Reinserts the provisions of the introduced bill with the following changes: In provisions amending the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004, provides that training for registered employees of a private detective agency, private detectives, and private security contractors may be provided in a classroom or seminar setting or via Internet-based online learning programs (rather than in a classroom setting or may be Internet-based online or other supervised computerized training); provides that the original form or a copy (rather than the form) that certifies that the employee successfully completed basic and annual training shall be placed in the employee's file with the employer for the period the employee remains with the employer (and makes conforming changes); and makes other changes. In provisions amending the Criminal Code of 2012, removes language that provides that specified provisions concerning the unlawful use of a weapon do not apply to an athlete's possession, transport on official Olympic and Paralympic transit systems established for athletes, or use of competition firearms sanctioned by the International Olympic Committee, the International Paralympic Committee, the International Shooting Sport Federation, or USA Shooting in connection with such athlete's training for and participation in shooting competitions at the 2016 Olympic and Paralympic Games and sanctioned test events leading up to the 2016 Olympic and Paralympic Games; specifies that, for certain security guards, 20 hours of training for a security officer and 28 (rather than 20) hours of firearm training are required to qualify for an exemption; and makes conforming changes.

House Floor Amendment No. 3

Replaces everything after the enacting clause. Reinserts the contents of the bill with the following changes: Makes changes to the definition of "grant index". Provides that during the first application cycle after June 30, 2022 (instead of June 30, 2021), the required local match and grant award amount may be adjusted if the applicant had previously expended funds on a school construction project on the 2004, 2005, or 2006 School Construction Grant List (instead of the 2004 School Construction Grant List). Provides that in that case, the grant award amount shall be increased by an amount equal to the amount of the grant the applicant would have received had it been awarded a grant in 2004, 2005, or 2006 based on the 2004, 2005, or 2006 School Construction Grant List and the year in which the school district applied for the grant (instead of increasing the grant award amount by an amount equal to the amount of the grant the applicant would have received had it been awarded a grant in 2004 based on the 2004 School Grant Construction List). Changes other dates. Provides that a school district shall have 2 years from the date the school district was issued a conditional grant award from the Capital Development Board to obtain the school district's required local match and receive a final grant award from the Capital Development Board. If the required local match is not obtained within the 2-year time frame, provides that the school district shall be required to reapply in another application cycle, after the 2-year time frame, to be considered for a grant award. Requires the State share of the grant amount in a conditional grant award that is not claimed by a school district within the 2-year time frame to be reallocated to future application cycles after the 2-year time frame expires. Effective immediately.

House Floor Amendment No. 4

In provisions concerning the School Construction Law, provides that the definition of grant index applies only to completed or partially completed, as determined by the Capital Development Board, school construction projects (rather than only to completed school construction projects) as specified.

105 ILCS 5/26A-30

Expands the provisions requiring the governing body of each school district, charter school, and nonpublic school to implement procedures for notice concerning an alleged act of sexual misconduct between an employee, agent, or contractor of the school and a student. Requires notice to be provided to the student prior to notification of the student's parents or guardian. In provisions concerning employment history review by a public or nonpublic school or contractor (instead of independent contractor) of certain applicants for employment, limits provisions to allegations or findings or sexual misconduct (rather than abuse or sexual misconduct). Requires an employer who has or had an employment relationship with an applicant to provide additional information about disclosed matters and records. Removes provision permitting a school or contractor from hiring an applicant on a provisional basis. Requires the State Board of Education to develop templates for employment history review. In provisions concerning confidentiality, permits disclosure to the parents or guardians of students of sexual misconduct between an employee, agent, or contractor of the school and the student. In provisions concerning suspension or revocation license, endorsement, or approval, adds sexual misconduct as grounds to initiate suspension or revocation. Changes the effective date to July 1, 2023 (rather than immediate).

Amends the Residential Real Property Disclosure Act. Changes the definition of "seller". Defines "contract". Changes the phrases "disclosure document" and "disclosure statement" to "disclosure report". Provides that if a seller is involved in specified types of transfers, the seller is exempt from the Act, regardless of whether a disclosure report is delivered. Provides that the seller shall deliver to the prospective buyer the written disclosure report before the signing of a contract (rather than before the signing of a written agreement by the seller and prospective buyer that would require the prospective buyer to accept a transfer of the residential real property). Provides that if, prior to closing, any seller becomes aware (rather than has actual knowledge) of an error, inaccuracy, or omission in any prior disclosure report or supplement after delivery of that disclosure report or supplement to a prospective buyer, that seller shall supplement the prior disclosure report. Makes changes to the disclosure report form. Provides that if a seller discloses a material defect in the disclosure report, a prospective buyer, within 5 (rather than 3) business days after receipt of the disclosure report, may terminate the contract. Provides that if a seller discloses a material defect in a supplement to the disclosure, the prospective buyer shall not have a right to terminate unless: (i) the material defect results from an error, inaccuracy, or omission of which the seller had actual knowledge at the time of the prior disclosure; (ii) the material defect is not repairable prior to closing; or (iii) the material defect is repairable prior to closing, but within 5 business days after delivery of the supplemental disclosure, the seller declines, or otherwise fails to agree in writing, to repair the material defect. In the provision requiring that any planned or unplanned disruption event notification sent to a health care facility also be sent to the State agencies within 5 business days, provides that notification shall be sent to the State agencies via email to the email addresses designated by the State agencies. Amends various Acts by replacing the term "accident", in relation to automobiles, motor vehicles, and traffic accidents, with the term "crash". Provides that a State agency may exhaust any forms or documents using "accident" prior to printing copies of a new version using "crash". Effective immediately.

House Floor Amendment No. 1

Provides that the amendatory Act is effective July 1, 2023 (rather than immediately).

Senate Committee Amendment No. 1

Provides that the intent of the amendatory Act is to clarify that not all crashes are accidental, as crash encompasses all types of motor vehicle impacts and collisions, including, but not limited to, an impact or collision caused by negligence, willful and wanton conduct, or an intentional act. Provides that the amendatory Act is not intended to alter the legal rights and obligations under current law of insurers, applicants, and policy holders.
