AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 2-3.66b, 10-19, 10-20.56, 13B-45, 13B-50.5, 29-6.3, and 34-18 and by adding Section 10-19.05 as follows:

(105 ILCS 5/2-3.66b)

Sec. 2-3.66b. IHOPE Program.

(a) There is established the Illinois Hope and Opportunity Pathways through Education (IHOPE) Program. The State Board of Education shall implement and administer the IHOPE Program. The goal of the IHOPE Program is to develop a comprehensive system in this State to re-enroll significant numbers of high school dropouts in programs that will enable them to earn their high school diploma.

(b) The IHOPE Program shall award grants, subject to appropriation for this purpose, to educational service regions and a school district organized under Article 34 of this Code from appropriated funds to assist in establishing instructional programs and other services designed to re-enroll high school dropouts. From any funds appropriated for the IHOPE Program, the State Board of Education may use up to 5% for administrative costs, including the performance of a
program evaluation and the hiring of staff to implement and administer the program.

The IHOPE Program shall provide incentive grant funds for regional offices of education and a school district organized under Article 34 of this Code to develop partnerships with school districts, public community colleges, and community groups to build comprehensive plans to re-enroll high school dropouts in their regions or districts.

Programs funded through the IHOPE Program shall allow high school dropouts, up to and including age 21 notwithstanding Section 26-2 of this Code, to re-enroll in an educational program in conformance with rules adopted by the State Board of Education. Programs may include without limitation comprehensive year-round programming, evening school, summer school, community college courses, adult education, vocational training, work experience, programs to enhance self-concept, and parenting courses. Any student in the IHOPE Program who wishes to earn a high school diploma must meet the prerequisites to receiving a high school diploma specified in Section 27-22 of this Code and any other graduation requirements of the student's district of residence. Any student who successfully completes the requirements for his or her graduation shall receive a diploma identifying the student as graduating from his or her district of residence.

(c) In order to be eligible for funding under the IHOPE Program, an interested regional office of education or a school
A regional office of education or a school district organized under Article 34 of this Code may operate its own program funded by the IHOPE Program or enter into a contract with other not-for-profit entities, including school districts, public community colleges, and not-for-profit community-based organizations, to operate a program.

A regional office of education or a school district organized under Article 34 of this Code that receives an IHOPE grant from the State Board of Education may provide funds under a sub-grant, as specified in the IHOPE Plan, to other not-for-profit entities to provide services according to the IHOPE Plan that was developed. These other entities may include school districts, public community colleges, or not-for-profit community-based organizations or a cooperative partnership.
among these entities.

(e) In order to distribute funding based upon the need to ensure delivery of programs that will have the greatest impact, IHOPE Program funding must be distributed based upon the proportion of dropouts in the educational service region or school district, in the case of a school district organized under Article 34 of this Code, to the total number of dropouts in this State. This formula shall employ the dropout data provided by school districts to the State Board of Education.

A regional office of education or a school district organized under Article 34 of this Code may claim State aid under Section 18-8.05 or 18-8.15 of this Code for students enrolled in a program funded by the IHOPE Program, provided that the State Board of Education has approved the IHOPE Plan and that these students are receiving services that are meeting the requirements of Section 27-22 of this Code for receipt of a high school diploma and are otherwise eligible to be claimed for general State aid under Section 18-8.05 of this Code or evidence-based funding under Section 18-8.15 of this Code, including provisions related to the minimum number of days of pupil attendance pursuant to Section 10-19 of this Code and the minimum number of daily hours of school work required under Section 10-19.05 and any exceptions thereto as defined by the State Board of Education in rules.

(f) IHOPE categories of programming may include the following:
(1) Full-time programs that are comprehensive, year-round programs.

(2) Part-time programs combining work and study scheduled at various times that are flexible to the needs of students.

(3) Online programs and courses in which students take courses and complete on-site, supervised tests that measure the student's mastery of a specific course needed for graduation. Students may take courses online and earn credit or students may prepare to take supervised tests for specific courses for credit leading to receipt of a high school diploma.

(4) Dual enrollment in which students attend high school classes in combination with community college classes or students attend community college classes while simultaneously earning high school credit and eventually a high school diploma.

(g) In order to have successful comprehensive programs re-enrolling and graduating low-skilled high school dropouts, programs funded through the IHOPE Program shall include all of the following components:

(1) Small programs (70 to 100 students) at a separate school site with a distinct identity. Programs may be larger with specific need and justification, keeping in mind that it is crucial to keep programs small to be effective.
(2) Specific performance-based goals and outcomes and measures of enrollment, attendance, skills, credits, graduation, and the transition to college, training, and employment.

(3) Strong, experienced leadership and teaching staff who are provided with ongoing professional development.

(4) Voluntary enrollment.

(5) High standards for student learning, integrating work experience, and education, including during the school year and after school, and summer school programs that link internships, work, and learning.

(6) Comprehensive programs providing extensive support services.

(7) Small teams of students supported by full-time paid mentors who work to retain and help those students graduate.

(8) A comprehensive technology learning center with Internet access and broad-based curriculum focusing on academic and career subject areas.

(9) Learning opportunities that incorporate action into study.

(h) Programs funded through the IHOPE Program must report data to the State Board of Education as requested. This information shall include, but is not limited to, student enrollment figures, attendance information, course completion data, graduation information, and post-graduation information,
Rules must be developed by the State Board of Education to set forth the fund distribution process to regional offices of education and a school district organized under Article 34 of this Code, the planning and the conditions upon which an IHOPE Plan would be approved by State Board, and other rules to develop the IHOPE Program.

Sec. 10-19. Length of school term - experimental programs.
Each school board shall annually prepare a calendar for the school term, specifying the opening and closing dates and providing a minimum term of at least 185 days to insure 176 days of actual pupil attendance, computable under Section 10-19.05 18-8.05 or 18-8.15, except that for the 1980-1981 school year only 175 days of actual pupil attendance shall be required because of the closing of schools pursuant to Section 24-2 on January 29, 1981 upon the appointment by the President of that day as a day of thanksgiving for the freedom of the Americans who had been held hostage in Iran. Any days allowed by law for teachers' institutes but not used as such or used as parental institutes as provided in Section 10-22.18d shall increase the minimum term by the school days not so used. Except as provided in Section 10-19.1, the board may not extend the school term beyond such closing date unless that extension
of term is necessary to provide the minimum number of computable days. In case of such necessary extension school employees shall be paid for such additional time on the basis of their regular contracts. A school board may specify a closing date earlier than that set on the annual calendar when the schools of the district have provided the minimum number of computable days under this Section. Nothing in this Section prevents the board from employing superintendents of schools, principals and other nonteaching personnel for a period of 12 months, or in the case of superintendents for a period in accordance with Section 10-23.8, or prevents the board from employing other personnel before or after the regular school term with payment of salary proportionate to that received for comparable work during the school term.

A school board may make such changes in its calendar for the school term as may be required by any changes in the legal school holidays prescribed in Section 24-2. A school board may make changes in its calendar for the school term as may be necessary to reflect the utilization of teachers' institute days as parental institute days as provided in Section 10-22.18d.

The calendar for the school term and any changes must be submitted to and approved by the regional superintendent of schools before the calendar or changes may take effect.

With the prior approval of the State Board of Education and subject to review by the State Board of Education every 3
years, any school board may, by resolution of its board and in agreement with affected exclusive collective bargaining agents, establish experimental educational programs, including but not limited to programs for e-learning days as authorized under Section 10-20.56 of this Code, self-directed learning, or outside of formal class periods, which programs when so approved shall be considered to comply with the requirements of this Section as respects numbers of days of actual pupil attendance and with the other requirements of this Act as respects courses of instruction.

Sec. 10-19.05. Daily pupil attendance calculation.

(a) Except as otherwise provided in this Section, for a pupil of legal school age and in kindergarten or any of grades 1 through 12, a day of attendance shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of (i) teachers or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18. Days of attendance by pupils through verified participation in an e-learning program adopted by a school board and verified by the regional office of education or intermediate service center for the school district under
Section 10-20.56 of this Code shall be considered as full days of attendance under this Section.

(b) A pupil regularly enrolled in a public school for only a part of the school day may be counted on the basis of one-sixth of a school day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent of schools and approval by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 10 days per school year, provided that a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code, or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (2) when, of the 5 days allowed...
under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (3) when days in addition to those provided in items (1) and (2) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock
hours fall short of 5 clock hours. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as a half day of attendance; however, these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils and pupils in full-day kindergartens, and a session of 2 or more hours may be counted as a half day of attendance by pupils in kindergartens that provide only half days of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as a half day of attendance; however, for such children whose educational needs require a session of 4 or more clock hours, a session of at least 4 clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten that provides for only a half day of attendance by each pupil shall not have more than one half day of attendance counted in any one day. However, kindergartens may count 2 and a half days of attendance in any
5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens that provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in the case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under rules of the State Board of Education.

(i) On the days when the State's final accountability assessment is administered under subsection (c) of Section 2-3.64a-5 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted toward the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(j) Pupils enrolled in a remote educational program established under Section 10-29 of this Code may be counted on the basis of a one-fifth day of attendance for every clock hour of instruction attended in the remote educational program,
provided that, in any month, the school district may not claim for a student enrolled in a remote educational program more days of attendance than the maximum number of days of attendance the district can claim (i) for students enrolled in a building holding year-round classes if the student is classified as participating in the remote educational program on a year-round schedule or (ii) for students enrolled in a building not holding year-round classes if the student is not classified as participating in the remote educational program on a year-round schedule.

(k) Pupil participation in any of the following activities shall be counted toward the calculation of clock hours of school work per day:

(1) Instruction in a college course in which a student is dually enrolled for both high school credit and college credit.

(2) Participation in a Supervised Career Development Experience, as defined in Section 10 of the Postsecondary and Workforce Readiness Act, in which student participation and learning outcomes are supervised by an educator licensed under Article 21B.

(3) Participation in a youth apprenticeship, as jointly defined in rules of the State Board of Education and Department of Commerce and Economic Opportunity, in which student participation and outcomes are supervised by an educator licensed under Article 21B.
(4) Participation in a blended learning program approved by the school district in which course content, student evaluation, and instructional methods are supervised by an educator licensed under Article 21B.

(2) to ensure access from home or other appropriate remote facility for all students participating, including
computers, the Internet, and other forms of electronic communication that must be utilized in the proposed program;

(2.5) to ensure that non-electronic materials are made available to students participating in the program who do not have access to the required technology or to participating teachers or students who are prevented from accessing the required technology;

(3) to ensure appropriate learning opportunities for students with special needs;
