

AN ACT concerning children.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 5. The Abused and Neglected Child Reporting Act is amended by changing Sections 7.4, 7.8, and 11.1 and by adding Section 4.4c as follows:

(325 ILCS 5/4.4c new)

Sec. 4.4c. Duty to notify the Directors of Public Health and Healthcare and Family Services. Whenever the Department receives, by means of its statewide toll-free telephone number established under Section 7.6 for the purpose of reporting suspected child abuse or neglect or by any other means or from any mandated reporter under Section 4, a report of suspected abuse or neglect of a child and the child is alleged to have been abused or neglected while receiving care in a hospital, including a freestanding psychiatric hospital licensed by the Department of Public Health, the Department shall notify the Director of Public Health and the Director of Healthcare and Family Services of the report.

(325 ILCS 5/7.4) (from Ch. 23, par. 2057.4)

Sec. 7.4. (a) The Department shall be capable of receiving reports of suspected child abuse or neglect 24 hours a day, 7

days a week. Whenever the Department receives a report alleging that a child is a truant as defined in Section 26-2a of the School Code, as now or hereafter amended, the Department shall notify the superintendent of the school district in which the child resides and the appropriate superintendent of the educational service region. The notification to the appropriate officials by the Department shall not be considered an allegation of abuse or neglect under this Act.

(a-5) The Department of Children and Family Services may implement a "differential response program" in accordance with criteria, standards, and procedures prescribed by rule. The program may provide that, upon receiving a report, the Department shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child abuse or neglect.

For purposes of this subsection (a-5), "family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. "Family assessment" does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

For purposes of this subsection (a-5), "investigation" means fact-gathering related to the current safety of a child

and the risk of subsequent abuse or neglect that determines whether a report of suspected child abuse or neglect should be indicated or unfounded and whether child protective services are needed.

Under the "differential response program" implemented under this subsection (a-5), the Department:

(1) Shall conduct an investigation on reports involving substantial child abuse or neglect.

(2) Shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that substantial child abuse or neglect or a serious threat to the child's safety exists.

(3) May conduct a family assessment for reports that do not allege substantial child endangerment. In determining that a family assessment is appropriate, the Department may consider issues, including, but not limited to, child safety, parental cooperation, and the need for an immediate response.

(4) Shall promulgate criteria, standards, and procedures that shall be applied in making this determination, taking into consideration the Child Endangerment Risk Assessment Protocol of the Department.

(5) May conduct a family assessment on a report that was initially screened and assigned for an investigation. In determining that a complete investigation is not

required, the Department must document the reason for terminating the investigation and notify the local law enforcement agency or the Department of State Police if the local law enforcement agency or Department of State Police is conducting a joint investigation.

Once it is determined that a "family assessment" will be implemented, the case shall not be reported to the central register of abuse and neglect reports.

During a family assessment, the Department shall collect any available and relevant information to determine child safety, risk of subsequent abuse or neglect, and family strengths.

Information collected includes, but is not limited to, when relevant: information with regard to the person reporting the alleged abuse or neglect, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being abused or neglected; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged abuse or neglect. Information relevant to the assessment must be asked for, and may include:

(A) The child's sex and age, prior reports of abuse or neglect, information relating to developmental functioning, credibility of the child's statement, and whether the information provided under this paragraph (A)

is consistent with other information collected during the course of the assessment or investigation.

(B) The alleged offender's age, a record check for prior reports of abuse or neglect, and criminal charges and convictions. The alleged offender may submit supporting documentation relevant to the assessment.

(C) Collateral source information regarding the alleged abuse or neglect and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or care of the child maintained by any facility, clinic, or health care professional, and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child.

(D) Information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

Nothing in this subsection (a-5) precludes the Department from collecting other relevant information necessary to conduct the assessment or investigation. Nothing in this subsection (a-5) shall be construed to allow the name or identity of a reporter to be disclosed in violation of the

protections afforded under Section 7.19 of this Act.

After conducting the family assessment, the Department shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent abuse or neglect.

Upon completion of the family assessment, if the Department concludes that no services shall be offered, then the case shall be closed. If the Department concludes that services shall be offered, the Department shall develop a family preservation plan and offer or refer services to the family.

At any time during a family assessment, if the Department believes there is any reason to stop the assessment and conduct an investigation based on the information discovered, the Department shall do so.

The procedures available to the Department in conducting investigations under this Act shall be followed as appropriate during a family assessment.

If the Department implements a differential response program authorized under this subsection (a-5), the Department shall arrange for an independent evaluation of the program for at least the first 3 years of implementation to determine whether it is meeting the goals in accordance with Section 2 of this Act.

The Department may adopt administrative rules necessary for the execution of this Section, in accordance with Section 4 of the Children and Family Services Act.

The Department shall submit a report to the General Assembly by January 15, 2018 on the implementation progress and recommendations for additional needed legislative changes.

(b) (1) The following procedures shall be followed in the investigation of all reports of suspected abuse or neglect of a child, except as provided in subsection (c) of this Section.

(2) If, during a family assessment authorized by subsection (a-5) or an investigation, it appears that the immediate safety or well-being of a child is endangered, that the family may flee or the child disappear, or that the facts otherwise so warrant, the Child Protective Service Unit shall commence an investigation immediately, regardless of the time of day or night. All other investigations shall be commenced within 24 hours of receipt of the report. Upon receipt of a report, the Child Protective Service Unit shall conduct a family assessment authorized by subsection (a-5) or begin an initial investigation and make an initial determination whether the report is a good faith indication of alleged child abuse or neglect.

(3) Based on an initial investigation, if the Unit determines the report is a good faith indication of alleged child abuse or neglect, then a formal investigation shall commence and, pursuant to Section 7.12 of this Act, may or may not result in an indicated report. The formal investigation shall include: direct contact with the subject or subjects of the report as soon as possible after the report is received; an

evaluation of the environment of the child named in the report and any other children in the same environment; a determination of the risk to such children if they continue to remain in the existing environments, as well as a determination of the nature, extent and cause of any condition enumerated in such report; the name, age and condition of other children in the environment; and an evaluation as to whether there would be an immediate and urgent necessity to remove the child from the environment if appropriate family preservation services were provided. After seeing to the safety of the child or children, the Department shall forthwith notify the subjects of the report in writing, of the existence of the report and their rights existing under this Act in regard to amendment or expungement. To fulfill the requirements of this Section, the Child Protective Service Unit shall have the capability of providing or arranging for comprehensive emergency services to children and families at all times of the day or night.

(4) If (i) at the conclusion of the Unit's initial investigation of a report, the Unit determines the report to be a good faith indication of alleged child abuse or neglect that warrants a formal investigation by the Unit, the Department, any law enforcement agency or any other responsible agency and (ii) the person who is alleged to have caused the abuse or neglect is employed or otherwise engaged in an activity resulting in frequent contact with children and the alleged abuse or neglect are in the course of such employment or

activity, then the Department shall, except in investigations where the Director determines that such notification would be detrimental to the Department's investigation, inform the appropriate supervisor or administrator of that employment or activity that the Unit has commenced a formal investigation pursuant to this Act, which may or may not result in an indicated report. The Department shall also notify the person being investigated, unless the Director determines that such notification would be detrimental to the Department's investigation.

(c) In an investigation of a report of suspected abuse or neglect of a child by a school employee at a school or on school grounds, the Department shall make reasonable efforts to follow the following procedures:

(1) Investigations involving teachers shall not, to the extent possible, be conducted when the teacher is scheduled to conduct classes. Investigations involving other school employees shall be conducted so as to minimize disruption of the school day. The school employee accused of child abuse or neglect may have his superior, his association or union representative and his attorney present at any interview or meeting at which the teacher or administrator is present. The accused school employee shall be informed by a representative of the Department, at any interview or meeting, of the accused school employee's due process rights and of the steps in the investigation

process. These due process rights shall also include the right of the school employee to present countervailing evidence regarding the accusations. In an investigation in which the alleged perpetrator of abuse or neglect is a school employee, including, but not limited to, a school teacher or administrator, and the recommendation is to determine the report to be indicated, in addition to other procedures as set forth and defined in Department rules and procedures, the employee's due process rights shall also include: (i) the right to a copy of the investigation summary; (ii) the right to review the specific allegations which gave rise to the investigation; and (iii) the right to an administrator's teleconference which shall be convened to provide the school employee with the opportunity to present documentary evidence or other information that supports his or her position and to provide information before a final finding is entered.

(2) If a report of neglect or abuse of a child by a teacher or administrator does not involve allegations of sexual abuse or extreme physical abuse, the Child Protective Service Unit shall make reasonable efforts to conduct the initial investigation in coordination with the employee's supervisor.

If the Unit determines that the report is a good faith indication of potential child abuse or neglect, it shall then commence a formal investigation under paragraph (3) of

subsection (b) of this Section.

(3) If a report of neglect or abuse of a child by a teacher or administrator involves an allegation of sexual abuse or extreme physical abuse, the Child Protective Unit shall commence an investigation under paragraph (2) of subsection (b) of this Section.

(c-5) In any instance in which a report is made or caused to be made by a school district employee involving the conduct of a person employed by the school district, at the time the report was made, as required under Section 4 of this Act, the Child Protective Service Unit shall send a copy of its final finding report to the general superintendent of that school district.

(c-10) The Department may recommend that a school district remove a school employee who is the subject of an investigation from his or her employment position pending the outcome of the investigation; however, all employment decisions regarding school personnel shall be the sole responsibility of the school district or employer. The Department may not require a school district to remove a school employee from his or her employment position or limit the school employee's duties pending the outcome of an investigation.

(d) If the Department has contact with an employer, or with a religious institution or religious official having supervisory or hierarchical authority over a member of the clergy accused of the abuse of a child, in the course of its

investigation, the Department shall notify the employer or the religious institution or religious official, in writing, when a report is unfounded so that any record of the investigation can be expunged from the employee's or member of the clergy's personnel or other records. The Department shall also notify the employee or the member of the clergy, in writing, that notification has been sent to the employer or to the appropriate religious institution or religious official informing the employer or religious institution or religious official that the Department's investigation has resulted in an unfounded report.

(d-1) Whenever a report alleges that a child was abused or neglected while receiving care in a hospital, including a freestanding psychiatric hospital licensed by the Department of Public Health, the Department shall send a copy of its final finding to the Director of Public Health and the Director of Healthcare and Family Services.

(e) Upon request by the Department, the Department of State Police and law enforcement agencies are authorized to provide criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) to properly designated employees of the Department of Children and Family Services if the Department determines the information is necessary to perform its duties

under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The request shall be in the form and manner required by the Department of State Police. Any information obtained by the Department of Children and Family Services under this Section is confidential and may not be transmitted outside the Department of Children and Family Services other than to a court of competent jurisdiction or unless otherwise authorized by law. Any employee of the Department of Children and Family Services who transmits confidential information in violation of this Section or causes the information to be transmitted in violation of this Section is guilty of a Class A misdemeanor unless the transmittal of the information is authorized by this Section or otherwise authorized by law.

(f) For purposes of this Section, "child abuse or neglect" includes abuse or neglect of an adult resident as defined in this Act.

In addition, upon satisfactory identification procedures, to be established by Department regulation, any person authorized to have access to records under Section 11.1 relating to child abuse and neglect may request and shall be immediately provided the information requested in accordance with this Act. However, no information shall be released unless it prominently states the report is "indicated", and only information from "indicated" reports shall be released, except that information concerning pending reports may be released pursuant to Sections 7.14 and 7.22 of this Act to the attorney or guardian ad litem appointed under Section 2-17 of the Juvenile Court Act of 1987 and to any person authorized under paragraphs (1), (2), (3) and (11) of Section 11.1. In addition, State's Attorneys are authorized to receive unfounded reports (i) for prosecution purposes related to the transmission of false reports of child abuse or neglect in violation of subsection (a), paragraph (7) of Section 26-1 of the Criminal Code of 2012 or (ii) for the purposes of screening and prosecuting a petition filed under Article II of the Juvenile Court Act of 1987 alleging a subsequent allegation of abuse or neglect relating to the same child, a sibling of the child, or the same perpetrator; the parties to the proceedings filed under Article II of the Juvenile Court Act of 1987 are entitled to receive copies of previously unfounded reports regarding the same child, a sibling of the child, or the same perpetrator for purposes of hearings under Sections 2-10 and 2-21 of the Juvenile Court Act

of 1987, and attorneys and guardians ad litem appointed under Article II of the Juvenile Court Act of 1987 shall receive the reports set forth in Section 7.14 of this Act in conformance with paragraph (19) of Section 11.1 and Section 7.14 of this Act. The Department of Public Health shall receive information from unfounded reports involving children alleged to have been abused or neglected while hospitalized, including while hospitalized in freestanding psychiatric hospitals licensed by the Department of Public Health, as necessary for the Department of Public Health to conduct its licensing investigation. The Department is authorized and required to release information from unfounded reports, upon request by a person who has access to the unfounded report as provided in this Act, as necessary in its determination to protect children and adult residents who are in child care facilities licensed by the Department under the Child Care Act of 1969. The names and other identifying data and the dates and the circumstances of any persons requesting or receiving information from the central register shall be entered in the register record.
