

## Illinois Department of Commerce & Economic Opportunity

December 30, 2022

Office of the Governor  
207 State House  
Springfield, IL 62706

Dear Governor Pritzker:

The following report fulfills the statutory directive that the Department of Commerce and Economic Opportunity (DCEO) provide the Governor and the Members of the General Assembly with an annual report on the Urban Weatherization Initiative.

The Urban Weatherization Initiative Act (UWI) (30 ILCS 738/Article 40) requires the Department of Commerce & Economic Opportunity (Department) administer a weatherization assistance program designed to promote the State's interest in reducing the impact of high energy costs on low-income households, especially those in urban areas with high rates of unemployment, underemployment and poverty.

### **Program Model**

The UWI program is based on a two-pronged approach: 1) to increase employment opportunities among Illinois residents through training that leads to Building Performance Institute (BPI) certification, and 2) to provide residential weatherization services in urban areas. Training and weatherization services are administered through grants to organizations. All grants are awarded via a competitive selection process. The program works to stimulate local economies by utilizing local contractors, suppliers, distributors and/or manufacturers of equipment and supplies necessary for the weatherization work.

### **Program Status**

The UWI program has not been funded since Fiscal Year 2016. Without funding the Department is unable to execute the program. As such, no new grants were issued. As of November 30, 2016, all UWI grants have ended.

Sincerely,

Sylvia I. Garcia  
Director

## Illinois Department of Commerce & Economic Opportunity

December 30, 2022

The Honorable Emanuel "Chris" Welch  
Speaker of the House  
300 Capitol Building  
Springfield, Illinois 62706

Dear Speaker Welch:

The following report fulfills the statutory directive that the Department of Commerce and Economic Opportunity (DCEO) provide the Governor and the Members of the General Assembly with an annual report on the Urban Weatherization Initiative.

The Urban Weatherization Initiative Act (UWI) (30 ILCS 738/Article 40) requires the Department of Commerce & Economic Opportunity (Department) administer a weatherization assistance program designed to promote the State's interest in reducing the impact of high energy costs on low-income households, especially those in urban areas with high rates of unemployment, underemployment and poverty.

### Program Model

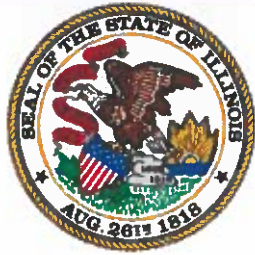

The UWI program is based on a two-pronged approach: 1) to increase employment opportunities among Illinois residents through training that leads to Building Performance Institute (BPI) certification, and 2) to provide residential weatherization services in urban areas. Training and weatherization services are administered through grants to organizations. All grants are awarded via a competitive selection process. The program works to stimulate local economies by utilizing local contractors, suppliers, distributors and/or manufacturers of equipment and supplies necessary for the weatherization work.

### Program Status

The UWI program has not been funded since Fiscal Year 2016. Without funding the Department is unable to execute the program. As such, no new grants were issued. As of November 30, 2016, all UWI grants have ended.

Sincerely,

Sylvia I. Garcia  
Director

## Illinois Department of Commerce & Economic Opportunity

December 30, 2022

The Honorable Dan McConchie  
Minority Leader  
309G Capitol Building  
Springfield, Illinois 62706

Dear Leader McConchie:

The following report fulfills the statutory directive that the Department of Commerce and Economic Opportunity (DCEO) provide the Governor and the Members of the General Assembly with an annual report on the Urban Weatherization Initiative.

The Urban Weatherization Initiative Act (UWI) (30 ILCS 738/Article 40) requires the Department of Commerce & Economic Opportunity (Department) administer a weatherization assistance program designed to promote the State's interest in reducing the impact of high energy costs on low-income households, especially those in urban areas with high rates of unemployment, underemployment and poverty.

### **Program Model**

The UWI program is based on a two-pronged approach: 1) to increase employment opportunities among Illinois residents through training that leads to Building Performance Institute (BPI) certification, and 2) to provide residential weatherization services in urban areas. Training and weatherization services are administered through grants to organizations. All grants are awarded via a competitive selection process. The program works to stimulate local economies by utilizing local contractors, suppliers, distributors and/or manufacturers of equipment and supplies necessary for the weatherization work.

### **Program Status**

The UWI program has not been funded since Fiscal Year 2016. Without funding the Department is unable to execute the program. As such, no new grants were issued. As of November 30, 2016, all UWI grants have ended.

Sincerely,

Sylvia I. Garcia  
Director

## Illinois Department of Commerce & Economic Opportunity

December 30, 2022

The Honorable Don Harmon  
President of the Senate  
327 Capitol Building  
Springfield, Illinois 62706

Dear President Harmon:

The following report fulfills the statutory directive that the Department of Commerce and Economic Opportunity (DCEO) provide the Governor and the Members of the General Assembly with an annual report on the Urban Weatherization Initiative.

The Urban Weatherization Initiative Act (UWI) (30 ILCS 738/Article 40) requires the Department of Commerce & Economic Opportunity (Department) administer a weatherization assistance program designed to promote the State's interest in reducing the impact of high energy costs on low-income households, especially those in urban areas with high rates of unemployment, underemployment and poverty.

### **Program Model**

The UWI program is based on a two-pronged approach: 1) to increase employment opportunities among Illinois residents through training that leads to Building Performance Institute (BPI) certification, and 2) to provide residential weatherization services in urban areas. Training and weatherization services are administered through grants to organizations. All grants are awarded via a competitive selection process. The program works to stimulate local economies by utilizing local contractors, suppliers, distributors and/or manufacturers of equipment and supplies necessary for the weatherization work.

### **Program Status**

The UWI program has not been funded since Fiscal Year 2016. Without funding the Department is unable to execute the program. As such, no new grants were issued. As of November 30, 2016, all UWI grants have ended.

Sincerely,

Sylvia I. Garcia  
Director

## Illinois Department of Commerce & Economic Opportunity

December 30, 2022

The Honorable Jim Durkin  
House Minority Leader  
316 Capitol Building  
Springfield, Illinois 62706

Dear Leader Durkin:

The following report fulfills the statutory directive that the Department of Commerce and Economic Opportunity (DCEO) provide the Governor and the Members of the General Assembly with an annual report on the Urban Weatherization Initiative.

The Urban Weatherization Initiative Act (UWI) (30 ILCS 738/Article 40) requires the Department of Commerce & Economic Opportunity (Department) administer a weatherization assistance program designed to promote the State's interest in reducing the impact of high energy costs on low-income households, especially those in urban areas with high rates of unemployment, underemployment and poverty.

### **Program Model**

The UWI program is based on a two-pronged approach: 1) to increase employment opportunities among Illinois residents through training that leads to Building Performance Institute (BPI) certification, and 2) to provide residential weatherization services in urban areas. Training and weatherization services are administered through grants to organizations. All grants are awarded via a competitive selection process. The program works to stimulate local economies by utilizing local contractors, suppliers, distributors and/or manufacturers of equipment and supplies necessary for the weatherization work.

### **Program Status**

The UWI program has not been funded since Fiscal Year 2016. Without funding the Department is unable to execute the program. As such, no new grants were issued. As of November 30, 2016, all UWI grants have ended.

Sincerely,

Sylvia I. Garcia  
Director
