

AN ACT concerning education.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 5. The School Code is amended by changing Sections 27A-6 and 27A-7 as follows:

(105 ILCS 5/27A-6)

Sec. 27A-6. Contract contents; applicability of laws and regulations.

(a) A certified charter shall constitute a binding contract and agreement between the charter school and a local school board under the terms of which the local school board authorizes the governing body of the charter school to operate the charter school on the terms specified in the contract.

(b) Notwithstanding any other provision of this Article, the certified charter may not waive or release the charter school from the State goals, standards, and assessments established pursuant to Section 2-3.64. Beginning with the 2003-2004 school year, the certified charter for a charter school operating in a city having a population exceeding 500,000 shall require the charter school to administer any other nationally recognized standardized tests to its students that the chartering entity administers to other students, and the results on such tests shall be included in the chartering

entity's assessment reports.

(c) Subject to the provisions of subsection (e), a material revision to a previously certified contract or a renewal shall be made with the approval of both the local school board and the governing body of the charter school.

(c-5) The proposed contract shall include a provision on how both parties will address minor violations of the contract.

(d) The proposed contract between the governing body of a proposed charter school and the local school board as described in Section 27A-7 must be submitted to and certified by the State Board before it can take effect. If the State Board recommends that the proposed contract be modified for consistency with this Article before it can be certified, the modifications must be consented to by both the governing body of the charter school and the local school board, and resubmitted to the State Board for its certification. If the proposed contract is resubmitted in a form that is not consistent with this Article, the State Board may refuse to certify the charter.

The State Board shall assign a number to each submission or resubmission in chronological order of receipt, and shall determine whether the proposed contract is consistent with the provisions of this Article. If the proposed contract complies, the State Board shall so certify.

(e) No renewal of a previously certified contract is effective unless and until the State Board certifies that the

renewal is consistent with the provisions of this Article. A material revision to a previously certified contract may go into effect immediately upon approval of both the local school board and the governing body of the charter school, unless either party requests in writing that the State Board certify that the material revision is consistent with the provisions of this Article. If such a request is made, the proposed material revision is not effective unless and until the State Board so certifies. ~~No material revision to a previously certified contract or a renewal shall be effective unless and until the State Board certifies that the revision or renewal is consistent with the provisions of this Article.~~

(5) The goals, objectives, and pupil performance

standards to be achieved by the charter school.

(6) In the case of a proposal to establish a charter school by converting an existing public school or attendance center to charter school status, evidence that the proposed formation of the charter school has received the approval of certified teachers, parents and guardians, and, if applicable, a local school council as provided in subsection (b) of Section 27A-8.

(12) An agreement between the parties regarding their respective legal liability and applicable insurance coverage.

(13) A description of how the charter school plans to meet the transportation needs of its pupils, and a plan for addressing the transportation needs of low-income and at-risk pupils.

(14) The proposed effective date and term of the charter; provided that the first day of the first academic year ~~and the first day of the fiscal year~~ shall be no earlier than August 15 and no later than September 15 of a calendar year, and the first day of the fiscal year shall

be July 1.

(15) Any other information reasonably required by the State Board of Education.

(b) A proposal to establish a charter school may be initiated by individuals or organizations that will have majority representation on the board of directors or other governing body of the corporation or other discrete legal entity that is to be established to operate the proposed charter school, by a board of education or an intergovernmental agreement between or among boards of education, or by the board of directors or other governing body of a discrete legal entity already existing or established to operate the proposed charter school.
