**SHERIFF  
MIKE EVERETT**

**CHIEF DEPUTY  
ANDY MILNER**

4-22-21

To Whom It May Concern:

We received a camera grant for in 2018 and this is a summary of requirements needed for reporting:

- We received 6 vehicle cameras and have installed them in six of our patrol vehicles.
- Supervisors review footage if there is an incident report or citation and there is a possibility of the incident being flagged and also spot checks of footage are done on a regular basis.
- For the body worn cameras, we have six deputies utilizing body cameras.
- As with the vehicle cameras, supervisors review footage for any incident or citation to see if the video needs to be flagged and also spot checks are done on a regular basis.
- Due to numerous technical issues over the time that we have used these cameras we have replaced all cameras with new ones on 12/2/2020. Cameras purchased under this grant are no longer used.

Sincerely,

A handwritten signature in blue ink that reads "Mike Everett".

Mike Everett  
Wayne County Sheriff
