Senator Morrison:

On behalf of Judy Amiano, president and CEO of Franciscan Ministries (Addolorata Villa's overall organization), I am providing you with her comments she wanted shared with you in preparation for the Senate Health Committee hearing today on the COVID Vaccination program. Her comments are from her organization.

"We are all concerned about future vaccination and no one has anything scheduled beyond the initial three clinics. With approximately 46% turnover in staff on an annualized basis and most of them under the age of 40, we are concerned that they won't qualify for vaccine in the general community. We want to ensure that we can get new staff and new residents on campus vaccinated. Currently there is no plan that we know of for ongoing vaccination clinics. We have seen CVS allow some Independent Living vaccinations (but not in all cases)." – Judy Amiano, president and CEO, Franciscan Ministries.
