Subject: Don't put Marie Newman and Sean Casten in the same district!
Date: Wednesday, October 27, 2021 11:35:05 AM

Dear remap committee,

I am very upset that Marie Newman and Sean Casten will be forced into a primary against each other in IL06. According to the latest remap that is what is going to happen. This will be an insult to all of the hundreds of Democrats in the Western suburbs who care about the environment and climate change. These two, Newman and Carsten, are environmental champions. We need both of them in Congress.

I usually vote Democratic. The environment is one of the issues I use to determine where I cast my vote. This map shows that the environment is not as important to Democrats as it is to me.

Please do not put Sean Casten and Marie Newman in the same district.

Thank you,

Thomas Bares
Addison, IL
