Have you no shame?

The proposed Illinois Congressional map released on 10-23-21 is so sad that it is not even laughable. Is your political cynicism so deep that you have relinquished all sense of civic duty and responsibility.

The proposed districts:

5th - joke

9th - joke

13th - joke

15th - joke

16th - joke

17th - joke

1st - laughable

2nd - laughable

You expect that the voters of Illinois to take our responsibilities seriously and prepare to when we exercise our right to vote. What do you give us in return? You only offer gerrymandering with the intention to maximize your political gain.

Again, shame, shame, shame.
