of Illinois has a compelling interest that a
17 highly skilled workforce be employed on public works projects
18 to ensure lower costs over the lifetime of the completed
19 project for building, repairs, and maintenance.

20 (d) Project labor agreements provide the State of Illinois
21 with a guarantee that public works projects will be completed
22 with highly skilled workers.

23 (e) Project labor agreements provide for peaceful,

1 orderly, and mutually binding procedures for resolving labor
2 issues without labor disruption, preventing significant
3 lost-time on construction projects.

4 (f) Project labor agreements allow public agencies to
5 predict more accurately the actual cost of the public works
6 project.

7 (e) The use of project labor agreements can be of
8 particular benefit to complex construction projects.

9 Section 10. Public works projects. On a project-by-project
10 basis, a State department, agency, authority, board, or
11 instrumentality that is under the control of the Governor shall
12 include a project labor agreement on a public works project
13 when that department, agency, authority, board, or
14 instrumentality has determined that the agreement advances the
15 State's interests of cost, efficiency, quality, safety,
16 timeliness, skilled labor force, labor stability, or the
17 State's policy to advance minority-owned and women-owned
18 businesses and minority and female employment.

19 Section 15. Public works projects funded with federal
20 funds. When it has been determined that a project labor
21 agreement is appropriate, and in furtherance of the President's
22 Executive Order 13502, the State department, agency,
23 authority, board, or instrumentality responsible for awarding
24 the project may include a project labor agreement on a public

1 works project funded in whole or in part with federal funds.

2 Section 20. Negotiation of agreement. When it has been
3 determined that a project labor agreement is appropriate for a
4 particular public works project, the State department, agency,
5 authority, board, or instrumentality responsible for awarding
6 the project shall in good faith negotiate a project labor
7 agreement with labor organizations engaged in the construction
8 industry. If the State department, agency, authority, board, or
9 instrumentality and the labor organizations engaged in the
10 construction industry ("the parties") cannot agree to the terms
11 of the project labor agreement, the Governor shall appoint a
12 designee to assist the parties in reaching an agreement.

13 Section 25. Contents of agreement. Pursuant to this Act,
14 any project labor agreement shall:

15 (a) Set forth effective, immediate, and mutually
16 binding procedures for resolving jurisdictional labor
17 disputes and grievances arising before the completion of
18 work.

19 (b) Contain guarantees against strikes, lockouts, or
20 similar actions.

21 (c) Ensure a reliable source of skilled and experienced
22 labor.

23 (d) For minorities and females as defined under the
24 Business Enterprise for Minorities, Females, and Persons

1 with Disabilities Act, set forth goals for apprenticeship
2 hours to be performed by minorities and females and set
3 forth goals for total hours to be performed by
4 underrepresented minorities and females.

5 (e) Permit the selection of the lowest qualified
6 responsible bidder, without regard to union or non-union
7 status at other construction sites.

8 (f) Bind all contractors and subcontractors on the
9 public works project through the inclusion of appropriate
10 bid specifications in all relevant bid documents.

11 (g) Include such other terms as the parties deem
12 appropriate.

13 Section 30. Publicly disclosed finding. Any decision to use
14 a project labor agreement in connection with a public works
15 project by a State department, agency, authority, board, or
16 instrumentality shall be supported by a written, publicly
17 disclosed finding by the department, agency, authority, board,
18 or instrumentality, setting forth the justification for use of
19 the project labor agreement.

20 Section 35. Compliance. All State departments, agencies,
21 authorities, boards, and instrumentalities shall ensure that
22 all public works projects are implemented in a manner
23 consistent with the terms of this Act and are in full
24 compliance with all statutes, regulations, and Executive

1 Orders.

2 Section 37. Quarterly report; annual report. A State
3 department, agency, authority, board, or instrumentality that
4 has a project labor agreement in connection with a public works
5 project shall prepare a quarterly report that includes
6 workforce participation under the agreement by minorities and
7 females as defined under the Business Enterprise for
8 Minorities, Females, and Persons with Disabilities Act. These
9 reports shall be submitted to the Illinois Department of Labor.
10 The Illinois Department of Labor shall submit to the General
11 Assembly and the Governor an annual report that details the
12 number of minorities and females employed under all public
13 labor agreements within the State.

14 Section 40. Severability. Nothing in this Act shall be
15 construed to contravene any state or federal law or to
16 jeopardize the State's entitlement to federal funding. If any
17 provision of this Act or its application to any person or
18 circumstance is held invalid by any court of competent
19 jurisdiction, this invalidity does not affect any other
20 provision or application of this Act that can be given effect
21 without the invalid provision or application. To achieve this
22 purpose, the provisions of this Act are declared to be
23 severable.

1 Section 45. The Illinois Procurement Code is amended by
2 changing Section 30-45 as follows:

3 (30 ILCS 500/30-45)

4 Sec. 30-45. Other Acts. This Article is subject to
5 applicable provisions of the following Acts:

6 (1) the Prevailing Wage Act;

7 (2) the Public Construction Bond Act;

8 (3) the Public Works Employment Discrimination Act;

9 (4) the Public Works Preference Act (repealed on June
10 16, 2010 by Public Act 96-929);

11 (5) the Employment of Illinois Workers on Public Works
12 Act;

13 (6) the Public Contract Fraud Act;~~and~~

14 (7) the Illinois Construction Evaluation Act; and

15 (8) the Project Labor Agreements Act.

16 (Source: P.A. 90-572, eff. date - See Sec. 99-5; revised
17 10-19-10.)

18 Section 99. Effective date. This Act takes effect upon
19 becoming law.
