

To: Chairwoman Hernandez, Chairman Aquino, Members of the 102nd General Assembly

I am a resident of Madison County, and want to discuss the proposed maps and their effects on myself and the entire county. The proposed maps split Madison County into 7 different legislative districts. This is completely unnecessary, and I want to discuss North Madison County where I reside. Right now, my home town of Godfrey is represented by two representatives, Representative CD Davidsmeyer and Representative Amy Elik. CD Davidsmeyer lives in Jacksonville, an hour and a half away from my home. Residents of Godfrey who I've talked to agree - we should be represented by a citizen of Madison County. The proposed 111th district and 100th district do not accurately represent the needs of the residents of the districts. I believe that the 111th district should extend to the Madison County/Jersey County Line.

Sincerely,  
Katie Jackson  
Godfrey, IL
