MANAGEMENT ASSERTION LETTER

June 9, 2022

Sikich LLP
3201 W. White Oaks Dr., Suite 102
Springfield, IL 62704

Ladies and Gentlemen:

We are responsible for determining and reporting the allocation of the other postemployment benefits (OPEB) plan liability for the State Employees Group Insurance Program (SEGIP). We are responsible for ensuring that allocations made to the State of Illinois' funds and agencies, the State of Illinois' nine public universities, and the Illinois State Toll Highway Authority (Authority) are determined in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. We are responsible for and we have established and maintained an effective system of internal controls over these specified requirements. We have performed an evaluation of compliance by the State of Illinois, Department of Central Management Services (Department) with the following specified requirements during the one-year period ended June 30, 2021. Based on this evaluation, we assert that during the year ended June 30, 2021, the Department has materially complied with the specified requirements listed below.

- A. SEGIP is comprised of the Health Insurance Reserve Fund and the Group Insurance Premium Fund. SEGIP does not qualify as a trust fund in accordance with GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*.
- B. The Department had an independent actuarial valuation performed using the last day of the previous fiscal year, June 30, 2020, as the valuation date and used update procedures to roll forward the total OPEB liability to the most recent fiscal year end, June 30, 2021.
- C. The Department has developed a methodology reflective of the requirements of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, where the basis for allocating OPEB liabilities is consistent with the manner in which contributions to an OPEB plan – excluding those contributions associated with a separately-financed specific liability – are determined, to allocate SEGIP's OPEB liability among the State of Illinois' funds and agencies, the State of Illinois' nine public universities, and the Authority.

- D. The Department has determined and accurately calculated the allocation of SEGIP's OPEB liability among the State of Illinois' funds and agencies, the State of Illinois' nine public universities, and the Authority.

INDEPENDENT ACCOUNTANT’S REPORT

Honorable Frank J. Mautino
Auditor General, State of Illinois
Springfield, Illinois

As Special Assistant Auditors for the Auditor General, we have examined the accompanying Toll Highway Specific Liability Percentage Calculation, Schedule of Employer Allocations by Fund, Schedule of University Special Funding Situations, the Schedule of Other Post Employment Benefit Amounts by Fund and the Schedule of Deferred Amounts by Measurement Year (Schedules) as of and for the year ended June 30, 2021 and the related notes. Management of the State of Illinois, Department of Central Management Services (Department) is responsible for presenting the Schedules in accordance with the specified requirements contained in Notes D through M in the Notes to the Schedules. Our responsibility is to express an opinion on the Schedules based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Schedules are in accordance with the specified requirements contained in Notes D through M in the Notes to the Schedules, in all material respects. An examination involves performing procedures to obtain evidence about the Schedules. The nature, timing and extent of the procedures depend on our judgment, including an assessment of the risks of material misstatement of the Schedules, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, the Schedules referred to above present fairly, in all material respects, the employer allocations by fund as of and for the year ended June 30, 2021, and the ending total Other Post Employment Benefits (OPEB) liability, total deferred outflows of resources, total deferred inflows of resources, and total employer OPEB expense for the total of all participating State Agencies and Universities in the State Employee Group Insurance Program as of and for the year ended June 30, 2021, in accordance with the specified requirements set forth in Notes D through M in the Notes to the Schedules, in all material respects.

We have previously examined, in accordance with attestation standards established by the American Institute of Certified Public Accountants, Toll Highway Specific Liability Percentage Calculation, the Schedule of Employer Allocations by Fund, the Schedule of University Special Funding Situations, the Schedule of Other Post Employment Benefits by Fund and the Schedule of Deferred Amounts by Measurement Year as of and for the year ended June 30, 2020 and our report thereon, dated October 5, 2021, expressed an unmodified opinion on those Schedules.

Internal Control Over Compliance

Management of the Department is responsible for establishing and maintaining effective internal control over compliance with the specified requirements (internal control). In planning and performing our examination, we considered the Department's internal control to determine the examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Department's compliance with the specified requirements, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the specified requirements on a timely basis. *A material weakness in internal control* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material noncompliance with the specified requirements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings as item 2021-001 that we consider to be a material weakness.

There were no immaterial findings that have been excluded from this report.

The Department's response to the internal control finding identified in our examination is described in the accompanying Schedule of Findings. The Department's response was not subjected to the procedures applied in the examination and, accordingly, we express no opinion on the response.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the Comptroller, the Department management, management of Illinois State agencies and their auditors, and is not intended to be and should not be used by anyone other than these specified parties.

In FY 2021, certain universities paid a portion of their State appropriated amounts related to the group insurance healthcare. These amounts are allocated to the State for the purposes of recording the Total OPEB liability but are specifically included in the State's proportionate share revenue and expense calculation for each university to record on their Statement of Changes in Revenue and Expense.

General Revenue Appropriation Reconciliation	
University Estimated Funding - Provided by CMS	\$ 847,404,542
Less University State Appropriation Repayment	(45,000,000)
Net University General Revenue Requested Appropriation	802,404,542
State Agency General Revenue Requested Appropriation	1,219,108,558
Total General Revenue Appropriation Reconciliation	\$ 2,021,513,100

Note: The proportionate share calculation for the universities is required to identify the amount of OPEB payments made by the State on behalf of the Universities. The Universities use the calculated amounts to record revenue and expense on their financial statements. The Calculation should be based on the \$45 million specific State appropriation plus the University piece of the GRF estimated contribution which equates to \$847.405 million less \$45 million.

* Note: Total proportionate share Liability Calculated for compliance with GASB Statement No. 75, paragraph 191b.

A. Plan and Fund Background

The State Employees Group Insurance Program (SEGIP) was established by the State Employees Group Insurance Act of 1971 (Act), which authorizes the State of Illinois to provide health, dental, vision, and life insurance benefits for certain retirees and their dependents.

SEGIP is comprised of multiple State funds. The funds were established to segregate and properly report all activity within the various programs provided under SEGIP.

The Health Insurance Reserve Fund (HIRF), Fund 0907, was established under the State Employees Group Insurance Act of 1971, as amended, 5 ILCS 375/13.1(a), which became effective August 2, 1983. The HIRF is currently administered by Central Management Services (CMS). The purpose of the fund is to record the deposit of all contributions, interest and dividend payments to fund the program of health benefits for employees of both the primary government and certain component units. Monies in the fund cover the costs of administering health benefit programs.

The Group Insurance Premium Fund (GIPF), Fund 0457, and the Group Life Insurance Premium Fund (GLIPF), Fund 1457, were established under the State Employees Group Insurance Act of 1971, as amended 5 ILCS 375/13, which became effective April 18, 1972. The GIPF and GLIPF are currently administered by CMS. The purpose of the funds is to record the deposit of contributions and refunds for both employer-provided and voluntary life insurance for employees of the primary government and certain component units. The activity is reported as follows:

- Fund 0457 – reports all the voluntary portion of activity.
- Fund 1457 – reports all the employer-provided portion of activity and is used for financial reporting purposes only.

B. Defined Benefit Plan

SEGIP, which includes activity for both active employees and retirees, is considered a single-employer defined benefit other post-employment benefit plan (OPEB) not administered as a trust with a special funding situation for the State Universities. Substantially all State and university component unit employees become eligible for these OPEB plan benefits when they become annuitants of one of the State sponsored pension plans. CMS administer these benefits for the annuitants with the assistance of the public retirements systems sponsored by the State (General Assembly Retirement System, Judges Retirement System, State Employees Retirement System, Teachers' Retirement System, and the State Universities Retirements System).

The portions of the Act related to other post-employment benefits establishes a single-employer defined benefit OPEB plan. Governmental Accounting Standards Board (GASB) Statement No. 10, Accounting and Financing Reporting for Risk Financial and Related Insurance Issues, applies to health, dental, and other medical benefits provided to employees. GASB Statement 10 requires risk financing activities to be reported in a general fund or internal service fund. CMS reports the HIRF and GIPF 1457 as internal services funds. The retiree benefits provided through HIRF are funded on a pay-as-you-go basis. As such, no funds are being held in a fiduciary capacity thus resulting in the fund being reported as an internal service fund. Voluntary life insurance reported in GIPF 0457 is reported as an account of the General Fund in the Department's financial statements.

SEGIP is considered to be part of the State of Illinois financial reporting entity and is included in the State of Illinois annual comprehensive financial report (ACFR).

C. Benefit Provisions

A summary of the post-employment benefit provisions, changes in benefit provisions, employee eligibility requirements including eligibility for vesting, and the authority under which benefit provisions are established are included as an integral part of the financial statements of CMS.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

D. Nature of Schedules

Certain agencies and funds of the State of Illinois present financial statements in accordance with generally accepted accounting principles (GAAP) that those agencies and fund employers must recognize their proportionate share of the collective OPEB amounts for OPEB benefits provided to members through the SEGIP plan in order to present their financial statements in accordance with GAAP.

GASB Statement No. 75 states the basis for the employer's proportion should be consistent with the manner in which contributions to the OPEB plan, excluding those associated with separately financed specific liabilities of an individual employer to the OPEB plan, are determined. Additionally, GASB Statement No. 75 states a liability should be recognized for the employer's proportionate share of the collective total OPEB liability.

The health, dental, and vision benefits provided to and contribution amounts required from annuitants are the result of collective bargaining between the State and the various unions representing the State's and the university component units' employees in accordance with the limitations established in the Act. Therefore, the benefits provided and contribution amounts are subject to periodic change. The Act requires the State to provide life insurance benefits for annuitants equal to their annual salary as of the last day of employment until age 60, at which time the benefit amount becomes \$5,000.

In accordance with the Act, the State contributes towards the cost of an annuitant's coverage under the basic program of health, dental, and vision benefits an amount equal to five percent of that cost for each full year of creditable service up to a maximum of one hundred percent for an annuitant with twenty or more years of creditable service. The State is not required to fund the plan other than the pay-as-you-go amount necessary to provide the current benefits to retirees. For current employees, contributions are dependent upon annual salary and whether or not the employee chooses to receive benefits through a health maintenance organization.

The Schedule of Employer Allocations by Fund presents the actual fiscal year 2021 contributions by fund (and applicable agency) used within the proportionate share calculation for each fund and the respective allocation percentage. The proportionate share calculation related to the General Revenue Fund (GRF) is further broken down by agency based on the GRF covered payroll for fiscal year 2021.

The Schedule of Total Other Post Employment Benefit Amounts by Fund presents the proportionate share of total Other Post Employment Benefit (OPEB) liability (beginning and ending), total deferred outflows of resources, total deferred inflow of resources, and total OPEB expense subject to allocation for all funds (and applicable agencies) contribution to SEGIP.

The Schedule of Deferred Amounts by Measurement Year presents the total recognition of deferred inflows and outflows from the current fiscal year's actual and expected experience change, assumption changes, prior fiscal years' change in proportionate share and the current year's change in proportionate share.

The OPEB expense includes the amortization of the differences between expected and actual economic and demographic experience, the impact of changes in assumptions about future economic or demographic factors and impact of changes in the funds' proportion of the collective total OPEB liability from the prior measurement date.

Due to the nature of the Schedules, the contributions utilized in the allocation calculation were actual contributions received and not rounded. Therefore, the total amounts reported with the Schedules may not agree to the summation of the individual columns.

E. Measurement Focus and Basis of Accounting

The financial transactions are recorded using the economic resources measurement focus and the accrual basis of accounting. Employer and non-employer contributing entity contributions are recognized as revenue when due pursuant to statutory or contractual requirements.

F. Use of Estimates in the Preparation of the Schedules

The preparation of the Schedules in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts, and the changes therein, and disclosures. Actual results could differ from those estimates and differences could be material. SEGIP uses an actuary to determine the total OPEB liability of the State and its agencies and funds.

G. Basis of Allocation

In determining the proportionate share of the total OPEB liability and corresponding employer OPEB liability amounts by agency and fund for SEGIP, the basis should be consistent with the manner in which contributions to the Plan are determined. The Plan has determined that the actual contributions made to the Plan during fiscal year 2021 are appropriate as the basis because they are representative of future contributions. Contributions will be determined by detailed object code "1180" for employer contributions to group insurance expenditures by fund and agency, downloaded from SAMS Data Warehouse. The non-exempt contribution amounts calculated with the University Benefit Analysis were used in the allocation calculation for component unit universities.

For the secondary allocation of the General Revenue Fund (GRF) by agency, the Plan has determined that the covered GRF payroll paid in fiscal year 2021 by each agency is appropriate as the basis because it is representative of future contributions. The actual GRF covered payroll for each fiscal year was determined through downloads from SAMS expenditure tables, specifically detail object code “1120” for covered payroll transactions, excluding State Universities. Prior to calculating the secondary allocation of GRF, the estimated contributions relating to State Universities were deducted from the total budget appropriation requested amount.

For the Toll Highway Authority (THA), actual fiscal year 2021 amounts billed for Group Insurance costs related to Illinois State Police employees will be included. All THA “1180” expenditures will be excluded to eliminate timing issues, to eliminate payments for THA current employees that do not relate to SEGIP and to eliminate the payments for retirees which will be accounted for separately as explained in the next paragraph.

THA active/inactive employees do not participate in SEGIP, but could be eligible to participate at retirement. 5 ILCS 375/11 states “For each person covered under this Act whose eligibility for such coverage is based upon the person's status as the recipient of a benefit under the Illinois Pension Code, which benefit is based in whole or in part upon service with the Toll Highway Authority (THA), the Authority shall annually contribute a pro rata share of the State's cost for the benefits of that person.” To account for this anomaly in funding, CMS obtains, from the actuary data, the total OPEB liability related to any active/inactive employees and retirees with any THA service. THA provided a 3-year rolling average percentage of THA service to total State service for all Retirees with THA service. The 3-year average percentage was used to determine the portion of OPEB liability to be reported as a specific separately stated liability for THA retirees.

Beginning with the FY20 OPEB allocation, the OPEB allocation schedules include a section for the THA’s separately stated liability, expense, and deferred amounts. The THA’s specific separately stated liability, expense, and related deferred amounts were then subtracted from the respective Actuarially reported totals to be allocated to the remaining Funds/entities including the THA’s Illinois State Police employee portion.

The Total OPEB liability (TOL) was determined by an actuarial valuation performed as of June 30, 2020 and measured as of June 30, 2021. SEGIP allocates the TOL, less the separately stated THA portion, to funds and agencies of the State of Illinois based on the allocation percentages calculated within the Schedule of Employer Allocations by Fund.

The fiscal year 2021 employer contributions total was used as the denominator for the allocation calculation in the Schedule of Employer Allocations by Fund. It can be reconciled to the Comptroller’s Data Warehouse for the fiscal year ended June 30, 2021 as follows:

Description	Amount
Employer Contributions (DOC "1180" SAMS Expenditures)	\$ 2,547,080,343
Adjustments:	
Actual Amounts Billed to THA for ISP Employees	4,125,135
University Contributions (University Benefit Analysis)	<u>102,177,323</u>
Employer Contributions - before exclusions	2,653,382,801
Excluded IL State Toll Highway Revenue	(42,587,983)

Excluded Funds	(35,423,001)
Excluded Misc. amounts	(16,791)
Rounding	<u>11</u>
Employer Contributions to be Allocated	<u>\$ 2,575,355,037</u>

Adjustments:

Amounts Billed to THA for ISP Employees – Actual group insurance billed amounts to Toll Highway Authority for Illinois State Police employees.

University Contributions – Allocations were based on non-exempt contribution amounts calculated in the University Benefit Analysis.

Excluded Illinois State Toll Highway Amounts – Total excluded from the allocation relating to Toll Highway reimbursements.

Excluded Funds – Funds excluded from the allocation include internal service funds, the State Employee Retirement System (Pension Trust Fund), the Judges Retirement System (Pension Trust Fund), the General Assembly Retirement System (Pension Trust Fund) and the Illinois State Board of Investments (Pension Investment Fund). Allocation to these funds would not be appropriate because the allocated OPEB costs for these funds ultimately must be recovered through charges to other State funds. By excluding them from the allocation denominator, their cost is recognized by other funds included in the OPEB allocation schedule.

Excluded Misc. amounts - Excluded reimbursement payments made from the General Revenue Fund.

The detail for the FY 2021 funds excluded from the allocation are as follows:

Fund Number	Fund Name	Agency Number	Employer Paid Contributions
0301	Working Capital Revolving	426	\$ 1,274,813
0303	State Garage Revolving	416	3,454,694

0529	IL State Board of Investments	555	<u>213,816</u>
			<u>\$ 35,423,001</u>

The FY 2021 GRF covered payroll was used in the secondary allocation of GRF by agency. It can be reconciled to the Comptroller’s Data Warehouse for the fiscal year ended June 30, 2021 as follows:

Description	Amount
GRF Covered Payroll (DOC “1120” SAMS Expenditures)	\$ 3,148,859,278
Exclude State University GRF Covered Payroll	<u>(15,626,995)</u>
Total GRF Covered Payroll	<u><u>\$ 3,133,232,283</u></u>

H. OPEB Expenses and Amortization of OPEB Expenses

OPEB expense, as well as deferred outflows of resources and deferred inflows of resources related to OPEB, should be recognized for the fund’s and agency’s proportionate shares of collective OPEB expense and collective deferred outflows and deferred inflows of resources related to OPEB.

Deferred outflows of resources are the consumption of the net positions by SEGIP that is applicable to future reporting periods. Deferred outflows of resources have a positive effect on net position. Deferred inflows of resources are the acquisition of net position that is applicable to future reporting periods. Deferred inflows of resources have a negative effect on net positions.

Deferred inflows and outflows of resources are recognized in OPEB expense at the beginning of the current period, using a systematic and rational method over a closed period, equal to the average expected remaining service lives of all employees that are provided with OPEB through the OPEB Plan (active or inactive), determined as of the beginning of the measurement period.

The OPEB amounts allocated to funds and agencies are generally based on the total contributions paid as the primary allocation and on covered payroll for a secondary allocation, excluding State Universities, to those agencies with GRF payrolls preparing their own financial statements.

The components of OPEB expense are as follows:

Description	Amount
Service Cost	\$ 1,320,595,821
Interest on the Total OPEB Liability	781,101,819
OPEB Plan Operating Expenses	10,044,299
Recognition of Outflow/(Inflow) due to Liability Experience	(131,390,859)
Recognition of Outflow/(Inflow) due to Assumption Changes	<u>(3,000,320,060)</u>
Total OPEB Expense	<u><u>\$ (1,019,968,980)</u></u>

The average of the expected remaining service lives for purposes of recognizing the applicable deferred outflows and inflows of resources established in the current measurement period of all members is 5.187947 years.

I. NET OPEB Liability

The net OPEB liability for SEGIP for fiscal year 2021 is as follows:

Description	Amount
Net OPEB Liability at June 30, 2020	\$ 42,366,626,302
Total OPEB Expense	(1,019,968,980)
Employer Contributions	(941,617,069)
Change in Liability Experience Outflows/(Inflows) Recognized in Current Liabilities	228,570,361
Change in Assumption Updates Outflows/(Inflows) Recognized in Current Liabilities	<u>(5,721,713,307)</u>
Total OPEB Liability at June 30, 2021	<u>\$ 34,911,897,307</u>

J. Sensitivity of Total OPEB Liability to Changes in the Single Discount Rate

The following table shows the State Employees Group Insurance Plan's (Plan's) Total OPEB liability as of June 30, 2021, using the current single discount rate of 1.92%, and sensitivity single discount rates that are either one percentage point higher or lower:

1% Decrease 0.92%	Current Single Discount Rate Assumption 1.92%	1% Increase 2.92%
<u>\$41,230,694,092</u>	<u>\$34,911,897,307</u>	<u>\$29,912,397,711</u>

K. Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following table shows the Plan's Total OPEB liability as of June 30, 2021, using current trend rates and sensitivity trend rates that are either one percentage point higher or lower. The key current trend rates are 8.00% in 2023 decreasing to an ultimate trend rate of 4.25% in 2038.

1% Decrease(a)	Healthcare Cost Trend Rates Assumption	1% Increase(b)

2021-001. **FINDING** (Noncompliance with the State Employees Group Insurance Act of 1971)

The Department of Central Management Services (Department) did not ensure the repayment by the Illinois State Toll Highway Authority (Tollway) of the pro rata share of certain retiree costs incurred by the State Employees Group Insurance Program (SEGIP) was complete and accurate.

During testing, we noted employee-related costs incurred by the Tollway include both Tollway employees and staff of the Illinois State Police (ISP) consisting of four groups, as defined and further described below:

- 1) **“True Tollway Employees”** work for the Tollway, including its administrative, engineering, traffic, construction, and maintenance staff. These employees are paid on Tollway payroll vouchers and participate in the Tollway’s own group insurance program. Upon retirement, they transition to SEGIP for their OPEB. SEGIP does not receive a “retiree-load” charge (a charge added to contributions for current employees to obtain cash to pay benefit costs for retirees on a pay-as-you-go basis) for these employees’ current benefits provided by the Tollway’s own group insurance plan.
- 2) **“ISP District 15 State Troopers”** consist of two groups providing personal services within ISP District 15, which patrols the highways and facilities which encompass the Tollway’s operations.
 - a) The majority of these employees participate in the SEGIP for both their current employee benefits and OPEB during retirement.
 - b) Master sergeants, however, can opt-out of SEGIP for healthcare benefits and participate in the Teamsters Local No. 727 Health and Welfare Benefits Fund for health insurance along with SEGIP for vision, dental, and life insurance benefits as an employee and then transition to SEGIP for all of their OPEB at retirement.

All troopers are paid on ISP’s payroll vouchers which are charged against the Tollway’s agency number and accounts. These vouchers include contributions to SEGIP for all troopers’ SEGIP-provided benefits. In addition, the Department prepares supplemental billings charged to the Tollway’s accounts for SEGIP to recover the healthcare costs paid to the Teamsters Local No. 727 Health and Welfare Benefits Fund along with the associated “retiree-load” for SEGIP.

- 3) **“ISP District 15 Support Staff”** are Tollway employees supporting the troopers assigned to ISP District 15. These employees are paid on Tollway payroll vouchers and participate in the Tollway’s own group insurance program until they transition to SEGIP for their OPEB at retirement. SEGIP does not receive a “retiree-load” charge calculated on these employees’ current benefits from the Tollway’s own group insurance plan.

SCHEDULE OF FINDINGS
For the Year Ended June 30, 2021

The “True Tollway Employees” and “ISP District 15 Support Staff” groups are paid on Tollway payroll vouchers and participate in the Tollway’s group insurance program until they transition to SEGIP for their OPEB at retirement. As these groups participate in the Tollway’s group insurance program until retirement, the Department has not collected the “retiree-load” charge (a charge added to contributions for current employees to obtain cash to pay benefit costs for both employees and retirees on a pay-as-you-go basis) built into active-employee SEGIP contributions to fund costs associated with retirees participating in SEGIP. Rather, the State Employee Group Insurance Act (Act) (5 ILCS 375/11) requires the Tollway reimburse SEGIP for the pro rata share of the cost of providing retiree benefits to those retirees who had service in “True Tollway Employees” and “ISP District 15 Support Staff” positions compared to their total service to the State.

To enable the Tollway and the Department to follow this mandate during Calendar Year 2020, the State Employees’ Retirement System of Illinois (SERS) sent the Tollway a monthly extraction of Tollway-associated retirees along with each retiree’s total SERS’ service credit months and months of total service at the Tollway from SERS’ records. Further, this extraction included the State-paid OPEB costs for retirees, except for the State’s costs for “CMS Direct Bill” retirees, which SERS had previously extracted from the Department’s third-party administrator of SEGIP benefits for another purpose. The totality of this report was imported into the Tollway’s systems to generate a monthly invoice, where the amounts due were aggregated together across the calendar year for one contribution to SEGIP in February 2021.

Under Section 11 of the Act, the Tollway and the Department are solely responsible for ensuring compliance with this mandate. While SERS has some of the historical records necessary for the Tollway and the Department to fulfill this mandate, neither the Department nor the Tollway have communicated with nor entered into a written agreement with SERS so SERS officials could understand the information needs of the Tollway and the Department. As a result, the following occurred:

- Each retiree’s service months to the Tollway were not calculated on the same basis as SERS’ total months of service credit. After consultation with officials at the Department with input from SERS officials, it was determined SEGIP benefits are processed based on the service credit granted by SERS. As such, a month of Tollway service should only be included on the monthly extraction if SERS also granted service credit with the associated month of service.
- The monthly extraction from SERS did not include all retirees from the “True Tollway Employees” and “ISP District 15 Support Staff” groups, while some retirees from the Tollway’s other groups were incorrectly included within the monthly extraction.

SCHEDULE OF FINDINGS
For the Year Ended June 30, 2021

- The monthly extraction from SERS did not include the State’s costs for “CMS Direct Bill” retirees. These retirees, as their pension is too small to cover their retiree contribution to SEGIP for their benefits, receive a supplemental billing from the Department for balance due.
- Officials at the Tollway and the Department failed to demonstrate the amounts remitted by the Tollway for the pro rata share of its retirees from the “True Tollway Employees” and “ISP District 15 Support Staff” groups to SEGIP were complete and accurate.

After bringing these problems to the attention of officials at the Tollway, SERS, and the Department, it was determined there was a net underpayment of contributions to SEGIP for the retirees from the “True Tollway Employees” and “ISP District 15 Support Staff” groups. The Department proceeded to work with Tollway staff to reconcile the underpayment. The Department received a SERS prepared data extraction of OPEB costs associated with retirees from the Tollway for every month starting calendar year 2018 through June of 2021, the data was reviewed and duplicates were removed to arrive at a list of unique retirees. That data was then shared with the Tollway and ISP to review the data and remove any retirees incorrectly included in the report due to their employment with ISP. Additionally, the Tollway provided a list of all Tollway employees that separated from active service from July to December of 2021. All of this data was provided to both SERS and the vendor the Department utilizes for benefits enrollment (vendor). SERS reviewed each individual to validate both their total service credits and their Tollway service credits. The vendor used the data to provide the employer’s cost of group insurance for each month from July 2017 to December 2021 for each retiree. That cost data was then summarized and adjusted to reflect each individuals pro rata share (Tollway service credits divided by total SERS service credits). After subtracting the payments previously made by Tollway for July 2017 to December 2021, it was determined the Tollway’s net underpayment of contributions to SEGIP was \$22,297,846. The Tollway agreed with the amount and sent payment to the Department on May 20, 2022.

Officials at the Tollway and the Department are jointly-responsible for understanding and complying with the retiree cost repayment provisions of Section 11 of the Act. In addition, the Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) requires the Department to establish and maintain a system, or systems, of internal fiscal and administrative controls to provide assurance resources and funds applicable to operations are properly accounted for to permit the preparation of accounts and reliable financial reports. Finally, the Government Accountability Office’s Standards for Internal Control in the Federal Government (Green Book) (§ 15.02 and § 15.03) endorses an entity’s management having open communication with, and obtaining quality information from, external parties using established reporting lines to help achieve management’s objectives and address related risks.

SCHEDULE OF FINDINGS
For the Year Ended June 30, 2021

Department officials indicated they were working with Tollway to find a remedy to the issues noted, but have been unable to implement the recommendation due to staffing constraints.

Failure to properly calculate reimbursements to SEGIP for the pro rata share of the cost of providing retiree benefits to those retirees who had service in “True Tollway Employees” and “ISP District 15 Support Staff” positions compared to their total service to the State may ultimately result in lost revenues to SEGIP, delayed SEGIP’s receipt of cash from the Tollway for ascertainable unpaid amounts further prolonging SEGIP’s payment delays to vendors, and represents noncompliance with State law. (Finding Code No. 2021-001, 2020-002)

RECOMMENDATION

We recommend the Department communicate with the Tollway and SERS so all parties have a complete understanding of both the overall process and Tollway’s various employee groups so the factors unique to each group can be considered in calculating the Tollway’s monthly retiree OPEB cost repayment pursuant to Section 11 of the Act. When an understanding has been reached, the parties should enter into a formal, written interagency agreement to memorialize each party’s roles and responsibilities to fulfill this mandate.

If, after investigation, the Department and the Tollway determine it is not possible and/or not practicable to comply with Section 11 of the Act for future periods, the Department and the Tollway should work with the Governor and the General Assembly to develop a legislative remedy that addresses both the financing needs of SEGIP and facilitates financial reporting in accordance with generally accepted accounting principles.

DEPARTMENT RESPONSE

The Department accepts the finding. The Department is in process of working with both the Illinois Toll Highway Authority and the State Retirement Systems to develop an agreed upon documented process by which each organization provides the necessary inputs and communication to develop an accurate and timely invoicing of the amounts due to the Department from the Tollway. In addition to the development of the expected written procedure, the Department intends to seek legislative action that will provide for a more consistent treatment of Tollway employees and retirees as they relate to the reimbursement by the Tollway to the Department.

A. **FINDING** (Failure to Separately State Specified OPEB Balances for Tollway)

During the prior year examination the Department of Central Management Services (Department) failed to separately state specific other postemployment benefits (OPEB) balances for the Illinois State Toll Highway Authority (Tollway) causing errors within its allocation of OPEB amounts related to the State Employees Group Insurance Program to the State’s funds, public universities, and the Tollway.

During the current examination, our testing indicated the Department separately stated specific OPEB balances for the Tollway. (Finding Code 2020-001)
