WRITTEN STATEMENT FOR 2/11/21 SENATE HEALTH COMMITTEE HEARING

Dean <paulusjd@comcast.net>
To: ilsenate29@gmail.com

Thu, Feb 11, 2021 at 9:45 AM

To Senate Health Committee;

I am writing in opposition to the rollout of the Experimental COVID-19 vaccination in IL. It is emblematic of numerous failures by the Office of the Governor and the Illinois Department of Health with regard to both transparency and truthfulness on numerous COVID-19 related issues including: the reliability of PCR tests, the lack of vaccine maker liability, the aggressive suppression of known effective viral treatments eg. ivermectin and other preventative measures, and the safety of a new gene therapy mRNA injection which is being called a "vaccine".

Thank you for your consideration on this important issue.
