Dear Redistricting Committee:

I have seen the map for Congressional Districts and it is not worth the paper it is drawn upon. Squirrely districts all over the state.

You have placed Rep Adam Kinzinger opposing Rep Marie Newman. But both of these legislators have shown that they vote from the heart for what is right so much of the time. They both need to be in the House, not opposing each other.

Please hand off the job to an independent committee that is not associated with the General Assembly. Because the GA is incapable of drawing a just map.

Thank you,
