Replaces everything after the enacting clause. Amends the Illinois Income Tax Act and the Minimum Wage Law. Provides for an increase in the minimum wage and for a credit against withholding payments in relation to the increase. Increases the minimum wage to $9.25 per hour beginning January 1, 2020. Provides for annual increases in the minimum wage culminating in a minimum wage of $15 per hour beginning on January 1, 2025. Provides to employers with 50 or fewer full-time equivalent employees a credit against tax withheld beginning January 1, 2020. Reduces the credit beginning January 1, 2021. Provides employers may claim the credit amount in effect on January 1, 2025 until December 31, 2026 and that employers with no more than 5 employees may claim that credit until December 31, 2027. Authorizes the Department of Labor to perform random audits of employer to ascertain compliance with the Minimum Wage Law. Authorizes a penalty of $100 per employee for failure to maintain required records. Effective immediately.

Pension Note (Government Forecasting & Accountability)

There is no readily discernible fiscal impact associated with SB1, as engrossed. To the extent minimum wage workers participate in pension funds governed by the Pension Code, there could be an increase in accrued liability, but it would presumably be very small and likely actuarially insignificant.

State Debt Impact Note (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Fiscal Note (Dept of Revenue)
Increasing the minimum wage to $15 per hour over 6 years increases state revenues. The positive effect on tax revenue, in the form of income and sales taxes, is only slightly offset by the negative effect on income tax revenues of the tax credit extended to eligible businesses. Overall, the net impact of this proposed legislation is an increase in state revenues of nearly $390 million by fiscal year 2027.

The positive effect on tax revenue is produced by the additional income tax collection and sales tax collection given by higher wages and personal consumption expenditure in the state economy. We estimate Individual Income tax (IIT) revenue at the current individual income tax rate of 4.95 percent. The estimate for Sales Tax revenue values were decreased to account for the fact that the state does not tax services and receives no share of revenue on food for consumption off site, prescription drugs or certain medical devices.

The negative effect on Income tax revenue is due to the tax credit against withholdings. The tax credit for eligible employers is a declining percentage of the wage increment defined as the differential between the employee's hourly wage from the final quarter of the previous calendar year and the State's minimum wage of the present year. The credit, applied on a calendar year basis, is set to scale down over the course of the ramp (to year 2025) at which point the calculation of the credit shifts to a flat, fixed dollar amount. The schedule of credits is as follows: 25% credit in 2020; 21% credit in 2021; 17% credit in 2022; 13% credit in 2023; 9% credit in 2024, and 5% credit in 2025. In calendar year 2026, the credit for businesses is fixed to match the credit taken in 2025; in calendar year 2027, the credit for those businesses with 5 or fewer employees is fixed to match the credit taken in 2025.

In calculating the cost of the tax credit, we considered the number of minimum wage jobs increasing from $8.25 in 2019 to $10.00 in 2020, from $10.00 to $11.00 in 2021 and so on until 2027. We discounted those jobs in firms with more than 50 employees using Census bureau data on small firms in Illinois. We considered 1750 hours of work as full time in accordance with prior studies on the subject. All estimates above are static estimates, meaning that they do not account for changes in the labor supply and demand associated to the increase in labor cost.

Home Rule Note (Dept. of Commerce & Economic Opportunity)
This bill does not pre-empt home rule authority.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This bill does create a State mandate.

Balanced Budget Note (Office of Management and Budget)
Please be advised that the Balanced Budget Note Act does not apply to SB 1, as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Correctional Note (Dept of Corrections)
There is no fiscal or population impact on the Department of Corrections.

Judicial Note (Admin Office of the Illinois Courts)
This bill would neither increase nor decrease the number of judges needed in the State of Illinois.

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Replaces everything after the enacting clause. Amends the School Code. Creates the Children and Youth Who Are Parents, Expectant Parents, or Victims of Gender-Based Violence Article. Defines terms. Requires the State Board of Education to create the Ensuring Success in School working group to advise the State Board on the implementation, monitoring, and evaluation of the Article by schools and school districts, including the development of policies, procedures, and protocols to be implemented by schools and school districts; provides for the working group's membership. Every 2 years, requires each school district to review all existing policies and procedures and revise any existing policies and procedures that may act as a barrier to the immediate enrollment and re-enrollment, attendance, graduation, and success in school of any youth who is a parent, expectant parent, or victim of gender-based violence or any policies or procedures that may compromise a criminal investigation relating to gender-based violence or may re-victimize the youth. On or before July 1, 2020, requires each school district to adopt one procedure to resolve complaints of alleged incidents of student-perpetrated, gender-based violence; specifies procedure requirements. Requires each school district to adopt and implement a policy and protocol to ensure that all information concerning a youth's status and related experiences as a parent, expectant parent, or victim of gender-based violence provided to or otherwise obtained by the school district or its employees or agents shall be retained in the strictest confidence by the school district or its employees or agents. Requires each school district to designate or appoint at least one staff person at each school in the district who is employed at least part-time at the school and who is a school social worker, school psychologist, school counselor, school nurse, school teacher, or school administrator trained to address, in a culturally responsive, confidential, and sensitive manner, the needs of youth who are parents, expectant parents, or victims of gender-based violence; specifies the staff person's duties. Provides that a student who is a victim of gender-based violence must be permitted to transfer schools immediately and as needed, including to a school in another school district, if the student's continued attendance at a particular attendance center, school facility, or school location poses a risk to the student's mental or physical well-being or safety. Makes other changes. Amends the Illinois School Student Records Act to provide that all information concerning a student's status and related experiences as a parent, expectant parent, or victim of gender-based violence must be retained by the school in the strictest confidence. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. With regard to a student who is a victim of gender-based violence and who seeks transfer to another school, provides that the school district the student transfers to must be an adjoining school district, unless there is no attendance center, school facility, or school location in that district in which the student's attendance poses no risk to the student's mental or physical well-being or safety. Provides that the school district the student seeks to transfer to may deny a transfer to a particular attendance center if (i) the attendance center exceeds or, as a result of the transfer, would exceed its attendance capacity, (ii) the student does not meet the attendance center's academic criteria for enrollment, or (iii) the transfer would prevent the school district from meeting obligations under State or federal law, a court order, or a consent decree. Provides that if no adjoining school district is available for transfer, the student may transfer to another school district, unless there is no attendance center, school facility, or school location in that district in which the student's attendance poses no risk to the student's mental or physical well-being or safety. With regard to the Children and Youth Who Are Parents, Expectant Parents, or Victims of Gender-Based Violence Article, defines "sexual activity" and modifies other definitions. Changes the membership of the Ensuring Success in School working group and requires the members to serve for a term of 2 years, which may be extended for a second term. Requires the working group to incorporate the advice and recommendations of youth who are parents, expectant parents, and victims of gender-based violence into the working group's advice to the State Board of Education on the implementation, monitoring, and evaluation of the Article. Requires complaint resolution procedures to be adopted by each school district by January 1, 2021 (rather than July 1, 2020) and adds a complaint of a violation of the Article as part of the procedure; makes conforming changes. Makes other changes. Effective immediately.

Provides that each school district must adopt and implement a policy addressing sexual abuse investigations. Provides that, except for an educator licensed under the Educator Licensure Article of the Code, if a school board determines that any school district employee has willfully or negligently failed to report an instance of suspected child abuse or neglect, as required by the Abused and Neglected Child Reporting Act, then the school board may dismiss that employee immediately upon that determination. Provides that the State Superintendent of Education has the authority to initiate a suspension of or revoke the license of any educator licensed under the Educator Licensure Article of the Code if he or she negligently fails to report an instance of suspected child abuse or neglect. House Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill as amended by House Amendment No. 1 with the following changes. Provides that, every 2 years, each school district must review all existing policies and procedures concerning sexual abuse investigations at schools (rather than must adopt and implement a policy addressing sexual abuse investigations at schools) to ensure consistency with policies adopted under the School Code. Provides that, as a condition of employment, each school board must consider the status of a person who has been issued an indicated finding of abuse or neglect of a child by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act or by a child welfare agency of another jurisdiction (rather than no school board shall knowingly employ a person who has been issued those indicated findings). Changes the definition of "alleged incident of sexual abuse". Makes changes to what a school must comply with after an alleged incident of sexual abuse is accepted for investigation by the Department of Children and Family Services or a law enforcement agency and while the investigations are being conducted by the local multidisciplinary team. With regard to the Personnel Record Review Act, provides that certain disclosure requirements under the Act do not apply to a school district who is sharing information related to an incident or an attempted incident of sexual abuse or severe physical abuse (rather than a school district responding to an inquiry from a prospective employer). Fiscal Note, House Floor Amendment No. 5 ()
SB 00516 (CONTINUED)

SB 516 HA #5 makes multiple changes to the Illinois Gambling Act and State Fair Gaming Act. The Illinois Gaming Board ("IGB") is a regulatory and civil law enforcement agency. It is not a forecasting agency and does not have the capability and resources to provide a fiscal analysis of HA #5 within the required 5 day period. The changes HA #5 makes to the Chicago casino tax structure are new and, accordingly, have not been reviewed and analyzed by the IGB. Other significant changes contained in the bill, such as the extension of the reconciliation payment to 6 years and the removal of interest on those payments, will reduce state revenues by an unknown amount that the IGB cannot estimate. Further, the acceleration of the reduced tax rate for current casinos will decrease state revenues by a similarly unknown amount. This provision will also impose substantial administrative and operational burdens on the IGB if the tax rate change goes into effect in an accelerated manner as proposed in HA #5, thereby delaying the IGB's ability to implement this rate change and other gaming expansion items.

House Floor Amendment No. 6

In provisions amending the Illinois Gambling Act, provides that if at any point after June 1, 2020 there are no pending applications for an owners license for a newly authorized casino and not all owners licenses for newly authorized casinos have been issued (rather than if the Illinois Gaming Board does not issue all owners licenses for newly authorized casinos within the specified time period), then the Board shall reopen the license application process for owners licenses for newly authorized casinos that have not been issued. Provides that the Board shall follow the licensing process provided in the provisions with all time frames tied to the last date of a final order issued by the Board (instead of all time frames tied to the last date for issuing a license) rather than a specified date. Makes changes to the privilege tax rates for tables games to begin on the first date that a newly authorized casino conducts gambling operations.

Adds reference to:

230 ILCS 45/25-30

SB 01105 (CONTINUED)

Replaces everything after the enacting clause. Amends the Pediatric Palliative Care Act. Repeals a provision that made the
Act inoperative on and after July 1, 2012. Makes changes to the legislative findings. Provides that the General Assembly finds that
each year, approximately 1,500 (rather than 1,185) Illinois children are diagnosed with a serious illness (rather than with a potentially
life-limiting illness); and that community-based pediatric palliative services have been shown to keep children out of the hospital by
managing many symptoms in the home setting, thereby improving childhood quality of life while maintaining budget neutrality.
Requires the Department of Healthcare and Family Services to develop a pediatric palliative care program (rather than a pediatric
palliative care pilot program) under which a qualifying child may receive community-based pediatric palliative care from a trained
interdisciplinary team and may also choose to continue to pursue aggressive curative or disease-directed treatments for a serious
(rather than a potentially life-limiting) illness under the benefits available under Article V of the Illinois Public Aid Code. Defines a
qualifying child to be a person under the age of 19 (rather than 18) who is enrolled in the medical assistance program under the Illinois
Public Aid Code and who suffers from a serious illness (rather than a potentially life-limiting medical condition). Requires the
Department to apply to the federal Centers for Medicare and Medicaid Services for a State Plan amendment to implement the program.
Requires the Department to implement the State plan amendment within 12 months of the date of federal approval. Prohibits the
Department from drafting any rules in contravention of this timetable for program development and implementation. Removes all
provisions concerning application for a federal Medicaid waiver program authorized under the Social Security Act. Expands the list of
serious illnesses (rather than medical conditions) that render a person eligible for pediatric palliative care to include any other serious
illness that the Department determines to be appropriate. In a provision concerning authorized providers, provides that at a minimum, a
participating provider must house a pediatric interdisciplinary team that includes: (i) a physician, acting as the program medical
director, who is board certified or board eligible in pediatrics or hospice and palliative medicine; (ii) a registered nurse; and (iii) a
licensed social worker with a background in pediatric care. Requires all members of the pediatric interdisciplinary team to meet criteria
the Department may establish by rule, including demonstrated expertise in pediatric palliative care (rather than requiring all members
of the pediatric interdisciplinary team to submit to the Department proof of pediatric End-of-Life Nursing Education Curriculum
(Pediatric ELNEC Training) or an equivalent). Expands the list of reimbursable services offered under the program to include any
other services that the Department determines to be appropriate. Requires the Department, in consultation with interested stakeholders,
to establish standards for and provide technical assistance to managed care organizations, as defined in the Illinois Public Aid Code, to
ensure the delivery of pediatric palliative care services. Contains provisions concerning reporting requirements and criteria a case
manager must meet for demonstrated expertise in pediatric palliative care.

110 ILCS 947/40

Replaces everything after the enacting clause. Amends the Scholarships Article of the School Code. With regard to the MIA/POW Scholarship, provides that the definition of "eligible veteran or serviceperson" includes, among other requirements, a veteran or serviceperson who is a resident of Illinois at the time of application for the Scholarship and, at some point after leaving service, was a resident of Illinois for at least 15 consecutive years. Amends the Higher Education Student Assistance Act. With regard to the Illinois Veteran grant program, provides that a person is a qualified applicant if, despite not meeting other requirements, he or she is a resident of Illinois at the time of application to the Illinois Student Assistance Commission and, at some point after leaving federal active duty service, was a resident of Illinois for at least 15 consecutive years. Effective July 1, 2019.

Fiscal Note (Illinois Student Assistance Commission)
SB 1467 would extend eligibility for the IVG and MIA/POW programs to veterans who have, at some point after separation from service, lived in Illinois for 15 continuous years. ISAC does not have adequate information to provide a reliable estimate of the size of this newly-eligible population, nor the likelihood that newly-eligible individuals would take advantage of the program if SB 1467 becomes law. In FY18, 4,116 Illinoisans received IVG grants averaging $4,545, and for FY17 (most recent available),1,211 Illinoisans received MIA/POW grants averaging $2,487 (administered by IDVA). A 1% increase in the number of participants would be expected to increase IVG waivers by about $187,000 and MIA/POW waivers by about $30,000, for a total increase of $217,000 per percentage point increase in the number of eligible applicants. If the number of eligible applicants increased by 5%, the amount waived would be expected to increase by approximately $1.1 million above current levels. Notably, the affected programs require public universities and community colleges to waive tuition and fees for eligible applicants, whether or not the institution receives reimbursement from the state for providing the waiver. If not reimbursed through state appropriations, institutions must absorb or offset any costs incurred due to the programs (for example, through additional fees or tuition increases paid by other students).

20 ILCS 505/8 from Ch. 23, par. 5008

Amends the Children and Family Services Act. Requires the Department of Children and Family Services, subject to appropriations, to provide eligible youth an apprenticeship stipend to cover those costs associated with entering an apprenticeship, including, but not limited to fees, tuition for classes, work clothes, rain gear, boots, and occupation-specific tools. Provide that the following youth shall be eligible for an apprenticeship stipend: youth for whom the Department has court-ordered legal responsibility; youth who aged out of care at age 18 or older; or youth formerly under care who have been adopted and were the subject of an adoption assistance agreement or who have been placed in private guardianship and were the subject of a subsidized guardianship agreement. Limits the stipend to eligible youth who: (i) are enrolled in an approved apprenticeship training program; (ii) are not a recipient of any other scholarship or fee waiver provided by the Department; and (iii) are under the age of 26. Provides that apprenticeship stipends shall be available to an eligible youth for a maximum of 5 years after the youth enrolls in a qualifying apprenticeship program. Waives the age requirement and 5-year cap on the stipend for applicants who were unable to enroll in a qualifying apprenticeship program because the applicant: (i) was called into active duty with the United States Armed Forces; (ii) was deployed for service in the United States Public Health Service Commissioned Corps; or (iii) volunteered in the Peace Corps or the AmeriCorps. Requires the Department to develop outreach programs to ensure qualifying youths are aware of the availability of the apprenticeship stipends. Effective January 1, 2020.

Provides that certain youth may (rather than shall) be eligible for the apprenticeship stipend. Provides that, to receive a stipend, an applicant must be enrolled in an apprenticeship training program approved or recognized by the Illinois Department of Employment Security or an apprenticeship program approved by the United States Department of Labor (rather than an apprenticeship training program approved or recognized by the Illinois Department of Employment Security or a similar federal entity).

House Floor Amendment No. 2

Based on a review of the bill, it has been determined that the proposed legislation would neither increase nor decrease the number of judges needed in the state of Illinois.

Reinserts the provisions of Senate Amendment No. 1, but with the following changes: Provides that educational personnel required to report under the Abused and Neglected Child Reporting Act must do so only to the extent required under a specified provision of the Act (rather than only to the extent required in accordance with other provisions expressly concerning the duty of school board members to report suspected child abuse). Provides that when 2 or more persons who work within the same workplace and are required to report under the Act share a reasonable cause to believe that a child may be an abused or neglected child, one of those reporters may be designated to make a single report (rather than a single report may be made by a designated reporter). In a provision requiring mandated reporters to complete reporter training within 3 months of their date of engagement in a professional or official capacity as a mandated reporter, provides that the 3-month requirement may be extended to 6 months pursuant to any other applicable State law that governs training requirements for a specific profession. Requires certain medical personnel who work with children in their professional or official capacity to complete mandated reporter training at least every 6 years. Requires such medical personnel to attest at each time of licensure renewal on their renewal form that they understand they are a mandated reporter of child abuse and neglect, that they are aware of the process for making a report, that they know how to respond to a child in a trauma-informed manner, and that they are aware of the role of child protective services and the role of a reporter after a call has been made. Requires medical personnel who do not work with children in their professional or official capacity to make similar affirmations in lieu of repeated training.

Provides that if the court orders partition in kind, the court shall allocate to the cotenants that are unknown, unlocatable, or the subject of a default judgment, if their interests were not brought, a party of the property representing the combined interests of those cotenants as determined by the court. Provides that the court shall apportion the costs of the proceedings for the partition of heirs property among the parties in interest in the action, as the court deems just and equitable. House Floor Amendment No. 2

Replaces everything after the enacting clause. Amends the Environmental Protection Act. Provides that no person shall conduct ethylene oxide sterilization operations, unless the ethylene oxide sterilization source captures 100% of all ethylene oxide emissions and reduces ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source by at least 99.9% or to 0.2 parts per million. Requires that, within 180 days after the effective date of the amendatory Act or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after the effective date as an ethylene oxide sterilization source, the owner or operator of the ethylene oxide sterilization source shall conduct an initial emissions test. Sets forth criteria for the test and requires certain information concerning the test be submitted to the Environmental Protection Agency. Requires the owner or operator of the ethylene oxide sterilization source to conduct emissions testing on all exhaust points at the ethylene oxide sterilization source at least once each calendar year (at least 6 months apart) to demonstrate compliance with these requirements and any applicable requirements concerning ethylene oxide that are set forth in either United States Environmental Protection Agency rules or Pollution Control Board rules. Provides that if certain conditions are not met the owner or operator of an ethylene oxide sterilization source shall immediately cease ethylene oxide sterilization operations and notify the Agency within 24 hours of becoming aware of a failed emissions test. Within 60 days after the date of the test, requires the owner or operator of the ethylene oxide sterilization source to: complete an analysis to determine the root cause of the failed emissions test; take any actions necessary to address that root cause; submit a report to the Agency; and restart operations only to the extent necessary to conduct additional emissions tests. Provides that, beginning 180 days after the effective date of the amendatory Act or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after the effective date as an ethylene oxide sterilization source, no person shall conduct ethylene oxide sterilization operations unless the owner or operator of the ethylene oxide sterilization source submits for review and approval by the Agency an Ambient Air Monitoring Plan. Requires the owner or operator of an ethylene oxide sterilization source to apply for and obtain a construction permit from the Agency for any modifications made to the source to comply with the requirements of the amendatory Act and a modification of the source's operating permit to incorporate such modifications made to the source. Prohibits a person from conducting ethylene oxide sterilization operations unless the owner or operator of the ethylene oxide sterilization source has performed dispersion modeling and the Agency approves such modeling. Prohibits a facility that is permitted to emit ethylene oxide and subject to a seal order from using ethylene oxide for sterilization or fumigation purposes. Requires specified entities to notify the Agency of any property right in sterilization technology that does not involve the use of ethylene oxide. Provides that, within 30 days after discovering noncompliance with specified requirements the Agency must post a notice on its website and notify the specified persons and entities. Requires the Agency to conduct at least one unannounced inspection of all ethylene oxide sterilization sources subject to the provisions per year. Requires the Agency to (i) conduct air testing to determine ambient levels of ethylene oxide and (ii) submit rules for ambient air testing of ethylene oxide to the Board within 180 days after the amendatory Act's effective date. Effective immediately.

Fiscal Note, House Floor Amendment No. 5 (State Board of Elections)

It is our opinion the contents of Senate Bill 1863, as amended by House Floor Amendment #5 would have an impact on the fiscal operations of the State Board of Elections. We anticipate the contents of the bill will expend all of the allotted funding the SBE has received from the CARES Act, which is approximately $16,759,400 (including matching funds). The aforementioned funding would be expended through grants to local election authorities to help offset costs associated with this bill and other COVID-19 related expenditures. These costs include, but are not limited to: (1) Software programming costs incurred by the local election authorities to meet these requirements; (2) Expanded VBM costs: additional envelopes, certification envelopes, return envelopes, postage, additional costs associated with third-party vendors performing some or all of these services vs. election authorities performing them in-house, etc.; (3) Mail processing equipment: sorting, folding, processing, etc.; (4) Tabulation equipment: additional tabulators and/or higher volume tabulators.; (5) Additional temporary staffing and/or staffing overtime costs for pre- and post-election activities directly attributable to expanded VBM (i.e. - teams of 3 election judges are more than would be typically required for conducting the signature verification process, etc.); (6) Costs associated with personal protection equipment and sanitation supplies; (7) Purchase and installation of ballot drop boxes; (8) Increase costs associated with securing and staffing Election Day vote centers.

The State Board of Elections believes the CARES Act funding will not be sufficient to offset all of the costs associated with SB1863, as amended by House Floor Amendment #5

Judicial Note, House Floor Amendment No. 6 (Admin Office of the Illinois Courts)

Based on a review of the bill, it has been determined that the proposed legislation would neither increase nor decrease the number of judges needed in the state of Illinois.

State Debt Impact Note, House Floor Amendment No. 6 (Government Forecasting & Accountability)

SB 1863, as amended by House Amendment 6, would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.
