Subject: Do not put Sean Casten and Marie Newman in the same district!
Date: Wednesday, October 27, 2021 10:25:21 AM

Dear remap committee,

I am upset that Marie Newman and Sean Casten will be forced into a primary against each other in IL06, according to the latest remap. It is an insult to the hundreds and hundreds of Democrats in the Western suburbs who care about the planet and climate change. These two are champions for the environment. We need both of them in Congress.

I feel the hard electoral work done by all environmentalists is being disrespected in this latest remap. I will most likely vote Democratic, but it will be hard for me since this map shows that the environment is not important to Democrats, but it sure is important to me.

Please do not put Sean Casten and Marie Newman in the same district.

Sincerely,
Linda Kelly
Addison, IL
