Provides that a person found to have committed a third or subsequent violation, and found to have failed to pay all fines and costs within 30 days, is guilty of a separate civil law violation. House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Juvenile Court Act of 1987 and the Code of Criminal Procedure of 1963. Provides that unreliable statements to law enforcement made during a custodial interrogation conducted at a police station or other place of detention by a defendant are inadmissible at trial in any criminal court proceeding or juvenile court proceeding for the prosecution of a homicide or Class X felony. Provides that in any proceeding under this provision, the prosecution shall timely disclose at least 30 days prior to any relevant evidentiary hearing or trial its intent to introduce a statement made during a custodial interrogation conducted at a police station or other place of detention by a defendant. Provides that at that time, the prosecution must disclose any electronic recordings of the statement and any documents relating to the circumstances under which the statement was obtained and its reliability. Provides that before trial, a defendant may move to exclude a statement that is unreliable. Provides that if, in that motion, the defendant alleges that the statement is unreliable, then a hearing shall be held. Provides that nothing in this provision shall be construed to relieve the State of its burden to demonstrate voluntariness of a custodial statement by a preponderance of the evidence. Provides that when deciding a statement's reliability, a court should consider: (1) whether the details in the statement fit with the evidence known before the interrogation, especially details that describe unusual or not easily guessed facts of the crime that had not been made public; (2) whether the statement provides any new details or any new evidence not known before the interrogation that can be independently corroborated after the interrogation; (3) whether facts of the crime were disclosed to the defendant rather than originated with the defendant; (4) whether the defendant recanted the defendant's statement at any time and the circumstances of that recantation; (5) whether the statement was electronically recorded; and (6) any other information relevant to the reliability of the statement. Provides that the question of the statement's admissibility is solely for the trial court.

Balanced Budget Note (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to House Bill 5395, as amended by House Amendment 1, as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Fiscal Note (Dept. of Healthcare & Family Services)

Expected expenditures for the Illinois Department of Healthcare and Family Services, based on the provisions in HB 5395, are estimated at approximately \$30 million per year, beginning January 1, 2026 (the anticipated effective date of the provisions regarding prior approval for inpatient treatment). This estimate assumes a static number of inpatient mental health admissions and does not account for any fluctuations in admissions that may result from changes in provider behavior or from the implementation of other, less-intensive interventions.

Adds referendum language for the selling, disposition of, or lease of a home.

House Committee Amendment No. 1

In the Illinois Health Facilities Planning Act, provides that general review criteria shall include a requirement that all health care facilities, including nursing homes operated by a county, but otherwise with the exception of skilled and intermediate long-term care facilities licensed under the Nursing Home Care Act, provide a Safety Net Impact Statement (rather than, in the introduced bill, removal of the exception of skilled and intermediate long term care facilities licensed under the Nursing Home Care Act). Provides that nursing homes (rather than facilities) operated by a county shall also provide the number of the facility's Medicaid and Medicare certified beds for the 3 fiscal years prior to the application. Removes a provision relating to a circumstance when an application for a permit to discontinue or change ownership of a health care facility has been deemed substantially complete but the application was unable to describe specified project impacts. Adds language providing additional requirements for the Health Facilities and Services Review Board Staff Report that shall be considered in evaluating whether an application fulfills the public interest requirements of the Act. Makes a grammatical change. In the Counties Code, removes language providing that, if a county nursing home was erected after referendum approval by the voters of the county, the county nursing home may be leased upon the vote of a 3/5 majority of all the members of the board.

Provides that an electrical corporation may recover costs. Effective immediately.

House Committee Amendment No. 1

Provides that an electric utility that operates within the State shall allow customers seeking energization to elect an optional flexible connection agreement, meaning a tariffed, voluntary utility offering that requires customers to agree to specified service levels as a requirement of energization or interconnection, through the use of load management technology that limits the net import and export of electricity at the point of common coupling to remain within the rated capacity limits of a customer's existing service connection or distribution circuit, either on a permanent basis or to allow for immediate project operations before service or distribution system upgrades are completed. Describes considerations the Illinois Commerce Commission shall require an electric utility to include in its internal distribution planning process and in the development of the Multi-Year Integrated Grid Plans required under the Public Utilities Act (rather than considerations the electric utility shall be required to include in its distribution planning process only). Requires the load and electrification forecasts of electric utilities to include scenarios that are consistent with achieving the various laws, standards, plans, and regulations referenced in the Act. Provides that, if the solutions set forth in the Act cannot defer or mitigate an upgrade, then the electric utility shall evaluate traditional system upgrades (rather than may evaluate traditional system upgrades). Sets forth requirements to ensure the safety and reliability of electrical infrastructure associated with charging electric vehicles. Effective immediately.

20 ILCS 505/9.3 from Ch. 23, par. 5009.3

Amends the Children and Family Services Act. In a provision concerning children accepted for care and training under the Juvenile Court Act of 1987 or through a voluntary placement agreement, provides that the parents or guardians of such children (rather than the parents or guardians of the estates of such children) shall only be liable for the sums representing the charges for such care and training. Requires the Department of Children and Family Services to establish a standard by which the ability of parents or guardians to pay for the care and training of the child shall be measured on an individual basis. Requires such standards and rules to provide: (i) that no liability exists if the family's annual income is under \$100,000 or 400% of the federal poverty guidelines, whichever is greater; and (ii) that any liability shall not be contrary to the best interests of the child and shall not negatively impact the family's ability to participate in services to achieve reunification or in parent or child visitation. Requires the Department to adopt rules no later than July 1, 2025. In a provision concerning the referral of Title IV-E foster care maintenance cases to the Department of Healthcare and Family Services for child support enforcement services, provides that such cases shall only be referred if the Department of Children and Family Services has conducted a thorough individualized review of the family's circumstances, including, but not limited to, the impact the referral may have on the child's best interest and the ability to achieve permanency or participate in visitation. In a provision concerning liability for parents or guardians who make false written declarations to the Department concerning their income or ability to pay for their children's Department-sponsored care and training, provides that such parents and guardians will be liable to Department to the extent liability is consistent with the standards and rules set forth in the amendatory Act.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Amends the Children and Family Services Act. Removes a provision making parents monetarily liable for the cost of care and training provided by the Department of Children and Family Services for children placed with the Department under a voluntary placement agreement. Instead provides that the Department shall adopt rules no later than January 1, 2026 regarding referral of Title IV-E foster care maintenance cases to the Department of Healthcare and Family Services for child support enforcement services under Title IV-D of the Social Security Act. Provides that it is the policy of the State that in order to preserve the financial security of a child's parent seeking reunification, the Department will not refer cases for child support enforcement services or seek an assignment of rights of child support regarding any child prior to the permanency goal of return home being ruled out by the court in accordance with the Juvenile Court Act of 1987. Permits the Department to refer cases for child support enforcement services, consistent with rules, after the permanency goal of return home has been ruled out by the court in accordance with the Juvenile Court Act of 1987. Requires the Department to adopt rules by January 1, 2026 establishing additional policies or criteria to consider to ensure compliance with this Section and federal law regarding referral for child support enforcement or assignment of rights of child support for children where a return home goal has been ruled out in accordance with the Juvenile Court Act of 1987. In a provision concerning liability for parents or guardians who make false written declarations to the Department concerning their income or ability to pay for their children's Department-sponsored care and training, provides that such parents and guardians will be liable to Department to the extent liability is consistent with the standards and rules set forth in the amendatory Act. Effective immediately.
