

AN ACT concerning child care.

**Be it enacted by the People of the State of Illinois,  
represented in the General Assembly:**

Section 5. The Child Care Act of 1969 is amended by changing Section 5.2 as follows:

(225 ILCS 10/5.2)

Sec. 5.2. Unsafe children's products.

(a) A child care facility may not use or have on the premises, on or after July 1, 2000, an unsafe children's product as described in Section 15 of the Children's Product Safety Act. This subsection (a) does not apply to an antique or collectible children's product if it is not used by, or accessible to, any child in the child care facility.

(b) The Department of Children and Family Services shall notify child care facilities, on an ongoing basis, including during the license application facility examination and during annual license monitoring visits, of the provisions of this Section and the Children's Product Safety Act and of the comprehensive list of unsafe children's products as provided and maintained by the Department of Public Health available on the Internet, as determined in accordance with that Act, in plain, non-technical language that will enable each child care facility to effectively inspect children's products and identify unsafe children's products. The Department of Children and Family Services must make the comprehensive list available to those facilities that do not have Internet access. Child care facilities must maintain all written information provided pursuant to this subsection in a file accessible to both facility staff and parents of children attending the facility. Child care facilities must post in prominent locations regularly visited by parents written notification of the existence of the comprehensive list of unsafe children's

products available on the Internet. The Department of Children and Family Services shall adopt rules to carry out this Section.
