

MEMORANDUM

TO: The Honorable JB Pritzker, Governor
The Honorable Emanuel “Chris” Welch, Speaker of the House
The Honorable Tony McCombie, House Minority Leader
The Honorable Don Harmon, Senate President
The Honorable John Curran, Senate Minority Leader

FROM: Dr. Tony Sanders 
State Superintendent of Education

DATE: October 4, 2024

SUBJECT: Preschool for All and Preschool for All Expansion Biennial Report – Fiscal Years
2022 and 2023

The Illinois State Board of Education respectfully submits this FY 2022 and FY 2023 Preschool for All (PFA) and Preschool for All Expansion (PFAE) Biennial Report to the General Assembly in fulfillment of the requirements of Section 2-3.71(a)(6) of the Illinois School Code.

This report examines the demographics of children served by PFA and PFAE programs during the relevant period. It also provides several analyses of the academic performance of former PFA and PFAE students on the Illinois Assessment of Readiness.

This report is transmitted on behalf of the State Superintendent of Education. For additional information, please contact Dana Stoerger, Executive Director, Legislative Affairs at (217) 782-6510 or dstoerge@isbe.net.

Foreword

This [Preschool for All \(PFA\)](#) and [Preschool for All Expansion \(PFAE\)](#) Biennial Report for fiscal years 2022 and 2023 fulfills the requirements outlined in Section 2-3.71 (a) (6) of the Illinois School Code:

“The State Board of Education shall report to the General Assembly by November 1, 2022 and every 2 years thereafter on the results and progress of students who were enrolled in preschool educational programs, including an assessment of which programs have been most successful in promoting academic excellence and alleviating academic failure. The State Board of Education shall assess the academic progress of all students who have been enrolled in preschool educational programs.”

Collection of program information contained herein occurred in FY 2022 and FY 2023 from various sources as outlined in the Discussion of Data section that begins on page 75. Analysis and commentary of these data center on the deliverables outlined in the legislation above:

1. Demographic and risk indicator characteristics of students served by entities that received funding from PFA and PFAE programs.
2. Program evaluation results from the ExceleRate Illinois Quality Recognition and Improvement System (QRIS) for programs evaluated during FY 2022 and FY 2023.
3. Academic progress of former PFA and PFAE children’s performance as measured by the Illinois Assessment for Readiness for third graders in FY 2022 and FY 2023.

Please contact Carisa Hurley Davis, director of the Early Childhood Development Department, at 217-524-4835 for more information.

Program Background

In 1985, the Illinois State Board of Education (ISBE) adopted a policy on early childhood education and was authorized by legislation to administer grants to school districts to operate prekindergarten programs for children 3 to 5 years of age. Other eligible entities have been able to receive the grant since FY 2004. The eligible population to be served in this program is defined in Section 2-3.71 (a) (4.5) of the Illinois School Code. The Preschool for All program has received funds since FY 2007.

Children who are at risk are eligible under this grant. Also, children can be eligible if the family income is less than four times the Federal Poverty Level. Children are identified for the program via individual screening and assessment, not by their membership in a given group or the characteristics of their families. Individual projects establish their own eligibility criteria and methods for screening based on local needs. ISBE requires the following to be included in screening: fine and gross motor skills, cognitive development, visual-motor integration, language and speech development, vocabulary, English proficiency, and social competence. Information on family history also is collected. Criteria such as low income, homelessness, single parenting, teen parenting, the parents' education level, drug/alcohol abuse, etc. also are used by projects to determine program eligibility. No single uniform eligibility standard or screening system is applied to all age-appropriate populations. Program eligibility is based on local needs; therefore, the characteristics and services of the programs vary according to the needs of the participants.

Executive Summary

Data Highlights

Enrollment Counts

Enrollments increased from FY 2022 to FY 2023 as shown in Figure 1. Downstate programs saw a jump of 5,390 children with a similar decrease in children served by Chicago Public Schools (CPS) in FY 2023. Downstate enrollments continue a recent trend of increasing service levels over the past three years (73,188 in FY 2019; 79,058 in FY 2020, and 61,792 in FY 2021).

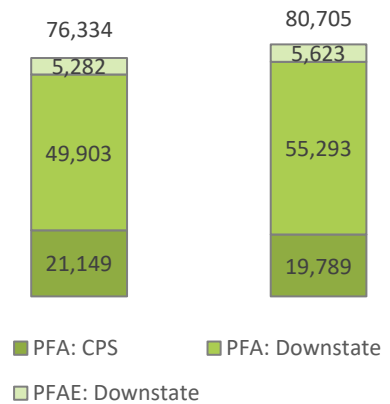

Figure 1 - Number of participating children served in FY 2022 and FY 2023 split by CPS and downstate.

Demographic Traits and Risk Indicators

Figure 2 highlights several of the most important demographic traits and risk indicators for early childhood. Children who met PFA/PFAE at-risk criteria saw a minimal drop between FY 2022 and FY 2023 but remain one of the single largest demographic groups within early childhood. All other traits and indicators remained stable and in line with the previous biennial report findings (Early Childhood Development Department).

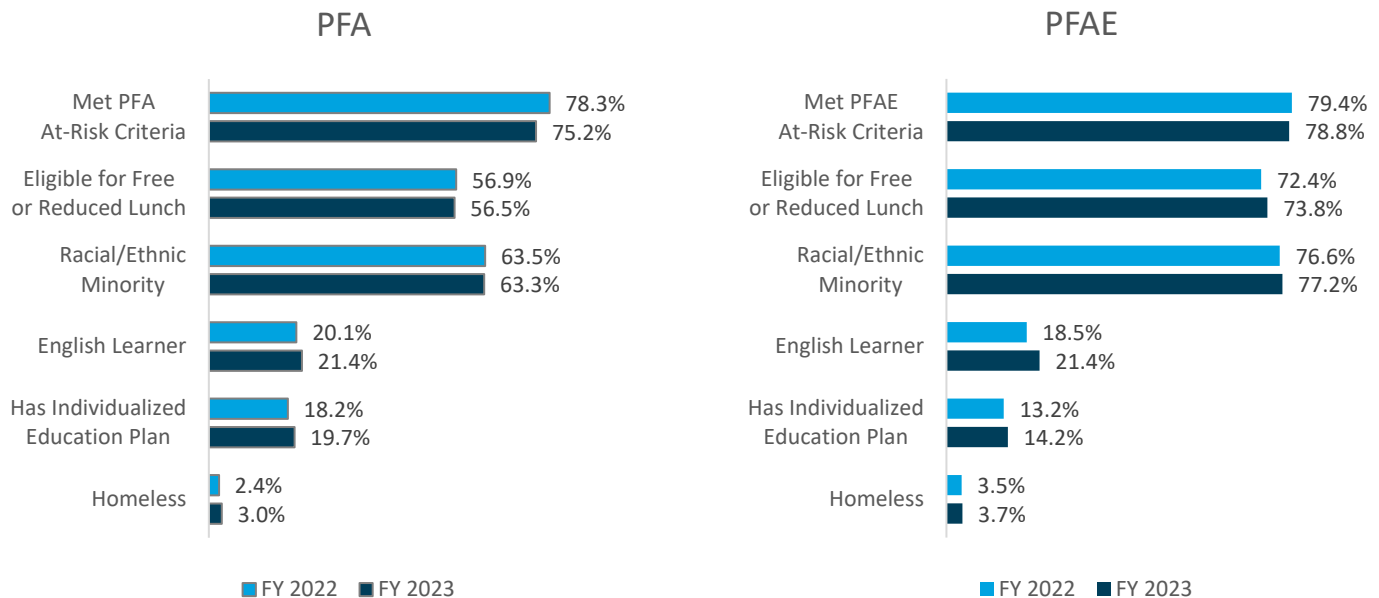

Figure 2 - Demographic traits and risk indicator percentages in FY 2022 and FY 2023

|

Program Quality

Program quality remains a key focus of early childhood programs across the state¹. Over 75% of all programs monitored in both FY 2022 and FY 2023 received the highest possible award (Gold) (ExceleRate Illinois). Ninety-eight percent of all programs monitored (269 in FY 2022 and 185 in FY 2023) were awarded Silver or higher. Figure 3 displays the mix of awards over the previous two fiscal years.

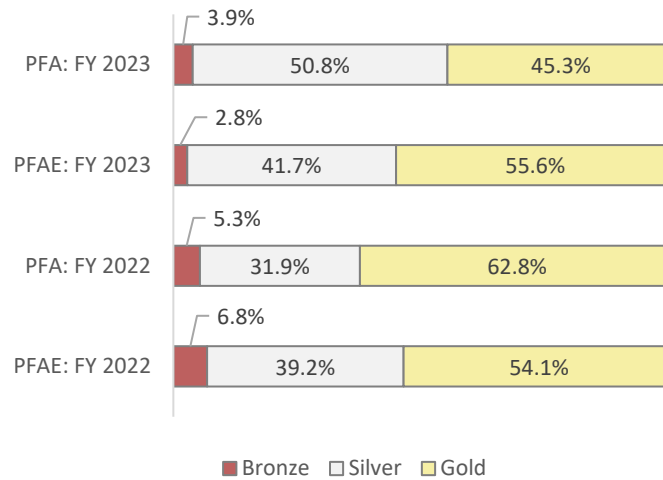

Figure 3 - Circle of Quality award percentage of all programs evaluated in FY 2022 and FY 2023

¹ Does not include CPS or facilities licensed by the Illinois Department of Children and Family Services. These entities provide their own monitoring and quality recognition assessment.

Discussion of Data

Data Limitations

Program data submitted through the ISBE Web Application Security (IWAS) system is self-reported information for each PFA/PFAE program. The Student Information System (SIS) provides a comprehensive data import process to ensure data quality. It validates that information uploaded into SIS follows required element guidelines, including appropriate data types, field length, and business logic. SIS also provides a data quality dashboard in which programs can review uploaded data and identify missing elements and potential issues. Finally, SIS provides programs with the ability to indicate erroneous records to prevent their inclusion into final reports. A complete list of validations is maintained in the [SIS Data Elements and Validations document](#).

Sources

ISBE Web Application Security

PFA/PFAE programs across the state interact with ISBE through a common access point known as the IWAS system. IWAS allows credential provisioning and authentication for all ISBE data systems. Programs are granted access to a number of data systems ranging in function from simple data collection to end-to-end grant application processing. ISBE staff can communicate with programs through IWAS blasts that include reminders on due dates, changes in data collection, or other data-related notifications.

Student Information System

SIS is a statewide data system developed by ISBE and IBM Corp. PFA/PFAE programs submit child and caregiver records with the required elements outlined in the [SIS Data Elements and Validations webpage](#). These data include demographic information, enrollment details, and risk indicators. In addition to data collection, SIS allows programs to view descriptive reports of their data.

Electronic Grants Management System

The [electronic Grants Management System](#) (eGMS) provides a common and consistent grant process for education agencies as well as ISBE staff. Programs can apply, amend, and submit grant applications directly to ISBE. Data contained in eGMS include financial/budgetary information, program details, estimated enrollment counts, and directory information.

Illinois Early Childhood Asset Map

The [Illinois Early Childhood Asset Map](#) (IECAM) is an early childhood access point for data, legislation, and resources partially funded by ISBE. IECAM's stated goals are to provide assistance in the legislative process, to make public resource allocation transparent, and to enhance access to data germane to early childhood (IECAM, n.d.). For purposes of this report, IECAM provides access to U.S. Census Bureau demographic data and risk indicator population estimates. IECAM uses Public Use Microdata Sample data, ISBE data, and geographic data to provide geographical context to early childhood needs and services across the state.

ExceleRate Illinois

Early Childhood Environment Rating Scale (ECERS-3) information and ISBE compliance checklist data for PFA/PFAE program evaluations are collected by National Louis University and provided to ISBE for recognition calculation. Recognition is calculated per the definitions stipulated in the ExceleRate Illinois Circles of Quality chart (ExceleRate Illinois). ExceleRate provides access to PFA/PFAE program awards through their website.

Data Tables

The following data tables provide a demographic profile of the population being served by PFA/PFAE programming, funding summary information, program quality evaluations, and budgetary/service level information. Broadly, these data are used to ensure program accountability, to ensure equity and accessibility, to confirm priority populations are being served, and to identify future needs.

Demographics

PFA/PFAE programming aims to serve children most at risk of academic failure due to several risk factors. Demographic data collected in both fiscal years confirm that an overwhelming majority of children served meet one or both of two key risk indicators – PFA/PFAE at-risk criteria and free or reduced-price lunch eligibility (FRPL). Over 78 percent served in FY 2022 and 75 percent served in FY 2023 met PFA at-risk criteria. Seventy-nine percent served in FY 2022 and 75 percent served in 2023 met PFAE at-risk criteria. Children eligible for FRPL made up nearly 56 percent of those served in both fiscal years. These populations are important because research indicates these children are most at risk of academic failure, especially when in combination (Rathbyn, West, & Walston, 2005). Tables 1, 2, and 3 provide demographic and risk indicator breakouts in counts and percentage for FY 2022 and FY 2023.

Table 1 - Number and percentage of participating children by race/ethnicity

	PFA: FY 2022		PFAE: FY 2022		PFA: FY 2023		PFAE: FY 2023

Total Funding	\$359,399,531	\$198,716,434	\$ 51,625,293	\$391,671,776	\$219,179,081	\$ 56,127,314		
Cost per Student	\$ 5,058	\$ 3,982	\$ 9,774	\$ 5,217	\$ 3,964	\$ 9,982		

Program Evaluation

Simply serving these children is not enough. Quality service is paramount in providing them a foundation for academic and social growth. Over 94 percent of PFA programs and 93 percent of PFAE programs were awarded the Gold or Silver designation during the FY 2022 and FY 2023 evaluations. These awards give caregivers confidence that children receive high-quality care and education tailored to meet their unique needs.

Table 5 - ExceleRate Illinois QRIS awards granted in FY 2022 and FY 2023

	PFA: FY 2022		PFAE: FY 2022		PFA: FY 2023		PFAE: FY 2023	
	Program Count	Percent of Total	Program Count	Percent of Total	Program Count	Percent of Total	Program Count	Percent of Total
Gold	177	62.8%	40	54.1%	82	45.3%	20	55.6%
Silver	90	31.9%	29	39.2%	92	50.8%	15	41.7%
Bronze	15	5.3%	5	6.8%	7	3.9%	1	2.8%
Grand Total	282	100.0%	74	100.0%	181	100.0%	36	100.0%

Geographical Need for Services

Research shows that two primary factors can contribute to a child's future academic stagnation when present at an early age -- **poverty** and **limited parental education**. In addition to correlating with lower academic achievement, these factors are more likely to be present in the lives of children with multiple other risk factors (e.g., single-parent household, primary home language other than English). (Rathbyn, West, & Walston, 2005)

The next two pages include an overlay of FY 2023 PFA/PFAE sites on top of poverty and education data by county/PUMA² throughout the state of Illinois. FY 2022 is the most recent data available for both poverty and education data used in the following figures.

² Public-Use Microdata Area (PUMA). PUMAs are geographic groups of states that contain at least 100,000 people.

Geographical Need – Poverty

Children Age 5 and under Living at Various Federal Poverty Levels (FPLs) with PFA and PFAE Site Overlay

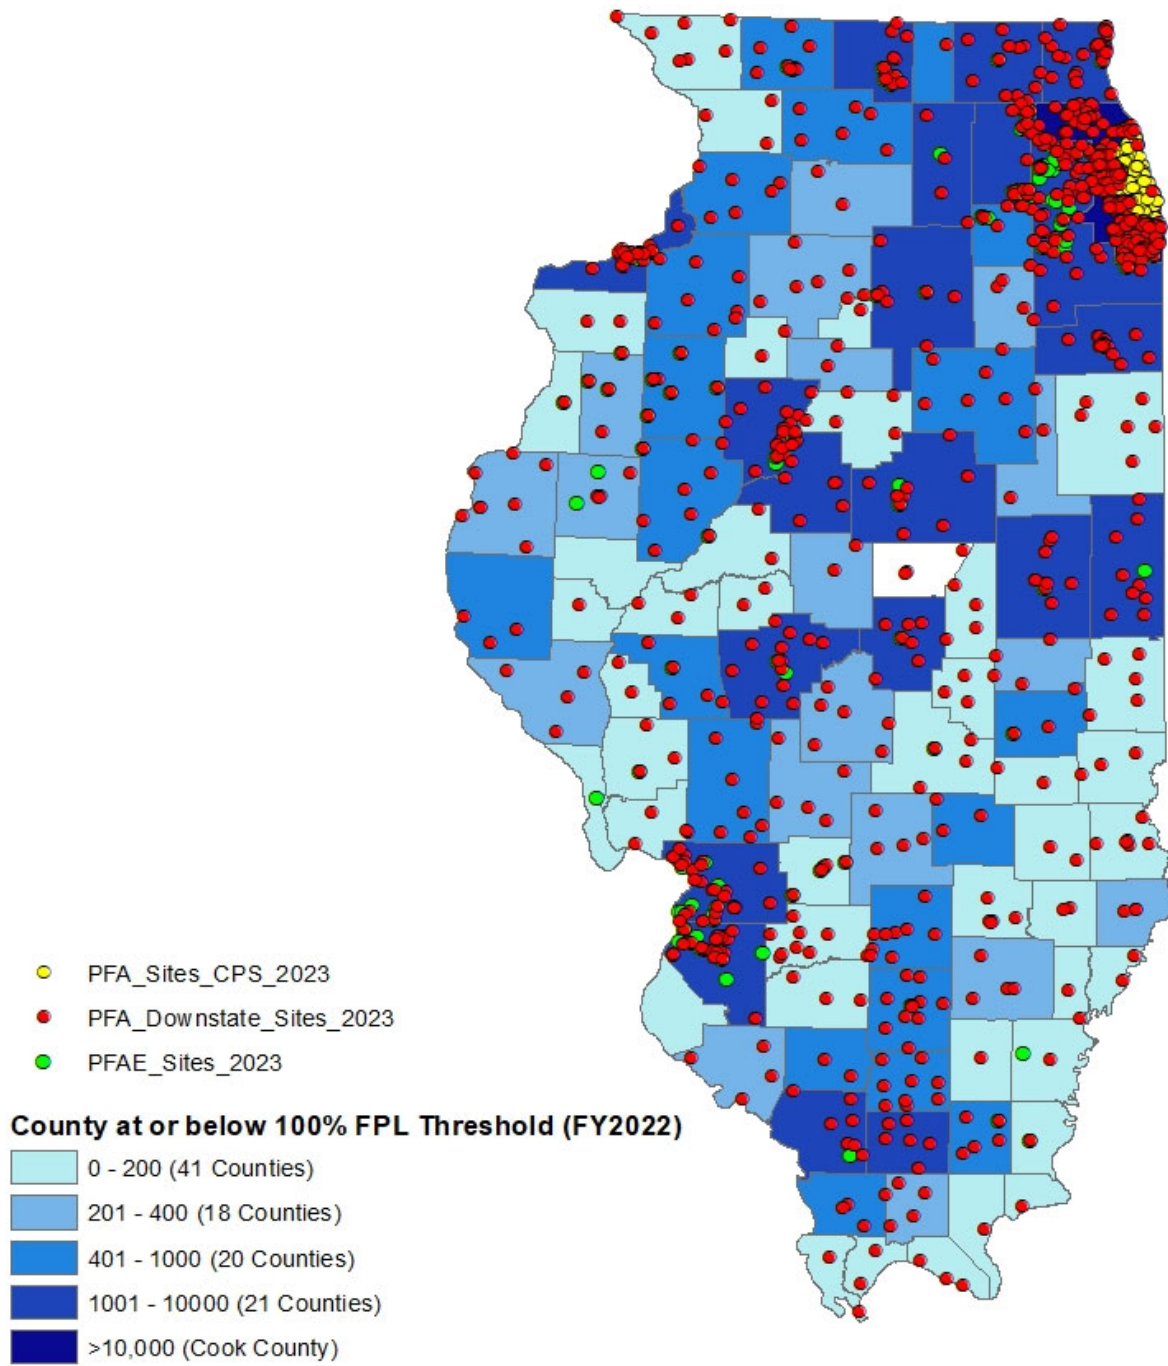

Figure 4 - Count of children at or below 100% FPL by county with FY 2023 PFA sites

Geographical Need – Education

Parents of 0-5 Age Children with Less Than a High School Education or Equivalent by PUMA/County Group with PFA and PFAE Site Overlay

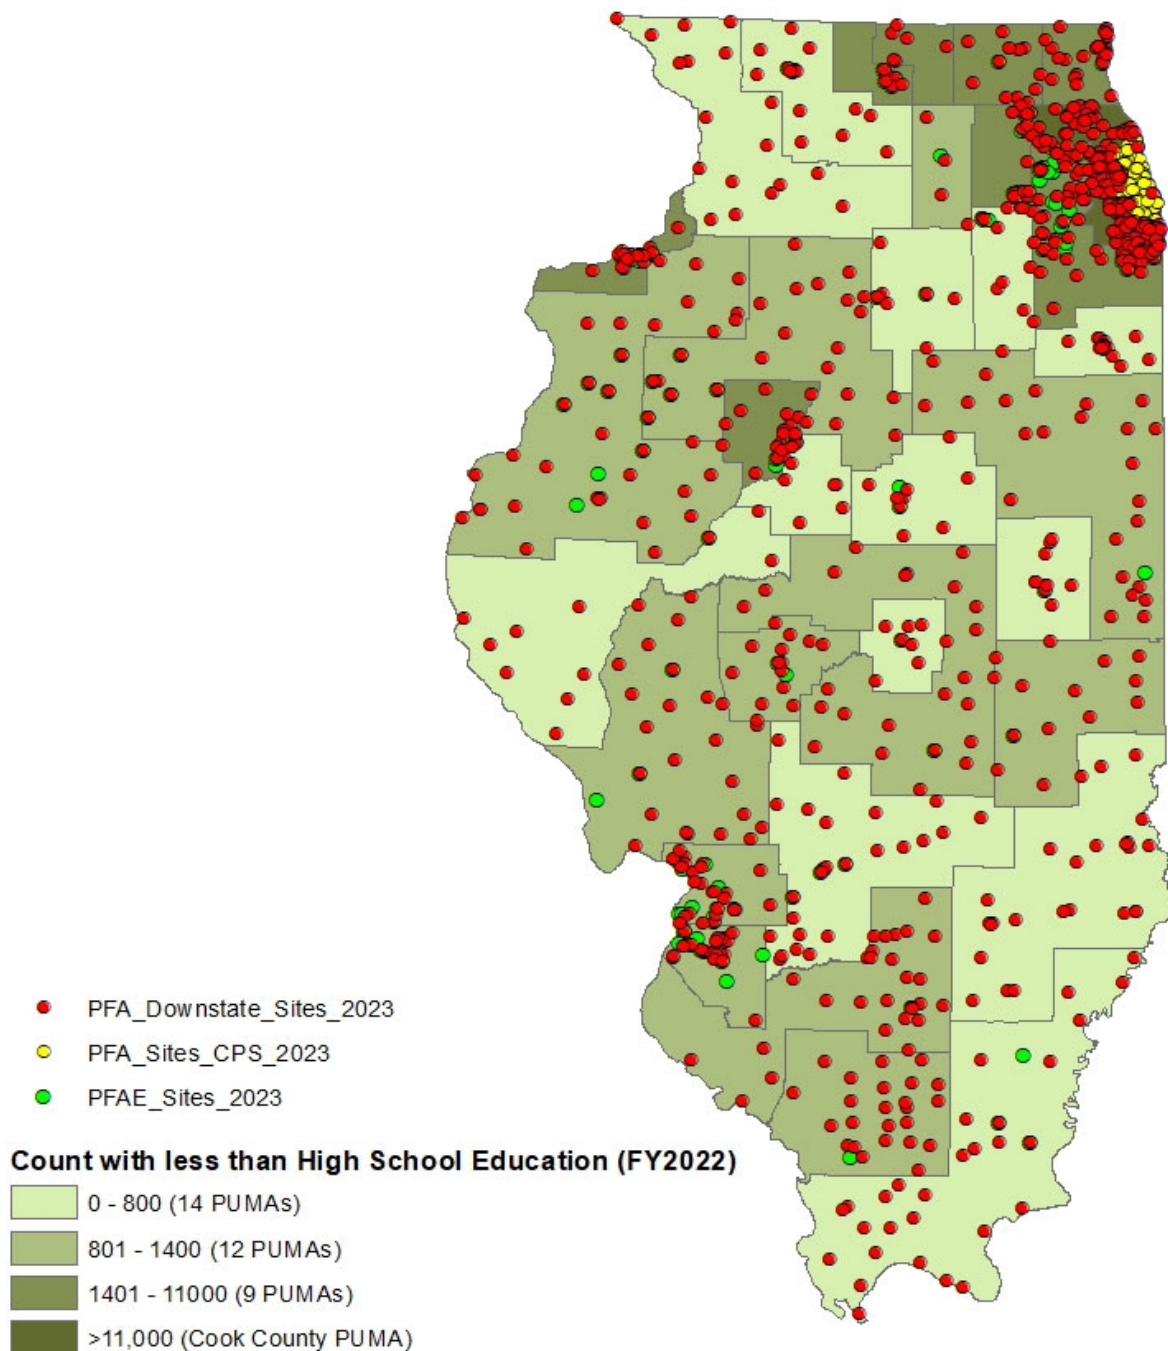

Figure 5 - Count of parents of 0-5 age children with less than high school education or equivalent by PUMA/county group with FY 2023 PFA sites

Cohort Illinois Assessment of Readiness Performance

Early childhood programming provides at-risk children much-needed educational services to provide a foundation for future academic success. One way to gauge the impact is to look at assessment performance of children who previously received early childhood services. Illinois Assessment of Readiness (IAR) data was used in the following analysis for FY 2023. The IAR was not administered in FY 2022 due to COVID-19 restrictions that were in place. The IAR is administered starting in the third grade, typically the fourth school year after a child leaves pre-K age.

Restrictions have been placed on these data to ensure a consistent data set. For purposes of this report, cohorts are populated based on the last year a child was enrolled in a PFA program and the first year they received the IAR as a third grader. IAR data with missing or incomplete scores across Mathematics (MAT03) and English Language Arts (ELA03) subjects are excluded.

To help illustrate how a cohort is populated in this report, suppose a child was enrolled in a PFA program in 2017. This child moves on to kindergarten and finally in 2021 is enrolled in a third-grade classroom. The child takes the IAR for the first time. This child would be placed in the 2016 Pre-K Cohort. Any further results (e.g., in 2022 as a fourth grader) are excluded from this data set for this child.

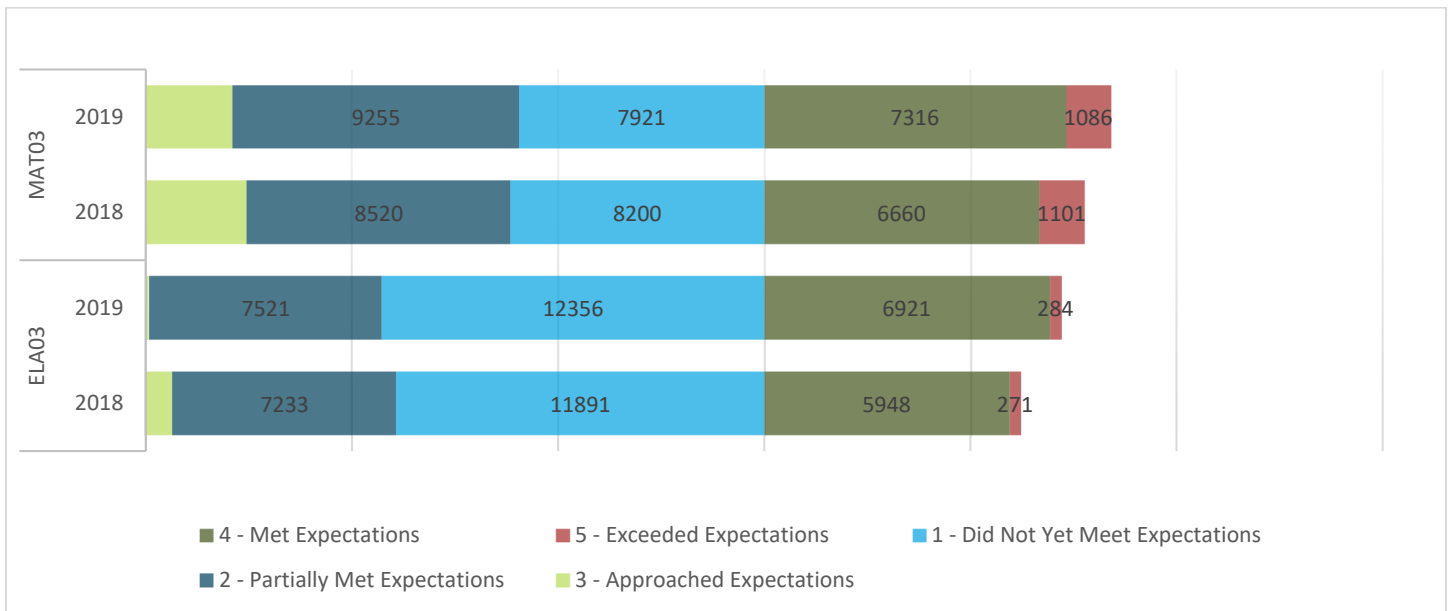

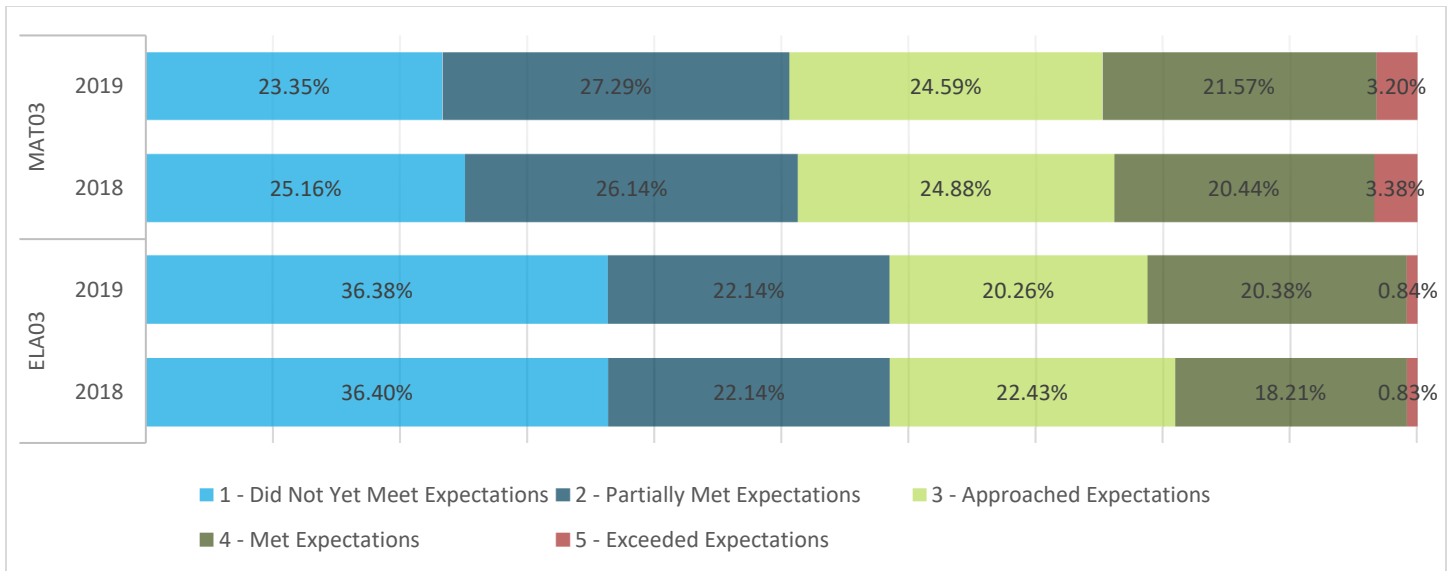

Figure 6 - Count (top) and percentage (bottom) of IAR achievement results for children previously enrolled in a PFA program

Budget, Expenditures, and Service Levels

The following table contains data used by ISBE to identify programs meeting the budgetary requirements for receiving PFA and PFAE funding. Service levels are the most important expression of how programs use PFA and PFAE funds. Comparing the “To Be Served” total with the “Actually Served” total is a simple way to identify programs using PFA and PFAE funds effectively.

Preschool for All

Table 6 – PFA Budget, expenditures, and service levels by program in FY 2022 and FY 2023

Attendance Data by Serving Location

Chronic absenteeism means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, as defined in Section 26-2a of the School Code, and out-of-school suspensions for an enrolled student.

Table 10 – Absence and attendance for programs in FY 2022 and FY 2023

Additional Resources

Quality Recognition and Improvement System

Preschool for All began to participate in the ExceleRate Illinois Quality Recognition and Improvement System (QRIS) in FY 2012. PFA/PFAE programs are monitored at least once every four years. PFA/PFAE programs are rated for quality based upon the Early Childhood Environment Rating Scale (ECERS-3) metric, as well as certain items on the [ISBE PFA/PFAE Compliance Checklist](#). The evaluated program is determined to fall into one of three Circles of Quality -- Gold, Silver, or Bronze – based on these metrics.
