10 of service in excess of 20 but not exceeding 30; and 2.80% for

12 for service of less than a full year, based upon the highest
13 average annual salary for any 4 consecutive years within the
14 last 10 years of service immediately preceding the date of
15 withdrawal, provided that: (1) if retirement of the employee
16 occurs below age 60, such annuity shall be reduced 1/2 of 1%

19 over but less than age 60, having at least 35 years of service,
20 shall not be subject to the reduction in his retirement annuity
21 because of retirement below age 60; (2) the annuity shall not
22 exceed 75% of such average annual salary; (3) the actual salary
23 shall be considered in the computation of this annuity.

1 2003 at age 50 or over with at least 10 years of service, or at

9 immediately preceding the date of withdrawal, provided that:

10 (1) if retirement of the employee occurs below age 60,
11 such annuity shall be reduced 1/4 of 1% (1/2 of 1% in the
12 case of withdrawal from service before January 1, 1991) for
13 each month or fraction thereof that the employee's age is
14 less than 60, except that an employee retiring at age 50 or

16 subject to the reduction in retirement annuity because of
17 retirement below age 60;

18 (2) the annuity shall not exceed 80% of such average

25 receive, in lieu of any other retirement annuity provided for
26 in this Section, a retirement annuity calculated as follows:

1 for each year of service immediately preceding the date of
2 withdrawal, 2.40% of the highest average annual salary for any
3 4 consecutive years within the last 10 years of service
4 immediately preceding the date of withdrawal, with a prorated
5 amount for service of less than a full year, provided that:

6 (1) if retirement of the employee occurs below age 60,
7 such annuity shall be reduced 1/4 of 1% for each month or
8 fraction thereof that the employee's age is less than 60,
9 except that an employee retiring at age 50 or over having
10 at least 30 years of service shall not be subject to the
11 reduction in retirement annuity because of retirement
12 below age 60;

13 (2) the annuity shall not exceed 80% of such average
14 annual salary; and

15 (3) the actual salary shall be considered in the
16 computation of this annuity.

17 Notwithstanding any other formula, the annuity for
18 employees retiring on or after January 31, 2004 and on or
19 before February 29, 2004 with at least 30 years of service
20 shall be 80% of average annual salary for any 4 consecutive
21 years within the last 10 years of service immediately preceding

26 and prior service annuity plus regular interest, an employee in

1 service prior to July 1, 1971 shall be entitled to the largest

14 (d) The other provisions of this Section shall not apply in
15 the case of any former employee who is receiving a retirement
16 annuity from the fund and who re-enters service as an employee,
17 unless the employee renders from and after the date of

21 Sec. 12-149. Financing. The board of park commissioners of
22 any such park district shall annually levy a tax (in addition
23 to the taxes now authorized by law) upon all taxable property
24 embraced in the district, at the rate which, when added to the
25 employee contributions under this Article and applied to the

1 fund created hereunder, shall be sufficient to provide for the
2 purposes of this Article in accordance with the provisions
3 thereof. Such tax shall be levied and collected with and in
4 like manner as the general taxes of such district, and shall
5 not in any event be included within any limitations of rate for
6 general park purposes as now or hereafter provided by law, but
7 shall be excluded therefrom and be in addition thereto. The
8 amount of such annual tax to and including the year 1977 shall
9 not exceed .0275% of the value, as equalized or assessed by the
10 Department of Revenue, of all taxable property embraced within
11 the park district, provided that for the year 1978, and for
12 each year thereafter, the amount of such annual tax shall be at
13 a rate on the dollar of assessed valuation of all taxable
14 property that will produce, when extended, for the year 1978
15 the following sum: 0.825 times the amount of employee
16 contributions during the fiscal year 1976; for the year 1979,
17 0.85 times the amount of employee contributions during the
18 fiscal year 1977; for the year 1980, 0.90 times the amount of
19 employee contributions during the fiscal year 1978; for the
20 year 1981, 0.95 times the amount of employee contributions
21 during the fiscal year 1979; for the year 1982, 1.00 times the
22 amount of employee contributions during the fiscal year 1980;
23 for the year 1983, 1.05 times the amount of contributions made
24 on behalf of employees during the fiscal year 1981; and for the
25 year 1984 and each year thereafter, an amount equal to 1.10
26 times the employee contributions during the fiscal year 2-years

1 prior to the year for which the applicable tax is levied. For
2 the year 2014, this calculation shall be 1.10 times the amount
3 of employee contributions during the 12-month fiscal year
4 ending June 30, 2012; and for the year 2015, this calculation
5 shall be 1.10 times the amount of employee contributions during
6 the 12-month fiscal year ending December 31, 2013. As used in
7 this Section, the term "employee contributions" means
8 contributions by employees for retirement annuity, spouse's
9 annuity, automatic increase in retirement annuity, and death
10 benefit.

11 In respect to park district employees, other than
12 policemen, who are transferred to the employment of a city by
13 virtue of the "Exchange of Functions Act of 1957", the
14 corporate authorities of the city shall annually levy a tax
15 upon all taxable property embraced in the city, as equalized or
16 assessed by the Department of Revenue, at such rate per cent of
17 the value of such property as shall be sufficient, when added
18 to the amounts deducted from the salary or wages of such
19 employees, to provide the benefits to which such employees,
20 their dependents and beneficiaries are entitled under the
21 provisions of this Article. The park district shall not levy a
22 tax hereunder in respect to such employees. The tax levied by
23 the city under authority of this Article shall be in addition
24 to and exclusive of all other taxes authorized by law to be
25 levied by the city for corporate, annuity fund or other
26 purposes.

1 All moneys accruing from the levy and collection of taxes,
2 pursuant to this section, shall be remitted to the board by the
3 employers as soon as they are received. Where a city has levied
4 a tax pursuant to this Section in respect to park district
5 employees transferred to the employment of a city, the
6 treasurer of such city or other authorized officer shall remit
7 the moneys accruing from the levy and collection of such tax as
8 soon as they are received. Such remittances shall be made upon
9 a pro rata share basis, whereby each employer shall pay to the
10 board such employer's proportionate percentage of each payment
11 of taxes received by it, according to the ratio which its tax
12 levy for this fund bears to the total tax levy of such
13 employer.

14 Should any board of park commissioners included under the
15 provisions of this Article be without authority to levy the tax
16 provided in this Section the corporation authorities (meaning
17 the supervisor, clerk and assessor) of the town or towns for
18 which such board shall be the board of park commissioners shall
