district without referendum (but not including excluded non-referendum bonds). A debt service extension base established or increased at any time pursuant to any provision of this Law, except Section 18-212, shall be increased each year commencing with the later of (i) the 2009 levy year or (ii) the first levy year in which this Law becomes applicable to the taxing district, by the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year. last preceding aggregate extension as adjusted under Sections 18-135, 18-215, and 18-230. An adjustment under Section 18-135 shall be made for the 2007 levy year and all subsequent levy years whenever one or more counties within which a taxing district is located (i) used estimated valuations or rates when extending taxes in the taxing district for the last preceding levy year that resulted in the over or under extension of taxes, or (ii) increased or decreased the tax extension for the last preceding levy year as required by Section 18-135(c). Whenever an adjustment is required under Section 18-135, the aggregate extension base of the taxing district shall be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if either or both (i) actual, rather than estimated, valuations or rates had been used to calculate the extension of taxes for the last levy year, or (ii) the tax extension for the last preceding levy year had not been adjusted as required by subsection (c) of Section 18-135.

In addition, the county 23 clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any 24 25 school district, any recovered tax increment value that was

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's the equalized assessed value, in first year after municipality terminates the designation of an area as redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, previously established under the Economic Development Project Area Tax Increment Act of 1995, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year.

For those taxing districts that reduced their aggregate 1 2 extension for the last preceding levy year, the highest 3 aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. 5 The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a 6 7 limiting rate increase has been approved at an election held 8 after March 21, 2006, then (i) the otherwise applicable 9 limiting rate shall be increased by the amount of the new rate 10 or shall be reduced by the amount of the rate decrease, as the 11 case may be, or (ii) in the case of a limiting rate increase, 12 the limiting rate shall be equal to the rate set forth in the 13 proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of 14 15 the taxing district shall be calculated as otherwise provided. 16 In the case of a taxing district that obtained referendum 17 approval for an increased limiting rate on March 20, 2012, the limiting rate for tax year 2012 shall be the rate that 18 19 generates the approximate total amount of taxes extendable for 20 that tax year, as set forth in the proposition approved by the 21 voters; this rate shall be the final rate applied by the county 22 clerk for the aggregate of all capped funds of the district for 23 tax year 2012.
