Amends the Unified Code of Corrections. Provides that no less than 30 days before the issuance of a warrant of arrest for nonpayment of a fine or an installment of a fine, a notice shall be mailed to the offender by first class mail to the most recent address which the offender has provided to the court. 625 ILCS 5/6-308

Amends the Illinois Vehicle Code. Further amends the Unified Code of Corrections. 305 ILCS 5/5-5.12d new

Amends the Medical Assistance Article of the Illinois Public Aid Code. Requires the Department of Healthcare and Family Services to permit medical assistance recipients, including those enrolled in managed care, to obtain pharmacy services from the pharmacy of their choice if the pharmacy is licensed under the Pharmacy Practice Act and accepts the professional dispensing fee for pharmacy services as determined by the Department. Provides that no managed care organization that contracts with the Department to provide services to recipients may restrict a recipient's access to pharmacy services to a selected group of pharmacies. Provides that if a managed care organization merges with or is acquired by another entity, the resulting entity may not restrict a recipient's access to pharmacy services to a selected group of pharmacies. Permits the Department to renegotiate with the resulting entity the terms of the managed care contract the Department had with the original managed care organization prior to the merger or acquisition. Requires the Department to contract with an independent research organization to conduct a study and submit a report on those managed care organizations that are contracted to provide services to recipients. Requires the report to include an analysis of pharmacy access for medical assistance recipients with the aim of identifying "pharmacy deserts"; an analysis of the costs and benefits of having managed care organizations administer health care services, including pharmacy services, to recipients; and other matters. Prohibits the Department from entering into any new contract with a managed care organization before the report has been received and analyzed by the Department and posted on its website. Effective immediately.

Balanced Budget Note (Office of Management and Budget)
Please be advised that the Balanced Budget Note Act does not apply to House Bill 591 as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Judicial Note (Admin Office of the Illinois Courts)
Based on a review of the bill, it has been determined that the proposed legislation would neither increase nor decrease the number of judges needed in the State of Illinois.

Pension Note (Government Forecasting & Accountability)
HB 591 will not have any impact on any public pension fund or retirement system in the State of Illinois.

State Debt Impact Note (Government Forecasting & Accountability)
HB 591 would not change the amount of authorization for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Home Rule Note (Dept. of Commerce & Economic Opportunity)
This bill does not pre-empt home rule authority.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This bill does not create a State Mandate.

Fiscal Note (Dept. of Healthcare & Family Services)
Representative La Shawn K. Ford
HB 00591 (CONTINUED)

The bill would require the Department to accept claims from any provider licensed under the Pharmacy Practice Act for services provided to recipients under the Medicaid fee-for-service (FFS) program or through a contractual managed care organization (MCO) entity. There would be a significant impact to liability for the MCO capitation rates. This bill has a total fiscal impact of $186 million.

from Ch. 111 1/2, par. 4052

Amends the Amusement Ride and Attraction Safety Act. Provides that "amusement ride" includes any trampoline court.

House Floor Amendment No. 1

Provides that "amusement ride" means, among other things, any dry slide, alpine slide, or toboggan slide that a person must pay to gain access to, but not a slide at a private residence, public or nonpublic school, daycare, or public park (rather than any dry slide, alpine slide, or toboggan slide). Provides that "trampoline court" does not include a gymnastic training facility that derives all (rather than a majority) of its revenue from supervised instruction in the teaching of gymnastic skills (rather than gymnastic skills and basics).

House Floor Amendment No. 2

Makes changes to the bill as amended by House Amendment No. 1 to provide that "amusement ride" does not include (1) any slide that is placed in a playground and that does not normally require the supervision or services of a person responsible for its operation; or (2) any slide that is not open to the general public and for which admission is monitored and strictly controlled by invitation, company or group identification, or other means of identification (rather than providing that "amusement ride" includes any dry slide, alpine slide, or toboggan slide that a person must pay to gain access to, but not a slide at a private residence, public or nonpublic school, daycare, or public park).

Senate Committee Amendment No. 1

Provides that the definition of "trampoline court" does not include a gymnastic training facility that only utilizes trampolines during the supervised instruction of gymnastic skills (currently, a gymnastic training facility that derives all of its revenue from supervised instruction in the teaching of gymnastic skills).

HB 00347 (CONTINUED)  

Amends the Illinois Public Aid Code. Provides that, to ensure full access to the benefits set forth in provisions regarding the Healthy Kids Program, on and after January 1, 2022, the Department of Healthcare and Family Services shall ensure that provider and hospital reimbursements for immunization as required under the provisions are no lower than the Medicare reimbursement rate. Amends the Immunization Data Registry Act. Provides that health care providers, physician's designees, or pharmacist's designees shall (rather than may) provide immunization data to be entered into the immunization data registry. Removes language providing that the immunization data need not be provided if the patient or the patient's parent or guardian, if the patient is less than 18 years of age, has completed and filed with the provider, physician's designee, or pharmacist's designee a written immunization data exemption form. Provides that the written information and the immunization data exemption forms must include information that the health care provider shall (rather than may) report immunization data to the Department of Public Health to be entered into the immunization data registry. Effective January 1, 2022.

House Floor Amendment No. 2
In provisions amending the Illinois Public Aid Code, provides that the Department of Healthcare and Family Services shall ensure that provider and hospital reimbursements for immunization are no lower than 70% of the regional maximum administration fee as established by the U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (rather than the Medicare reimbursement rate).

Fiscal Note, House Floor Amendment No. 2 (Dept. of Healthcare & Family Services)
Based on limited data availability, the annual impact of using 70% of Medicare rates for vaccine services for Medicaid participants under age 21 is estimated at $5.7 million, with $0.9 million for FFS claims and about $4.8 million impact to the MCO capitation rates. The FY 2022 impact for providing six months of services at the new rates would be about $2.9 million. There would be substantial administrative costs to change the pricing methodology to the provider level and for storage and programming changes to the claims processing and provider enrollment systems. Planning and implementation may take up to 12 months to complete, which would exceed the time available with the January 1, 2022 effective date.
Amends the Medical Assistance Article of the Illinois Public Aid Code. Requires perinatal doula services and evidence-based home visiting services to be covered under the medical assistance program for persons who are otherwise eligible for medical assistance. Provides that perinatal doula services include regular visits beginning in the prenatal period and continuing into the postnatal period, inclusive of continuous support during labor and delivery, that support healthy pregnancies and positive birth outcomes. Provides that perinatal doula services may be embedded in an existing program, such as evidence-based home visiting. Provides that perinatal doula services provided during the prenatal period may be provided weekly, services provided during the labor and delivery period may be provided for the entire duration of labor and the time immediately following birth, and services provided during the postpartum period may be provided up to 12 months postpartum. Requires the Department of Healthcare and Family Services to adopt rules. Requires the Department, during the rulemaking process, to consider the expertise of and consult with doula program experts, doula training providers, practicing doulas, and home visiting experts, along with State agencies implementing perinatal doula services and relevant bodies under the Illinois Early Learning Council. Requires the Department to seek any State plan amendments or waivers necessary to implement the amendatory Act and to secure federal financial participation for expenditures made by the Department for perinatal doula services and evidence-based home visiting services. Effective July 1, 2022.

HB 03488 (CONTINUED)

Amends the Illinois Municipal Code. Provides that when a person who intends to be a write-in candidate for an uncontested nonpartisan office has not timely filed nomination papers but has filed a written statement or notice of his or her intent, no primary ballot shall be printed (rather than requiring a primary ballot to be prepared and a primary election held if the write-in candidate is the fifth candidate filed). Provides that where no primary is held, a person intending to become a write-in candidate shall re-file a declaration of intent to be a write-in candidate for the general election with the appropriate election authority or authorities. Removes language: concerning requirements for the written statement or notice; and providing that an election authority has no duty to conduct a primary and prepare a ballot for an uncontested office, unless the written statement or notice is filed in a timely manner.

New Act

Creates the Birth Center Licensing Act. Provides that, except as provided by the Act, no person shall open, manage,
conduct, offer, maintain, or advertise as a birth center without a valid license issued by the Department of Public Health. Requires all
birth centers in existence as of the effective date of the Act to obtain a valid license to operate within 2 years after the adoption of rules
by the Department to implement the Act. Provides that an applicant for a license under the Act shall submit an application on forms
prescribed by the Department, which shall be accompanied by a nonrefundable license fee, as established by rule by the Department.
Provides that licenses under the Act are renewable every 3 years upon submission of specified materials. Requires birth centers, to the
extent possible, to link and integrate services with nearby health care facilities. Contains provisions concerning staffing requirements;
minimum standards to protect the health and safety of a patient of a birth center; and requirements for reimbursement, reporting,
training, and inspections. Requires the Department to adopt specified rules. Contains other provisions. Effective immediately.

House Floor Amendment No. 2
Represents Robyn Gabel  
HB 03995 (CONTINUED) 

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Makes changes concerning definitions. Refers to certified nurse midwives (rather than midwives). Provides that licenses under the Act are renewable every year (rather than every 3 years) upon submission of specified materials. Provides that birth centers shall obtain certificates of need from the Health Facilities and Services Review Board under the Illinois Health Facilities Planning Act before receiving a license by the Department of Public Health. Provides that if, after obtaining an initial certificate of need, a birth center seeks to increase the bed capacity of the birth center, the birth center must obtain a certificate of need from the Health Facilities and Services Review Board before increasing the bed capacity. Provides that a birth center in a medically underserved area shall receive priority in obtaining a certificate of need. Provides that a birth center shall link and integrate its services with at least one birthing hospital with a minimum of a Level 1 perinatal designation (rather than with nearby health care facilities). Provides that a birth center shall have an established agreement with a nearby receiving birthing center (rather than a written plan for transfer of patients). Provides that a birth center is encouraged to participate in quality improvement projects implemented by the Department of Public Health's Administrative Perinatal Centers and other Department-supported perinatal quality improvement projects. Requires clinicians, or their clinical representative, and attending persons in labor at a birth center to attend morbidity and mortality reviews that occur at the receiving birthing hospital on their patients. Requires the Department to require each birth center to report specified information every year (rather than every 3 years). Removes language requiring the Department to deem an accreditation body applicable to birth centers as a substitute for its own periodic inspection. Makes other changes.

410 ILCS 535/25.3
410 ILCS 535/25.4
410 ILCS 535/25.6 new

Amends the Vital Records Act. Removes language requiring that the State Registrar of Vital Records establish a new certificate of birth when he receives a declaration stating that a person has undergone treatment for the purpose of gender transition, or that the individual has an intersex condition, and that the sex designation on such person's birth record should therefore be changed. Provides that the State Registrar of Vital Records must establish a new certificate of birth when he receives a statement signed by the person in which the person attests to making the request for the purpose of affirming the person's gender identity or intersex condition and that the sex designation on the person's certificate of birth should therefore be changed. Provides that the fee for a new certificate of birth shall not be required from persons upon release from the Department of Corrections or the Department of Juvenile Justice, but the person is entitled to only one new certificate of birth fee waiver. Provides that the fee for a new certificate of birth shall be waived for specified persons. Provides that fees for a new certificate of birth and for a search of a birth record or a certified copy of a birth record shall be waived for all requests by a person who resides in a shelter for domestic violence. Requires the State Registrar of Vital Records to establish standards and procedures for the waiver of fees. Provides that a person who resides in a shelter for domestic violence must not be charged for verification. Provides that a person who knowingly or purposefully falsifies verification is subject to a penalty of $100. Provides that a person who resides in a shelter for domestic violence shall be provided no more than 4 birth records annually under the provisions. Effective January 1, 2022.

House Committee Amendment No. 1

Provides that a person's signed statement to receive a new birth certificate must indicate whether the certificate of birth should be changed to a male, female, or X designation (rather than just changed).

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This bill does not create a State Mandate.
Fiscal Note (Dept. of Public Health)
HB9 would not pose any fiscal cost aside from standard staff time with the rulemaking, the cost would be negligible.

Amends the Homeowners' Energy Policy Statement Act. Changes the definition of "solar storage mechanism" to include batteries. Provides that the entity may determine the specific configuration of the elements of a solar energy system on a given roof face, provided that it may not prohibit elements of the system from being installed on any roof face and that any such determination may not reduce the production of the solar energy system by more than 10% (rather than specific location where a solar energy system may be installed on the roof within an orientation to the south or within 45 degrees east or west of due south provided that the determination does not impair the effective operation of the solar energy system). Provides that within 60 (rather than 120) days after a homeowners' association, common interest community association, or condominium unit owners' association receives a request for a policy statement or an application from an association member, the association shall adopt an energy policy statement. Amends the Illinois Insurance Code. Provides that every insurer that amends, delivers, issues, or renews a group or individual policy of accident and health insurance or a qualified health plan offered through the health insurance marketplace in the State and Medicaid managed care organizations providing coverage for hospital or medical treatment shall provide coverage for medically necessary treatment of mental, emotional, nervous, or substance use disorders or conditions. Provides that an insurer shall not limit benefits or coverage for medically necessary services on the basis that those services should be or could be covered by a public program. Provides that an insurer shall base any medical necessity determination or the utilization review criteria on current generally accepted standards of mental, emotional, nervous, or substance use disorder or condition care. Provides that in conducting utilization review of covered health care services and benefits for the diagnosis, prevention, and treatment of mental, emotional, and nervous disorders or conditions in children, adolescents, and adults, an insurer shall exclusively apply the criteria and guidelines set forth in the most recent versions of the treatment criteria developed by the nonprofit professional association for the relevant clinical specialty. Provides that an insurer shall not apply different, additional, conflicting, or more restrictive utilization review criteria than the criteria and guidelines set forth in the treatment criteria. House Floor Amendment No. 1

In provisions concerning mental and emotional disorders, provides that an insurer shall not set a specific limit on the duration of benefits or coverage of medically necessary treatment of mental, emotional, nervous, or substance use disorders or conditions or limit coverage only to alleviation of the insured's current symptoms. Provides that nothing shall require the insurer to cover a treatment when the authorization was granted based on a material misrepresentation by the insured, the policyholder, or the provider. Provides that an insurer may apply specified utilization review criteria to health care services and benefits for mental, emotional, and nervous disorders or conditions that are outside the scope of specified criteria and guidelines or relate to advancements in technology or types of care that are not covered in the most recent versions of specified sources. Provides that if the Director of Insurance determines that an insurer has violated the provisions, the Director may assess a civil penalty between $1,000 and $5,000 for each violation (rather than between $5,000 and $20,000). Removes language that provides that changes in terminology, organization, or classification of mental, emotional, nervous, or substance use disorder or condition in future versions of specified publications shall not affect the conditions covered by provisions concerning mental and emotional disorders as long as a condition is commonly understood to be a mental, emotional, nervous, or substance use disorder or condition by health care providers practicing in relevant clinical specialties. Removes language that provides that an insurer shall not limit benefits or coverage for mental, emotional, nervous, or substance use disorders or conditions to short-term or acute treatment at any level of placement. Makes other changes. Changes the effective date to January 1, 2022 (rather than an immediate effective date).

HB 02928

(Sen. John F. Curran-Bill Cunningham)

New Act
Represents the Relieve College Costs Pilot Program Act. Creates a pilot program for a 4-year degree pathway based on texts that served as the core foundational basis for western civilization and the Enlightenment, under which one public high school, one public community college, and one public university shall develop a competency-based baccalaureate degree program for a Fundamental Issues and Texts Humanities Degree. Includes as goals of the program: (1) preparing students with skills relating to critical thinking, problem solving, rational inquiry, and oral and written communication needed for employment or further graduate study; (2) using open educational resources if available; (3) using online course options if available to reduce costs; (4) identifying pathway courses to promote dual credit course enrollment in the participating high school; and (5) having a $20,000 maximum tuition rate for the entirety of the degree pathway. Contains provisions concerning a program director, the curriculum, open educational resources, reporting, and rulemaking. Effective immediately.

House Floor Amendment No. 1

In provisions concerning the panel created by the State Board of Education, Illinois Community College Board, and Board of Higher Education, requires the panel to seek and identify initiatives to support the use of foundational materials and original sources that reside in the public domain or open educational resource materials in support of the degree program (rather than only to seek and identify initiatives to support the use of open educational resource materials). Provides that the panel is dissolved on January 31, 2023. Provides that a public institution, at the request of its board of trustees, must highlight the courses that use low-cost digital or print options for students (rather than courses that may have a lost-cost option for print versions).

Creates the Prescription Drug Repository Program Act. Requires the Department of Public Health to, by rule, establish a prescription drug repository program, under which any person may donate a prescription drug or supplies needed to administer a prescription drug for use by an individual who meets eligibility criteria specified by the Department. Sets forth requirements that prescription drugs or supplies must meet in order to be accepted and dispensed under the program. Provides that no drugs or supplies donated under the prescription drug repository program may be resold. Provides that nothing in the Act requires that a pharmacy or pharmacist participate in the prescription drug repository program. Provides for civil and criminal immunity for drug and supply manufacturers and individuals in relation to the donation, acceptance, or dispensing of prescription drugs or supplies under the prescription drug repository program. Imposes conditions on any rulemaking authority. Amends the Pharmacy Practice Act, the Wholesale Drug Distribution Licensing Act, the Senior Pharmaceutical Assistance Act, the Illinois Food, Drug and Cosmetic Act, the Illinois Controlled Substances Act, and the Cannabis and Controlled Substances Tort Claims Act to provide that persons engaged in donating or accepting, or packaging, repackaging, or labeling, prescription drugs to the extent permitted or required under the Prescription Drug Repository Program Act are exempt from provisions of those other Acts that might prohibit or otherwise regulate such activity.

House Committee Amendment No. 1

Provides that, notwithstanding any other law or rule, donors may donate drugs to recipients and recipients may receive donated drugs from donors. Provides that recipients shall only dispense or administer drugs to eligible patients, further donate drugs to another recipient, or dispose of drugs in accordance with specified provisions. Provides that drugs donated for use under the Act are considered nonsaleable. Provides that, when dispensing a drug to an eligible patient, the recipient must do so at no cost to the eligible patient, except that a reasonable handling fee may be charged. Provides that recipients may only dispense or administer a prescription drug or provide an over-the-counter drug if specified requirements are met. Provides that recipients shall, to the greatest extent practicable, dispense drugs received under the Act to priority patients. Provides that drugs may be accepted under the Act only if specified requirements are met. Contains requirements for the further donation of drugs by a recipient. Contains provisions regarding the disposition of specified drugs. Provides that nothing in the Act requires that a pharmacy or pharmacist be a recipient of drugs under the Act. Provides that the Act shall supersede any inconsistent law or rule for activities conducted under the Act. Contains other provisions. Amends the Pharmacy Practice Act, the Wholesale Drug Distribution Licensing Act, the Senior Pharmaceutical Assistance Act, the Illinois Food, Drug and Cosmetic Act, the Illinois Controlled Substances Act, and the Cannabis and Controlled Substances Tort Claims Act to provide that persons engaged in donating or accepting, or packaging, repackaging, or labeling, prescription drugs to the extent permitted or required under the Illinois Drug Reuse Opportunity Program Act are exempt from provisions of those other Acts that might prohibit or otherwise regulate such activity.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the engrossed bill with the following changes. In provisions creating the Prescription Drug Repository Program Act, provides that "prescription drug" does not include a drug for the treatment of cancer that can only be dispensed to a patient registered with the drug manufacturer in accordance with the federal Food and Drug Administration's requirements. Removes language providing that "recipient" includes a prescriber office. Provides that when dispensing a drug to an eligible patient, the recipient must do so at no cost to the eligible patient, except that a uniform reasonable handling fee (rather than a reasonable handling fee) may be charged. Provides that a drug may be accepted under the Act only if, in addition to other requirements, the donor has removed or redacted any patient name and prescription number and any other patient identifying information (rather than removed or redacted any patient name and prescription number) on the drug or otherwise maintains patient confidentiality by executing a confidentiality agreement with the recipient according to all State and federal medical patient privacy laws, rules, or regulations (rather than or otherwise maintains patient confidentiality by executing a confidentiality agreement with the recipient).

Amends the Illinois Human Rights Act. Provides that it is the public policy of the State to prevent discrimination based on the specific status or term of status that accompanies a legal work authorization. Defines "work authorization status" as the status of being a person born outside of the United States, and not a U.S. citizen, who is authorized by the federal government to work in the United States. Provides that it is a civil rights violation for: (1) any employer to refuse to hire, to segregate, to engage in harassment, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of work authorization status; (2) any employment agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer for employment, or refer for apprenticeship on the basis of work authorization status; (3) any labor organization to limit, segregate, or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment, or apprenticeship conditions on the basis of work authorization status; and (4) any employer to refuse to honor work authorization based upon the specific status or term of status that accompanies the authorization to work. Provides that it is a civil rights violation for a person, or for 2 or more persons, to conspire to retaliate against a person because he or she has opposed that which he or she reasonably and in good faith believes to be discrimination based on work authorization status. Makes conforming changes. Effective immediately.

Amends the Chicago Teacher Article of the Illinois Pension Code. Provides that in case any officer whose signature appears upon any check or draft, issued pursuant to the Article, ceases to hold office, the signature nevertheless shall be valid and sufficient for all purposes. Removes language concerning checks or drafts signed by an officer who ceases to hold office before the delivery of the check to the payee. Provides that if the Fund mistakenly sets any benefit at an incorrect amount, the Fund shall recalculate the benefit as soon as may be practicable after the mistake is discovered. Provides that if the benefit was mistakenly set too high, the Fund may recover the amount overpaid from the recipient plus interest at 3% from the date of overpayment to the date of recovery. Contains provisions concerning repayment of the overpaid amount. Provides that if (1) the amount of the benefit was mistakenly set too high, (2) the error was undiscovered for 3 years or longer from the date of the first mistaken benefit payment, and (3) the error was not the result of incorrect information supplied by the affected member, then upon discovery of the mistake the benefit shall be adjusted to the correct level, but the recipient of the benefit shall not be required to repay to the Fund the excess amounts received in error. 735 ILCS 5/21-103 from Ch. 110, par. 21-103

Deletes a provision concerning objections relating to specificity, timing, filing, and form. Provides that a person who has been convicted of a felony offense in this State or any other state and whose sentence has not been terminated, completed, or discharged is not permitted to file a petition for a name change in the courts of this State unless that person is pardoned for the offense. Adds “name” to two section headings to reflect the duty to report a legal name change. Provides that certain objections shall be served upon the petitioner. Replaces a repeal of a provision concerning notice by publication with a change to the provision providing that the court may issue an order directing that the notice and publication requirement be waived for a change of name involving a person who files with the court a statement verified under oath that the person believes that publishing notice of the name change would be a hardship, including but not limited to, a negative impact on the person’s health or safety. Provides that in a case where waiver of the notice and publication requirement is sought, the petition for waiver will be presumed granted and heard at the same hearing as the petition for name change. Provides that the court retains discretion to determine whether a hardship is shown and may order the petitioner to publish thereafter.

House Committee Amendment No. 1

Changes the definition of “administering State agency” to any agency or department of the State that is eligible to receive a direct federal allocation of federal Emergency Rental Assistance funds that will disburse funds and administer all or a portion of the Federal Emergency Rental Assistance Program. Deletes the definition of “recipient” or “program recipient”. Provides that any State agency administering the program shall provide rental assistance (rather than “program recipients with relief payments”) in an amount based on stated need rather than on a flat or fixed amount. Provides that the administering State agency shall make any joint program application forms available. Deletes language requiring the administering State agency to make program application forms for utility providers available.

Fiscal Note (Dept. of Human Services)

The source for the Rental Assistance Program is federal and pending the final determination of the agency responsible for implementing the Covid-19 Federal Emergency Rental Assistance Program, The Department of Human Services does not anticipate a significant fiscal impact to the department to carry out the duties required by HB 2877.

Amends the Illinois Act on the Aging. In provisions concerning the powers and duties of the Department on Aging under
the Act, requires the Department to work with workforce development providers through the federal Workforce Innovation and
Opportunity Act to establish and implement an affirmative action employment plan for the recruitment, hiring, training, and retraining
of persons 60 or more years old for jobs for which their employment would not be precluded by law (rather than requiring the
Department to make a grant to an institution of higher learning to study the feasibility of establishing and implementing an affirmative
action employment plan for the recruitment, hiring, training, and retraining of persons 60 or more years old for jobs for which their
employment would not be precluded by law). Requires the Department to conduct demonstration projects to identify additional ways
to assist aging and minority senior citizens throughout the State (rather than requiring the Department to conduct a study of the
feasibility of implementing the Senior Companion Program throughout the State). In a provision requiring the Department on Aging
and the Department of Human Services to file a joint report with the Governor and the General Assembly, removes the requirement
that the report be filed on or before September 30 of each year. Requires the Department on Aging and other specified agencies to
submit an annual report on programs and services for minority senior citizens in the State to be filed with the Governor and the

New Act
Represents the Racial Disproportionality in Child Welfare Task Force Act. Creates the Racial Disproportionality in Child Welfare Task Force within the Department of Children and Family Services. Requires the Task Force to examine the historical and current role of mandatory reporting and its impact on the racial and gender disparities of families involved with the Department of Children and Family Services; examine the underlying factors that bring families into contact with the Department and the factors that lead to child removal; review the Department's progress on the planning and implementation of the Family First Prevention Services Act; examine the current processes and policies, data, and data collection methods for families involved simultaneously in the child welfare, juvenile justice, or criminal justice systems; explore policies and protocols for race-blind child protection screenings and child removal reviews; and other duties. Contains provisions concerning the composition of the Task Force and Task Force meetings. Requires the Task Force to submit a report to the General Assembly and the Governor within one year after the Task Force has its first meeting. Provides that the report shall contain policy recommendations that seek to prioritize preserving and reunifying families involved in the child welfare system, particularly Black families; reduce child welfare system involvement, particularly for Black families; and eliminate racial disproportionality in system involvement and the disproportionate impact of system involvement on families. Provides that the Task Force is dissolved, and the Act repealed, on January 1, 2024. Effective immediately.

House Committee Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Provides that the Task Force shall include one member (rather than 2 members) from an organization with expertise in the child welfare system that advocates to preserve and reunify families, appointed by the Governor's Office; 2 members who provide legal representation on behalf of the State of Illinois in child protection cases, one from the Cook County State's Attorney's Office, appointed by the Governor's Office, and one from a State's Attorney's office outside of Cook County, appointed by the Governor's Office; and one member from a statewide organization advocating for the advancement of civil liberties for at least 80 years in Illinois, appointed by the Governor's Office. Provides that the Department of Children and Family Services shall facilitate the prompt and timely collection and provision of data as requested by or on behalf of the Task Force. Requires the Task Force to explore policies and protocols that honor language, culture, and heritage in identity formation and familial relationships, including, but not limited to, race-blind child protection screenings and child removal reviews, as implemented in other jurisdictions around the United States, and to make recommendations for implementation in Illinois. Effective immediately.

House Floor Amendment No. 2
Provides that any data provided by the Department of Children and Family Services to the Racial Disproportionality in Child Welfare Task Force shall not contain any personally identifiable information of any clients or families in accordance with the provisions of the Abused and Neglected Child Reporting Act.

Amends the Illinois Act on the Aging. In provisions concerning the powers and duties of the Department on Aging under the Act, requires the Department to work with workforce development providers through the federal Workforce Innovation and Opportunity Act to establish and implement an affirmative action employment plan for the recruitment, hiring, training, and retraining of persons 60 or more years old for jobs for which their employment would not be precluded by law (rather than requiring the Department to make a grant to an institution of higher learning to study the feasibility of establishing and implementing an affirmative action employment plan for the recruitment, hiring, training, and retraining of persons 60 or more years old for jobs for which their employment would not be precluded by law). Requires the Department to conduct demonstration projects to identify additional ways to assist aging and minority senior citizens throughout the State (rather than requiring the Department to conduct a study of the feasibility of implementing the Senior Companion Program throughout the State). In a provision requiring the Department on Aging and the Department of Human Services to file a joint report with the Governor and the General Assembly, removes the requirement that the report be filed on or before September 30 of each year. Requires the Department on Aging and other specified agencies to submit an annual report on programs and services for minority senior citizens in the State to be filed with the Governor and the General Assembly within 12 months of the closing of the lapse period for the fiscal year included in the report.

Amends the School Code. With regard to the student discipline report, provides that the report must include data on the total number of school days missed by a student due to an out-of-school suspension or expulsion and data on the number of arrests made by law enforcement officers of students on school grounds, in school vehicles, at school activities or school-sanctioned events, or as a result of referrals by school officials. Provides that the report must be disaggregated by whether a student qualifies for services under the federal Individuals with Disabilities Education Act, the total number of school days missed by the student, and the incident type that caused the suspension, expulsion, or removal to an alternative setting. Provides that, in compiling the report, the State Board of Education must use the same disclosure avoidance standards used by the United States Department of Education in its public reporting of data submitted by each school district as part of the Civil Rights Data Collection and must also ensure that cross-tabulation by the various categories of disaggregation is possible. Requires the State Superintendent of Education to convene an Equitable and Restorative School Discipline Advisory Council to advise the State Board of Education on the ongoing implementation of school discipline policies in this State. Makes other changes. Effective immediately.

HB 01745

215 ILCS 134/45.3 new

Amends the Managed Care Reform and Patient Rights Act. Requires health insurance carriers that provide coverage for prescription drugs to ensure that, within service areas and levels of coverage specified by federal law, at least half of individual and group plans meet one or more of the following criteria: apply a pre-deductible and flat-dollar copayment structure to the entire drug benefit, limit a beneficiary's monthly out-of-pocket financial responsibility for prescription drugs to a specified amount, or limit a beneficiary's annual out-of-pocket financial responsibility for prescription drugs to a specified amount. Provides that all plans for prescription drugs offered under the amendatory Act must be clearly and appropriately named, marketed in the same manner as other plans offered by the health insurance carrier, and offered for purchase to any individual and group plan sponsor. Effective January 1, 2022.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Managed Care Reform and Patient Rights Act. In provisions concerning individual health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall ensure that at least 10% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall ensure that at least 25% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit. In provisions concerning group health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall offer at least one group health plan in each applicable service area that applies a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall offer at least 2 group health plans in each applicable service area that apply a flat-dollar copayment structure to the entire drug benefit. Provides that the flat-dollar copayment structure for prescription drugs must be applied pre-deductible and be reasonably graduated and proportionately related in all tier levels such that the copayment structure as a whole does not discriminate against or discourage the enrollment of individuals with significant health care needs. Requires the health insurance carriers to clearly and appropriately name the plans to aid in individual or group plan selection. Requires the health insurance carriers to market the plans in the same manner as their other plans. Requires the Department of Insurance to adopt rules necessary to implement and enforce the provisions. Effective January 1, 2023.

(Sen. Ann Gillespie)

305 ILCS 5/5-5.07

Provides that if and only if Senate Bill 1510 of the 101st General Assembly becomes law, then the Medical Assistance Article of the Illinois Public Aid Code is amended by making a provision that concerns the DCFS per diem rates for inpatient psychiatric stays operative through July 1, 2023 (rather than through June 30, 2021). Effective immediately or on the date Senate Bill 1510 of the 101st General Assembly takes effect, whichever is later.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following change. Adds hospitals with a pediatric or adolescent inpatient psychiatric unit to the type of hospitals that the Department of Children and Family Services is required to pay the DCFS per diem rate for inpatient psychiatric stays.

750 ILCS 5/413 from Ch. 40, par. 413

Amends the Arsonist Registration Act, the Sex Offender Registration Act, and the Murderer and Violent Offender Against Youth Registration Act. Provides that a person required to register under the Act may change her or his name if the change is due to marriage, religious beliefs, status as a victim of trafficking or gender-related identity as defined by the Illinois Human Rights Act. Requires the person to report the name change within 10 days to the law enforcement agency with whom they last registered. Amends the Code of Civil Procedure. Provides further requirements for when name changes may and may not be granted. Provides that a petition for this change shall be a statewide, standardized form approved by the Illinois Supreme Court and include a warning about when a name change may be charged as a felony. Provides when an objection to the name change may be filed. Deletes notice by publication language.

House Floor Amendment No. 1
Deletes reference to:
735 ILCS 5/21-103 rep.
Adds reference to:
735 ILCS 5/21-103 from Ch. 110, par. 21-103

Deletes a provision concerning objections relating to specificity, timing, filing, and form. Provides that a person who has been convicted of a felony offense in this State or any other state and whose sentence has not been terminated, completed, or discharged is not permitted to file a petition for a name change in the courts of this State unless that person is pardoned for the offense. Adds “name” to two section headings to reflect the duty to report a legal name change. Provides that certain objections shall be served upon the petitioner. Replaces a repeal of a provision concerning notice by publication with a change to the provision providing that the court may issue an order directing that the notice and publication requirement be waived for a change of name involving a person who files with the court a statement verified under oath that the person believes that publishing notice of the name change would be a hardship, including but not limited to, a negative impact on the person’s health or safety. Provides that in a case where waiver of the notice and publication requirement is sought, the petition for waiver will be presumed granted and heard at the same hearing as the petition for name change. Provides that the court retains discretion to determine whether a hardship is shown and may order the petitioner to publish thereafter.

Provides that health care providers, physician's designees, or pharmacist's designees shall (rather than may) provide immunization data to be entered into the immunization data registry. Removes language providing that the immunization data need not be provided if the patient or the patient's parent or guardian, if the patient is less than 18 years of age, has completed and filed with the provider, physician's designee, or pharmacist's designee a written immunization data exemption form. Provides that the written information and the immunization data exemption forms must include information that the health care provider shall (rather than may) report immunization data to the Department of Public Health to be entered into the immunization data registry. Effective January 1, 2022.

House Floor Amendment No. 2

In provisions amending the Illinois Public Aid Code, provides that the Department of Healthcare and Family Services shall ensure that provider and hospital reimbursements for immunization are no lower than 70% of the regional maximum administration fee as established by the U.S. Department of Health and Human Services’ Centers for Medicare and Medicaid Services (rather than the Medicare reimbursement rate).

Fiscal Note, House Floor Amendment No. 2 (Dept. of Healthcare & Family Services)

Based on limited data availability, the annual impact of using 70% of Medicare rates for vaccine services for Medicaid participants under age 21 is estimated at $5.7 million, with $0.9 million for FFS claims and about $4.8 million impact to the MCO capitation rates. The FY 2022 impact for providing six months of services at the new rates would be about $2.9 million. There would be substantial administrative costs to change the pricing methodology to the provider level and for storage and programming changes to the claims processing and provider enrollment systems. Planning and implementation may take up to 12 months to complete, which would exceed the time available with the January 1, 2022 effective date.

Amends the Illinois Human Rights Act. Provides that it is the public policy of the State to prevent discrimination based on
the specific status or term of status that accompanies a legal work authorization. Defines "work authorization status" as the status of
being a person born outside of the United States, and not a U.S. citizen, who is authorized by the federal government to work in the
United States. Provides that it is a civil rights violation for: (1) any employer to refuse to hire, to segregate, to engage in harassment, or
to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge,
discipline, tenure or terms, privileges or conditions of employment on the basis of work authorization status; (2) any employment
agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer
for employment, or refer for apprenticeship on the basis of work authorization status; (3) any labor organization to limit, segregate,
or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or
otherwise to take or fail to take, any action which affects adversely any person's status as an employee or as an applicant for
employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment, or apprenticeship
conditions on the basis of work authorization status; and (4) any employer to refuse to honor work authorization based upon the
specific status or term of status that accompanies the authorization to work. Provides that it is a civil rights violation for a person, or
for 2 or more persons, to conspire to retaliate against a person because he or she has opposed that which he or she reasonably and in
good faith believes to be discrimination based on work authorization status. Makes conforming changes. Effective immediately.

HB 00232

40 ILCS 5/1-110.16

Amends the General Provisions Article of the Illinois Pension Code. Requires the Illinois Investment Policy Board to make its best efforts to identify all for-profit companies that contract to shelter migrant children and include those companies in the list of restricted companies for purposes of investment distributed to each retirement system and the Illinois State Board of Investment. 40 ILCS 5/1-110.17 new

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Provides that a retirement system shall adhere to specified procedures for restricted companies that are for-profit companies that contract to shelter migrant children. Provides that if, at least 4 years after the effective date of an amendatory Act that initially establishes a prohibited transaction under this Article, the Illinois Investment Policy Board concludes that divestment is no longer necessary due to achievement of the underlying goals of the amendatory Act establishing the prohibited transaction, changes in status surrounding the prohibited transactions, or other verifiable reasons, the Illinois Investment Policy Board may cease actions to require divestment, identify restricted companies, or prohibit transactions by a majority vote of the Illinois Investment Policy Board if: (1) no less than one year prior to the change in policy, the Illinois Investment Policy Board notifies, in writing, the General Assembly of the change in policy and lists the reasons for changing the policy; and (2) the General Assembly does not, before the change in policy, adopt a House Resolution or a Senate Resolution instructing the Illinois Investment Policy Board to not change the policy. New Act

Creates the Birth Center Licensing Act. Provides that, except as provided by the Act, no person shall open, manage, conduct, offer, maintain, or advertise as a birth center without a valid license issued by the Department of Public Health. Requires all birth centers in existence as of the effective date of the Act to obtain a valid license to operate within 2 years after the adoption of rules by the Department to implement the Act. Provides that an applicant for a license under the Act shall submit an application on forms prescribed by the Department, which shall be accompanied by a nonrefundable license fee, as established by rule by the Department. Provides that licenses under the Act are renewable every 3 years upon submission of specified materials. Requires birth centers, to the extent possible, to link and integrate services with nearby health care facilities. Contains provisions concerning staffing requirements; minimum standards to protect the health and safety of a patient of a birth center; and requirements for reimbursement, reporting, training, and inspections. Requires the Department to adopt specified rules. Contains other provisions. Effective immediately.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Makes changes concerning definitions. Refers to certified nurse midwives (rather than midwives). Provides that licenses under the Act are renewable every year (rather than every 3 years) upon submission of specified materials. Provides that birth centers shall obtain certificates of need from the Health Facilities and Services Review Board under the Illinois Health Facilities Planning Act before receiving a license by the Department of Public Health. Provides that if, after obtaining an initial certificate of need, a birth center seeks to increase the bed capacity of the birth center, the birth center must obtain a certificate of need from the Health Facilities and Services Review Board before increasing the bed capacity. Provides that a birth center in a medically underserved area shall receive priority in obtaining a certificate of need. Provides that a birth center shall link and integrate its services with at least one birthing hospital with a minimum of a Level 1 perinatal designation (rather than with nearby health care facilities). Provides that a birth center shall have an established agreement with a nearby receiving birthing center (rather than a written plan for transfer of patients). Provides that a birth center is encouraged to participate in quality improvement projects implemented by the Department of Public Health's Administrative Perinatal Centers and other Department-supported perinatal quality improvement projects. Requires clinicians, or their clinical representative, and attending persons in labor at a birth center to attend morbidity and mortality reviews that occur at the receiving birthing hospital on their patients. Requires the Department to require each birth center to report specified information every year (rather than every 3 years). Removes language requiring the Department to deem an accreditation body applicable to birth centers as a substitute for its own periodic inspection. Makes other changes.

House Committee Amendment No. 1

Adds reference to:

5 ILCS 100/5-45.8 new

Adds reference to:

35 ILCS 5/704A

Replaces everything after the enacting clause. Creates the Investing in Illinois Works Tax Credit Act. Provides that each owner or operator, as defined in the Illinois Hazardous Materials Workforce Training Act, may apply for a credit against withholding payments due under the Illinois Income Tax Act for each member of its skilled and trained workforce who is also a qualifying graduate. Provides limitations on the credit. Creates the Access to Apprenticeship Act. Provides that no preapprenticeship or apprenticeship program may require a recommendation from a union member or any other person as a condition of acceptance. Amends the Illinois Administrative Procedure Act and the Illinois Income Tax Act to make conforming changes. Creates the Illinois Hazardous Workforce Materials Training Act. Requires workers at high hazard facilities to obtain minimum approved safety training, provided by the Occupational and Safety Health Administration, and to file a certificate of completion with the Department of Labor. Contains enforcement provisions. Provides that the Act does not apply to any owner or operator that has an executed national or local labor agreement in effect pertaining to the performance of construction work at a given facility or site under the terms of the agreement. Requires applicable apprenticeship and training programs, approved by and registered with the U.S. Department of Labor's Office of Apprenticeship, providing minimum approved safety training for workers in high hazard facilities and contractors employing workers at high hazard facilities to file an annual report with the Department and the Illinois Works Review Panel. Provides that an owner or operator who violates the requirements of the Act shall be subject to a minimum civil penalty of $10,000 for each violation. Requires all moneys received by the Department as fees and civil penalties under the Act to be deposited into the Illinois Works Fund to be used to recruit, prescreen, and provide preapprenticeship skills training. Contains other provisions. Effective January 1, 2022.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of House Amendment No. 1 with the following changes. In provisions creating the Investing in Illinois Works Tax Credit Act, makes changes to provisions concerning definitions. Provides that each owner or operator may claim an amount equal to $2,500 (rather than may apply for a credit up to 45% of qualified wages paid) against a tax imposed under specified provisions of the Illinois Income Tax Act for each member of its skilled and trained workforce who is also a qualifying graduate. Contains provisions regarding the application process for the credit. Provides that the credit shall not be awarded more than an aggregate of $20,000,000 in total tax credits. Contains provisions regarding penalties and recapture. Makes other changes. In provisions creating the Illinois Hazardous Workforce Materials Training Act, provides that the Illinois Department of Labor (rather than the Attorney General's Workers Rights Bureau, in conjunction with the Department) must certify that an emergency warrants noncompliance with the Act. Makes other changes. In provisions amending the Illinois Income Tax Act, removes changes to the reporting periods upon which the amount computed for maximum credit is based. Makes other changes. Effective January 1, 2022.

Fiscal Note, House Floor Amendment No. 2 (Dept. of Labor)

215 ILCS 5/356z.22

Amends the Illinois Insurance Code. Includes the delivery of covered health care services by way of telephone usage in the definition of "telehealth services". Provides that health care services that are covered under an individual or group policy of accident or health insurance must be covered when delivered via telehealth services when clinically appropriate, subject to specified conditions (rather than requiring an individual or group policy of accident or health insurance to comply with specified conditions if it provides coverage for telehealth services). Provides that patient cost-sharing may be no more than if the health care service were delivered in person. Provides that no excepted benefit policy may deny or reduce any benefit to a patient based on the use of clinically appropriate telehealth services in the course of satisfying the policy's benefit criteria.

House Committee Amendment No. 1
Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. In provisions concerning health care services that are covered under an individual or group policy of accident and health insurance that must be covered when delivered via telehealth services when clinically appropriate, provides that reimbursement to a health care provider for telehealth services for behavioral health services provided through an interactive telecommunications system shall be made on the same basis, in the same manner, and at the same rate as would be applied for the same services if they had been delivered in-person and shall include reasonable compensation to a facility that serves as the originating site at the time a telehealth service is rendered. Provides that with respect to telehealth benefits provided in an individual or group policy of accident or health insurance, insurers may not (rather than an individual or group policy of accident or health insurance may not) require patients to use a separate panel of health care providers to receive telehealth service coverage and reimbursement; create geographic or facility restrictions or requirements for telehealth services; require patients or health care providers to prove a hardship or access barrier before the approval of telehealth services for coverage or reimbursement; negotiate different contract rates for telehealth services and in-person services for behavioral health services; or impose upon telehealth services utilization review requirements that are unnecessary, duplicative, or unwarranted or impose any treatment limitations, prior authorization, documentation, or recordkeeping requirements that are more stringent than the requirements applicable to the same health care service when rendered in-person. Provides that health care providers shall determine the appropriateness of specific sites, technology platforms, and technology vendors for a telehealth service, as long as delivered services adhere to privacy laws. Defines terms.

Amends the All-Inclusive Care for the Elderly Act. Changes the name of the Act to the "Program of All-Inclusive Care for the Elderly Act". Provides that no later than March 1, 2022, the Department of Healthcare and Family Services must submit a State Plan amendment to the federal Centers for Medicare and Medicaid Services (CMS) to establish the Program of All-Inclusive Care for the Elderly (PACE program) to provide community-based, risk-based, and capitated long-term care services as optional services under the State's Medicaid Plan and under contracts entered into between CMS, the Department, and PACE organizations. Provides that beginning June 1, 2022, or upon federal approval, the Department must develop the PACE program in consultation with nursing homes, Area Agencies on Aging, and others interested in the well-being of Illinois' elderly residents. Provides that no later than June 30, 2022, the Department must have prepared a comprehensive plan that describes on a county by county basis how PACE services will be delivered within the designated region. Requires the Department, by August 1, 2022, to issue a request for proposals seeking organizations to enter into risk-based contracts. Provides that no later than October 1, 2023, the Department shall begin accepting applications for the PACE program and shall begin approving applications by November 1, 2023. Provides that certain federal requirements of the PACE model shall not be waived or modified. Contains provisions concerning the treatment of income and resources to determine applicant eligibility; capitation rates for PACE organizations; and other matters. Amends the Illinois Public Aid Code. Provides that subject to federal approval, PACE services shall become a covered benefit of the medical assistance program. Effective immediately.

Fiscal Note (Dept. of Healthcare & Family Services)
The Department of Healthcare and Family Services anticipates that approximately 3 - 6 PACE organizations would begin operation between a target start date of 7/1/23 and a target end date of 6/30/24. It is anticipated that capacity at each center would be roughly 500 individuals. At a per member per month rate of $616 the cost would be between $924,000 and $1,848,000. This fiscal impact has been put together with very broad assumptions, as at this point, it is difficult to determine exactly how many areas of the state will be able to support a PACE program, and thus, the number of enrollees is a very general estimate. It is important to note, the cost of the PACE program would be offset by the reduction to MCO coverage. Therefore, while there is a fiscal impact, the fiscal impact on the state overall would be minimal.

Provides that the spouse or dependent qualifies for in-state tuition at the university regardless of whether the spouse or dependent (i) has resided in Illinois long enough after the veteran's honorable discharge or separation from the armed forces of the United States or the Illinois National Guard to otherwise be deemed an Illinois resident for tuition purposes and (ii) resides in Illinois for the primary purpose of attending the university. Requires the spouse or dependent to provide satisfactory proof of the relationship between the spouse or dependent and the veteran to the university. Effective July 1, 2021.

Amends the Department of Veterans' Affairs Act. Allows specified actions to be performed by the designee of the Director of Veterans' Affairs. Provides that the Illinois Joining Forces Foundation shall (currently, may) be assisted in carrying out its functions by Department of Veterans' Affairs personnel, including legal professionals. Requires the Foundation's audit to be included in the Department's audit and to be prepared by the Department.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Amends the Department of Veterans' Affairs Act. Deletes the term "no-wrong-door" in provisions regarding the system of support for service members, veterans, and their families. Removes provisions requiring the Illinois Joining Forces Foundation (Foundation) to utilize working groups when convening military and veteran support organizations and when providing policy recommendations that benefit service members, veterans, and their families. Removes provisions requiring the Foundation to facilitate the transfer of information and knowledge among Illinois Joining Forces member organizations. Makes changes to the definition of "veterans service organization". Provides that the Foundation may also include up to 18 additional voting members of the Board of Directors; 9 members to be nominated and approved by the Board of Directors according to the Foundation's bylaws, and 9 members to be nominated by the Director of Veterans' Affairs or the Director of Military Affairs. Provides that, to ensure parity, no additional nominees may be considered by the Board of Directors unless a like appointment is made by the Department of Veterans' Affairs or the Department of Military Affairs, and vice versa. Provides that, in consultation with the Foundation's Board of Directors, the Department of Veterans' Affairs or the Department of Military Affairs may adopt other rules deemed necessary to govern Foundation procedures (rather than the Department of Veterans' Affairs may adopt rules in consultation with the Department of Military Affairs). Permits the Foundation to receive administrative support including, but not limited to, legal professionals or additionally agreed upon support as needed or requested, from either the Department of Veterans' Affairs or the Department of Military Affairs.

Amends the Illinois Public Aid Code. Requires the Department of Healthcare and Family Services to increase rates and reimbursement in effect on June 30, 2021 payable to Illinois not-for-profit community-based agencies in order to increase access utilization of individual and group supported employment, increase acuity-based rate differentials in on-site and off-site community day services, and other matters. Provides that beginning January 1, 2022, for a medical assistance recipient who is a resident in a facility licensed under the Community-Integrated Living Arrangements (CILA) Licensure and Certification Act, the State shall pay an amount in addition to the minimum monthly personal needs allowance authorized under the Social Security Act so that the person's total monthly personal needs allowance from both State and federal sources equals $90. Provides that beginning no later than October 1, 2022, residents of CILA facilities who are eligible for medical assistance and are enrolled in the State's home and community-based services waiver program for adults with developmental disabilities shall retain all earned income from employment or community day services activities. Amends the Illinois Procurement Code. In a provision requiring the State Use Committee to review the pricing of supplies and services procured by the State from a qualified not-for-profit agency for persons with significant disabilities, provides that the Committee may consider during its review certain factors including, but not limited to, amounts private businesses would pay for similar products or services. Effective immediately.

   Deletes reference to:
   305 ILCS 5/5-35

Further amends the Illinois Procurement Code. Removes language stating that the purpose of the Code's provisions concerning not-for-profit agencies for persons with significant disabilities is to further the State's Employment First Policy via the Illinois Employment First Act by maximizing its investment in job opportunities that afford individuals with disabilities competitive wages and allow those individuals to achieve maximum independence through employment. Removes language requiring that supplies and services be procured without advertising or calling for bids from any qualified not-for-profit agency for persons with significant disabilities that pays at least minimum wage or better. Removes the amendatory changes made to the Illinois Public Aid Code concerning an increase in rates and reimbursements to not-for-profit community-based agencies and an increase in personal needs allowances for residents of Community-Integrated Living Arrangements.

305 ILCS 5/5-5.12d new

Amends the Medical Assistance Article of the Illinois Public Aid Code. Requires the Department of Healthcare and Family Services to permit medical assistance recipients, including those enrolled in managed care, to obtain pharmacy services from the pharmacy of their choice if the pharmacy is licensed under the Pharmacy Practice Act and accepts the professional dispensing fee for pharmacy services as determined by the Department. Provides that no managed care organization that contracts with the Department to provide services to recipients may restrict a recipient's access to pharmacy services to a selected group of pharmacies. Provides that if a managed care organization merges with or is acquired by another entity, the resulting entity may not restrict a recipient's access to pharmacy services to a selected group of pharmacies. Permits the Department to renegotiate with the resulting entity the terms of the managed care contract the Department had with the original managed care organization prior to the merger or acquisition. Requires the Department to contract with an independent research organization to conduct a study and submit a report on those managed care organizations that are contracted to provide services to recipients. Requires the report to include an analysis of pharmacy access for medical assistance recipients with the aim of identifying "pharmacy deserts"; an analysis of the costs and benefits of having managed care organizations administer health care services, including pharmacy services, to recipients; and other matters. Prohibits the Department from entering into any new contract with a managed care organization before the report has been received and analyzed by the Department and posted on its website. Effective immediately.

Balanced Budget Note (Office of Management and Budget)
Please be advised that the Balanced Budget Note Act does not apply to House Bill 591 as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Judicial Note (Admin Office of the Illinois Courts)
Based on a review of the bill, it has been determined that the proposed legislation would neither increase nor decrease the number of judges needed in the State of Illinois.

Pension Note (Government Forecasting & Accountability)
HB 591 will not have any impact on any public pension fund or retirement system in the State of Illinois.

State Debt Impact Note (Government Forecasting & Accountability)
HB 591 would not change the amount of authorization for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.
Representative Lindsey LaPointe

HB 00591     (CONTINUED)

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Home Rule Note (Dept. of Commerce & Economic Opportunity)
This bill does not pre-empt home rule authority.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This bill does not create a State Mandate.

Fiscal Note (Dept. of Healthcare & Family Services)
The bill would require the Department to accept claims from any provider licensed under the Pharmacy Practice Act for services provided to recipients under the Medicaid fee-for-service (FFS) program or through a contractual managed care organization (MCO) entity. There would be a significant impact to liability for the MCO capitation rates. This bill has a total fiscal impact of $186 million.

Amends the Unemployment Insurance Act to provide that if an individual's benefit year begins on or after March 8, 2020, but before the week following the last week of a disaster period established by the gubernatorial disaster proclamations in response to COVID-19, recovery by suit in the name of the People of the State of Illinois or recoupment from benefits payable to an individual for any week shall be permanently waived if the sum was received by the individual without fault on his or her part. Provides that, in cases of such permanent waiver of recovery or recoupment, the Director of Employment Security may not request the Comptroller or the Secretary of the Treasury to withhold a sum of benefits for which an individual is found to be ineligible. Effective immediately.

Fiscal Note (Dept. of Employment Security)

The legislation may have a fiscal impact on the Illinois Unemployment Insurance Trust Fund. The reported data indicates that for the programs payable under Illinois state law: (1) Fiscal Year 2019, non-fraudulent recovery totaled approximately $14,303,046.00; (2) Fiscal Year 2020, non-fraudulent recovery totaled approximately $16,552,059.00; and (3) First and Second Quarter Fiscal Year 2021, non-fraudulent recovery totaled approximately $10,147,378.00. Based on the above data, it appears the legislation could forgive $3.5 million to $5.1 million for each quarter the waiver provision remained in effect. While the system is generally designed to replenish the state’s Unemployment Trust Fund account by charging employers for benefits paid from the account, employers would not be directly charged for the forgiven overpayments as the bill is currently written.

New Act

Creates the Protecting Household Privacy Act. Provides that a law enforcement agency shall not obtain household electronic data or direct the acquisition of household electronic data from a private third party, unless (i) the law enforcement agency obtains a court order based upon probable cause, or (ii) the owner of the household electronic device consents to voluntarily provide the desired household electronic data. Provides that if a law enforcement agency obtains household electronic data, the agency within 30 days shall destroy all information obtained, except that a supervisor at that agency may retain particular information if (1) there is reasonable suspicion that the information contains evidence of criminal activity, or (2) the information is relevant to an ongoing investigation or pending criminal trial.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Creates Protecting Household Privacy Act. Reinserts the provisions of the introduced bill with these exceptions. Changes the exceptions in which law enforcement agency may obtain household electronic data. Provides that a law enforcement agency may obtain the data (1) if a law enforcement agency first obtains a warrant under the Code of Criminal Procedure of 1963; (2) a specified emergency situation exists; or (3) with the lawful consent of the owner of the household electronic device or person in actual or constructive possession of the household electronic device, excluding law enforcement personnel. Provides that nothing in the Act shall be construed to apply to the interception, recording, wiretap, or other acquisition of electronic communications as they are transmitted in real time. Provides that in the event of any conflict between the Act and any applicable federal or State law, the requirement that establishes the higher standard for law enforcement to obtain information shall govern.

New Act
50 ILCS 750/4 from Ch. 134, par. 34

Creates the Community Emergency Services and Supports Act. Provides that the Act applies to every unit of local government that provides or coordinates ambulance or similar emergency medical response or transportation services for individuals with emergency medical needs. A home rule unit may not respond to or provide services for a mental or behavioral health emergency, or create a transportation plan or other regulation, relating to the provision of mental or behavioral health services in a manner inconsistent with this Act. Provides that one plan shall describe how the EMS Region will provide mobile emergency mental and behavioral health services to individuals who do not present as a threat to the responders, and are not involved in criminal activity at the time of the response. Provides that the plan shall conform to the requirements of the Act and, recognizing the variety of systems, services, and needs across the State, provide the specific requirements and guidance appropriate for that region. Provides that the plan shall be identified as the region's community emergency services and supports plan. Provides that the second plan shall describe the manner and extent to which responders operating under the region's Community Emergency Services and Supports Plan coordinate with law enforcement when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that the plan shall be identified as the region's Non-Violent Misdemeanor Coordination Plan. Amends the Emergency Telephone System Act to make conforming changes. Effective immediately.

Fiscal Note (Dept. of Human Services)
The fiscal impact to IDHS to provide for the establishment and oversight on the committees would be minimal.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Creates the Community Emergency Services and Support Act. Provides that each 9-1-1 call center and provider of emergency services dispatched through a 9-1-1 system must coordinate with the mobile mental and behavioral health services established by the Division of Mental Health of the Department of Human Services so that the following State goals and State prohibitions are met whenever a person interacts with one of these entities for the purpose seeking emergency mental and behavioral health care or when one of these entities recognizes the appropriateness of providing mobile mental or behavioral health care to an individual with whom they have engaged. Provides that the Division of Mental Health is also directed to provide guidance regarding whether and how these entities should coordinate with mobile mental and behavioral health services when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that 9-1-1 call centers, emergency services dispatched through 9-1-1 call centers, and the mobile mental and behavioral health service established by the Division of Mental Health must coordinate their services so that certain specified State prohibitions are avoided. Provides that the Division of Mental Health shall establish regional advisory committees in each EMS Region to advise on emergency response systems for mental and behavioral health. Provides that the Act applies to persons of all ages, both children and adults. Provides that the Act does not limit an individual's right to control his or her own medical care. No provision of this Act shall be interpreted in such a way as to limit an individual's right to choose his or her preferred course of care or to reject care. Provides that no provision of this Act shall be interpreted to promote or provide justification for the use of restraints when providing mental or behavioral health care. Amends the Emergency Telephone System Act to make conforming changes.

Amends the Illinois Human Rights Act. Provides that it is the public policy of the State to prevent discrimination based on the specific status or term of status that accompanies a legal work authorization. Defines "work authorization status" as the status of being a person born outside of the United States, and not a U.S. citizen, who is authorized by the federal government to work in the United States. Provides that it is a civil rights violation for: (1) any employer to refuse to hire, to segregate, to engage in harassment, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of work authorization status; (2) any employment agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer for employment, or refer for apprenticeship on the basis of work authorization status; (3) any labor organization to limit, segregate, or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment, or apprenticeship conditions on the basis of work authorization status; and (4) any employer to refuse to honor work authorization based upon the specific status or term of status that accompanies the authorization to work. Provides that it is a civil rights violation for a person, or for 2 or more persons, to conspire to retaliate against a person because he or she has opposed that which he or she reasonably and in good faith believes to be discrimination based on work authorization status. Makes conforming changes. Effective immediately.

Sets forth provisions concerning dispensation of hormonal contraceptives. Provides that the Department of Financial and Professional Regulation may adopt rules to implement the provisions. Amends the Illinois Funeral or Burial Funds Act. Replaces everything after the enacting clause. Amends the Illinois Insurance Code. Provides that an insured or any other person who may be the owner of rights under a policy of life insurance may make an irrevocable assignment of all or a part of his or her rights under the policy to a funeral home in accordance with a specified provision of the Illinois Funeral or Burial Funds Act. Provides that a policy owner who executes a designation beneficiary form irrevocably waives and cannot exercise certain rights, including the right to collect from the insurance company the net proceeds of the policy when it becomes a claim by death and the right to collect or receive income, distributions, or shares of surplus, dividend deposits, refunds of premium, or additions to the policy. Amends the Illinois Funeral or Burial Funds Act. In a provision concerning pre-need contracts funded through the purchase of a life insurance policy or tax-deferred annuity contract, provides that nothing shall prohibit the purchaser from irrevocably assigning ownership of the policy or annuity to a person or trust or from irrevocably assigning the benefits of the policy or annuity to a funeral home for the purpose of obtaining favorable consideration for Medicaid, Supplemental Security Income, or another public assistance program. Requires the insured or any other person who may be the owner of rights under the policy of whole life insurance to sign a guaranteed pre-need contract with the provider that describes the cost of the funeral goods and services to be provided upon the person's death, up to $6,774, in addition to the purchase of burial spaces as defined under the Act. Requires the licensee to annually report certain information to the Comptroller. Requires the proceeds of the life insurance policy to be paid to the provider and disbursed in a certain order upon the death of the insured. Amends the Medical Assistance Article of the Illinois Public Aid Code. Exempts up to $6,774 (rather than $5,874) in funds under an irrevocable prepaid funeral or burial contract when determining an individual's resources and eligibility for medical assistance. Provides that existing life insurance policies are exempt if there has been an irrevocable declaration of proceeds at the death of the insured. Requires the insured person to sign an irrevocable designation of beneficiary form declaring that any amounts payable from the policies not used for funeral goods and services shall be received by the State up to an amount equal to the total medical assistance paid on behalf of the person with any remaining funds paid to a secondary beneficiary (if any) listed on the policy.
