Subject: STRONGLY DISAGREE WITH 6TH DISTRICT REMAP
Date: Tuesday, October 26, 2021 5:05:07 PM

I am one of the many, many Democrats who worked hard to throw Roskam out of office here in the 6th congressional district. I am gobsmacked that my district may now be reconfigured to make way for a Hispanic candidate, even though Sean Casten has been a good Congressman for us. You're strongly mistaken if you think folks in my area will vote for any Democrat candidate. If the Democrat candidate is chosen by the party based on his or her ethnicity, the 6th will probably revert back to the other party. While I will never vote for the other party, the Democratic Party can't count on my vote under these circumstances. I just might "forget" to vote for Congress in 2022.
