## STATE OF ILLINOIS

## ONE HUNDRED THIRD GENERAL ASSEMBLY

## 42ND LEGISLATIVE DAY

## TUESDAY, MAY 2, 2023

## 12:10 O'CLOCK P.M.

NO. 42
[May 2, 2023]

**SENATE**
**Daily Journal Index**
**42nd Legislative Day**

The Senate met pursuant to adjournment.
Senator Mattie Hunter, Chicago, Illinois, presiding.
Prayer by Reverend Joel Jackle-Hugh, Chaplain of Kemmerer Village, Assumption, Illinois.
Senator Johnson led the Senate in the Pledge of Allegiance.

Senator Glowiak Hilton moved that reading and approval of the Journal of Thursday, April 27, 2023, be postponed, pending arrival of the printed Journal.
The motion prevailed.

**REPORTS RECEIVED**

The Secretary placed before the Senate the following reports:

**MESSAGE FROM THE GOVERNOR**

**OFFICE OF THE GOVERNOR**
**207 STATE HOUSE**
**SPRINGFIELD, ILLINOIS 62706**

**JB PRITZKER**
**GOVERNOR**

April 28, 2023

To the Honorable
Members of the Senate
One-Hundred and Third General Assembly

Mr. President:

On March 21, 2022, Appointment Message 102-376 nominating Paul Noble as a Member of the Energy Transition Workforce Commission was delivered to your Honorable Body. As of the date of this letter, it is my understanding that the Senate has not taken action on this nomination.

Please be advised that the Appointment Message, for which concurrence in and confirmation of your Honorable Body was sought, is hereby withdrawn, effective on April 28, 2023.

Sincerely,
s/JB Pritzker
Governor

**PRESENTATION OF CELEBRATION OF LIFE RESOLUTIONS**

**SENATE RESOLUTION NO. 234**

Offered by Senator Faraci and all Senators:
Mourns the death of Max C. Call, formerly of Georgetown.

**SENATE RESOLUTION NO. 236**

Offered by Senator Murphy and all Senators:
Mourns the passing of Donald E. "Don" Meseth of Des Plaines.

**SENATE RESOLUTION NO. 237**

Offered by Senator Lightford and all Senators:

Mourns the death of Michael John Gerace, formerly of Downers Grove.

**SENATE RESOLUTION NO. 239**

Offered by Senator Curran and all Senators:
Mourns the death of Duane Russell Bradley.

By unanimous consent, the foregoing resolutions were referred to the Resolutions Consent Calendar.

**PRESENTATION OF CONGRATULATORY RESOLUTIONS**

**SENATE RESOLUTION NO. 233**

Offered by Senator Preston:
Congratulates the Simeon Career Academy boys basketball team, the Wolverines, on winning the Chicago Public League championship.

**SENATE RESOLUTION NO. 238**

Offered by Senator Syverson:
Congratulates Dave Marsh on his retirement from full-time employment as Illinois State Dental Society Director of Governmental Relations. Commends him on his many years of service on behalf of dentists in the State of Illinois.

Under the Rules, the foregoing resolutions were referred to the Committee on Assignments.

**PRESENTATION OF RESOLUTIONS**

Senator Pacione-Zayas offered the following Senate Resolution, which was referred to the Committee on Assignments:

**SENATE RESOLUTION NO. 235**

WHEREAS, The first years of a child's life are the period of the most rapid brain development and lay the foundation for all future learning; children's cognitive, physical, social and emotional, and language and literacy development are built on the foundation of positive interactions with adults, peers, and their environment; and

WHEREAS, There are 916,880 children birth through age five in our State, 19% of whom live in families with incomes at or below 100% Federal Poverty Level; and

WHEREAS, In Illinois, 69% of children have all available parents in the workforce; and

WHEREAS, High-quality early childhood programs provide important benefits to children, families, and our state and national economies; and

WHEREAS, High-quality early care and education can help ameliorate the effects of poverty, detect and remediate delays, identify and help prevent child neglect, and lead to positive outcomes for individual children, helping them be better prepared for school and more likely to succeed in life; and

WHEREAS, Participation in high–quality early childhood education saves taxpayer dollars, makes working families more economically secure, and prepares children to succeed in school, earn higher wages, and live healthier lives; and

WHEREAS, Many early childhood educators do not have equitable, affordable access to needed early childhood education credentials and degrees; in Illinois, 70% of licensed early childhood educators have earned degrees; and

WHEREAS, Tuition from fee–paying parents and subsidy rates for families with low incomes are typically insufficient to afford consistent early childhood education with highly–qualified early childhood educators and low child–to–early educator ratios that ensure the health and safety of children; and

WHEREAS, Payment rates provided to early childhood educators to provide high–quality early care and education services to low–income children do not cover the costs of quality; and

WHEREAS, The lack of sufficient public investment in the face of the COVID-19 pandemic has forced child care programs, educators, and families into a series of impossible choices with devastating consequences; and

WHEREAS, The essential yet chronically undervalued child care sector has sacrificed and struggled to serve children and families since the start of the COVID pandemic; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED THIRD GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare April 1-7, 2023 as the Week of the Young Child and April 30, 2023 as El Dia Del Niño (Children's Day) in the State of Illinois; and be it further

RESOLVED, That we recognize the complex, valuable, essential, and demanding work of early childhood educators and recognize that when our society invests in educators, we also invest in children and families; and be it further

RESOLVED, That we urge all communities to support efforts that increase access to high–quality early childhood education for all children and families.

Senator Bryant offered the following Senate Resolution, which was referred to the Committee on Assignments:

**SENATE RESOLUTION NO. 240**

WHEREAS, Improving Illinois roads improves the quality of life for the citizens of our State; and

WHEREAS, The citizens of Jackson, Perry, Randolph, and Monroe Counties have expressed a desire to expand Illinois Routes 127/154/3 from two to four lanes; and

WHEREAS, Since 2018, these counties have advocated for this expansion by forming the Four County Coalition, the Southwest Connector Task Force, and now the Southwest Connector Coalition; and

WHEREAS, In 2019, the Southwest Connector Task Force, as formed by a Senate Joint Resolution in the 100th General Assembly, issued a 125-page report giving the justifications for the project that included economic development, safety, and national security concerns; and

WHEREAS, The report is available for all to review at the coalition's website, siconnector.com; and

WHEREAS, This proposed highway expansion enjoys the support of Laborers Local 773, the Illinois Retail Merchants Association, the Jackson County NAACP, Southern Illinois University, dozens of municipalities, hundreds of private businesses, and thousands of Southern Illinois residents; and

WHEREAS, The Biden Administration has authorized historic levels of federal spending to re-build and expand our nation's infrastructure; and

WHEREAS, The Southwest Connector Coalition is actively pursuing federal funding that has the potential to inject nearly a billion dollars into Illinois infrastructure, creating hundreds of good paying union jobs, enhancing the Illinois economy, and improving the safety of travel for all Illinoisans; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED THIRD GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we express our support for the Southwest Connector Coalition's efforts to keep this project moving forward; and be it further

RESOLVED, That we encourage the members of the Southwest Connector Coalition to remain engaged in their efforts to improve the great State of Illinois; and be it further

RESOLVED, That a suitable copy of this resolution be presented to the Southwest Connector Coalition as a symbol of our respect and esteem.

## REPORT FROM STANDING COMMITTEE

Senator Murphy, Chair of the Committee on Executive Appointments, to which was referred **Appointment Messages Numbered 1020367, 1020368, 1020369, 1020370, 1020373, 1020374, 1020375, 1020378, 1020381, 1020382, 1030014, 1030017, 1030058, 1030059 and 1030105**, reported the same back with the recommendation that the Senate do consent.

Under the rules, the foregoing appointment messages are eligible for consideration by the Senate.

## INTRODUCTION OF BILLS

**SENATE BILL NO. 2571.** Introduced by Senator Ventura, a bill for AN ACT concerning appropriations.

The bill was taken up, read by title a first time, ordered printed and referred to the Committee on Assignments.

**SENATE BILL NO. 2572.** Introduced by Senator Castro, a bill for AN ACT concerning regulation.

The bill was taken up, read by title a first time, ordered printed and referred to the Committee on Assignments.

## MESSAGE FROM THE HOUSE

A message from the House by

Mr. Hollman, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has passed a bill of the following title, in the passage of which I am instructed to ask the concurrence of the Senate, to-wit:

HOUSE BILL NO. 3479

A bill for AN ACT concerning regulation.

Passed the House, April 27, 2023.

JOHN W. HOLLMAN, Clerk of the House

The foregoing **House Bill No. 3479** was taken up, ordered printed and placed on first reading.

## READING BILLS FROM THE HOUSE OF REPRESENTATIVES A FIRST TIME

**House Bill No. 2911**, sponsored by Senator Harmon, was taken up, read by title a first time and referred to the Committee on Assignments.

**House Bill No. 3479**, sponsored by Senator Ellman, was taken up, read by title a first time and referred to the Committee on Assignments.

**House Bill No. 3257**, sponsored by Senator Cunningham, was taken up, read by title a first time and referred to the Committee on Assignments.

**READING BILLS FROM THE HOUSE OF REPRESENTATIVES A SECOND TIME**

On motion of Senator Johnson, **House Bill No. 1067** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Koehler, **House Bill No. 1131** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Local Government, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 1131**

AMENDMENT NO. 1 . Amend House Bill 1131 on page 1, immediately below the enacting clause, by inserting the following:

"Section 3. The Quad Cities Regional Economic Development Authority Act, approved September 22, 1987 is amended by changing Sections 4 and 14 as follows:

(70 ILCS 510/4) (from Ch. 85, par. 6204)

Sec. 4. (a) There is hereby created a political subdivision, body politic and municipal corporation named the Quad Cities Regional Economic Development Authority. The territorial jurisdiction of the Authority is that geographic area within the boundaries of Jo Daviess, Carroll, Whiteside, Stephenson, Lee, Rock Island, Henry, Knox, ~~and~~ Mercer, Winnebago, and Boone counties in the State of Illinois and any navigable waters and air space located therein.

(b) The governing and administrative powers of the Authority shall be vested in a body consisting of 18 ~~16~~ members including, as an ex officio member, the Director of Commerce and Economic Opportunity, or his or her designee. The other members of the Authority shall be designated "public members", 6 of whom shall be appointed by the Governor with the advice and consent of the Senate. Of the 6 members appointed by the Governor, one shall be from a city within the Authority's territory with a population of 25,000 or more and the remainder shall be appointed at large. Of the 6 members appointed by the Governor, 2 members shall have business or finance experience. One member shall be appointed by each of the county board chairmen of Rock Island, Henry, Knox, ~~and~~ Mercer, Winnebago, and Boone Counties with the advice and consent of the respective county board. Within 60 days after the effective date of this amendatory Act of the 97th General Assembly, one additional public member shall be appointed by each of the county board chairpersons of Jo Daviess, Carroll, Whiteside, Stephenson, and Lee counties with the advice and consent of the respective county board. Of the public members added by this amendatory Act of the 97th General Assembly, one shall serve for a one-year term, 2 shall serve for 2-year terms, and 2 shall serve for 3-year terms, to be determined by lot. Their successors shall serve for 3-year terms. Within 60 days after the effective date of this amendatory Act of the 103rd General Assembly, one additional public member shall be appointed by each of the county board chairperson of Winnebago and Boone counties with the advice and consent of the respective county board. Of the public members added by this amendatory Act of the 103rd General Assembly, one shall serve for a 2-year term and one shall serve for a 3-year term, to be determined by lot. Their successors shall serve for 3-year terms. All public members shall reside within the territorial jurisdiction of this Act. Ten ~~Nine~~ members shall constitute a quorum. The public members shall be persons of recognized ability and experience in one or more of the following areas: economic development, finance, banking, industrial development, small business management, real estate development, community development, venture finance, organized labor or civic, community or neighborhood organization. The Chairman of the Authority shall be a public member elected by the affirmative vote of not fewer than 10 ~~6~~ members of the Authority~~, except that any chairperson elected on or after the effective date of this amendatory Act of the 97th General Assembly shall be elected by the affirmative vote of not fewer than 9 members~~. The term of the Chairman shall be one year.

(c) The terms of the initial members of the Authority shall begin 30 days after the effective date of this Act, except (i) the terms of those members added by this amendatory Act of 1989 shall begin 30 days

after the effective date of this amendatory Act of 1989 and (ii) the terms of those members added by this amendatory Act of the 92nd General Assembly shall begin 30 days after the effective date of this amendatory Act of the 92nd General Assembly. Of the 10 public members appointed pursuant to this Act, 2 (one of whom shall be appointed by the Governor) shall serve until the third Monday in January, 1989, 2 (one of whom shall be appointed by the Governor) shall serve until the third Monday in January, 1990, 2 (one of whom shall be appointed by the Governor) shall serve until the third Monday in January, 1991, 2 (both of whom shall be appointed by the Governor) shall serve until the third Monday in January, 1992, and 2 (one of whom shall be appointed by the Governor and one of whom shall be appointed by the county board chairman of Knox County) shall serve until the third Monday in January, 2004. The initial terms of the members appointed by the county board chairmen (other than the county board chairman of Knox County) shall be determined by lot. All successors shall be appointed by the original appointing authority and hold office for a term of 3 years commencing the third Monday in January of the year in which their term commences, except in case of an appointment to fill a vacancy. Vacancies occurring among the public members shall be filled for the remainder of the term. In case of vacancy in a Governor-appointed membership when the Senate is not in session, the Governor may make a temporary appointment until the next meeting of the Senate when a person shall be nominated to fill such office, and any person so nominated who is confirmed by the Senate shall hold office during the remainder of the term and until a successor shall be appointed and qualified. Members of the Authority shall not be entitled to compensation for their services as members but shall be entitled to reimbursement for all necessary expenses incurred in connection with the performance of their duties as members.

(d) The Governor may remove any public member of the Authority appointed by the Governor in case of incompetency, neglect of duty, or malfeasance in office. The Chairman of a county board may remove any public member of the Authority appointed by such Chairman in the case of incompetency, neglect of duty, or malfeasance in office.

(e) The Board shall appoint an Executive Director who shall have a background in finance, including familiarity with the legal and procedural requirements of issuing bonds, real estate or economic development and administration. The Executive Director shall hold office at the discretion of the Board. The Executive Director shall be the chief administrative and operational officer of the Authority, shall direct and supervise its administrative affairs and general management, shall perform such other duties as may be prescribed from time to time by the members and shall receive compensation fixed by the Authority. The Authority may engage the services of such other agents and employees, including attorneys, appraisers, engineers, accountants, credit analysts and other consultants, as it may deem advisable and may prescribe their duties and fix their compensation.

(f) The Board shall create a task force to study and make recommendations to the Board on the economic development of the territory within the jurisdiction of this Act. The number of members constituting the task force shall be set by the Board and may vary from time to time. The Board may set a specific date by which the task force is to submit its final report and recommendations to the Board.

(70 ILCS 510/14) (from Ch. 85, par. 6214)

Sec. 14. Additional powers and duties.

(a) The Authority may, but need not, acquire title to any project with respect to which it exercises its authority.

(b) The Authority shall have the power to enter into intergovernmental agreements with the State of Illinois, the counties of Jo Daviess, Carroll, Whiteside, Stephenson, Lee, Knox, Winnebago, Boone, Rock Island, Henry, or Mercer, the State of Iowa or any authority established by the State of Iowa, the Illinois Finance Authority, the Illinois Housing Development Authority, the United States government and any agency or instrumentality of the United States, any unit of local government located within the territory of the Authority or any other unit of government to the extent allowed by Article VII, Section 10 of the Illinois Constitution and the Intergovernmental Cooperation Act.

(c) The Authority shall have the power to share employees with other units of government, including agencies of the United States, agencies of the State of Illinois and agencies or personnel of any unit of local government.

(d) The Authority shall have the power to exercise powers and issue bonds as if it were a municipality so authorized in Divisions 12.1, 74, 74.1, 74.3 and 74.5 of Article 11 of the Illinois Municipal Code.
(Source: P.A. 93-205, eff. 1-1-04.)"; and

on page 8, immediately below line 5, by inserting the following:

"Section 10. The Tri-County River Valley Development Authority Law is amended by changing Sections 2004 and 2008 as follows:

(70 ILCS 525/2004) (from Ch. 85, par. 7504)

Sec. 2004. Establishment.

(a) There is hereby created a political subdivision, body politic and municipal corporation named the Tri-County River Valley Development Authority. The territorial jurisdiction of the Authority is that geographic area within the boundaries of McLean, Peoria, Tazewell, and Woodford counties in the State of Illinois and any navigable waters and air space located therein.

(b) The governing and administrative powers of the Authority shall be vested in a body consisting of 13 ~~11~~ members including, as ex officio members, the Director of Commerce and Economic Opportunity, or his or her designee, and the Director of Natural Resources, or that Director's designee. The other 11 ~~9~~ members of the Authority shall be designated "public members", 3 of whom shall be appointed by the Governor, 3 of whom shall be appointed one each by the county board chairmen of Peoria, Tazewell and Woodford counties and 5 ~~3~~ of whom shall be appointed one each by the city councils of Bloomington, East Peoria, Normal, Pekin, and Peoria. All public members shall reside within the territorial jurisdiction of this Act. Seven ~~Six~~ members shall constitute a quorum. The public members shall be persons of recognized ability and experience in one or more of the following areas: economic development, finance, banking, industrial development, small business management, real estate development, community development, venture finance, organized labor or civic, community or neighborhood organization. The Chairman of the Authority shall be elected by the Board annually from the 8 ~~6~~ members appointed by the county board chairmen and city councils.

(c) The terms of all members of the Authority shall begin 30 days after the effective date of this Article. Of the 9 public members appointed pursuant to this Act, 3 shall serve until the third Monday in January 1992, 3 shall serve until the third Monday in January 1993, and 3 shall serve until the third Monday in January 1994. All successors shall be appointed by the original appointing authority and hold office for a term of 3 years commencing the third Monday in January of the year in which their term commences, except in case of an appointment to fill a vacancy. The initial member appointed by the city council of Bloomington shall serve until the third Monday in January 2025. The initial member appointed by the city council of Normal shall serve until the third Monday in January 2026. Vacancies occurring among the public members shall be filled for the remainder of the term. In case of vacancy in a Governor-appointed membership when the Senate is not in session, the Governor may make a temporary appointment until the next meeting of the Senate when a person shall be nominated to fill such office, and any person so nominated who is confirmed by the Senate shall hold office during the remainder of the term and until a successor shall be appointed and qualified. Members of the Authority shall not be entitled to compensation for their services as members but may be reimbursed for all necessary expenses incurred in connection with the performance of their duties as members.

(d) The Governor may remove any public member of the Authority in case of incompetency, neglect of duty, or malfeasance in office.

(e) The Board may appoint an Executive Director who shall have a background in finance, including familiarity with the legal and procedural requirements of issuing bonds, real estate or economic development and administration. The Executive Director shall hold office at the discretion of the Board. The Executive Director shall be the chief administrative and operational officer of the Authority, shall direct and supervise its administrative affairs and general management, shall perform such other duties as may be prescribed from time to time by the members and shall receive compensation fixed by the Authority. The Executive Director shall attend all meetings of the Authority; however, no action of the Authority shall be invalid on account of the absence of the Executive Director from a meeting. The Authority may engage the services of such other agents and employees, including attorneys, appraisers, engineers, accountants, credit analysts and other consultants, as it may deem advisable and may prescribe their duties and fix their compensation.

(f) The Board may, by majority vote, nominate up to 4 non-voting members for appointment by the Governor. Non-voting members shall be persons of recognized ability and experience in one or more of the following areas: economic development, finance, banking, industrial development, small business management, real estate development, community development, venture finance, organized labor or civic, community or neighborhood organization. Non-voting members shall serve at the pleasure of the Board. All

non-voting members may attend meetings of the Board and may be reimbursed as provided in subsection (c).

(g) The Board shall create a task force to study and make recommendations to the Board on the economic development of the territory within the jurisdiction of this Act. The members of the task force shall reside within the territorial jurisdiction of this Article, shall serve at the pleasure of the Board and shall be persons of recognized ability and experience in one or more of the following areas: economic development, finance, banking, industrial development, small business management, real estate development, community development, venture finance, organized labor or civic, community or neighborhood organization. The number of members constituting the task force shall be set by the Board and may vary from time to time. The Board may set a specific date by which the task force is to submit its final report and recommendations to the Board.

(70 ILCS 525/2008) (from Ch. 85, par. 7508)

Sec. 2008. Acquisition.

(a) The Authority may, but need not, acquire title to any project with respect to which it exercises its authority.

(b) The Authority shall have power to acquire by purchase, lease, gift or otherwise any property or rights therein from any person or persons, the State of Illinois, any municipal corporation, any local unit of government, the government of the United States and any agency or instrumentality of the United States, any body politic or any county useful for its purposes, whether improved for the purposes of any prospective project or unimproved. The Authority may also accept any donation of funds for its purposes from any such source.

(c) The Authority shall have power to develop, construct and improve, either under its own direction or through collaboration with any approved applicant, or to acquire through purchase or otherwise any project, using for such purpose the proceeds derived from its sale of revenue bonds, notes or other evidences of indebtedness or governmental loans or grants and to hold title in the name of the Authority to such projects.

(d) The Authority shall have the power to enter into intergovernmental agreements with the State of Illinois, the counties of McLean, Peoria, Tazewell, or Woodford, the Illinois Finance Authority, the Illinois Housing Development Authority, the Metropolitan Pier and Exposition Authority, the United States government and any agency or instrumentality of the United States, any unit of local government located within the territory of the Authority or any other unit of government to the extent allowed by Article VII, Section 10 of the Illinois Constitution and the Intergovernmental Cooperation Act.

(e) The Authority shall have the power to share employees with other units of government, including agencies of the United States, agencies of the State of Illinois and agencies or personnel of any unit of local government.

(f) The Authority shall have the power to exercise powers and issue bonds as if it were a municipality so authorized in Divisions 12.1, 74, 74.1, 74.3 and 74.5 of Article 11 of the Illinois Municipal Code.

(Source: P.A. 93-205, eff. 1-1-04.)".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Castro, **House Bill No. 1132** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Labor, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 1132**

AMENDMENT NO. 1 . Amend House Bill 1132 on page 2, line 13, after "designated", by inserting ", where required by Sections 16 and 17,"; and

on page 4, line 1, after "installation", by inserting "whose function is for the use of a temporary laser display".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Faraci, **House Bill No. 1190** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Stadelman, **House Bill No. 1236** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Fowler, **House Bill No. 1434** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Anderson, **House Bill No. 1465** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Villa, **House Bill No. 1615** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Glowiak Hilton, **House Bill No. 2079** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Glowiak Hilton, **House Bill No. 2102** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Holmes, **House Bill No. 2154** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Cervantes, **House Bill No. 2207** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Licensed Activities, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 2207**

AMENDMENT NO. 1 . Amend House Bill 2207 by replacing line 25 on page 4 through line 3 on page 5 with "General Fund. On or after July 1, 2023, at the direction of the Department, the Comptroller shall direct and the Treasurer shall transfer the remaining balance of funds collected under this Act from the General Professions Dedicated Fund to the Division of Real Estate General Fund."; and

on page 11, line 15, by replacing "~~certified~~" with "certified"; and

on page 11, line 17, after "record", by inserting "or, if in the course of the administrative proceeding the party has previously designated a specific email address at which to accept electronic service for that specific proceeding, by sending a copy by email to the party's email address on record"; and

on page 145, line 17, by replacing "~~certified~~" with "certified"; and

on page 145, line 20, after "Department", by inserting "or, if in the course of the administrative proceeding the party has previously designated a specific email address at which to accept electronic service for that specific proceeding, by sending a copy by email to the party's email address on record".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Preston, **House Bill No. 2219** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Energy and Public Utilities, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 2219**

AMENDMENT NO. 1 . Amend House Bill 2219 by replacing everything after the enacting clause with the following:

"Section 5. The Metropolitan Water Reclamation District Act is amended by changing Sections 9.6a and 56 as follows:

(70 ILCS 2605/9.6a) (from Ch. 42, par. 328.6a)

Sec. 9.6a. Bonds for sewage treatment, ~~and~~ water quality, and facility improvements. The corporate authorities of a sanitary district, in order to provide funds required for the replacing, remodeling, completing, altering, constructing and enlarging of sewage treatment works, administrative buildings, water quality improvement projects, distributed renewable energy generation devices, or flood control facilities, and additions therefor, pumping stations, tunnels, conduits, intercepting sewers and outlet sewers, together with the equipment, including air pollution equipment, and appurtenances thereto, to acquire property, real, personal or mixed, necessary for said purposes, for costs and expenses for the acquisition of the sites and rights-of-way necessary thereto, and for engineering expenses for designing and supervising the construction of such works, may issue on or before December 31, 2034, in addition to all other obligations heretofore or herein authorized, bonds, notes or other evidences of indebtedness for such purposes in an aggregate amount at any one time outstanding not to exceed 3.35% of the equalized assessed valuation of all taxable property within the sanitary district, to be ascertained by the last assessment for State and local taxes previous to the issuance of any such obligations. Such obligations shall be issued without submitting the question of such issuance to the legal voters of such sanitary district for approval.

The corporate authorities may sell such obligations at private or public sale and enter into any contract or agreement necessary, appropriate or incidental to the exercise of the powers granted by this Act, including, without limitation, contracts or agreements for the sale and purchase of such obligations and the payment of costs and expenses incident thereto. The corporate authorities may pay such costs and expenses, in whole or in part, from the corporate fund.

Such obligations shall be issued from time to time only in amounts as may be required for such purposes but the amount of such obligations issued during any one budget year shall not exceed $150,000,000 plus the amount of any obligations authorized by this Act to be issued during the 3 budget years next preceding the year of issuance but which were not issued, provided, however, that this limitation shall not be applicable (i) to the issuance of obligations to refund bonds, notes or other evidences of indebtedness, (ii) to obligations issued to provide for the repayment of money received from the Water Pollution Control Revolving Fund for the construction or repair of wastewater treatment works, and (iii) to obligations issued as part of the American Recovery and Reinvestment Act of 2009, issued prior to January 1, 2011, that are commonly known as "Build America Bonds" as authorized by Section 54AA of the Internal Revenue Code of 1986, as amended. Each ordinance authorizing the issuance of the obligations shall state the general purpose or purposes for which they are to be issued, and the corporate authorities may at any time thereafter pass supplemental appropriations ordinances appropriating the proceeds from the sale of such obligations for such purposes.

Notwithstanding anything to the contrary in Section 9.6 or this Section, and in addition to any other amount of bonds authorized to be issued under this Act, the corporate authorities are authorized to issue from time to time bonds of the district in a principal amount not to exceed $600,000,000 for the purpose of making contributions to the pension fund established under Article 13 of the Illinois Pension Code without submitting the question of issuing bonds to the voters of the District. Any bond issuances under this paragraph are intended to decrease the unfunded liability of the pension fund and shall not decrease the amount of the employer contributions required in any given year under Section 13-503 of the Illinois Pension Code.

The corporate authorities may issue bonds, notes or other evidences of indebtedness in an amount necessary to provide funds to refund outstanding obligations issued pursuant to this Section, including interest accrued or to accrue thereon.

(Source: P.A. 101-302, eff. 1-1-20; 102-707, eff. 4-22-22.)

(70 ILCS 2605/56)

Sec. 56. Resource recovery.

(a) The General Assembly finds that:

(1) technological advancements in wastewater treatment have resulted in the ability to capture recovered resources and produce renewable energy resources from material previously discarded;

(2) the capture and beneficial reuse of recovered resources and the production of renewable energy resources serves a wide variety of environmental benefits including, but not limited to, improved water quality, reduction of greenhouse gases, reduction of carbon footprint, reduction of landfill usage, reduced usage of hydrocarbon-based fuels, return of nutrients to the food cycle, and reduced water consumption;

(3) the district is a leader in the field of wastewater treatment and possesses the expertise and experience necessary to capture and beneficially reuse or prepare for beneficial reuse recovered resources, including renewable energy resources; and

(4) the district has the opportunity and ability to change the approach to wastewater treatment from that of a waste material to be disposed of to one of a collection of resources to be recovered, reused, and sold, with the opportunity to provide the district with additional sources of revenue and reduce operating costs.

(b) As used in this Section:

"Distributed renewable energy generation device" has the meaning given to that term in Section 1-10 of the Illinois Power Agency Act.

"Recovered resources" means any material produced by or extracted from the operation of district facilities, including, but not limited to:

(1) solids, including solids from the digestion process, semi-solids, or liquid materials;

(2) gases, including biogas, carbon dioxide, and methane;

(3) nutrients;

(4) algae;

(5) treated effluent; and

(6) thermal energy or hydropower.

"Renewable energy facility" shall have the same meaning as a facility defined under Section 5 of the Renewable Energy Production District Act.

"Renewable energy resources" means resources as defined under Section 1-10 of the Illinois Power Agency Act.

"Resource recovery" means the recovery of material or energy from waste as defined under Section 3.435 of the Illinois Environmental Protection Agency Act.

(c) The district may sell or otherwise dispose of recovered resources or renewable energy resources resulting from the operation of district facilities, and may construct, maintain, finance, and operate such activities, facilities, distributed renewable energy generation devices, and other works as are necessary for that purpose.

(d) The district may take in materials which are used in the generation of usable products from recovered resources, or which increase the production of renewable energy resources, including, but not limited to food waste, organic fraction of solid waste, commercial or industrial organic wastes, fats, oils, and greases, and vegetable debris.

(e) The authorizations granted to the district under this Section shall not be construed as modifying or limiting any other law or regulation. Any actions taken pursuant to the authorities granted in this Section must be in compliance with all applicable laws and regulations, including, but not limited to, the Environmental Protection Act, and rules adopted under that Act.

(Source: P.A. 98-731, eff. 7-16-14.)".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Martwick, **House Bill No. 2231** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Executive, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 2231**

AMENDMENT NO. 1 . Amend House Bill 2231 by replacing everything after the enacting clause with the following:

"Section 5. The Transportation Network Providers Act is amended by changing Sections 25 and 34 as follows:

(625 ILCS 57/25)

(Section scheduled to be repealed on September 1, 2023)

Sec. 25. Safety.

(a) The TNC shall implement a zero tolerance policy on the use of drugs or alcohol while a TNC driver is providing TNC services or is logged into the TNC's digital network but is not providing TNC services.

(b) The TNC shall provide notice of the zero tolerance policy on its website, as well as procedures to report a complaint about a driver with whom a passenger was matched and whom the passenger reasonably suspects was under the influence of drugs or alcohol during the course of the trip.

(c) Upon receipt of a passenger's complaint alleging a violation of the zero tolerance policy, the TNC shall immediately suspend the TNC driver's access to the TNC's digital platform, and shall conduct an investigation into the reported incident. The suspension shall last the duration of the investigation.

(d) The TNC shall require that any motor vehicle that a TNC driver will use to provide TNC services meets vehicle safety and emissions requirements for a private motor vehicle in this State.

(e) TNCs or TNC drivers are not common carriers, contract carriers or motor carriers, as defined by applicable State law, nor do they provide taxicab or for-hire vehicle service. This subsection (e) is inoperative on and after January 1, 2024.

(625 ILCS 57/34)

(Section scheduled to be repealed on September 1, 2023)

Sec. 34. Repeal. This Act is repealed on September 1, 2028 ~~2023~~.

(Source: P.A. 101-639, eff. 6-12-20. Reenacted by P.A. 101-660, eff. 4-2-21. P.A. 102-7, eff. 5-28-21; 102-1109, eff. 12-21-22.)

Section 99. Effective date. This Act takes effect upon becoming law.".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Rose, **House Bill No. 2607** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Loughran Cappel, **House Bill No. 2845** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Villanueva, **House Bill No. 3133** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Judiciary, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 3133**

AMENDMENT NO. 1 . Amend House Bill 3133 on page 13, line 9, by replacing "The" with "Solely in relation to the discharge of sewage, industrial wastes, or other wastes subject to one of the sanitary district's ordinances, the"; and

on page 13, line 21, after the period, by inserting "Enrollment in the electronic reporting system in this subsection is voluntary and limited to nonresidential facilities or uses. Service by email under this Section is only permitted on those persons or entities that voluntarily enroll in the system.".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Holmes, **House Bill No. 3236** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Financial Institutions, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 3236**

AMENDMENT NO. 1 . Amend House Bill 3236 by replacing everything after the enacting clause with the following:

"Section 5. The Sales Finance Agency Act is amended by changing Section 10.6 as follows:
(205 ILCS 660/10.6)
Sec. 10.6. Companion animals.
(a) No sales finance agency shall purchase:
(1) a retail installment contract for the sale of a canine or feline;
(2) a retail charge agreement for the sale of a canine or feline; or
(3) the outstanding balance under a retail installment contract or a retail charge agreement for the sale of a canine or feline.
(b) No sales finance agency shall make a loan secured by:
(1) a retail installment contract for the sale of a canine or feline;
(2) a retail charge agreement for the sale of a canine or feline; or
(3) the outstanding balance under a retail installment contract or a retail charge agreements for the sale of a canine or feline.
(c) Any sales finance agency that purchases a contract or agreement subject to subsection (a) or makes a loan subject to subsection (b) has no right to collect, receive, or retain any principal, interest, or charges related to the contract, agreement, or loan, and any such loan is null and void.
(d) The changes made to this Section by this amendatory Act of the 103rd General Assembly shall apply prospectively and shall not apply retroactively. This Section shall not impair or affect the obligation of any retail installment transaction or secured loan entered into before the effective date of this amendatory Act of the 103rd General Assembly ~~A licensee shall not finance, enter into a retail installment contract, or make a loan for the purchase of a canine or feline. Notwithstanding any other provision of this Act, if a lender violates this Section, the financing, retail installment contract, or loan shall be null and void and the licensee shall have no right to collect, receive, or retain any principal, interest, or charges related to the loan, retail installment contract, or financing~~.
(Source: P.A. 102-128, eff. 1-1-22.)

Section 10. The Predatory Loan Prevention Act is amended by adding Section 15-5-16 as follows:
(815 ILCS 123/15-5-16 new)
Sec. 15-5-16. Prohibition on secured loans for canines and felines. No person or entity shall make a secured loan for the purchase of a canine or feline. Any secured loan made for the purchase of a canine or feline is null and void. This Section shall apply prospectively and shall not apply retroactively. This Section shall not impair or affect the obligation of any lawful secured loan entered into before the effective date of this amendatory Act of the 103rd General Assembly.

Section 15. The Retail Installment Sales Act is amended by adding Section 29.5 as follows:
(815 ILCS 405/29.5 new)
Sec. 29.5. Prohibition on retail installment transactions for canines and felines. No retail seller shall enter into a retail installment transaction for the purchase of a canine or feline. Any retail seller, including his or her assignee or successor in interest, who enters into a retail installment transaction for a canine or feline has no right to collect, receive, or retain any principal, interest, or charges related to the retail installment transaction and the retail installment transaction is null and void. This Section shall apply prospectively and shall not apply retroactively. This Section shall not impair or affect the obligation of any retail installment transaction entered into before the effective date of this amendatory Act of the 103rd General Assembly.".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Ventura, **House Bill No. 3253** was taken up, read by title a second time.
The following amendment was offered in the Special Committee on Criminal Law and Public Safety, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 3253**
AMENDMENT NO. 1 . Amend House Bill 3253 on page 4, line 10, by inserting "or" after ";"; and

on page 4, by replacing lines 11 and 12 with the following:

"with a severe or profound intellectual disability.".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Bennett, **House Bill No. 3277** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Morrison, **House Bill No. 3295** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Halpin, **House Bill No. 3301** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Castro, **House Bill No. 3351** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Executive, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 3351**

AMENDMENT NO. 1 . Amend House Bill 3351 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Power Agency Act is amended by changing Section 1-56 as follows:

(20 ILCS 3855/1-56)

Sec. 1-56. Illinois Power Agency Renewable Energy Resources Fund; Illinois Solar for All Program.

(a) The Illinois Power Agency Renewable Energy Resources Fund is created as a special fund in the State treasury.

(b) The Illinois Power Agency Renewable Energy Resources Fund shall be administered by the Agency as described in this subsection (b), provided that the changes to this subsection (b) made by this amendatory Act of the 99th General Assembly shall not interfere with existing contracts under this Section.

(1) The Illinois Power Agency Renewable Energy Resources Fund shall be used to purchase renewable energy credits according to any approved procurement plan developed by the Agency prior to June 1, 2017.

(2) The Illinois Power Agency Renewable Energy Resources Fund shall also be used to create the Illinois Solar for All Program, which provides incentives for low-income distributed generation and community solar projects, and other associated approved expenditures. The objectives of the Illinois Solar for All Program are to bring photovoltaics to low-income communities in this State in a manner that maximizes the development of new photovoltaic generating facilities, to create a long-term, low-income solar marketplace throughout this State, to integrate, through interaction with stakeholders, with existing energy efficiency initiatives, and to minimize administrative costs. The Illinois Solar for All Program shall be implemented in a manner that seeks to minimize administrative costs, and maximize efficiencies and synergies available through coordination with similar initiatives, including the Adjustable Block program described in subparagraphs (K) through (M) of paragraph (1) of subsection (c) of Section 1-75, energy efficiency programs, job training programs, and community action agencies. The Agency shall strive to ensure that renewable energy credits procured through the Illinois Solar for All Program and each of its subprograms are purchased from projects across the breadth of low-income and environmental justice communities in Illinois, including both urban and rural communities, are not concentrated in a few communities, and do not exclude particular low-income or environmental justice communities. The Agency shall include a description of its proposed approach to the design, administration, implementation and evaluation of the Illinois Solar for All Program, as part of the long-term renewable resources procurement plan authorized by subsection (c) of Section 1-75 of this Act, and the program shall be designed to grow the low-income solar market. The Agency or utility, as applicable, shall purchase renewable energy credits from the (i) photovoltaic distributed renewable energy generation projects and (ii) community solar projects that are procured under procurement processes authorized by the long-term renewable resources procurement plans approved by the Commission.

The Illinois Solar for All Program shall include the program offerings described in subparagraphs (A) through (E) of this paragraph (2), which the Agency shall implement through contracts with third-party providers and, subject to appropriation, pay the approximate amounts identified using monies available in the Illinois Power Agency Renewable Energy Resources Fund. Each contract that provides for the installation of solar facilities shall provide that the solar facilities will produce energy and economic benefits, at a level determined by the Agency to be reasonable, for the participating low income customers. The monies available in the Illinois Power Agency Renewable Energy Resources Fund and not otherwise committed to contracts executed under subsection (i) of this Section, as well as, in the case of the programs described under subparagraphs (A) through (E) of this paragraph (2), funding authorized pursuant to subparagraph (O) of paragraph (1) of subsection (c) of Section 1-75 of this Act, shall initially be allocated among the programs described in this paragraph (2), as follows: 35% of these funds shall be allocated to programs described in subparagraphs (A) and (E) of this paragraph (2), 40% of these funds shall be allocated to programs described in subparagraph (B) of this paragraph (2), and 25% of these funds shall be allocated to programs described in subparagraph (C) of this paragraph (2). The allocation of funds among subparagraphs (A), (B), (C), and (E) of this paragraph (2) may be changed if the Agency, after receiving input through a stakeholder process, determines incentives in subparagraphs (A), (B), (C), or (E) of this paragraph (2) have not been adequately subscribed to fully utilize available Illinois Solar for All Program funds.

Contracts that will be paid with funds in the Illinois Power Agency Renewable Energy Resources Fund shall be executed by the Agency. Contracts that will be paid with funds collected by an electric utility shall be executed by the electric utility.

Contracts under the Illinois Solar for All Program shall include an approach, as set forth in the long-term renewable resources procurement plans, to ensure the wholesale market value of the energy is credited to participating low-income customers or organizations and to ensure tangible economic benefits flow directly to program participants, except in the case of low-income multi-family housing where the low-income customer does not directly pay for energy. Priority shall be given to projects that demonstrate meaningful involvement of low-income community members in designing the initial proposals. Acceptable proposals to implement projects must demonstrate the applicant's ability to conduct initial community outreach, education, and recruitment of low-income participants in the community. Projects must include job training opportunities if available, with the specific level of trainee usage to be determined through the Agency's long-term renewable resources procurement plan, and the Illinois Solar for All Program Administrator shall coordinate with the job training programs described in paragraph (1) of subsection (a) of Section 16-108.12 of the Public Utilities Act and in the Energy Transition Act.

The Agency shall make every effort to ensure that small and emerging businesses, particularly those located in low-income and environmental justice communities, are able to participate in the Illinois Solar for All Program. These efforts may include, but shall not be limited to, proactive support from the program administrator, different or preferred access to subprograms and administrator-identified customers or grassroots education provider-identified customers, and different incentive levels. The Agency shall report on progress and barriers to participation of small and emerging businesses in the Illinois Solar for All Program at least once a year. The report shall be made available on the Agency's website and, in years when the Agency is updating its long-term renewable resources procurement plan, included in that Plan.

(A) Low-income single-family and small multifamily solar incentive. This program will provide incentives to low-income customers, either directly or through solar providers, to increase the participation of low-income households in photovoltaic on-site distributed generation at residential buildings containing one to 4 units. Companies participating in this program that install solar panels shall commit to hiring job trainees for a portion of their low-income installations, and an administrator shall facilitate partnering the companies that install solar panels with entities that provide solar panel installation job training. It is a goal of this program that a minimum of 25% of the incentives for this program be allocated to projects located within environmental justice communities. Contracts entered into under this paragraph may be entered into with an entity that will develop and administer the program and shall also include contracts for renewable energy credits from the photovoltaic distributed generation that

is the subject of the program, as set forth in the long-term renewable resources procurement plan. Additionally:

(i) The Agency shall reserve a portion of this program for projects that promote energy sovereignty through ownership of projects by low-income households, not-for-profit organizations providing services to low-income households, affordable housing owners, community cooperatives, or community-based limited liability companies providing services to low-income households. Projects that feature energy ownership should ensure that local people have control of the project and reap benefits from the project over and above energy bill savings. The Agency may consider the inclusion of projects that promote ownership over time or that involve partial project ownership by communities, as promoting energy sovereignty. Incentives for projects that promote energy sovereignty may be higher than incentives for equivalent projects that do not promote energy sovereignty under this same program.

(ii) Through its long-term renewable resources procurement plan, the Agency shall consider additional program and contract requirements to ensure faithful compliance by applicants benefiting from preferences for projects designated to promote energy sovereignty. The Agency shall make every effort to enable solar providers already participating in the Adjustable Block-Program under subparagraph (K) of paragraph (1) of subsection (c) of Section 1-75 of this Act, and particularly solar providers developing projects under item (i) of subparagraph (K) of paragraph (1) of subsection (c) of Section 1-75 of this Act to easily participate in the Low-Income Distributed Generation Incentive program described under this subparagraph (A), and vice versa. This effort may include, but shall not be limited to, utilizing similar or the same application systems and processes, similar or the same forms and formats of communication, and providing active outreach to companies participating in one program but not the other. The Agency shall report on efforts made to encourage this cross-participation in its long-term renewable resources procurement plan.

(B) Low-Income Community Solar Project Initiative. Incentives shall be offered to low-income customers, either directly or through developers, to increase the participation of low-income subscribers of community solar projects. The developer of each project shall identify its partnership with community stakeholders regarding the location, development, and participation in the project, provided that nothing shall preclude a project from including an anchor tenant that does not qualify as low-income. Companies participating in this program that develop or install solar projects shall commit to hiring job trainees for a portion of their low-income installations, and an administrator shall facilitate partnering the companies that install solar projects with entities that provide solar installation and related job training. It is a goal of this program that a minimum of 25% of the incentives for this program be allocated to community photovoltaic projects in environmental justice communities. The Agency shall reserve a portion of this program for projects that promote energy sovereignty through ownership of projects by low-income households, not-for-profit organizations providing services to low-income households, affordable housing owners, or community-based limited liability companies providing services to low-income households. Projects that feature energy ownership should ensure that local people have control of the project and reap benefits from the project over and above energy bill savings. The Agency may consider the inclusion of projects that promote ownership over time or that involve partial project ownership by communities, as promoting energy sovereignty. Incentives for projects that promote energy sovereignty may be higher than incentives for equivalent projects that do not promote energy sovereignty under this same program. Contracts entered into under this paragraph may be entered into with developers and shall also include contracts for renewable energy credits related to the program.

(C) Incentives for non-profits and public facilities. Under this program funds shall be used to support on-site photovoltaic distributed renewable energy generation devices to serve the load associated with not-for-profit customers and to support photovoltaic distributed renewable energy generation that uses photovoltaic technology to serve the load associated with public sector customers taking service at public buildings. Companies participating in this program that develop or install solar projects shall commit to hiring job trainees for a portion of their low-income installations, and an administrator shall facilitate partnering the companies

that install solar projects with entities that provide solar installation and related job training. Through its long-term renewable resources procurement plan, the Agency shall consider additional program and contract requirements to ensure faithful compliance by applicants benefiting from preferences for projects designated to promote energy sovereignty. It is a goal of this program that at least 25% of the incentives for this program be allocated to projects located in environmental justice communities. Contracts entered into under this paragraph may be entered into with an entity that will develop and administer the program or with developers and shall also include contracts for renewable energy credits related to the program.

(D) (Blank).

(E) Low-income large multifamily solar incentive. This program shall provide incentives to low-income customers, either directly or through solar providers, to increase the participation of low-income households in photovoltaic on-site distributed generation at residential buildings with 5 or more units. Companies participating in this program that develop or install solar projects shall commit to hiring job trainees for a portion of their low-income installations, and an administrator shall facilitate partnering the companies that install solar projects with entities that provide solar installation and related job training. It is a goal of this program that a minimum of 25% of the incentives for this program be allocated to projects located within environmental justice communities. The Agency shall reserve a portion of this program for projects that promote energy sovereignty through ownership of projects by low-income households, not-for-profit organizations providing services to low-income households, affordable housing owners, or community-based limited liability companies providing services to low-income households. Projects that feature energy ownership should ensure that local people have control of the project and reap benefits from the project over and above energy bill savings. The Agency may consider the inclusion of projects that promote ownership over time or that involve partial project ownership by communities, as promoting energy sovereignty. Incentives for projects that promote energy sovereignty may be higher than incentives for equivalent projects that do not promote energy sovereignty under this same program.

The requirement that a qualified person, as defined in paragraph (1) of subsection (i) of this Section, install photovoltaic devices does not apply to the Illinois Solar for All Program described in this subsection (b).

In addition to the programs outlined in paragraphs (A) through (E), the Agency and other parties may propose additional programs through the Long-Term Renewable Resources Procurement Plan developed and approved under paragraph (5) of subsection (b) of Section 16-111.5 of the Public Utilities Act. Additional programs may target market segments not specified above and may also include incentives targeted to increase the uptake of nonphotovoltaic technologies by low-income customers, including energy storage paired with photovoltaics, if the Commission determines that the Illinois Solar for All Program would provide greater benefits to the public health and well-being of low-income residents through also supporting that additional program versus supporting programs already authorized.

(3) Costs associated with the Illinois Solar for All Program and its components described in paragraph (2) of this subsection (b), including, but not limited to, costs associated with procuring experts, consultants, and the program administrator referenced in this subsection (b) and related incremental costs, costs related to income verification and facilitating customer participation in the program, and costs related to the evaluation of the Illinois Solar for All Program, may be paid for using monies in the Illinois Power Agency Renewable Energy Resources Fund, and funds allocated pursuant to subparagraph (O) of paragraph (1) of subsection (c) of Section 1-75, but the Agency or program administrator shall strive to minimize costs in the implementation of the program. The Agency or contracting electric utility shall purchase renewable energy credits from generation that is the subject of a contract under subparagraphs (A) through (E) of paragraph (2) of this subsection (b), and may pay for such renewable energy credits through an upfront payment per installed kilowatt of nameplate capacity paid once the device is interconnected at the distribution system level of the interconnecting utility and verified as energized. Payments for renewable energy credits shall be in exchange for all renewable energy credits generated by the system during the first 15 years of operation and shall be structured to overcome barriers to participation in the solar market by the low-income community. The incentives provided for in this Section may be implemented through the pricing of renewable energy credits where the prices paid for the credits are higher than the prices

from programs offered under subsection (c) of Section 1-75 of this Act to account for the additional capital necessary to successfully access targeted market segments. The Agency or contracting electric utility shall retire any renewable energy credits purchased under this program and the credits shall count towards the obligation under subsection (c) of Section 1-75 of this Act for the electric utility to which the project is interconnected, if applicable.

The Agency shall direct that up to 5% of the funds available under the Illinois Solar for All Program to community-based groups and other qualifying organizations to assist in community-driven education efforts related to the Illinois Solar for All Program, including general energy education, job training program outreach efforts, and other activities deemed to be qualified by the Agency. Grassroots education funding shall not be used to support the marketing by solar project development firms and organizations, unless such education provides equal opportunities for all applicable firms and organizations.

(4) The Agency shall, consistent with the requirements of this subsection (b), propose the Illinois Solar for All Program terms, conditions, and requirements, including the prices to be paid for renewable energy credits, and which prices may be determined through a formula, through the development, review, and approval of the Agency's long-term renewable resources procurement plan described in subsection (c) of Section 1-75 of this Act and Section 16-111.5 of the Public Utilities Act. In the course of the Commission proceeding initiated to review and approve the plan, including the Illinois Solar for All Program proposed by the Agency, a party may propose an additional low-income solar or solar incentive program, or modifications to the programs proposed by the Agency, and the Commission may approve an additional program, or modifications to the Agency's proposed program, if the additional or modified program more effectively maximizes the benefits to low-income customers after taking into account all relevant factors, including, but not limited to, the extent to which a competitive market for low-income solar has developed. Following the Commission's approval of the Illinois Solar for All Program, the Agency or a party may propose adjustments to the program terms, conditions, and requirements, including the price offered to new systems, to ensure the long-term viability and success of the program. The Commission shall review and approve any modifications to the program through the plan revision process described in Section 16-111.5 of the Public Utilities Act.

(5) The Agency shall issue a request for qualifications for a third-party program administrator or administrators to administer all or a portion of the Illinois Solar for All Program. The third-party program administrator shall be chosen through a competitive bid process based on selection criteria and requirements developed by the Agency, including, but not limited to, experience in administering low-income energy programs and overseeing statewide clean energy or energy efficiency services. If the Agency retains a program administrator or administrators to implement all or a portion of the Illinois Solar for All Program, each administrator shall periodically submit reports to the Agency and Commission for each program that it administers, at appropriate intervals to be identified by the Agency in its long-term renewable resources procurement plan, provided that the reporting interval is at least quarterly. The third-party program administrator may be, but need not be, the same administrator as for the Adjustable Block program described in subparagraphs (K) through (M) of paragraph (1) of subsection (c) of Section 1-75. The Agency, through its long-term renewable resources procurement plan approval process, shall also determine if individual subprograms of the Illinois Solar for All Program are better served by a different or separate Program Administrator.

The third-party administrator's responsibilities shall also include facilitating placement for graduates of Illinois-based renewable energy-specific job training programs, including the Clean Jobs Workforce Network Program and the Illinois Climate Works Preapprenticeship Program administered by the Department of Commerce and Economic Opportunity and programs administered under Section 16-108.12 of the Public Utilities Act. To increase the uptake of trainees by participating firms, the administrator shall also develop a web-based clearinghouse for information available to both job training program graduates and firms participating, directly or indirectly, in Illinois solar incentive programs. The program administrator shall also coordinate its activities with entities implementing electric and natural gas income-qualified energy efficiency programs, including customer referrals to and from such programs, and connect prospective low-income solar customers with any existing deferred maintenance programs where applicable.

(6) The long-term renewable resources procurement plan shall also provide for an independent evaluation of the Illinois Solar for All Program. At least every 2 years, the Agency shall select an

independent evaluator to review and report on the Illinois Solar for All Program and the performance of the third-party program administrator of the Illinois Solar for All Program. The evaluation shall be based on objective criteria developed through a public stakeholder process. The process shall include feedback and participation from Illinois Solar for All Program stakeholders, including participants and organizations in environmental justice and historically underserved communities. The report shall include a summary of the evaluation of the Illinois Solar for All Program based on the stakeholder developed objective criteria. The report shall include the number of projects installed; the total installed capacity in kilowatts; the average cost per kilowatt of installed capacity to the extent reasonably obtainable by the Agency; the number of jobs or job opportunities created; economic, social, and environmental benefits created; and the total administrative costs expended by the Agency and program administrator to implement and evaluate the program. The report shall be delivered to the Commission and posted on the Agency's website, and shall be used, as needed, to revise the Illinois Solar for All Program. The Commission shall also consider the results of the evaluation as part of its review of the long-term renewable resources procurement plan under subsection (c) of Section 1-75 of this Act.

(7) If additional funding for the programs described in this subsection (b) is available under subsection (k) of Section 16-108 of the Public Utilities Act, then the Agency shall submit a procurement plan to the Commission no later than September 1, 2018, that proposes how the Agency will procure programs on behalf of the applicable utility. After notice and hearing, the Commission shall approve, or approve with modification, the plan no later than November 1, 2018.

(8) As part of the development and update of the long-term renewable resources procurement plan authorized by subsection (c) of Section 1-75 of this Act, the Agency shall plan for: (A) actions to refer customers from the Illinois Solar for All Program to electric and natural gas income-qualified energy efficiency programs, and vice versa, with the goal of increasing participation in both of these programs; (B) effective procedures for data sharing, as needed, to effectuate referrals between the Illinois Solar for All Program and both electric and natural gas income-qualified energy efficiency programs, including sharing customer information directly with the utilities, as needed and appropriate; and (C) efforts to identify any existing deferred maintenance programs for which prospective Solar for All Program customers may be eligible and connect prospective customers for whom deferred maintenance is or may be a barrier to solar installation to those programs.

As used in this subsection (b), "low-income households" means persons and families whose income does not exceed 80% of area median income, adjusted for family size and revised every 5 years.

For the purposes of this subsection (b), the Agency shall define "environmental justice community" based on the methodologies and findings established by the Agency and the Administrator for the Illinois Solar for All Program in its initial long-term renewable resources procurement plan and as updated by the Agency and the Administrator for the Illinois Solar for All Program as part of the long-term renewable resources procurement plan update.

(b-5) After the receipt of all payments required by Section 16-115D of the Public Utilities Act, no additional funds shall be deposited into the Illinois Power Agency Renewable Energy Resources Fund unless directed by order of the Commission.

(b-10) After the receipt of all payments required by Section 16-115D of the Public Utilities Act and payment in full of all contracts executed by the Agency under subsections (b) and (i) of this Section, if the balance of the Illinois Power Agency Renewable Energy Resources Fund is under $5,000, then the Fund shall be inoperative and any remaining funds and any funds submitted to the Fund after that date, shall be transferred to the Supplemental Low-Income Energy Assistance Fund for use in the Low-Income Home Energy Assistance Program, as authorized by the Energy Assistance Act.

(b-15) The prevailing wage requirements set forth in the Prevailing Wage Act apply to each project that is undertaken pursuant to one or more of the programs of incentives and initiatives described in subsection (b) of this Section and for which a project application is submitted to the program after the effective date of this amendatory Act of the 103rd General Assembly, except (i) projects that serve single-family or multi-family residential buildings and (ii) projects with an aggregate capacity of less than 100 kilowatts that serve houses of worship. The Agency shall require verification that all construction performed on a project by the renewable energy credit delivery contract holder, its contractors, or its subcontractors relating to the construction of the facility is performed by workers receiving an amount for that work that is greater than or equal to the general prevailing rate of wages as that term is defined in the

Prevailing Wage Act, and the Agency may adjust renewable energy credit prices to account for increased labor costs.

In this subsection (b-15), "house of worship" has the meaning given in subparagraph (Q) of paragraph (1) of subsection (c) of Section 1-75.

(c) (Blank).

(d) (Blank).

(e) All renewable energy credits procured using monies from the Illinois Power Agency Renewable Energy Resources Fund shall be permanently retired.

(f) The selection of one or more third-party program managers or administrators, the selection of the independent evaluator, and the procurement processes described in this Section are exempt from the requirements of the Illinois Procurement Code, under Section 20-10 of that Code.

(g) All disbursements from the Illinois Power Agency Renewable Energy Resources Fund shall be made only upon warrants of the Comptroller drawn upon the Treasurer as custodian of the Fund upon vouchers signed by the Director or by the person or persons designated by the Director for that purpose. The Comptroller is authorized to draw the warrant upon vouchers so signed. The Treasurer shall accept all warrants so signed and shall be released from liability for all payments made on those warrants.

(h) The Illinois Power Agency Renewable Energy Resources Fund shall not be subject to sweeps, administrative charges, or chargebacks, including, but not limited to, those authorized under Section 8h of the State Finance Act, that would in any way result in the transfer of any funds from this Fund to any other fund of this State or in having any such funds utilized for any purpose other than the express purposes set forth in this Section.

(h-5) The Agency may assess fees to each bidder to recover the costs incurred in connection with a procurement process held under this Section. Fees collected from bidders shall be deposited into the Renewable Energy Resources Fund.

(i) Supplemental procurement process.

(1) Within 90 days after the effective date of this amendatory Act of the 98th General Assembly, the Agency shall develop a one-time supplemental procurement plan limited to the procurement of renewable energy credits, if available, from new or existing photovoltaics, including, but not limited to, distributed photovoltaic generation. Nothing in this subsection (i) requires procurement of wind generation through the supplemental procurement.

Renewable energy credits procured from new photovoltaics, including, but not limited to, distributed photovoltaic generation, under this subsection (i) must be procured from devices installed by a qualified person. In its supplemental procurement plan, the Agency shall establish contractually enforceable mechanisms for ensuring that the installation of new photovoltaics is performed by a qualified person.

For the purposes of this paragraph (1), "qualified person" means a person who performs installations of photovoltaics, including, but not limited to, distributed photovoltaic generation, and who: (A) has completed an apprenticeship as a journeyman electrician from a United States Department of Labor registered electrical apprenticeship and training program and received a certification of satisfactory completion; or (B) does not currently meet the criteria under clause (A) of this paragraph (1), but is enrolled in a United States Department of Labor registered electrical apprenticeship program, provided that the person is directly supervised by a person who meets the criteria under clause (A) of this paragraph (1); or (C) has obtained one of the following credentials in addition to attesting to satisfactory completion of at least 5 years or 8,000 hours of documented hands-on electrical experience: (i) a North American Board of Certified Energy Practitioners (NABCEP) Installer Certificate for Solar PV; (ii) an Underwriters Laboratories (UL) PV Systems Installer Certificate; (iii) an Electronics Technicians Association, International (ETAI) Level 3 PV Installer Certificate; or (iv) an Associate in Applied Science degree from an Illinois Community College Board approved community college program in renewable energy or a distributed generation technology.

For the purposes of this paragraph (1), "directly supervised" means that there is a qualified person who meets the qualifications under clause (A) of this paragraph (1) and who is available for supervision and consultation regarding the work performed by persons under clause (B) of this paragraph (1), including a final inspection of the installation work that has been directly supervised to ensure safety and conformity with applicable codes.

For the purposes of this paragraph (1), "install" means the major activities and actions required to connect, in accordance with applicable building and electrical codes, the conductors, connectors, and all associated fittings, devices, power outlets, or apparatuses mounted at the premises that are directly involved in delivering energy to the premises' electrical wiring from the photovoltaics, including, but not limited to, to distributed photovoltaic generation.

The renewable energy credits procured pursuant to the supplemental procurement plan shall be procured using up to $30,000,000 from the Illinois Power Agency Renewable Energy Resources Fund. The Agency shall not plan to use funds from the Illinois Power Agency Renewable Energy Resources Fund in excess of the monies on deposit in such fund or projected to be deposited into such fund. The supplemental procurement plan shall ensure adequate, reliable, affordable, efficient, and environmentally sustainable renewable energy resources (including credits) at the lowest total cost over time, taking into account any benefits of price stability.

To the extent available, 50% of the renewable energy credits procured from distributed renewable energy generation shall come from devices of less than 25 kilowatts in nameplate capacity. Procurement of renewable energy credits from distributed renewable energy generation devices shall be done through multi-year contracts of no less than 5 years. The Agency shall create credit requirements for counterparties. In order to minimize the administrative burden on contracting entities, the Agency shall solicit the use of third parties to aggregate distributed renewable energy. These third parties shall enter into and administer contracts with individual distributed renewable energy generation device owners. An individual distributed renewable energy generation device owner shall have the ability to measure the output of his or her distributed renewable energy generation device.

In developing the supplemental procurement plan, the Agency shall hold at least one workshop open to the public within 90 days after the effective date of this amendatory Act of the 98th General Assembly and shall consider any comments made by stakeholders or the public. Upon development of the supplemental procurement plan within this 90-day period, copies of the supplemental procurement plan shall be posted and made publicly available on the Agency's and Commission's websites. All interested parties shall have 14 days following the date of posting to provide comment to the Agency on the supplemental procurement plan. All comments submitted to the Agency shall be specific, supported by data or other detailed analyses, and, if objecting to all or a portion of the supplemental procurement plan, accompanied by specific alternative wording or proposals. All comments shall be posted on the Agency's and Commission's websites. Within 14 days following the end of the 14-day review period, the Agency shall revise the supplemental procurement plan as necessary based on the comments received and file its revised supplemental procurement plan with the Commission for approval.

(2) Within 5 days after the filing of the supplemental procurement plan at the Commission, any person objecting to the supplemental procurement plan shall file an objection with the Commission. Within 10 days after the filing, the Commission shall determine whether a hearing is necessary. The Commission shall enter its order confirming or modifying the supplemental procurement plan within 90 days after the filing of the supplemental procurement plan by the Agency.

(3) The Commission shall approve the supplemental procurement plan of renewable energy credits to be procured from new or existing photovoltaics, including, but not limited to, distributed photovoltaic generation, if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service in the form of renewable energy credits at the lowest total cost over time, taking into account any benefits of price stability.

(4) The supplemental procurement process under this subsection (i) shall include each of the following components:

(A) Procurement administrator. The Agency may retain a procurement administrator in the manner set forth in item (2) of subsection (a) of Section 1-75 of this Act to conduct the supplemental procurement or may elect to use the same procurement administrator administering the Agency's annual procurement under Section 1-75.

(B) Procurement monitor. The procurement monitor retained by the Commission pursuant to Section 16-111.5 of the Public Utilities Act shall:

(i) monitor interactions among the procurement administrator and bidders and suppliers;

(ii) monitor and report to the Commission on the progress of the supplemental procurement process;

(iii) provide an independent confidential report to the Commission regarding the results of the procurement events;

(iv) assess compliance with the procurement plan approved by the Commission for the supplemental procurement process;

(v) preserve the confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;

(vi) provide expert advice to the Commission and consult with the procurement administrator regarding issues related to procurement process design, rules, protocols, and policy-related matters;

(vii) consult with the procurement administrator regarding the development and use of benchmark criteria, standard form contracts, credit policies, and bid documents; and

(viii) perform, with respect to the supplemental procurement process, any other procurement monitor duties specifically delineated within subsection (i) of this Section.

(C) Solicitation, pre-qualification, and registration of bidders. The procurement administrator shall disseminate information to potential bidders to promote a procurement event, notify potential bidders that the procurement administrator may enter into a post-bid price negotiation with bidders that meet the applicable benchmarks, provide supply requirements, and otherwise explain the competitive procurement process. In addition to such other publication as the procurement administrator determines is appropriate, this information shall be posted on the Agency's and the Commission's websites. The procurement administrator shall also administer the prequalification process, including evaluation of credit worthiness, compliance with procurement rules, and agreement to the standard form contract developed pursuant to item (D) of this paragraph (4). The procurement administrator shall then identify and register bidders to participate in the procurement event.

(D) Standard contract forms and credit terms and instruments. The procurement administrator, in consultation with the Agency, the Commission, and other interested parties and subject to Commission oversight, shall develop and provide standard contract forms for the supplier contracts that meet generally accepted industry practices as well as include any applicable State of Illinois terms and conditions that are required for contracts entered into by an agency of the State of Illinois. Standard credit terms and instruments that meet generally accepted industry practices shall be similarly developed. Contracts for new photovoltaics shall include a provision attesting that the supplier will use a qualified person for the installation of the device pursuant to paragraph (1) of subsection (i) of this Section. The procurement administrator shall make available to the Commission all written comments it receives on the contract forms, credit terms, or instruments. If the procurement administrator cannot reach agreement with the parties as to the contract terms and conditions, the procurement administrator must notify the Commission of any disputed terms and the Commission shall resolve the dispute. The terms of the contracts shall not be subject to negotiation by winning bidders, and the bidders must agree to the terms of the contract in advance so that winning bids are selected solely on the basis of price.

(E) Requests for proposals; competitive procurement process. The procurement administrator shall design and issue requests for proposals to supply renewable energy credits in accordance with the supplemental procurement plan, as approved by the Commission. The requests for proposals shall set forth a procedure for sealed, binding commitment bidding with pay-as-bid settlement, and provision for selection of bids on the basis of price, provided, however, that no bid shall be accepted if it exceeds the benchmark developed pursuant to item (F) of this paragraph (4).

(F) Benchmarks. Benchmarks for each product to be procured shall be developed by the procurement administrator in consultation with Commission staff, the Agency, and the procurement monitor for use in this supplemental procurement.

(G) A plan for implementing contingencies in the event of supplier default, Commission rejection of results, or any other cause.

(5) Within 2 business days after opening the sealed bids, the procurement administrator shall submit a confidential report to the Commission. The report shall contain the results of the bidding for

each of the products along with the procurement administrator's recommendation for the acceptance and rejection of bids based on the price benchmark criteria and other factors observed in the process. The procurement monitor also shall submit a confidential report to the Commission within 2 business days after opening the sealed bids. The report shall contain the procurement monitor's assessment of bidder behavior in the process as well as an assessment of the procurement administrator's compliance with the procurement process and rules. The Commission shall review the confidential reports submitted by the procurement administrator and procurement monitor and shall accept or reject the recommendations of the procurement administrator within 2 business days after receipt of the reports.

(6) Within 3 business days after the Commission decision approving the results of a procurement event, the Agency shall enter into binding contractual arrangements with the winning suppliers using the standard form contracts.

(7) The names of the successful bidders and the average of the winning bid prices for each contract type and for each contract term shall be made available to the public within 2 days after the supplemental procurement event. The Commission, the procurement monitor, the procurement administrator, the Agency, and all participants in the procurement process shall maintain the confidentiality of all other supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs. Confidential information, including the confidential reports submitted by the procurement administrator and procurement monitor pursuant to this Section, shall not be made publicly available and shall not be discoverable by any party in any proceeding, absent a compelling demonstration of need, nor shall those reports be admissible in any proceeding other than one for law enforcement purposes.

(8) The supplemental procurement provided in this subsection (i) shall not be subject to the requirements and limitations of subsections (c) and (d) of this Section.

(9) Expenses incurred in connection with the procurement process held pursuant to this Section, including, but not limited to, the cost of developing the supplemental procurement plan, the procurement administrator, procurement monitor, and the cost of the retirement of renewable energy credits purchased pursuant to the supplemental procurement shall be paid for from the Illinois Power Agency Renewable Energy Resources Fund. The Agency shall enter into an interagency agreement with the Commission to reimburse the Commission for its costs associated with the procurement monitor for the supplemental procurement process.

(Source: P.A. 102-662, eff. 9-15-21.)

Section 99. Effective date. This Act takes effect upon becoming law.".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Castro, **House Bill No. 3370** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Labor, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 3370**

AMENDMENT NO. 1 . Amend House Bill 3370 by replacing everything after the enacting clause with the following:

"Section 5. The Prevailing Wage Act is amended by changing Section 2 as follows:

(820 ILCS 130/2) (from Ch. 48, par. 39s-2)

Sec. 2. This Act applies to the wages of laborers, mechanics and other workers employed in any public works, as hereinafter defined, by any public body and to anyone under contracts for public works. This includes any maintenance, repair, assembly, or disassembly work performed on equipment whether owned, leased, or rented.

As used in this Act, unless the context indicates otherwise:

"Public works" means all fixed works constructed or demolished by any public body, or paid for wholly or in part out of public funds. "Public works" as defined herein includes all projects financed in whole or in part with bonds, grants, loans, or other funds made available by or through the State or any of its political subdivisions, including but not limited to: bonds issued under the Industrial Project Revenue Bond Act (Article 11, Division 74 of the Illinois Municipal Code), the Industrial Building Revenue Bond Act, the

Illinois Finance Authority Act, the Illinois Sports Facilities Authority Act, or the Build Illinois Bond Act; loans or other funds made available pursuant to the Build Illinois Act; loans or other funds made available pursuant to the Riverfront Development Fund under Section 10-15 of the River Edge Redevelopment Zone Act; or funds from the Fund for Illinois' Future under Section 6z-47 of the State Finance Act, funds for school construction under Section 5 of the General Obligation Bond Act, funds authorized under Section 3 of the School Construction Bond Act, funds for school infrastructure under Section 6z-45 of the State Finance Act, and funds for transportation purposes under Section 4 of the General Obligation Bond Act. "Public works" also includes (i) all projects financed in whole or in part with funds from the Environmental Protection Agency under the Illinois Renewable Fuels Development Program Act for which there is no project labor agreement; (ii) all work performed pursuant to a public private agreement under the Public Private Agreements for the Illiana Expressway Act or the Public-Private Agreements for the South Suburban Airport Act; (iii) all projects undertaken under a public-private agreement under the Public-Private Partnerships for Transportation Act; and (iv) all transportation facilities undertaken under a design-build contract or a Construction Manager/General Contractor contract under the Innovations for Transportation Infrastructure Act. "Public works" also includes all projects at leased facility property used for airport purposes under Section 35 of the Local Government Facility Lease Act. "Public works" also includes the construction of a new wind power facility by a business designated as a High Impact Business under Section 5.5(a)(3)(E) and the construction of a new utility-scale solar power facility by a business designated as a High Impact Business under Section 5.5(a)(3)(E-5) of the Illinois Enterprise Zone Act. "Public works" also includes electric vehicle charging station projects financed pursuant to the Electric Vehicle Act and renewable energy projects required to pay the prevailing wage pursuant to the Illinois Power Agency Act. "Public works" also includes power washing projects by a public body or paid for wholly or in part out of public funds in which steam or pressurized water, with or without added abrasives or chemicals, is used to remove paint or other coatings, oils or grease, corrosion, or debris from a surface or to prepare a surface for a coating. "Public works" does not include work done directly by any public utility company, whether or not done under public supervision or direction, or paid for wholly or in part out of public funds. "Public works" also includes construction projects performed by a third party contracted by any public utility, as described in subsection (a) of Section 2.1, in public rights-of-way, as defined in Section 21-201 of the Public Utilities Act, whether or not done under public supervision or direction, or paid for wholly or in part out of public funds. "Public works" also includes construction projects that exceed 15 aggregate miles of new fiber optic cable, performed by a third party contracted by any public utility, as described in subsection (b) of Section 2.1, in public rights-of-way, as defined in Section 21-201 of the Public Utilities Act, whether or not done under public supervision or direction, or paid for wholly or in part out of public funds. "Public works" also includes any corrective action performed pursuant to Title XVI of the Environmental Protection Act for which payment from the Underground Storage Tank Fund is requested. "Public works" does not include projects undertaken by the owner at an owner-occupied single-family residence or at an owner-occupied unit of a multi-family residence. "Public works" does not include work performed for soil and water conservation purposes on agricultural lands, whether or not done under public supervision or paid for wholly or in part out of public funds, done directly by an owner or person who has legal control of those lands.

"Construction" means all work on public works involving laborers, workers or mechanics. This includes any maintenance, repair, assembly, or disassembly work performed on equipment whether owned, leased, or rented.

"Locality" means the county where the physical work upon public works is performed, except (1) that if there is not available in the county a sufficient number of competent skilled laborers, workers and mechanics to construct the public works efficiently and properly, "locality" includes any other county nearest the one in which the work or construction is to be performed and from which such persons may be obtained in sufficient numbers to perform the work and (2) that, with respect to contracts for highway work with the Department of Transportation of this State, "locality" may at the discretion of the Secretary of the Department of Transportation be construed to include two or more adjacent counties from which workers may be accessible for work on such construction.

"Public body" means the State or any officer, board or commission of the State or any political subdivision or department thereof, or any institution supported in whole or in part by public funds, and includes every county, city, town, village, township, school district, irrigation, utility, reclamation improvement or other district and every other political subdivision, district or municipality of the state whether such political subdivision, municipality or district operates under a special charter or not.

"Labor organization" means an organization that is the exclusive representative of an employer's employees recognized or certified pursuant to the National Labor Relations Act.

The terms "general prevailing rate of hourly wages", "general prevailing rate of wages" or "prevailing rate of wages" when used in this Act mean the hourly cash wages plus annualized fringe benefits for training and apprenticeship programs approved by the U.S. Department of Labor, Bureau of Apprenticeship and Training, health and welfare, insurance, vacations and pensions paid generally, in the locality in which the work is being performed, to employees engaged in work of a similar character on public works.

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Holmes, **House Bill No. 3402** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Morrison, **House Bill No. 3405** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Simmons, **House Bill No. 3414** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Castro, **House Bill No. 3448** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Labor, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 3448**

AMENDMENT NO. 1 . Amend House Bill 3448 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Wage Payment and Collection Act is amended by changing Section 13.5 as follows:

(820 ILCS 115/13.5)

Sec. 13.5. Primary contractor responsibility for wage claims in construction industry.

(a) For all contracts entered into on or after July 1, 2022, a primary contractor making or taking a contract in the State for the erection, construction, alteration, or repair of a building, structure, or other private work in the State where the aggregate costs of the project exceed $20,000 shall assume, and is liable for, any debt owed to a claimant under this Section by a subcontractor at any tier acting under, by, or for the primary contractor for the wage claimant's performance of labor included in the subject of the contract between the primary contractor and the owner. This Section does not apply to work performed by a contractor of the federal government, the State, a special district, a city, a county, or any political subdivision of the State.

(b) As used in this Section:

"Construction" means building, altering, repairing, improving, or demolishing any structure or building or making improvements of any kind to real property.

"Primary contractor" means a contractor that has a direct contractual relationship with a property owner. "Primary contractor" may have the same meaning as a "general contractor", "prime contractor", or "construction manager". A property owner who acts as a primary contractor related to the erection, construction, alteration, or repair of his or her primary residence shall be exempt from liability under this Section.

"Private work" means any erection, construction, alteration, or repair of a building, structure, or other work.

"Subcontractor" means a contractor that has a contractual relationship with the primary contractor or with another subcontractor at any tier, who furnishes any goods or services in connection with the contract between the primary contractor and the property owner, but does not include contractors who solely provide goods and transport of such goods related to the contract.

(c) The primary contractor's liability under this Section shall extend only to any unpaid wages or fringe or other benefit payments or contributions, including interest owed, penalties assessed by the Department, and reasonable attorney's fees, but shall not extend to liquidated damages.

(d) A primary contractor or any other person shall not evade or commit any act that negates the requirements of this Section. Except as otherwise provided in a contract between the primary contractor and the subcontractor, the subcontractor shall indemnify the primary contractor for any wages, fringe or other benefit payments or contributions, damages, interest, penalties, or attorney's fees owed as a result of the subcontractor's failure to pay wages or fringe or other benefit payments or contributions as provided in this Section, unless the subcontractor's failure to pay was due to the primary contractor's failure to pay moneys due to the subcontractor in accordance with the terms of their contractual relationship.

(e) Nothing in this Section shall supersede or modify the obligations and liability that any primary contractor, subcontractor, or property owner may bear as an employer under this Act or any other applicable law. The obligations and remedies provided in this Section shall be in addition to any obligations and remedies otherwise provided by law. Nothing in this Section shall be construed to impose liability on a primary contractor for anything other than unpaid wages, fringe or other benefit payments or contributions, penalties assessed by the Department, interest owed, and reasonable attorney's fees.

(f) Claims brought pursuant to this Section shall be done so in accordance with this Act. Nothing in this Section shall be construed to provide a third party with the right to file a complaint with the Department alleging violation of this Section.

(g) The following shall be exempt from liability under this Section:

(1) primary contractors who are parties to a collective bargaining agreement on the project where the work is being performed; and

(2) primary contractors making or taking a contract in the State for the alteration or repair of an existing single-family dwelling or to a single residential unit in an existing multi-unit structure.

(h) Prior to the commencement of any civil action, a claimant or a representative of a claimant shall provide written notice to the employer and to the primary contractor detailing the nature and basis for the claim. Failure of the employer or the primary contractor to resolve the claim within 10 days after receipt of this notice, or during any agreed upon period extending this deadline, may result in the filing of a civil action to enforce the provisions of this Act.

(i) Claims brought pursuant to this Section shall be filed with the Department of Labor or filed with the circuit court within 3 years after the wages, final compensation, or wage supplements were due. This subsection does not apply to any other claims under this Act or any other applicable law against a primary contractor, subcontractor, or homeowner as an employer.

(j) Every primary contractor and subcontractor shall post and keep posted, in one or more conspicuous places accessible to all laborers, workers, and mechanics at a job site that is subject to the requirements of this Section, a notice, to be made available by the Director of Labor, summarizing the requirements of this Section and information pertaining to the filing of a complaint. The Director of Labor shall provide copies of summaries and rules to primary contractors and subcontractors upon request without charge. One copy of the notice at a job site shall satisfy the notice requirement for the primary contractor and all subcontractors. Any primary contractor or subcontractor who fails to provide notice as required by this Section shall be subject to a civil penalty, not to exceed $250, payable to the Department of Labor.

Section 99. Effective date. This Act takes effect July 1, 2023.".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Preston, **House Bill No. 3491** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Halpin, **House Bill No. 3639** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Porfirio, **House Bill No. 3722** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator D. Turner, **House Bill No. 3744** was taken up, read by title a second time.
Committee Amendment No. 1 was held in the Committee on State Government.
There being no further amendments, the bill was ordered to a third reading.

On motion of Senator Fowler, **House Bill No. 3769** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Cunningham, **House Bill No. 3808** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Ventura, **House Bill No. 3849** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Villanueva, **House Bill No. 1120** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Villanueva, **House Bill No. 2041** having been printed, was taken up and read by title a second time.
The following amendment was offered in the Committee on Higher Education, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 2041**

AMENDMENT NO. 1 . Amend House Bill 2041 as follows:

by deleting line 7 on page 1 through line 7 on page 2; and

by deleting line 17 on page 16 through line 17 on page 17; and

on page 17, line 24, by deleting "adding"; and

on page 18, line 1, by deleting "Section 7.5 and by"; and

on page 18, by deleting lines 2 through 25.

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Simmons, **House Bill No. 1596** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Simmons, **House Bill No. 2131** having been printed, was taken up and read by title a second time.
The following amendment was offered in the Committee on Transportation, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 2131**

AMENDMENT NO. 1 . Amend House Bill 2131, on page 1 by replacing lines 14 through 21 with the following:

"(b) The members of the Task Force shall include:
(1) the Secretary of Transportation, or the Secretary's designee, who shall serve as Chair of the Task Force;
(2) the Director of State Police, or the Director's designee;
(3) the Secretary of State, or the Secretary's designee;
(4) the Director of Public Health, or the Director's designee;
(5) a member from 3 different public universities in this State, appointed by the Governor;

(6) a representative of a statewide motorcycle safety organization, appointed by the Governor;

(7) a representative of a statewide motorist service membership organization, appointed by the Governor;

(8) a representative of a statewide transportation advocacy organization, appointed by the Governor;

(9) a representative of a bicycle safety organization, appointed by the Governor;

(10) a representative of a statewide organization representing municipalities, appointed by the Governor; and

(11) a representative of a statewide labor organization, appointed by the Governor.".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Simmons, **House Bill No. 2297** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Human Rights, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 2297**

AMENDMENT NO. 1 . Amend House Bill 2297 on page 2, by replacing line 21 with "minorities, persons who identify as"; and

on page 3, by replacing lines 3 and 4 with "statistical percentage of minorities, women, persons who identify as non-binary or gender"; and

on page 3, by replacing lines 13 and 14 with "by minorities, women, persons who identify as non-binary or gender non-conforming, and persons with".

There being no further amendments, the bill, as amended, was ordered to a third reading.

On motion of Senator Simmons, **House Bill No. 2776** having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Environment and Conservation, adopted and ordered printed:

**AMENDMENT NO. 1 TO HOUSE BILL 2776**

AMENDMENT NO. 1 . Amend House Bill 2776 by replacing everything after the enacting clause with the following:

"Section 5. The Environmental Protection Act is amended by changing Section 17.12 as follows:

(415 ILCS 5/17.12)

Sec. 17.12. Lead service line replacement and notification.

(a) The purpose of this Act is to: (1) require the owners and operators of community water supplies to develop, implement, and maintain a comprehensive water service line material inventory and a comprehensive lead service line replacement plan, provide notice to occupants of potentially affected buildings before any construction or repair work on water mains or lead service lines, and request access to potentially affected buildings before replacing lead service lines; and (2) prohibit partial lead service line replacements, except as authorized within this Section.

(b) The General Assembly finds and declares that:

(1) There is no safe level of exposure to heavy metal lead, as found by the United States Environmental Protection Agency and the Centers for Disease Control and Prevention.

(2) Lead service lines can convey this harmful substance to the drinking water supply.

(3) According to the Illinois Environmental Protection Agency's 2018 Service Line Material Inventory, the State of Illinois is estimated to have over 680,000 lead-based service lines still in operation.

(4) The true number of lead service lines is not fully known because Illinois lacks an adequate inventory of lead service lines.

(5) For the general health, safety and welfare of its residents, all lead service lines in Illinois should be disconnected from the drinking water supply, and the State's drinking water supply.

(c) In this Section:

"Advisory Board" means the Lead Service Line Replacement Advisory Board created under subsection (x).

"Community water supply" has the meaning ascribed to it in Section 3.145 of this Act.

"Department" means the Department of Public Health.

"Emergency repair" means any unscheduled water main, water service, or water valve repair or replacement that results from failure or accident.

"Fund" means the Lead Service Line Replacement Fund created under subsection (bb).

"Lead service line" means a service line made of lead or service line connected to a lead pigtail, lead gooseneck, or other lead fitting.

"Material inventory" means a water service line material inventory developed by a community water supply under this Act.

"Non-community water supply" has the meaning ascribed to it in Section 3.145 of the Environmental Protection Act.

"NSF/ANSI Standard" means a water treatment standard developed by NSF International.

"Partial lead service line replacement" means replacement of only a portion of a lead service line.

"Potentially affected building" means any building that is provided water service through a service line that is either a lead service line or a suspected lead service line.

"Public water supply" has the meaning ascribed to it in Section 3.365 of this Act.

"Service line" means the piping, tubing, and necessary appurtenances acting as a conduit from the water main or source of potable water supply to the building plumbing at the first shut-off valve or 18 inches inside the building, whichever is shorter.

"Suspected lead service line" means a service line that a community water supply finds more likely than not to be made of lead after completing the requirements under paragraphs (2) through (5) of subsection (h).

"Small system" means a community water supply that regularly serves water to 3,300 or fewer persons.

(d) An owner or operator of a community water supply shall:

(1) develop an initial material inventory by April 15, 2022 and electronically submit by April 15, 2023 an updated material inventory electronically to the Agency; and

(2) deliver a complete material inventory to the Agency no later than April 15, 2024, or such time as required by federal law, whichever is sooner. The complete inventory shall report the composition of all service lines in the community water supply's distribution system.

(e) The Agency shall review and approve the final material inventory submitted to it under subsection (d).

(f) If a community water supply does not submit a complete inventory to the Agency by April 15, 2024 under paragraph (2) of subsection (d), the community water supply may apply for an extension to the Agency no less than 3 months prior to the due date. The Agency shall develop criteria for granting material inventory extensions. When considering requests for extension, the Agency shall, at a minimum, consider:

(1) the number of service connections in a water supply; and

(2) the number of service lines of an unknown material composition.

(g) A material inventory prepared for a community water supply under subsection (d) shall identify:

(1) the total number of service lines connected to the community water supply's distribution system;

(2) the materials of construction of each service line connected to the community water supply's distribution system;

(3) the number of suspected lead service lines that were newly identified in the material inventory for the community water supply after the community water supply last submitted a service line inventory to the Agency; and

(4) the number of suspected or known lead service lines that were replaced after the community water supply last submitted a service line inventory to the Agency, and the material of the service line that replaced each lead service line.

When identifying the materials of construction under paragraph (2) of this subsection, the owner or operator of the community water supply shall to the best of the owner's or operator's ability identify the type

of construction material used on the customer's side of the curb box, meter, or other line of demarcation and the community water supply's side of the curb box, meter, or other line of demarcation.

(h) In completing a material inventory under subsection (d), the owner or operator of a community water supply shall:

(1) prioritize inspections of high-risk areas identified by the community water supply and inspections of high-risk facilities, such as preschools, day care centers, day care homes, group day care homes, parks, playgrounds, hospitals, and clinics, and confirm service line materials in those areas and at those facilities;

(2) review historical documentation, such as construction logs or cards, as-built drawings, purchase orders, and subdivision plans, to determine service line material construction;

(3) when conducting distribution system maintenance, visually inspect service lines and document materials of construction;

(4) identify any time period when the service lines being connected to its distribution system were primarily lead service lines, if such a time period is known or suspected; and

(5) discuss service line repair and installation with its employees, contractors, plumbers, other workers who worked on service lines connected to its distribution system, or all of the above.

(i) The owner or operator of each community water supply shall maintain records of persons who refuse to grant access to the interior of a building for purposes of identifying the materials of construction of a service line. If a community water supply has been denied access on the property or to the interior of a building for that reason, then the community water supply shall attempt to identify the service line as a suspected lead service line, unless documentation is provided showing otherwise.

(j) If a community water supply identifies a lead service line connected to a building, the owner or operator of the community water supply shall attempt to notify the owner of the building and all occupants of the building of the existence of the lead service line within 15 days after identifying the lead service line, or as soon as is reasonably possible thereafter. Individual written notice shall be given according to the provisions of subsection (jj).

(k) An owner or operator of a community water supply has no duty to include in the material inventory required under subsection (d) information about service lines that are physically disconnected from a water main in its distribution system.

(l) The owner or operator of each community water supply shall post on its website a copy of the most recently submitted material inventory or alternatively may request that the Agency post a copy of that material inventory on the Agency's website.

(m) Nothing in this Section shall be construed to require service lines to be unearthed for the sole purpose of inventorying.

(n) When an owner or operator of a community water supply awards a contract under this Section, the owner or operator shall make a good faith effort to use contractors and vendors owned by minority persons, women, and persons with a disability, as those terms are defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, for not less than 20% of the total contracts, provided that:

(1) contracts representing at least 11% of the total projects shall be awarded to minority-owned businesses, as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act;

(2) contracts representing at least 7% of the total projects shall be awarded to women-owned businesses, as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act; and

(3) contracts representing at least 2% of the total projects shall be awarded to businesses owned by persons with a disability.

Owners or operators of a community water supply are encouraged to divide projects, whenever economically feasible, into contracts of smaller size that ensure small business contractors or vendors shall have the ability to qualify in the applicable bidding process, when determining the ability to deliver on a given contract based on scope and size, as a responsible and responsive bidder.

When a contractor or vendor submits a bid or letter of intent in response to a request for proposal or other bid submission, the contractor or vendor shall include with its responsive documents a utilization plan that shall address how compliance with applicable good faith requirements set forth in this subsection shall be addressed.

Under this subsection, "good faith effort" means a community water supply has taken all necessary steps to comply with the goals of this subsection by complying with the following:

(1) Soliciting through reasonable and available means the interest of a business, as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, that have the capability to perform the work of the contract. The community water supply must solicit this interest within sufficient time to allow certified businesses to respond.

(2) Providing interested certified businesses with adequate information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation.

(3) Meeting in good faith with interested certified businesses that have submitted bids.

(4) Effectively using the services of the State, minority or women community organizations, minority or women contractor groups, local, State, and federal minority or women business assistance offices, and other organizations to provide assistance in the recruitment and placement of certified businesses.

(5) Making efforts to use appropriate forums for purposes of advertising subcontracting opportunities suitable for certified businesses.

The diversity goals defined in this subsection can be met through direct award to diverse contractors and through the use of diverse subcontractors and diverse vendors to contracts.

(o) An owner or operator of a community water supply shall collect data necessary to ensure compliance with subsection (n) no less than semi-annually and shall include progress toward compliance of subsection (n) in the owner or operator's report required under subsection (t-5). The report must include data on vendor and employee diversity, including data on the owner's or operator's implementation of subsection (n).

(p) Every owner or operator of a community water supply that has known or suspected lead service lines shall:

(1) create a plan to:

(A) replace each lead service line connected to its distribution system; and

(B) replace each galvanized service line connected to its distribution system, if the galvanized service line is or was connected downstream to lead piping; and

(2) electronically submit, by April 15, 2024 its initial lead service line replacement plan to the Agency;

(3) electronically submit by April 15 of each year after 2024 until April 15, 2027 an updated lead service line replacement plan to the Agency for review; the updated replacement plan shall account for changes in the number of lead service lines or unknown service lines in the material inventory described in subsection (d);

(4) electronically submit by April 15, 2027 a complete and final replacement plan to the Agency for approval; the complete and final replacement plan shall account for all known and suspected lead service lines documented in the final material inventory described under paragraph (3) of subsection (d); and

(5) post on its website a copy of the plan most recently submitted to the Agency or may request that the Agency post a copy of that plan on the Agency's website.

(q) Each plan required under paragraph (1) of subsection (p) shall include the following:

(1) the name and identification number of the community water supply;

(2) the total number of service lines connected to the distribution system of the community water supply;

(3) the total number of suspected lead service lines connected to the distribution system of the community water supply;

(4) the total number of known lead service lines connected to the distribution system of the community water supply;

(5) the total number of lead service lines connected to the distribution system of the community water supply that have been replaced each year beginning in 2020;

(6) a proposed lead service line replacement schedule that includes one-year, 5-year, 10-year, 15-year, 20-year, 25-year, and 30-year goals;

(7) an analysis of costs and financing options for replacing the lead service lines connected to the community water supply's distribution system, which shall include, but shall not be limited to:

(A) a detailed accounting of costs associated with replacing lead service lines and galvanized lines that are or were connected downstream to lead piping;

(B) measures to address affordability and prevent service shut-offs for customers or ratepayers; and

(C) consideration of different scenarios for structuring payments between the utility and its customers over time; and

(8) a plan for prioritizing high-risk facilities, such as preschools, day care centers, day care homes, group day care homes, parks, playgrounds, hospitals, and clinics, as well as high-risk areas identified by the community water supply;

(9) a map of the areas where lead service lines are expected to be found and the sequence with which those areas will be inventoried and lead service lines replaced;

(10) measures for how the community water supply will inform the public of the plan and provide opportunity for public comment; and

(11) measures to encourage diversity in hiring in the workforce required to implement the plan as identified under subsection (n).

(r) The Agency shall review final plans submitted to it under subsection (p). The Agency shall approve a final plan if the final plan includes all of the elements set forth under subsection (q) and the Agency determines that:

(1) the proposed lead service line replacement schedule set forth in the plan aligns with the timeline requirements set forth under subsection (v);

(2) the plan prioritizes the replacement of lead service lines that provide water service to high-risk facilities, such as preschools, day care centers, day care homes, group day care homes, parks, playgrounds, hospitals, and clinics, and high-risk areas identified by the community water supply;

(3) the plan includes analysis of cost and financing options; and

(4) the plan provides documentation of public review.

(s) An owner or operator of a community water supply has no duty to include in the plans required under subsection (p) information about service lines that are physically disconnected from a water main in its distribution system.

(t) If a community water supply does not deliver a complete plan to the Agency by April 15, 2027, the community water supply may apply to the Agency for an extension no less than 3 months prior to the due date. The Agency shall develop criteria for granting plan extensions. When considering requests for extension, the Agency shall, at a minimum, consider:

(1) the number of service connections in a water supply; and

(2) the number of service lines of an unknown material composition.

(t-5) After the Agency has approved the final replacement plan described in subsection (p), the owner or operator of a community water supply shall submit a report detailing progress toward plan goals to the Agency for its review. The report shall be submitted annually for the first 10 years, and every 3 years thereafter until all lead service lines have been replaced. Reports under this subsection shall be published in the same manner described in subsection (l). The report shall include at least the following information as it pertains to the preceding reporting period:

(1) The number of lead service lines replaced and the average cost of lead service line replacement.

(2) Progress toward meeting hiring requirements as described in subsection (n) and subsection (o).

(3) The percent of customers electing a waiver offered, as described in subsections (ii) and (jj), among those customers receiving a request or notification to perform a lead service line replacement.

(4) The method or methods used by the community water supply to finance lead service line replacement.

(u) Notwithstanding any other provision of law, in order to provide for costs associated with lead service line remediation and replacement, the corporate authorities of a municipality may, by ordinance or resolution by the corporate authorities, exercise authority provided in Section 27-5 et seq. of the Property Tax Code and Sections 8-3-1, 8-11-1, 8-11-5, 8-11-6, 9-1-1 et seq., 9-3-1 et seq., 9-4-1 et seq., 11-131-1, and 11-150-1 of the Illinois Municipal Code. Taxes levied for this purpose shall be in addition to taxes for general purposes authorized under Section 8-3-1 of the Illinois Municipal Code and shall be included in the taxing district's aggregate extension for the purposes of Division 5 of Article 18 of the Property Tax Code.

(v) Every owner or operator of a community water supply shall replace all known lead service lines, subject to the requirements of subsection (ff), according to the following replacement rates and timelines to be calculated from the date of submission of the final replacement plan to the Agency:

(1) A community water supply reporting 1,200 or fewer lead service lines in its final inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 7% of the amount described in the final inventory, with a timeline of up to 15 years for completion.

(2) A community water supply reporting more than 1,200 but fewer than 5,000 lead service lines in its final inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 6% of the amount described in the final inventory, with a timeline of up to 17 years for completion.

(3) A community water supply reporting more than 4,999 but fewer than 10,000 lead service lines in its final inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 5% of the amount described in the final inventory, with a timeline of up to 20 years for completion.

(4) A community water supply reporting more than 9,999 but fewer than 99,999 lead service lines in its final inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 3% of the amount described in the final inventory, with a timeline of up to 34 years for completion.

(5) A community water supply reporting more than 99,999 lead service lines in its final inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 2% of the amount described in the final inventory, with a timeline of up to 50 years for completion.

(w) A community water supply may apply to the Agency for an extension to the replacement timelines described in paragraphs (1) through (5) of subsection (v). The Agency shall develop criteria for granting replacement timeline extensions. When considering requests for timeline extensions, the Agency shall, at a minimum, consider:

(1) the number of service connections in a water supply; and

(2) unusual circumstances creating hardship for a community.

The Agency may grant one extension of additional time equal to not more than 20% of the original replacement timeline, except in situations of extreme hardship in which the Agency may consider a second additional extension equal to not more than 10% of the original replacement timeline.

Replacement rates and timelines shall be calculated from the date of submission of the final plan to the Agency.

(x) The Lead Service Line Replacement Advisory Board is created within the Agency. The Advisory Board shall convene within 120 days after January 1, 2022 (the effective date of Public Act 102-613).

The Advisory Board shall consist of at least 28 voting members, as follows:

(1) the Director of the Agency, or his or her designee, who shall serve as chairperson;

(2) the Director of Revenue, or his or her designee;

(3) the Director of Public Health, or his or her designee;

(4) fifteen members appointed by the Agency as follows:

(A) one member representing a statewide organization of municipalities as authorized by Section 1-8-1 of the Illinois Municipal Code;

(B) two members who are mayors representing municipalities located in any county south of the southernmost county represented by one of the 10 largest municipalities in Illinois by population, or their respective designees;

(C) two members who are representatives from public health advocacy groups;

(D) two members who are representatives from publicly-owned water utilities;

(E) one member who is a representative from a public utility as defined under Section 3-105 of the Public Utilities Act that provides water service in the State of Illinois;

(F) one member who is a research professional employed at an Illinois academic institution and specializing in water infrastructure research;

(G) two members who are representatives from nonprofit civic organizations;

(H) one member who is a representative from a statewide organization representing environmental organizations;

(I) two members who are representatives from organized labor; and

(J) one member representing an environmental justice organization; and

(5) ten members who are the mayors of the 10 largest municipalities in Illinois by population, or their respective designees.

No less than 10 of the 28 voting members shall be persons of color, and no less than 3 shall represent communities defined or self-identified as environmental justice communities.

Advisory Board members shall serve without compensation, but may be reimbursed for necessary expenses incurred in the performance of their duties from funds appropriated for that purpose. The Agency shall provide administrative support to the Advisory Board.

The Advisory Board shall meet no less than once every 6 months.

(y) The Advisory Board shall have, at a minimum, the following duties:

(1) advising the Agency on best practices in lead service line replacement;

(2) reviewing the progress of community water supplies toward lead service line replacement goals;

(3) advising the Agency on other matters related to the administration of the provisions of this Section;

(4) advising the Agency on the integration of existing lead service line replacement plans with any statewide plan; and

(5) providing technical support and practical expertise in general.

(z) Within 18 months after January 1, 2022 (the effective date of Public Act 102-613), the Advisory Board shall deliver a report of its recommendations to the Governor and the General Assembly concerning opportunities for dedicated, long-term revenue options for funding lead service line replacement. In submitting recommendations, the Advisory Board shall consider, at a minimum, the following:

(1) the sufficiency of various revenue sources to adequately fund replacement of all lead service lines in Illinois;

(2) the financial burden, if any, on households falling below 150% of the federal poverty limit;

(3) revenue options that guarantee low-income households are protected from rate increases;

(4) an assessment of the ability of community water supplies to assess and collect revenue;

(5) variations in financial resources among individual households within a service area; and

(6) the protection of low-income households from rate increases.

(aa) Within 10 years after January 1, 2022 (the effective date of Public Act 102-613), the Advisory Board shall prepare and deliver a report to the Governor and General Assembly concerning the status of all lead service line replacement within the State.

(bb) The Lead Service Line Replacement Fund is created as a special fund in the State treasury to be used by the Agency for the purposes provided under this Section. The Fund shall be used exclusively to finance and administer programs and activities specified under this Section and listed under this subsection.

The objective of the Fund is to finance activities associated with identifying and replacing lead service lines, build Agency capacity to oversee the provisions of this Section, and provide related assistance for the activities listed under this subsection.

The Agency shall be responsible for the administration of the Fund and shall allocate moneys on the basis of priorities established by the Agency through administrative rule. On July 1, 2022 and on July 1 of each year thereafter, the Agency shall determine the available amount of resources in the Fund that can be allocated to the activities identified under this Section and shall allocate the moneys accordingly.

Notwithstanding any other law to the contrary, the Lead Service Line Replacement Fund is not subject to sweeps, administrative charge-backs, or any other fiscal maneuver that would in any way transfer any amounts from the Lead Service Line Replacement Fund into any other fund of the State.

(cc) Within one year after January 1, 2022 (the effective date of Public Act 102-613), the Agency shall design rules for a program for the purpose of administering lead service line replacement funds. The rules must, at minimum, contain:

(1) the process by which community water supplies may apply for funding; and

(2) the criteria for determining unit of local government eligibility and prioritization for funding, including the prevalence of low-income households, as measured by median household income, the prevalence of lead service lines, and the prevalence of water samples that demonstrate elevated levels of lead.

(dd) Funding under subsection (cc) shall be available for costs directly attributable to the planning, design, or construction directly related to the replacement of lead service lines and restoration of property.

Funding shall not be used for the general operating expenses of a municipality or community water supply.

(ee) An owner or operator of any community water supply receiving grant funding under subsection (cc) shall bear the entire expense of full lead service line replacement for all lead service lines in the scope of the grant.

(ff) When replacing a lead service line, the owner or operator of the community water supply shall replace the service line in its entirety, including, but not limited to, any portion of the service line (i) running on private property and (ii) within the building's plumbing at the first shut-off valve. Partial lead service line replacements are expressly prohibited. Exceptions shall be made under the following circumstances:

(1) In the event of an emergency repair that affects a lead service line or a suspected lead service line, a community water supply must contact the building owner to begin the process of replacing the entire service line. If the building owner is not able to be contacted or the building owner or occupant refuses to grant access and permission to replace the entire service line at the time of the emergency repair, then the community water supply may perform a partial lead service line replacement. Where an emergency repair on a service line constructed of lead or galvanized steel pipe results in a partial service line replacement, the water supply responsible for commencing the repair shall perform the following:

(A) Notify the building's owner or operator and the resident or residents served by the lead service line in writing that a repair has been completed. The notification shall include, at a minimum:

(i) a warning that the work may result in sediment, possibly containing lead, in the buildings water supply system;

(ii) information concerning practices for preventing the consumption of any lead in drinking water, including a recommendation to flush water distribution pipe during and after the completion of the repair or replacement work and to clean faucet aerator screens; and

(iii) information regarding the dangers of lead to young children and pregnant women.

(B) Provide filters for at least one fixture supplying potable water for consumption. The filter must be certified by an accredited third-party certification body to NSF/ANSI 53 and NSF/ANSI 42 for the reduction of lead and particulate. The filter must be provided until such time that the remaining portions of the service line have been replaced with a material approved by the Department or a waiver has been issued under subsection (ii).

(C) Replace the remaining portion of the lead service line within 30 days of the repair, or 120 days in the event of weather or other circumstances beyond reasonable control that prohibits construction. If a complete lead service line replacement cannot be made within the required period, the community water supply responsible for commencing the repair shall notify the Department in writing, at a minimum, of the following within 24 hours of the repair:

(i) an explanation of why it is not feasible to replace the remaining portion of the lead service line within the allotted time; and

(ii) a timeline for when the remaining portion of the lead service line will be replaced.

(D) If complete repair of a lead service line cannot be completed due to denial by the property owner, the community water supply commencing the repair shall request the affected property owner to sign a waiver developed by the Department. If a property owner of a nonresidential building or residence operating as rental properties denies a complete lead service line replacement, the property owner shall be responsible for installing and maintaining point-of-use filters certified by an accredited third-party certification body to NSF/ANSI 53 and NSF/ANSI 42 for the reduction of lead and particulate at all fixtures intended to supply water for the purposes of drinking, food preparation, or making baby formula. The filters shall continue to be supplied by the property owner until such time that the property owner has affected the remaining portions of the lead service line to be replaced.

(E) Document any remaining lead service line, including a portion on the private side of the property, in the community water supply's distribution system materials inventory required under subsection (d).

For the purposes of this paragraph (1), written notice shall be provided in the method and according to the provisions of subsection (jj).

(2) Lead service lines that are physically disconnected from the distribution system are exempt from this subsection.

(gg) Except as provided in subsection (hh), on and after January 1, 2022, when the owner or operator of a community water supply replaces a water main, the community water supply shall identify all lead service lines connected to the water main and shall replace the lead service lines by:

(1) identifying the material or materials of each lead service line connected to the water main, including, but not limited to, any portion of the service line (i) running on private property and (ii) within the building plumbing at the first shut-off valve or 18 inches inside the building, whichever is shorter;

(2) in conjunction with replacement of the water main, replacing any and all portions of each lead service line connected to the water main that are composed of lead; and

(3) if a property owner or customer refuses to grant access to the property, following prescribed notice provisions as outlined in subsection (ff).

If an owner of a potentially affected building intends to replace a portion of a lead service line or a galvanized service line and the galvanized service line is or was connected downstream to lead piping, then the owner of the potentially affected building shall provide the owner or operator of the community water supply with notice at least 45 days before commencing the work. In the case of an emergency repair, the owner of the potentially affected building must provide filters for each kitchen area that are certified by an accredited third-party certification body to NSF/ANSI 53 and NSF/ANSI 42 for the reduction of lead and particulate. If the owner of the potentially affected building notifies the owner or operator of the community water supply that replacement of a portion of the lead service line after the emergency repair is completed, then the owner or operator of the community water supply shall replace the remainder of the lead service line within 30 days after completion of the emergency repair. A community water supply may take up to 120 days if necessary due to weather conditions. If a replacement takes longer than 30 days, filters provided by the owner of the potentially affected building must be replaced in accordance with the manufacturer's recommendations. Partial lead service line replacements by the owners of potentially affected buildings are otherwise prohibited.

(hh) For municipalities with a population in excess of 1,000,000 inhabitants, the requirements of subsection (gg) shall commence on January 1, 2023.

(ii) At least 45 days before conducting planned lead service line replacement, the owner or operator of a community water supply shall, by mail, attempt to contact the owner of the potentially affected building serviced by the lead service line to request access to the building and permission to replace the lead service line in accordance with the lead service line replacement plan. If the owner of the potentially affected building does not respond to the request within 15 days after the request is sent, the owner or operator of the community water supply shall attempt to post the request on the entrance of the potentially affected building.

If the owner or operator of a community water supply is unable to obtain approval to access and replace a lead service line, the owner or operator of the community water supply shall request that the owner of the potentially affected building sign a waiver. The waiver shall be developed by the Department and should be made available in the owner's language. If the owner of the potentially affected building refuses to sign the waiver or fails to respond to the community water supply after the community water supply has complied with this subsection, then the community water supply shall notify the Department in writing within 15 working days.

(jj) When replacing a lead service line or repairing or replacing water mains with lead service lines or partial lead service lines attached to them, the owner or operator of a community water supply shall provide the owner of each potentially affected building that is serviced by the affected lead service lines or partial lead service lines, as well as the occupants of those buildings, with an individual written notice. The notice shall be delivered by mail or posted at the primary entranceway of the building. The notice must ~~may~~, in addition, be electronically mailed where an electronic mailing address is known or can be reasonably obtained. Written notice shall include, at a minimum, the following:

(1) a warning that the work may result in sediment, possibly containing lead from the service line, in the building's water;

(2) information concerning the best practices for preventing exposure to or risk of consumption of lead in drinking water, including a recommendation to flush water lines during and after the completion of the repair or replacement work and to clean faucet aerator screens; and

(3) information regarding the dangers of lead exposure to young children and pregnant women.

When the individual written notice described in the first paragraph of this subsection is required as a result of planned work other than the repair or replacement of a water meter, the owner or operator of the community water supply shall provide the notice not less than 14 days before work begins. When the individual written notice described in the first paragraph of this subsection is required as a result of emergency repairs other than the repair or replacement of a water meter, the owner or operator of the community water supply shall provide the notice at the time the work is initiated. When the individual written notice described in the first paragraph of this subsection is required as a result of the repair or replacement of a water meter, the owner or operator of the community water supply shall provide the notice at the time the work is initiated.

The notifications required under this subsection must contain the following statement in Spanish, Polish, Chinese, Tagalog, Arabic, Korean, German, Urdu, and Gujarati: "This notice contains important information about your water service and may affect your rights. We encourage you to have this notice translated in full into a language you understand and before you make any decisions that may be required under this notice."

An owner or operator of a community water supply that is required under this subsection to provide an individual written notice to the owner and occupant of a potentially affected building that is a multi-dwelling building may satisfy that requirement and the requirements of this subsection regarding notification to non-English speaking customers by posting the required notice on the primary entranceway of the building and at the location where the occupant's mail is delivered as reasonably as possible.

When this subsection would require the owner or operator of a community water supply to provide an individual written notice to the entire community served by the community water supply or would require the owner or operator of a community water supply to provide individual written notices as a result of emergency repairs or when the community water supply that is required to comply with this subsection is a small system, the owner or operator of the community water supply may provide the required notice through local media outlets, social media, or other similar means in lieu of providing the individual written notices otherwise required under this subsection.

No notifications are required under this subsection for work performed on water mains that are used to transmit treated water between community water supplies and properties that have no service connections.

(kk) No community water supply that sells water to any wholesale or retail consecutive community water supply may pass on any costs associated with compliance with this Section to consecutive systems.

(ll) To the extent allowed by law, when a community water supply replaces or installs a lead service line in a public right-of-way or enters into an agreement with a private contractor for replacement or installation of a lead service line, the community water supply shall be held harmless for all damage to property when replacing or installing the lead service line. If dangers are encountered that prevent the replacement of the lead service line, the community water supply shall notify the Department within 15 working days of why the replacement of the lead service line could not be accomplished.

(mm) The Agency may propose to the Board, and the Board may adopt, any rules necessary to implement and administer this Section. The Department may adopt rules necessary to address lead service lines attached to non-community water supplies.

(nn) Notwithstanding any other provision in this Section, no requirement in this Section shall be construed as being less stringent than existing applicable federal requirements.

(oo) All lead service line replacements financed in whole or in part with funds obtained under this Section shall be considered public works for purposes of the Prevailing Wage Act.

(pp) Beginning in 2023, each municipality with a population of more than 1,000,000 inhabitants shall publicly post on its website data describing progress the municipality has made toward replacing lead service lines within the municipality. The data required to be posted under this subsection shall be the same information required to be reported under paragraphs (1) through (4) of subsection (t-5) of this Section. Beginning in 2024, each municipality that is subject to this subsection shall annually update the data posted on its website under this subsection. A municipality's duty to post data under this subsection terminates only when all lead service lines within the municipality have been replaced. Nothing in this subsection (pp) shall be construed to replace, undermine, conflict with, or otherwise amend the responsibilities and requirements set forth in subsection (t-5) of this Section.

Section 99. Effective date. This Act takes effect upon becoming law.".

There being no further amendments, the bill, as amended, was ordered to a third reading.

At the hour of 12:54 o'clock p.m., the Chair announced that the Senate stands at ease.

**AT EASE**

At the hour of 1:06 o'clock p.m., the Senate resumed consideration of business.
Senator Hunter, presiding.

**REPORT FROM COMMITTEE ON ASSIGNMENTS**

Senator Lightford, Chair of the Committee on Assignments, during its May 2, 2023 meeting, reported the following Legislative Measures have been assigned to the indicated Standing Committees of the Senate:

Agriculture: **House Bill No. 2317; Floor Amendment No. 2 to House Bill 3677**.

Education: **Senate Bills Numbered 90 and 2357; Committee Amendment No. 1 to House Bill 2396; Committee Amendment No. 2 to House Bill 2396; Committee Amendment No. 1 to House Bill 3524; Floor Amendment No. 1 to House Bill 3570**.

Energy and Public Utilities: **Floor Amendment No. 1 to House Bill 3702**.

Environment and Conservation: **House Bill No. 3508; Senate Resolution No. 129**.

Executive: **House Bill No. 2911**.

Financial Institutions: **Floor Amendment No. 2 to House Bill 3233**.

Health and Human Services: **House Bill No. 2214; Senate Joint Resolution No. 30; Floor Amendment No. 1 to Senate Bill 285**.

Higher Education: **Floor Amendment No. 1 to House Bill 1378**.

Human Rights: **House Joint Resolution No. 18**.

Insurance: **Senate Bill No. 1540; Floor Amendment No. 1 to House Bill 2189**.

Judiciary: **Floor Amendment No. 1 to Senate Bill 1068; Committee Amendment No. 1 to House Bill 1268; Committee Amendment No. 2 to House Bill 1268; Floor Amendment No. 1 to House Bill 2174**.

Labor: **Senate Bill No. 281; Floor Amendment No. 1 to Senate Bill 508; Committee Amendment No. 2 to House Bill 3249**.

Local Government: **Floor Amendment No. 1 to House Bill 2527**.

Public Health: **Senate Resolutions Numbered 136 and 212**.

State Government: **Senate Resolution No. 193; Committee Amendment No. 2 to House Bill 3413**.

Transportation: **Floor Amendment No. 2 to House Bill 3436**.

Veterans Affairs: **Floor Amendment No. 2 to House Bill 2500**.

Special Committee on Criminal Law and Public Safety: **House Bill No. 3779; Senate Resolution No. 172; Floor Amendment No. 1 to Senate Bill 423; Committee Amendment No. 1 to House Bill 3345**.

Senator Lightford, Chair of the Committee on Assignments, during its May 2, 2023 meeting, to which was referred **House Bill No. 1629**, reported the same back with the recommendation that the bill be placed on the order of second reading without recommendation to committee.

Senator Lightford, Chair of the Committee on Assignments, during its May 2, 2023 meeting, reported that the following Legislative Measures have been approved for consideration:

**Senate Resolutions Numbered 169 and 221**

The foregoing resolution was placed on the Senate Calendar.

Pursuant to Senate Rule 3-8 (b-1), the following amendments will remain in the Committee on Assignments: **Floor Amendment No. 1 to Senate Bill 1069 and Floor Amendment No. 2 to Senate Bill 1160**.

## LEGISLATIVE MEASURE FILED

The following Committee amendment to the Senate Bill listed below has been filed with the Secretary and referred to the Committee on Assignments:

Amendment No. 2 to Senate Bill 90

## REPORT FROM COMMITTEE ON ASSIGNMENTS

Senator Lightford, Chair of the Committee on Assignments, during its May 2, 2023 meeting, reported the following Legislative Measures have been assigned to the indicated Standing Committee of the Senate:

Education: **Committee Amendment No. 1 to Senate Bill 90; Committee Amendment No. 2 to Senate Bill 90**.

## POSTING NOTICES WAIVED

Senator Johnson moved to waive the six-day posting requirement on **Senate Bill No. 90** so that the measure may be heard in the Committee on Education that is scheduled to meet May 2, 2023.
The motion prevailed.

Senator Faraci moved to waive the six-day posting requirement on **Senate Bill No. 281** so that the measure may be heard in the Committee on Labor that is scheduled to meet May 3, 2023.
The motion prevailed.

Senator Aquino asked and obtained unanimous consent for a Democrat caucus to meet immediately upon adjournment.

**LEGISLATIVE MEASURES FILED**

The following Floor amendments to the House Bills listed below have been filed with the Secretary and referred to the Committee on Assignments:

Amendment No. 1 to House Bill 1364
Amendment No. 3 to House Bill 2077
Amendment No. 3 to House Bill 2412
Amendment No. 3 to House Bill 3436

The following Floor amendments to the Senate Bills listed below have been filed with the Secretary and referred to the Committee on Assignments:

Amendment No. 1 to Senate Bill 1070
Amendment No. 1 to Senate Bill 1071
Amendment No. 1 to Senate Bill 1072
Amendment No. 2 to Senate Bill 1555
Amendment No. 3 to Senate Bill 1555

The following Committee amendments to the House Bills listed below have been filed with the Secretary and referred to the Committee on Assignments:

Amendment No. 1 to House Bill 2222
Amendment No. 1 to House Bill 2392
Amendment No. 1 to House Bill 3779

The following Committee amendments to the Senate Bills listed below have been filed with the Secretary and referred to the Committee on Assignments:

Amendment No. 1 to Senate Bill 1540
Amendment No. 2 to Senate Bill 2357

At the hour of 1:13 o'clock p.m., the Chair announced that the Senate stands adjourned until Wednesday, May 3, 2023, at 11:30 o'clock a.m.
