Subject: Making the Maps
Date: Saturday, August 28, 2021 11:15:37 PM

Dear Senators,

I am writing to ask you respectfully to draw the legislative maps in a non-partisan way. Maps that reflect the population but also respect the geography of the boundaries. Certainly this is possible. Make it happen. You must show your integrity. Your voters are counting on your willingness to do the right thing, not the politically expedient thing.

Yours truly,
Cleo Burtis
